

EXPLOSION ON OCEAN STEAMER STARTS FIRE; MAY HAVE BEEN CAUSED BY HOLT'S FLAMMATE

BIG WIRELESS STATION AT SAYVILLE IS TAKEN OVER BY GOVERNMENT

Provides Direct Means of Communication With Germany.

Violation of Neutrality By Operators Cause of Action.

All Messages Will Now Be Under Naval Censorship.

Washington, July 8.—The government today took over the Sayville, L. I., wireless station, the only remaining privately operated direct means of communication between the United States and Germany.

Secretary Daniels announced that Capt. Bullard, in charge of the naval radio, had gone to take over the station and would continue its operation with naval forces.

Secretary Daniels issued this statement:

License Refused.

It is understood that the Sayville radio station had made application to the secretary of commerce for a license. The secretary of commerce declined to grant the license and so informed the secretary of the navy, who, after conference, directed Capt. Bullard, as the expert of the department, to take over and operate the station.

Lieut. George R. Clark will be in charge of the station. Capt. Bullard reached New York this morning and will confer with the naval authorities in all that relates to the details of the operation of the station.

Finally, the same rules and regulations (Continued on page 4, second column.)

VALUE \$738,735; \$6,000,000 STOCK

Federal Court Completes Property Investigation; Promoters in Prison.

Philadelphia, July 8.—The total valuation placed upon the property of the International Lumber & Development company which is in the hands of receivers, was placed at \$738,735 in a report filed by the appraisers who were appointed by the Federal court here to inspect the property.

The receiver, going over the property to ascertain what course was practicable to pursue in behalf of the creditors of the concern, five promoters and officers of which are serving prison sentences. Another report will be made later by the receivers.

About \$6,000,000 worth of the company's stock had been sold to investors in many parts of the country and the value of its property, as set forth in literature, was placed at more than \$12,000,000.

In their report the appraisers said that the plantation consisting of 232,644 acres in Campeche had been greatly neglected and they fix the value at \$1 an acre while a rubber plantation of 600 acres was valued at only \$1.

The Hueneme plantation, an acreage of 18,625, was appraised at \$150,000. Whether the work of running the plantation will be resumed, it was stated, largely depends upon the suggestions made in the report of the receiver.

AUSTRIANS TORPEDO AN ITALIAN WARSHIP

Armored Cruiser Amalfi, Built in 1908, Sent to Bottom While Reconnoitering in the Upper Adriatic.

Rome, July 7, via Paris, July 8.—The Italian armored cruiser Amalfi was torpedoed and sunk at dawn this morning by an Austrian submarine while taking part in a reconnaissance in the upper Adriatic. It was officially announced tonight by the ministry of marine.

Most of the members of the crew were saved.

The text of the statement follows: "A reconnaissance in force was accomplished last night (July 6) in the upper Adriatic. The Amalfi, which took part in the reconnaissance, was torpedoed at dawn this morning by

CLOSING IN ON CAPITAL

Carranza Forces Are Now Within Ten Miles of Mexico City.

Villa's Army Defeated at Icamole With Heavy Losses.

Washington, July 8.—The Carranza forces have pushed their attack on the convention forces defending Mexico City up to within ten miles of the capital. Their military trains are operating that close to the city. State department dispatches from Vera Cruz today gave out this report.

More reassuring advices from Mexico City served today to lessen somewhat official apprehension over the situation there.

Late dispatches from the Mexican capital which came by courier several days ago, reported that food riots had been checked and that conditions generally had improved.

Previous dispatches to the department from Vera Cruz with Gen. Obregon, facing the Villa army in the north, had been interrupted for two days, that some rear attacks seemed to be developing against Obregon's troops and that he had been short of ammunition.

Retreat Into City.

State department officials pointed out that today's report shows a sharp retreat at the department in the neighborhood of 25,000. The troops defending (Continued on page 4, fifth column.)

WEALTHY FARMER IS VICTIM OF ROBBERS

Albert Peck of Kane County, Ill., Sustains Fractured Skull.

Chicago, July 8.—Albert S. Peck, one of the wealthiest farmers of the neighboring county of Kane, is in a precarious condition in a hospital at Geneva, a suburb of this city, today as the result of a murderous assault made on him yesterday.

His unconscious form was found concealed beneath a haystack last night. His skull had been fractured and two clubs with which it is believed the injuries were inflicted were found in the hay.

Bloodhounds followed a trail to the railroad station where Lewis Dongal, said to have been employed by Peck as a farm hand, was arrested. Dongal said that Frank Roloff, a fellow employee, had taken a train to De Kalb.

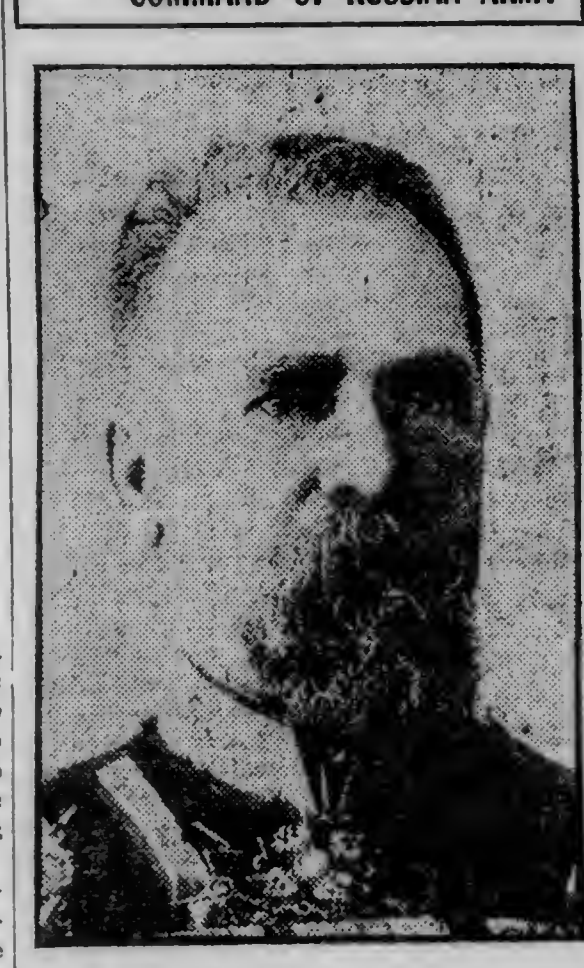

Dongal added that he and his companion had been in the haystack for several hours, waiting for Peck. He said that he had seen Peck's pockets were turned out and empty when he was discovered in the haystack. It was reported that Roloff had shipped a suitcase to De Kalb.

The commander, who was the last to leave, shipped overboard shortly before the Amalfi sank. Nearly all the officers and crew were saved.

The Amalfi, which was completed in 1908, had a displacement of 8,868 tons and was 426 feet long. Her complement in times of peace was 684.

OVER FIFTY PERSONS ARE DEAD AS RESULT OF TERRIFIC WINDS IN CENTRAL WESTERN STATES

SHARES WITH GRAND DUKE COMMAND OF RUSSIAN ARMY

GEN. ALEXAJEW OR ALEXEFF.

Gen. Alexajew (or Alexeff) shares with Grand Duke Nicholas the command of the northern army of Russia. The force commanded by Alexajew is twice the size of that under command of Gen. French.

FRANCE PROHIBITS GOLD EXPORTATION

Paris, July 8.—A decree has been published prohibiting the export of gold except by the Bank of France. This is a precautionary measure taken at the suggestion of Minister of Finance Ribot. It has been found that exported gold has not been destined always for a neutral country in settlement of accounts. A free outflow might result in a dangerous traffic, according to M. Ribot.

The gold in the Bank of France has the week been increased \$2,700,000 as the result of the government's appeal that the gold supply of the country be exchanged for bank notes.

Certain Exports Prohibited.

London, July 8.—An order in council was gazetted today prohibiting the exportation from Great Britain of jute yarns, jute piece goods and bags and sacks made of jute to any destination. Heretofore the prohibition only applied to certain European ports.

THIRTY-TWO LOSE LIVES AT CINCINNATI

Property Loss Estimated at Several Million Dollars.

St. Peters and St. Charles in Missouri Are Almost Demolished.

Great Damage Done to Property Throughout Central Ohio.

According to figures compiled early today, more than fifty persons were killed, and several score injured by the violent wind and rain, which extended from Nebraska to Ohio, last night.

The property damage is estimated at several millions of dollars.

The greatest loss of life occurred in Cincinnati, and vicinity, where thirty-three persons are known to be dead, and fifteen missing, eighteen of the dead there being deckhands who were drowned by the capsizing of the towboat Conover, in the Ohio river.

In Eastern Missouri, the storm assumed the proportions of a tornado, demolishing 162 houses in St. Charles, a town of about 11,000 people.

TOWNS ALMOST WIPED OUT.

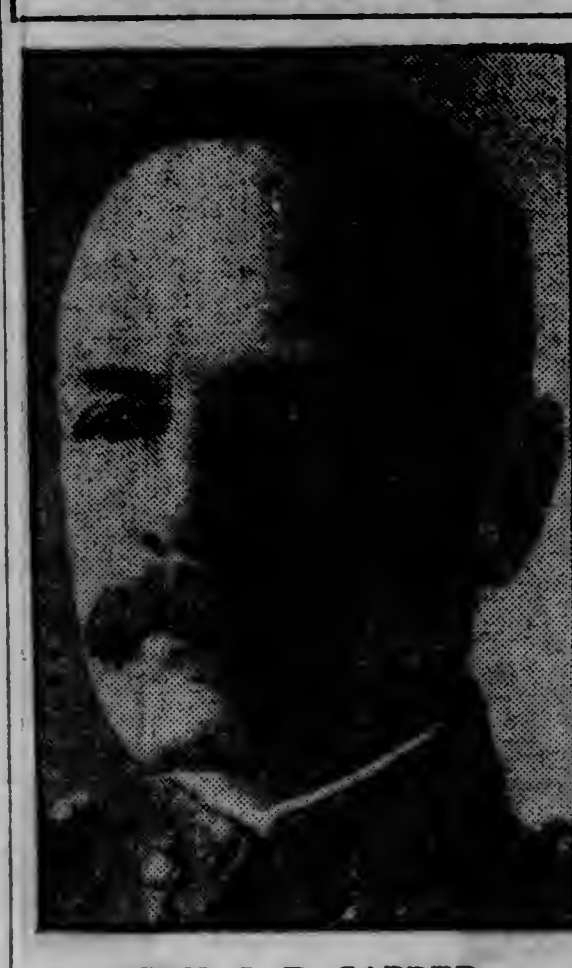

St. Peters, a town of 300 inhabitants, and Gilmore, a village of 100 people, were almost wiped out by the tornado. In St. Charles and St. Peters there was no loss of life, while in Gilmore only one person was killed.

In Lincoln and Carter counties, Nebraska, wind and hail caused heavy damage to crops, and in the village of Calverton several buildings were unroofed. There had been no loss of life in Southern Illinois the storm was severe, causing heavy damage in many localities.

In Mound City the business part of the town was leveled.

In Central and Southern Indiana, three persons were killed and many (Continued on page 4, second column.)

ANOTHER OF ENGLAND'S WAR LEADERS NOW AT THE FRONT

GEN. J. E. CAPPER.

One of England's leaders at the front is Gen. J. E. Capper. He was educated at Wellington college. He has been employed at military and engineering works in India and has served with distinction in South Africa.

FIRES HOUSE; SHOOT FORMER EMPLOYER

San Francisco, Cal., July 8.—C. E. Cumerson, a capitalist of Redwood City, was shot in the shoulder after his home had been set on fire early today by Carl Amerswald, a discharged employee. A crowd threatened to lynch the assailant, but police rushed him to the city jail, where he died of convulsions believed by physicians to have been caused by poison. Cumerson's wound is not considered serious.

Before setting fire to the house Amerswald cut the water pipes. Then he shot a watchdog. As the house burst into flames a horse in the barn broke its halter and rushed into the yard, where it was killed by Amerswald.

Cumerson, awakened by the shots, ran from the door of his burning home and Amerswald fired twice at him. One bullet went wild.

LINER MINNEHABA WITH AMMUNITION HAS FIRE IN HOLD

Flames Discovered When Ship Is 570 Miles From Halifax; Captain Starts Back to Port.

Vessel Has Sufficient Explosives in Hold to Sink Her Should They Be Reached By Blaze.

New York, July 8.—As in answer to Frank Holt's last warning that a ship at sea "should sink, God willing, on the seventh," there came last night a wireless message, made public today, from Capt. Claret of the Atlantic transport line steamer Minnehaha, telling that his ship was afire at sea, 570 miles southeast of Halifax.

The ship has sufficient ammunition aboard, by the line's admission, to sink her should the flames reach it, but whether the blaze in her hold was started by a bomb which Holt had placed there was a matter of pure conjecture. It was possible that he had done so, an official said; but one man's guess on that point was as good as another's, he added.

Capt. Claret's message said that the vessel was in No. 5 hold and was not serious. The ammunition aboard the vessel was stored at an appreciable distance from this hold.

No Passengers Aboard.

No passengers were aboard the Minnehaha. Her crew numbered approximately 100. She was at her pier here about a week, taking on cargo, before she sailed for London last Sunday.

July 4 Holt made his attempt on the life of J. P. Morgan at Glen Cove last night, and the vessel was taking on cargo here.

The Minnehaha should reach Halifax, it was said, tomorrow forenoon.

We do not open and every package or parcel taken aboard," an official of the line said. "But we exercise all reasonable precautions to prevent the placing of bombs aboard our ships."

Caused By Explosion.

The fire aboard the Minnehaha was caused by an explosion, according to wireless received at 12:40 p. m. today

(Continued on page 4, fourth column.)

AUSTRO-HUNGARIANS ON THE DEFENSIVE

Heavy Reinforcements Brought Up By Russians Near Vistula River Upset Plans of the Teutons.

London, July 8.—So great has been the weight of reinforcements brought up by Russia along the stretch of territory between the rivers Vistula and Bug, notably in the vicinity of Krannik, that the Austro-Hungarians for the moment have been forced to assume the defensive and to pause in their rush toward Lublin and the railways running from that city to Warsaw.

The sector on the eastern front where the Russians are making a stand is held almost exclusively by Austrians, and observers here see in the Russian attack not only a desire to keep their line intact in this important part, but a deliberate blow at the Austrians who, according to the official reports, seem to be finding themselves in some difficulty.

Offensive in West.

The much-discussed German offensive in the west has not yet developed, though reports of a big movement of troops to that front are persistent.

These forces must be new formations unless the great offensive in the east is to cease. For to withdraw troops from Poland and Galicia now would be to leave unfinished what Field Marshal von Mackensen set out to accomplish, unless the clearing of Galicia of Russians was the sole aim and this is considered hardly probable.

Retake Trenches.

The Berlin claim that the Germans have retaken trenches near Ypres, Belgium, recently seized by the British is not confirmed from British sources. At several points in France the Germans have been attacking violently, but the only appreciable loss conceded by the French is in the St. Mihiel district. The French admit they have lost a strip of trenches measuring 700 yards. The German official statements more than double this distance.

Letting the Turks attack, with resultant heavy loss and exhaustion, has been the recent role of the British operating against the Dardanelles. (Continued on page 4, third column.)

SUMMARY OF THE WAR NEWS

At the moment when the Teutonic march through southern Poland was beginning to threaten that Lublin and then Warsaw, it has been brought to a halt. Official statements from each side at the one point in the line north of Krannik—where the Russian lines were still displaying weakness—they have been strengthened. It now appears that Grand Duke Nicholas' forces are holding their ground all along the extended front.

Defeat attempts by the Austro-German forces to drive the Russians out of what remains to them of Galicia are continuing. Petrograd reports assaults by great forces east of Lemberg, but declares they are repulsed with heavy losses to the attacking army.

Apparently there is a lull in the furious fighting along the Austrian front after the recent determined attacks by the invading forces. Official statements from Rome, however, declare continued advances are being made on the Carate plateau where the progress is described as "slow but constant."

The Italian armored cruiser Amalfi has been sunk in the upper Adriatic by an Austrian submarine. Most of the crew were saved.

KIENLY IS CHOSEN ROTARY DELEGATE

Committee Will Get Business Men's Sentiment on Exposition.

At the meeting of the Duluth Rotary club today Andrew Kienly was appointed a delegate to the San Francisco national convention of the Rotarians in the place of President Elmer N. Whitt, business preventing Mr. Whitt from representing the Duluth club.

The exposition committee has decided to appoint a committee of five, which will canvass the business men of the city, in an endeavor to ascertain if the merchants and business men in general are favorable to the holding of an industrial exposition here this coming fall. The exposition committee of the club is already on record as favoring the holding of the exposition.

FOURTEEN DEAD IN TROLLEY WRECK

Car Jumps Track While on Incline at Queens-ton, Ont.

Queens-ton, Ont., July 8.—Fourteen persons are known to be dead and more than a score were injured last evening when a trolley car on the Canadian branch of the International railway, jumped the rails on the steep incline leading down from Queens-ton Heights and plunged into a fifteen-foot ditch beside the tracks.

The car was crowded with excursionists from two Toronto churches and only a few escaped injury. Twenty-three badly hurt are at the General hospital in Niagara Falls, Ont., and more are on board the Toronto steamer which left here about 10 o'clock.

There are eight unidentified bodies here. One girl, Dorothy Keates, died on the way to the hospital, and one of the injured taken on board the steamer died just before the boat left the dock. Four other died on the steamer after she left for Toronto and some of the injured are said to be in such a serious condition that more deaths are probable.

Lights and Shadows of Police Court

STILL LOOKING FOR "ROLL."

Pat McCann Not Sure That "Sus-
pects" Took His Cash.

When Pat McCann missed \$15 last night he naturally started looking for his "roll," hoping against hope that he would get a chance to "pay his respects," as he put it, to the "suspects." He singled out William Salonen, age 21, and Theodore Juppil, age 21, after Detective Toews and Bradley had arrested the two on suspicion, and said that they "looked kind of suspicious," but he wasn't sure.

Salonen said he was from Geyer, Mont., and that he, with his friend Juppil, was on route east. Police advised them to keep on going, and released them after receiving a promise to that effect, because of lack of evidence.

Pat is still looking for his "roll."

"LET PAPA GO."

Boy Secures Father's Freedom and
Saves Him His Job.

"Please let my papa go," pleaded Frank Bunawowicz, a beautiful, red-headed 11-year-old boy, at police headquarters this morning.

The boy, who is the son of a man who went on the "roll" while his mother, unable to speak or understand English,

clung to him as if for support.

Early last night police, in response to a call which said that someone had been murdered at 604 North Twenty-fourth avenue west, made a hurry-up run to the Bunawowicz home, and found Mrs. Bunawowicz, the alleged victim of the murder, nursing a sore head.

"Papa hit her," explained Frank, who was comforting his parent to the best of his ability. Mrs. Bunawowicz proved to be very much alive, and but slightly injured by the slap which her spouse had administered when she tried to carry out a threat to the police.

Her screams attracted the neighbors, who described the imaginary murder to Capt. J. Finkett and Chief of Detective F. A. Schulte.

"Yesterday was pay day," explained Bunawowicz.

Judge W. H. Smallwood suspended sentence this morning and Frank, leading his father and mother, left the station, the happiest boy in Duluth.

Struck By Motorcycle.

While crossing Superior street at St. Louis, the morning, Michael Tuor, age 18, was struck by a motorcycle driven by L. E. Osterlund, and slightly injured.

Tuor, who lives at 1413 West Michigan street, was riding home from school when he was struck. He was taken to the hospital, but no blame could be attached to the motorcycle driver, as he was riding from minor bruises, the boy was uninjured.

Commissioner Will Attend Convention.
Alex Fraser, county commissioner, is confined to his home, 205 West Fourth street, with an attack of the grip. His condition is not serious.

Will Replace Starter's Booth.
Manager Herbert Warren of the street car company notified Commissioner Silberstein yesterday that the present starter's booth at Third avenue west and Superior street will be replaced within the next two weeks by a rectangular kiosk. The new booth will encroach two feet less on Superior street, he told the safety head.

When You Think of White—Think of It.
It pays—It always does. Especially now, when the summer season is in full force.

To Whom It May Concern.
Please take notice my wife, Agnes Chalmers, having left my bed and board, I will not be responsible for any debts she may incur from this date. Duluth, Minn., July 7, 1915. Jan Chalmers, 2512 West Thirteenth street.

Postoffice Report Given "Once Over."
Postoffice inspectors from St. Paul are busy encased in auditing and inspecting the equipment and records of the local office. This is an annual event at postoffices following the close of the fiscal year, ending June 30. After the reports are all completed the inspectors make an examination of all records. The annual report of the local office will not be made until after the inspection has been completed.

New Mercantile Company.
Bert Salvin, Iddi Medokovich and Adam Kadovich, all of Carson Lake, are incorporators of the Letonia Mercantile company which today filed articles of incorporation with the register of deeds. The capital stock of the company is \$10,000.

Probating Son's Estate.
John Dvorak of Glenview, Minn., today petitioned the probate court for letters of administration on the estate of his son, Edward J. Dvorak, who

died in St. Louis county, aged 26, on June 21, last.

Wide-Awake Club Happy.
Its members are rejoicing in fine suits and coats now selling at Gray's at half-price and white goods on sale at January prices at Gray's July White Sale.

Reviewers to Complete Work.
The board of review, consisting of Mayor Prince, City Assessor Scott and City Engineer, will complete their work on the original valuations and the trips are being made by the board to satisfy the complainants.

Campbell Will Attend Convention.
B. J. Campbell, city auditor, will attend the annual convention of the National Association of Comptrollers and Accounting Officers to be held at St. Paul, Minn., July 2-4. He will leave Duluth on July 1, taking in the evening train.

Will Install Switchboard.
The Duluth Telephone company will install its switchboard at the city hall building, 1513 Jefferson street, last morning. Two weeks ago the company announced that it was planning to install a board for \$10,000 a month, in place of the fifteen separate switchboards now in use.

Given Loving Cup.
Members of the Svea Glee club serenaded Mr. and Mrs. Anton Allen at their home, 1513 Jefferson street, last evening. Mr. Allen, who is manager of the city hall, was serenaded by the club with uniforms. He was presented with a loving cup.

Tuberculosis Clerk Returns.
Miss Louise Scheller, tuberculosis clerk, returned this morning from St. Louis, where she spent the last month at the various hospitals.

AAD SHRINERS WILL ESCORT CARAVAN

Parade to Train to Bid Pilgrims to Seattle Godspeed.

Duluth Shriner, accompanied by the Temple band, will escort Arab patrol to the Northern Pacific station at 7 o'clock this evening, just before the members leave on the pilgrimage to the forty-first annual imperial council to be held at Seattle all of next week.

The line of march will start in front of the Masonic temple, continuing down Lake avenue to Superior street and then west to Union station, where the train leaves at 7:30 o'clock. The twelve women who will be in the party will meet the patrol and official delegates at the train.

At the hotel, where reservations were made last night, Potentate Lyonel Ayres and Adm. Temple will be in charge of the entire party, while Capt. A. E. Paul will direct the patrol.

Halley's planked jumbo, whitish-bone better, 417 West Superior street.

LOANS FOR STATE SCHOOLS GRANTED

St. Paul, Minn., July 8.—(Special to The Herald.)—Application for loans of state school money to the amount of \$257,000 was honored today by the state investment board. It was the largest amount distributed in some months.

The div. of schools was given \$25,000 for school purposes, the city of Fairmont, \$50,000 for local improvements; New Ulm, \$40,000 for funding nurseries, and St. Cloud \$35,000 for schools.

A machine, has been perfected in Saxony which amends clocks and ornamental designs on three dozen pairs of socks or stockings simultaneously, 238 stitches being made at one time.

CITY MUST PAY MILEAGE

County Can Collect for the Transportation of Prisoners.

Fee of Fifty Cents for Each Prisoner Allowed By Court.

Duluth city must pay St. Louis county 50 cents and mileage for every city prisoner transported from the county jail to the county and city work farm six miles out on the Swan Lake road.

Judge Dancer so held today when he handed down a decision in the certiorari proceedings brought by the county against the city last fall, a friendly suit to determine the rights of the county in collecting from the city for the transportation of prisoners.

Last fall, the bill prepared by Sheriff Melning on behalf of St. Louis county, in which a decision of 41 for and mileage was made, was disallowed in full by the city council.

In order to review the action of the council, the matter was taken before a court on a certiorari proceeding. Judge Dancer holds that the sheriff is entitled to charge 50 cents and proper mileage for each commitment.

It is understood that the court is inclined to the view that the county is entitled to charge separate fees and separate mileage for each commitment, whether or not more than one are taken on the same trip. This point, however, was not an issue as the bill in question was for one mileage each trip.

The court's ruling the sheriff will now put in a bill to the city for the full mileage and fee for each commitment. It has been handled, which had not already been paid for. The bill will run to several hundred dollars. The sheriff is not personally interested in the matter, as the fees collected is not part of his remuneration, the office being on salary basis.

Charles E. Adams, appeared as attorney for the sheriff in the litigation, and William P. Harkinson represented the city. The case was tried before Judge Dancer last December.

CARLTON COUNTY MAN IS BEING EXAMINED

Carlton, Minn., July 8.—(Special to The Herald.)—William Hambro, aged 32, living with his father, Henry Holmbo, on a farm near here, was arrested late yesterday by Sheriff McKinnon and brought here on a charge of threatening his parent. The accused will have a hearing this afternoon before Judge Watkins.

fore Judge Watkins as to his sanity, as he has been acting queerly of late. He was assisting his father in the blacksmith shop when he attacked his parent.

INHERITANCE TAX OF \$41,914 IS PAID

St. Paul, Minn., July 8.—(Special to The Herald.)—The estate of John Svenson of Kandiyohi county, who died July 4 a year ago, today paid into the state treasury \$41,914 in inheritance taxes. The tax covers an estate valued at \$892,967.

The tax is one of the largest received from a county outside Hennepin, Ramsey and St. Louis in years. Mr. Svenson was a banker and controlled a chain of country banks in Minnesota and North Dakota.

King Emmanuel of Italy, though well shaped in person and good looking in very small, not more than 2 feet two inches in height, but, resplendent in the dispensation, he has taken every care to increase his strength by constant exercise and is now a very fair athlete.

STEEL WORK BEGUN AT CEMENT PLANT

Steel Plant Also Puts on Larger Crews at Good Wages.

The erection of steel for the large building to be erected by the Universal Portland Cement company at New Duluth was begun yesterday, when a crew of iron workers was put to work.

The construction of the frame work for the buildings is to be pushed rapidly. Forty men will be working at this job before the end of this week. Additional men will be put to work laying brick as soon as the steel work has progressed sufficiently.

Men are being added daily to the force at both the cement plant and the steel plant. It is said that about 700 men are now employed at the steel plant with a few more being added each day. New buildings are also being erected at the big plant and machinery being rapidly installed.

The highest wages for laborers paid at the head of the lakes is being paid at the steel plant. The lowest wage is said to be \$2.50 a day. "We want only good men, and we expect them to earn the wages paid. When a man knows that he can get the best wages here, he makes an effort to hold his job and becomes a better workman," said one of the foremen yesterday. "Those who cannot earn that much, we let go."

URGES REPAIRS TO ONEOTA SCHOOL

Poor Condition Driving Children to Merritt School Is Claim.

The Oneota and Hazelwood Improvement club, at its meeting held at the Merritt school last night, urged that repairs be made to the Oneota school. The club will ask the school board to install sewer facilities and an adequate heating plant in the building. It was claimed that a number of children who otherwise would attend the Oneota school are going to the Merritt school because of the lack of these facilities.

Various improvements needed for the district were discussed. A communication from Commissioner J. A. Farrell stated that the department of public works intended improving Thirty-eighth and Thirty-ninth avenues this summer. The former street will be graded from Third to Sixth street, and the latter graded from Fifth to Sixth street.

A bandstand will be erected at Merritt park. The city officials have promised to furnish the lumber necessary for providing the members of the club do the work. This was agreed to at last night's meeting. A request for an electric light for the park will be made of the park department.

WILL URGE MORE PAVING

Commercial Club Committee Will Launch Strenuous Campaign.

At a meeting of the committee of the west Duluth Commercial club appointed last week to have charge of a campaign for civic improvements to be held this evening at Judge H. W. Lander's home in the Silver block, an outline of the campaign to be waged will be planned. It is proposed to make a strenuous campaign for more paving for this end of the city.

The committee consists of Judge Lander, chairman; L. A. Barnes, Dr. R. S. Forbes, Frank J. Jensen, Emil J. Zautz, Charles G. Fetter and P. G. Phillips.

It is believed that with systematic work on the part of the committee, property owners in all parts of West Duluth can be induced to agree to having their streets improved.

LODGES PLAN JOINT PICNIC.

Degree of Honor and A. O. U. W. Will Hold Picnic at Grassy Point.

The four Degree of Honor lodges of the city will be extended an invitation to join with the members of the four A. O. U. W. lodges in the picnic to be held on Labor day, Sept. 6 at Grassy Point, according to a resolution taken by the committee last evening following the meeting of West Duluth lodge at Ciley's hall. PNEUMONIA FATAL TO JOHN RODENIUS

JOHN ERICK RODENIUS.

John Erick Rodenius, age 64, 6113 Worden street, died last evening at the Duluth hospital following an illness of nine weeks of pneumonia. Mr. Rodenius was a resident of West Duluth for the last twelve years.

He was a member of the Painters, Decorators and Wallpapers Union, No. 106, and also of the Morning Star lodge, No. 17, I. O. G. T. He leaves a widow and five children: Esther, Signe, Anna, Hilma and Evelyn. He also leaves a brother, Alfred, living in West Duluth, two brothers and a sister residing in Carlton county, a brother in Wisconsin, and a sister in Sweden.

The funeral will be held Saturday afternoon from Bell Brothers undertaking rooms with interment in Oneota cemetery.

Program at Westminster.

Leon Iltis, a student of the Northwestern Academy on the program to be given tomorrow evening by the day's line sports committee, consists of A. C. Baumgartner, chairman; L. of her parents, Mr. and Mrs. F. M. Hicks of New Duluth, following an illness of two years, of tuberculosis. She leaves a husband and one sister, besides her parents. The funeral service will be held Saturday afternoon at 2 o'clock from the family home with interment in Oneota cemetery. Rev. Peter Knudson will officiate.

West Duluth Briefs.

Mr. and Mrs. John B. Olson, 2807 West Fourth street, left yesterday for Cambridge, Minn., where they will visit relatives for a few days. They will also visit relatives in the Twin Cities and other points.

Mrs. William Gottschalk of Milwaukee is a guest at the home of her daughter, Mrs. Max E. Mann, 511 North Fifty-sixth avenue west.

Harry Melhorn of Portland, Or., is a guest at the home of his mother, Mrs. W. H. Melhorn of Seventy-first avenue west.

W. H. Marceys has just purchased a house at 229 North Fifty-third avenue west and will move his family here next week from his home in Minneapolis.

Harry B. Patterson left this morning for a short visit to Barnum, Minn.

Mrs. J. O. Winton and daughters, Misses Mabel and Ruth Winton, 611 Fessler's division of the district court will be a subject for grand jury investigation.

Refusing to countenance the irreconcilable discrepancy in the conflicting statements of two witnesses who appeared before him, Judge Fessler declared from the bench that "something was wrong."

Charles E. Pearson, plasterer contractor, and Anton Plesner, vice president of the Duluth Builders' Supply company, had testified exactly opposite on a material point in the case at issue and it was plain to the court that someone was swearing falsely.

There is too much of this thing going on," the court declared.

Mason M. Forbes, first assistant county attorney, happened to be in the room at the time. The court addressed his next remark to the prosecutor.

"I will ask the county attorney," he said, "to consult with the court reporter with reference to these two witnesses for the purpose of an investigation by the next grand jury."

The case on trial was one brought by Frank L. Johnson against J. J. Le Borgous to recover \$285.55 claimed to be due as a balance on a contract for erecting a greenhouse. Mr. Johnson, the plaintiff, is a contractor. The defendant is a local florist.

The plaintiff's contention is that he was awarded a contract to put up a greenhouse for the defendant on Third street between Ninth and Tenth avenues east last fall. The contract was let for \$3,196. The contractor claimed that the florist owed him a balance of about \$400. The defendant found fault with the job, claiming that the contractor had not lived up to the specifications.

Charles E. Pearson, plasterer-contractor, took the stand on behalf of the plaintiff, and among other things testified that he had secured an invoice for certain material from the Duluth Builders' Supply company.

The invoice, introduced as an exhibit, showed that an alteration had been made in one of the items. The word "erasure" had been written in where an erasure had been made, so that the invoice showed that "removal plaster" instead of "hard-wall plaster" had been purchased.

After Mr. Pearson had concluded his testimony and had emphatically denied under cross-examination, any knowledge of an erasure or change in the invoice, the court ordered the Builders' Supply company, took the stand and testified that on the previous day Pearson had come to him and asked for a copy of the invoice, as he had lost it. Mr. Pearson testified that the contractor asked him to make the change on the invoice and that it was made only at the latter's request.

Justice Fessler here interrupted the proceedings and closely cross-examined the witness. Mr. Pearson, however, declared that there could be no mistake about his testimony, stating that the facts were fresh in his mind, having transpired but the day before. The court then asked the matter was a proper subject for a grand jury investigation.

The taking of testimony in the case was submitted yesterday afternoon. The case will be submitted on briefs. Andrew Nelson appears as attorney for the plaintiff, and Friesberger, Fulton & Spear attorneys for the defendant.

Great 85c Shirt Sale
Begins today at the Big Duluth.

GETS CONTRACT FOR ROAD EXTENSION

The county board yesterday afternoon awarded Edward Kronholm a contract for constructing one and one-half miles of the Fraser Day extension of the Miller trunk road in township

32-17 in the Fourth commissioner district. Kronholm's bid was \$24.60 per hundred feet. The total cost will be about \$2,000.

The contract was one of the ten for which bids were called. The other nine jobs were not awarded owing to the fact that there is no available money in the road funds at the present time to carry on any more new work.

EXPENSE IS SETTLED.
Objection to Executor's Bill in Murphy Estate Is Withdrawn.

In district court yesterday afternoon Judge Cant dismissed the appeal which Edna Snyder had taken from the final account of Frank Horgan as executor of the estate of the late James F. Murphy.

Mrs. Snyder, foster daughter of Murphy and one of the heirs of the estate, objected to the expenses of settling the affairs of the estate. Mr. Horgan's bill being about \$1,300. The appeal, however, was dismissed by agreement when it was brought to trial yesterday.

The matter has no bearing on the contest which Mrs. Snyder is waging in the courts to break the will of her foster father.

CLELAND VISITS DULUTH.
General Passenger Agent Says Exposition Travel Is Reaching Height.

A. M. Cleland, general passenger agent of the Northern Pacific railroad, was in Duluth for a few hours today, on one of his periodical trips of inspection. Mr. Cleland reported that travel to the expositions was just reaching its height and should continue heavy during the next two or three months.

"We are hopeful of big crops throughout the Northwest this fall," said Mr. Cleland.

ADDITIONAL NAMES ON REFERENDUM

Officers of Jitney Association Claim Sufficient Number to Cover Deficiency.

Some time this afternoon officers of the Duluth Jitney association will file an additional list of names to make the referendum Jitney petition legal.

Edward M. Kelley, president of the association, said this morning that about 200 or 300 names, all bona fide voters, will be filed with the city clerk. As only 75 names are lacking on the original petition, Mr. Kelley is positive that with the additional list this afternoon there will no longer be any doubt as to the legality of the measure.

Although the names will be filed, Mr. Kelley is of the opinion that a special election will not be necessary, believing that the council will accept amendment now in preparation, providing for mutual insurance in place of liability policies. In that event, he said, the Jitneys will withdraw the referendum measure. The names are being added for security's sake, he declared.

TRINITY CATHEDRAL FILES INCORPORATION

The Trinity Episcopal Cathedral of Duluth filed articles of incorporation today with the register of deeds with the following incorporators:

Rev. J. D. Morrison, bishop of the diocese of Duluth; Herman F. Parshall of Cass Lake, archdeacon of the diocese; E. Morris, chancellor of the diocese; and J. W. Lyder, treasurer.

The senior warden of the church is George H. Crosby and the junior warden, J. W. Lyder. The following are vestrymen: Page Morris, T. D. Merrill, W. E. Wagner, R. B. Knox, C. G. Trapnash, Dr. A. L. McDonald, F. H. Waldron and Edmond Ingalls.

Would Settle Wife's Estate.
Dr. David Graham yesterday afternoon petitioned the probate court for letters of administration on the estate of his wife, Mrs. Fannie Graham, who died on June 28 and left an estate valued at \$3,500. Besides her husband she was survived by one son, Dr. Reginald Graham.

Death Ends Long Illness.

RELIGIOUS WORK IN THE COLLEGES

College Field Secretary By
Christian Endeavor
Society Urged.

Chicago, July 8.—President W. A. Harper of Elion college, North Carolina, spoke at an all-Southern rally of Christian Endeavor workers, here today, in connection with the world's convention of the United Society of Christian Endeavor, in favor of establishing Christian Endeavor work in the colleges of the country. He quoted a number of educational authorities to the effect that the higher institutions of learning suffered from a lack of religious atmosphere, so much so that a young man might become a bachelor or a master in almost any line of study and be an ignorant of the Bible and of religious inspiration as if educated in a non-Christian country. "We have," he said, "made the futile attempt, in our efforts to escape sectarianism, to develop an educational system of a non-religious type. It is impossible to teach without teaching those taught either for or against religion."

People Say To Us
"I cannot eat this or that food, it does not agree with me." Our advice to all of them is to take a
Rexall Dyspepsia Tablet
before and after each meal. 25c a box.
E. M. Tredway.

GROCCERS PLEASED WITH WORK FARM

Party of Retail Association
Members Visits Correctional Institution.

Fifteen members of the Duluth Retail Grocers' association visited the county and city work farm yesterday afternoon and were favorably impressed with the institution and its plan of work. The trip to the farm was made in automobiles. While at the farm, Supt. Fred Ward acted as host and conducted the visitors to the various points of interest. At noon they sat down to a dinner prepared at the farm. "Most people know very little about the work the farm is doing," said George M. Peterson, chairman of the party. "They cannot understand by reading or hearing about it. They have to see the farm for themselves to appreciate it."

The next tour of the grocers will be made to West Duluth during the latter part of the month. The factories of the Union Match company and the carbolic company will be visited.

CANADA IN MOURNING.

Loss of Sons on Battlefields Is Severely Felt.

East Grand Forks, Minn., July 8.—(Special to The Herald.)—The international boundary line between the United States and Canada is a dividing line between a land of sorrow and a land of sunshine, says Dr. C. E. Coles of this city, who returned yesterday from an extensive Canadian tour. "Canada has been saddened by the great war," Dr. Coles said. "Her sons have fallen on the bloody battlefields of Europe, and there is everywhere an air of sorrow. Crossing the boundary line, from Canada to the United States, is like emerging from darkness into sunshine—so marked is the difference in the temper of the people."

Mosquito and Fly Bites

Can never poison or carry infection if you will apply nightly a touch of Benetol (either the liquid or the ointment). All the irritation and the itching sensation is at once relieved and by morning no trace of the bite is left. No disease germ can live in the presence of Benetol—yet this germicidal, antiseptic, and antipruritic is non-poisonous under all conditions. A bottle of Benetol will prove the most frequently used and the most dependable remedy in your family medicine chest. Always read and follow directions. Get a bottle today and provide against contagion and discomfort. It has many uses. 25c, 50c and \$1.00 sizes. Sold, recommended and guaranteed in Duluth by all druggists and leading drug stores everywhere. Samples sent free upon request direct to The Benetol Co., 130 Benetol Bldg., Minneapolis, Minn.

KAISER ADOPTS IDEAS FROM CIRCUS

Barnum & Bailey's Kitchen Offered Practical Suggestions for War Lord When Visiting Hamburg; Loading Train Idea Also Copied, Says Press Agent.

It is not generally known but the Kaiser of Germany obtained the idea of his military kitchen and his idea for entraining an army from an inspection of the Barnum & Bailey circus when that big American amusement institution visited Hamburg during its last trip abroad.

Some of the circus officials, who were in Europe with the big show at that time, are willing to swear to an affidavit to this effect. There are also many prominent men who were with the circus at that time and who have since agreed that many of the important camp methods now employed by the Kaiser were the result of a complimentary visit to the "white tops" of the Barnum & Bailey circus. The circus kitchen and the circus fashion of loading trains have been well copied by the German army. These are of course typical American circus ideas.

Circus Big Event.
The arrival of the circus at Hamburg was a big event in Germany, and its date there was widely heralded throughout the empire. The great Barnum & Bailey circus was traveling through Germany seven weeks ago, and many, many horses, numerous wild animals, more than a thousand men and its veritable city of canvas. Its arrival in Hamburg drew out the entire population. It seemed as if these days the motor truck was not available.

The wagon range which can be kept in use on the road, with a capacity for feeding 1,000 persons, army cooks sitting in front of them driving, and with two helpers in the rear, and the wagons stop, the sides are lowered and platforms formed on which the trucks stand. It is exactly like the circus equipment. Dishes are placed in the front of the range, and the German soldiers in the same manner as employed by the circus. Instead of lifting the range, as in the circus, they are pulled on runners attached to the car, the power being furnished by the men do with the club wagons to prevent them from rolling back or forth.

There is every indication that the war in Europe is exploiting the other American inventions besides airplanes and submarines. And the Kaiser copied it all through accepting a free ticket to the biggest of American shows, the "Greatest Show on Earth" which will establish its canvas wonderland here next Saturday.

It is also easy to believe that the Germans owe the big circus a debt of gratitude for showing them the system of feeding and caring for horses and for furnishing the electric current required for its operation with dynamos carried on trucks. Of course, these days the motor truck was not available.

Idea Originally American.

PLAN MORE CELEBRATIONS

West End Merchants Will Discuss Arrangements for Entertainments.

Former Successes Spur Them on to Continue Festivities.

Plans for another big celebration to be held by the business men of the West end will be discussed at the noon luncheon to be held at the Rex hotel next Wednesday afternoon at 1 o'clock. Preparations for the celebration were made by Capt. K. A. Franklin and Emil Gustafson.

It is proposed to hold the celebration early in September. Something similar to the one held recently will be planned, according to statements made by some of the business men.

"We expect to have at least two more such entertainments for the people of the West end this year," said S. W. Hill yesterday. The celebration will be held on a Sunday afternoon. The celebration last year was a success and was expected just as good, if not better, results from the ones that we contemplate.

The celebration is an entertainment provided by the West end business men have resulted in a closer relationship between the residents of this end of the city and the merchants. The celebration was a success and was expected just as good, if not better, results from the ones that we contemplate.

WILL GET AFTER SMOKE NUISANCE

Garfield Avenue Residents Provoked by Carelessness of Engine Men.

It says and means for the abatement of the smoke nuisance along Garfield avenue were discussed by the Garfield Avenue Improvement club at its meeting held last night at the Madison school. Members of the club stated that many of the trainmen are careless in allowing heavy black smoke to be blown from the smokestacks of engines in the railroad yards making the nuisance almost unbearable at times.

The club adopted a constitution and by-laws and a chairman of committees was appointed. The committee heads are: Chairman, Charles Anderson, law agent, William Grievens, public improvements, William Dahles, and program, John Nelson.

Society - Women's Clubs - Music - Drama

CT. 4 was decided on as President's day at the meeting of the executive board of the Matinee Musicals held this morning at the home of the president, Mrs. J. N. McKinley, 1024 East First street. An artist, probably one from out of the city, will be on the program that day. Some time in September a tea will be given at the home of one of the members in order that tickets may be given out and that the members may have a social gathering.

Isabel Pearson Fuller is chairman of the program committee that has arranged for the regular fortnightly programs to be given in Pilgrim Court, a roomy church as they were last season.

Julia Culp, Percy Grainger and the Knicker quartet were chosen by the board several weeks ago as the principal artists for the coming season. Two lesser artists, who have not been decided upon, will also be brought here by the Matinee Musicals.

Bardon-Higgins.

Engagement of Superior Girl to Duluthian Announced.

Mrs. James Bardon of 225 West Fifth street, Superior, today announced the engagement of her daughter, Miss Winifred Emily Bardon to Raymond Walter Higgins of Duluth.

The announcement was made this afternoon at a tea given by Miss Bardon in honor of her cousin, Mrs. George H. Quayle, of Cleveland, and Miss Frances Specht Loney of Superior, who will be one of this summer's brides.

The date of the wedding has not yet been announced.

First Oatka Lark Is Held

Tennis Division Dinner Will Be Held at Main House.

The first of the "larks" which will be given Wednesday nights at the Oatka branch of the boat club was held last night and it concluded with more than 250 persons who had picnic suppers at Oatka or rowed over from the main house.

The "agony quartet," composed of Arthur Belanger, Oscar Erickson, Carl Johnson, and Oliver Wagon, sang several songs and played several violin numbers, and Miss Esther Gomborg played a group of popular piano selections.

Among those who will take part in the Wednesday night larks are Mrs. Gladys Reynolds-Fry, George Spence, and A. E. M. Custer. The Custer is arranging parades and local songs late for one of the larks.

The second special dinner of the boat club will be given tonight at the main house under the direction of the tennis division that has arranged for suitable decorations.

Country Club Scene of

Attractive Dinner Parties.

An interesting feature of the weekly dinner-dance at the Country club last night was the covers given by Mr. and Mrs. Thomas D. Merrill in compliment to Miss Dianne Kelly, daughter of Captain W. H. Kelly, who is the guest of honor at the Country club last night.

The wedding of Mrs. Martha Frances Dr. Prep and Walter Bartlett took place last night at the home of the bride's father, Mr. W. H. Kelly. The ceremony was performed by Rev. J. G. Ogilvie, and the bride and groom were given away by their parents.

Peggy Peabody's Observations.

Education Never Completed. After finishing their high school or college courses people generally consider their education completed. But there is nothing left for them to learn or circumstances have prevented them from absorbing the knowledge that may be obtained in the halls of higher education.

But people do not realize that the knowledge that may be obtained in the halls of higher education is not the only knowledge that is available. There is a great deal of knowledge that is available in the world, and it is up to each of us to acquire it.

Education is a process, and it is one that never ends. It is a process that begins in childhood and continues throughout life. It is a process that is never completed, and it is one that is never finished.

Education is a process, and it is one that never ends. It is a process that begins in childhood and continues throughout life. It is a process that is never completed, and it is one that is never finished.

Education is a process, and it is one that never ends. It is a process that begins in childhood and continues throughout life. It is a process that is never completed, and it is one that is never finished.

Education is a process, and it is one that never ends. It is a process that begins in childhood and continues throughout life. It is a process that is never completed, and it is one that is never finished.

Home vs. Commercial Canning

Prepared for The Herald by Abby L. Marlett, home economics department of the University of Wisconsin. Shall we, or shall we not labor during the heat of summer to provide fruit and vegetables out of season in winter?

Is there an opportunity to save time, save money, save health, satisfy tastes through better utilization of a neglected source of variety in the diet?

Do we, in transforming fresh fruit and vegetables into the canned product, save or satisfy?

Have we counted the cost of planting, cultivating, and harvesting? Have we added to that the cost of fuel and the cost of labor to determine whether the home-made product saves money and gives an honest living wage to the worker?

Or are we satisfying that craving for evidence of labor perhaps an intellectual inheritance from an older time when woman's work was measured by her stores in preserves and textiles made by hand?

Each housewife must answer these questions for herself. To most of us, however, the questions should be very important, as the value of woman's work on the farm is of great importance with that of her husband.

Letters from intelligent thoughtful farm women state, "The farm woman does not have fruit and vegetables in abundance unless she raises them. Often she cannot get them and if she could she does not have the money to buy them."

Macdonald of Winnipeg, brother of the bride, played Mendelssohn's wedding march.

The bride was given away by her father, Mr. J. G. Ogilvie, and the groom was given away by his mother, Mrs. J. G. Ogilvie. The ceremony was performed by Rev. J. G. Ogilvie, and the bride and groom were given away by their parents.

and so goes without. It is doubtful if it will pay any woman to buy these products and eat them. What I want is to see the farm woman live better and get better health for herself and family.

A careful study of material bought in the open market with a careful record of the cost of fuel, and labor at 25 cents per hour, has shown that the town or village woman who must buy raw products rather than gather them from her garden will do well to confine the bulk of her work to preserves, marmalades, jellies, and fruit juices, depending upon the commercial product for the bulk of her canned vegetables and more common fruits.

In the home canning, if the work is done a few cents at a time, using the excess garden produce for daily use, extra work will not seem great and in the course of the summer months, an abundant supply may be secured for winter use. Even though the lust for accomplishment may be great, no more than enough for the one year should be prepared for fruits, preserves and jellies seldom improve by keeping.

It will keep a record of our time and the cost of materials we can decide for ourselves whether it is cheaper to put up fruit and vegetables in the home or to save at some other point and buy the commercial product. The department of home economics would be glad to receive such records from all who keep them this year.

The bride was given away by her father, Mr. J. G. Ogilvie, and the groom was given away by his mother, Mrs. J. G. Ogilvie. The ceremony was performed by Rev. J. G. Ogilvie, and the bride and groom were given away by their parents.

Reception for Mr. and Mrs. Rauch.

Mr. and Mrs. E. D. Rauch were guests of honor at an informal party given Wednesday evening by the Epworth league of the First M. E. church. The party was given by the Epworth league and Mr. and Mrs. Rauch were the guests of honor.

Dr. Prep-Bartlett Wedding.

The wedding of Mrs. Martha Frances Dr. Prep and Walter Bartlett took place last night at the home of the bride's father, Mr. W. H. Kelly. The ceremony was performed by Rev. J. G. Ogilvie, and the bride and groom were given away by their parents.

Peggy Peabody's Observations.

Education Never Completed. After finishing their high school or college courses people generally consider their education completed. But there is nothing left for them to learn or circumstances have prevented them from absorbing the knowledge that may be obtained in the halls of higher education.

But people do not realize that the knowledge that may be obtained in the halls of higher education is not the only knowledge that is available. There is a great deal of knowledge that is available in the world, and it is up to each of us to acquire it.

Education is a process, and it is one that never ends. It is a process that begins in childhood and continues throughout life. It is a process that is never completed, and it is one that is never finished.

Education is a process, and it is one that never ends. It is a process that begins in childhood and continues throughout life. It is a process that is never completed, and it is one that is never finished.

Education is a process, and it is one that never ends. It is a process that begins in childhood and continues throughout life. It is a process that is never completed, and it is one

THE DULUTH HERALD

AN INDEPENDENT NEWSPAPER
Published every evening except Sunday by
The Herald Company at Duluth, Minn.
Both Telephone—Business Office, 324;
Editorial Rooms, 1125.
Entered as second-class matter at the Duluth postoffice under
the act of Congress of March 3, 1879.

OFFICIAL PAPER, CITY OF DULUTH

SUBSCRIPTION RATES—By mail, payable
in advance, one month, 35 cents; three
months, \$1; six months, \$2; one year, \$4.
Saturday Herald, \$1 per year; Weekly
Herald, \$1 per year.
Daily by carrier, city and suburbs, 10 cents
a week; 45 cents a month.
Subscribers will confer a favor by making known any
change of address.

The Duluth Herald accepts advertising
contracts with the distinct guarantee that it
has the largest circulation in Minnesota out-
side the Twin Cities.

The Herald will be glad to have its at-
tention called to any misstatement of fact
or true statement which may appear in its
news, editorial or advertising columns.

GOING AWAY FOR YOUR VACATION?

If you are your trip will not be com-
plete without The Duluth Herald. Make
arrangements to have it follow; it's just
like a daily letter from home. Address
changed as often as desired. Call the
Circulation Department, 324, either phone,
and Uncle Sam will do the rest.

THE NATIONAL DEFENSE.

Not even the most ardent advocates of
world disarmament and world peace, pro-
viding they retain their sense and judg-
ment, believe in leaving this country with-
out means of defense so long as the world
bristles with armed aggressiveness.

And if defense is to be worthy the name,
it must be adequate defense. There isn't
the smallest doubt that the people of the
United States, who do not want war and
who do want peace, will support any rea-
sonable program that will provide this
country with adequate defenses.

The movement begun in Duluth by Col.
C. H. Graves and others, tempered as it is
by moderation and freedom from swash-
buckling militarism, should receive wide co-
operation.

But it is DEFENSE, not OFFENSE,
that the people seek; and the trouble with
too many of those who are hysterically
clamoring for a more militaristic policy is
that what they have in mind, and what
they are talking about, is not defensive
preparation, but offensive preparation.

This country will never emulate the na-
tions of Europe that have bred their people
up in a militaristic spirit that made a sol-
dier and a swashbuckler out of every citi-
zen. This country will never sanction a
policy that will rear its young in the belief
that war is noble, and that fighting is a
nation's most sublime occupation. This
country will never tolerate a system that
teaches war from the cradle up, and that
raises its boys to carry arms and its girls
to wear the weeds of soldiers' widows.

Doubtless there is need of strengthening
the national defenses. Doubtless, too, the
need is nowhere near so great as it is be-
ing represented to be. If the country is as
helplessly defenseless, for instance, as some
partisan Republican agitators are trying
to make us believe, what excuse have they
to offer for the criminal neglect of the
Republican administrations of the past gen-
eration?

The question of national defense needs
to be considered, and it will be considered.
But before this consideration is taken up
it should be divested of every trace of par-
tisanism, every trace of the self-interest
of dealers in war munitions, every trace
of the brutal greed of those who would plunge
this country into offensive warfare and
water the plains of Mexico with precious
American blood that their dividends in
Mexican investments may be protected.

The appeal for the national defenses
should be made to reason and cool judg-
ment.

It should not be made, as it is being
made too widely today, to senseless fear
or to the false and sinister patriotism of
the militaristic spirit.

It is generally conceded that charity
should begin at home, and it only needs a
referendum vote to establish the principle
that assassins would do far better to begin
with themselves.

IMPROVING THE MELTING POT.

When Frederic C. Howe, commissioner
of immigration at the port of New York,
suggested the idea that was worked out to
make the Fourth of July "Americanization
day" in many communities of this country,
he started something that seems likely to
yield large results.

From all parts of the country come the
most enthusiastic reports about the way
the plan worked out. It appears to have
been embraced eagerly wherever it was
tried. New citizens and old entered into
it with commendable energy and in a spirit
which showed the need and timeliness of
Mr. Howe's suggestion.

"Erasing the hyphen," the Chicago Tri-
bune calls it; and that's a pat phrase.

The abnormal conditions created by the
war in Europe have demonstrated the ex-
istence of—or brought into existence—fac-
tors that make for uneasiness. There has
been an over-emphasis of the hyphen that

Ballad of the King's Triumph

"Call me my minstrel," said the king
"And let him sing a glee,
For I have won this summer day
A mighty victory.

"Between the tides of dawn and dusk
Upon a field I stood
And saw my gallant swords drink deep
Of body and of blood.

"So bid my merry minstrel in,
With lute and silver throng,
And let him take my stained sword
And sheath it in a song!"

The minstrel came, an ancient man,
And smote a silver string.
"Oh, gallant is the victory
And mighty is the king!"

"At dawn he rode with all his knights
Into a virgin field.
At dusk the blood of honest men
Was stained upon his shield.

"And in the houses of his foes
A thousand leagues away,
The hearts of women bled and broke
Upon a summer's day."

"What song is this?" the monarch cried,
"What sorrow dost thou sing?"
"Why, only of the victory
That crowned my lord the king."

The minstrel smiled a fleeting smile,
And smote a splendid chord,
"Oh, gallant is the use of arms
And mighty is the sword!"

"For on this day a greening field
Was won at crimson cost;
And what the gods of war have gained
The loves of men have lost.

"And many a heart of friend and foe,
Has spoken on this day,
And children starve and women weep,
A thousand leagues away!"

"Then cry the triumph to the stars
And let the heavens ring!
For gallant is the victory!
And mighty is the king!"

—New York Evening Sun.

has brought it more or less into disrepute;
which is a pity. The hyphen was in ex-
cellent repute before the war. It stood for
a love of native land that was not at all
inconsistent with love for and true devo-
tion to the adopted land; that, indeed, fur-
nished a foundation and support for loyalty
to the United States.

But when war broke out between the
chief nations of Europe, war seems to have
broken out between the hyphens; and the
result was an undue emphasis of hyphen-
ization that tended to subordinate its Ameri-
can end.

What before August of 1914 was a con-
tented and congenial amalgamation of peo-
ple suddenly turned into a collection of
jarring and unreconciled units, wherein the
stupid conflict in Europe was carried on in
a smaller and pettier fashion.

That this should have given rise to doubts
whether the "melting pot" was working as
it should is not surprising.

We believe that these doubts are ill
founded, and that the appearance of un-
assimilation is superficial rather than far-
reaching. Nevertheless, it has become nec-
essary to say and to repeat that America
is first, and that as America will be America
when the war is over, and as Americans
must continue to live side by side no mat-
ter what their origin, any overt efforts to
widen this temporary rift are sinister in
their purpose and effects, and should be not
only frowned upon but squelched.

The "Americanization day" plan works
good both ways. It helps the newly nat-
uralized in his efforts to become a part
of American citizenship. It helps those of us
whose citizenship is of longer standing,
whether of years or of generations, by
stimulating our own loyalty and by getting
us in touch with those whose citizenship
is new. In short, it helps the work of the
melting pot, and helps to soften the em-
phasis on the hyphen.

Holt evidently meant to cover the whole
ground by aiming at both the American
citizen and American capital.

THE NORTHERLY TREK.

From the Compass, of Big Falls, in Kooch-
iching county, we glean this interesting
item of backwoods news:

The first prairie schooner (covered
wagon) made its appearance in our city
today, coming from Nebraska, and is
looking for a suitable location where
they will make their home. The Big
Fork valley offers many such induc-
ments, and we believe that they will not
be able to pass them by.

True for you, Big Fork Compass. The
Big Fork valley will be a garden spot one
day, and those who get in on the ground
floor by locating now will some day ride
high the flood tide of fortune.

The north is peppered with Iowa folks
and Nebraska folks, besides the many alien
homesteaders who are going on the land.

But the old-fashioned prairie schooner,
a familiar figure in the prairie country in
other days, is a newcomer in our midst, and
it is welcome. There is something of the
old pioneering spirit, which laid the founda-
tions deep and strong for the great Re-
public of today, in the adventure of those
who embark in the prairie schooner, and
when people begin to drive in from Ne-
braska it looks still more as though North-
western Minnesota had been at last coming into
her own.

It may now be announced that the world's
league of assassins has lost its Holt.

Of course there is a natural curiosity to
"see how they look in their new home."

The Cost of Living

By Savard.

Washington, July 8.—(Special to The Her-
ald.)—A recent report from one of the gov-
ernmental departments shows that the past
twelvemonth the cost of living to the aver-
age American consumer has advanced, and
with that characteristic ignorance and
idiotic prejudice the daughters of the
Philippines rejoice and chuckle, laying the
increase in the Underwood tariff, the
standpat Washington Post is exceedingly
surprised at this showing and writes, a re-
buke directed against the Democratic eco-
nomic policy.

When the Underwood tariff was passed
and became a law—and that was not two
years ago, as the Post falsely asserts—
there were 20,000,000 of men in Europe en-
gaged in productive enterprise, each and all
of whom are now in arms against their
neighbors and intent on cutting throats
rather than making something to eat, to
wear, or to serve other rational purpose of
civilized man.

Now, an ordinary reasoner, with some
little respect for the intelligence of man-
kind, and the least degree of common sense,
would not have been so stupid as to suppose
that the taking from gainful pursuits of
20,000,000 men and setting them to the work
of destruction, would have a tendency, how-
ever slight, to increase the cost of living
the world round. Outside a lunatic asylum
I do not suppose you can find a logician
with the capacity to attempt a contro-
versy with that proposition. I expect
Berrymann, cartoonist of the standpat
Washington Star, has accepted the hypothesis.

Relatively our importations under the Under-
wood law are smaller than they were
under the Payne-Aldrich tariff, and our ex-
ports are greater. Our standpat con-
tends that imports mean idleness and ex-
ports mean opulence. Thus we have an
ideal economic condition under the pre-
sent law from the monopoly tariff stand-
point. No man in manager he may doubt
who said to Walter Scott's hero, "Have no
dealings with my father, else he will make
an ass of you." Your protectionist assumes
every foreigner to be a scoundrel, and that
you buy of him he will cheat you and if
you sell him you will cheat him. But all
legitimate trade benefits both buyer and
seller alike, and that nation that trades
most and freest with its foreign customer
is bound to prosper most in the struggle
for commercial supremacy. England has
shown that in her enormous bank account
that finances her in this tremendous war.

As for the Underwood tariff, it was made
for times of peace. When it was enacted
no man dreamed of the tremendous strug-
gle that is now going on in Europe. No ra-
tional man ever contended before 1893 that
a scheme of protection against the tariff
came forth to teach that taxation of an
article of consumption would make that
article cheaper to the ultimate consumer.
So far as I know that was an original and
a miraculous discovery of "Big Iron" Kel-
ley, that his pupil, William McKinley,
taught the glory of combat attaches to
a great party, that was as shy of the
tariff in 1890 as a mouse is of a cat, and a
vocal traitor to the nation he was sworn
vigilant and athletic cat at that they were
in 1890.

It appears that the Hon. John W. Weeks
is a most active candidate for president.
That may be a barrel of money. If he
is fortunate in his nomination, he will be
the Republican nomination. McKinley beat
Reed, you recollect. Mr. Weeks has toured
the country from ocean to ocean. He has
returned to his home and made a speech.
In that speech he gave the Wilson admin-
istration the most thoroughgoing and most
lauded with anything. He opposes every-
thing. In an ecstasy of contrition he ad-
monishes that whatever is wrong with the
country that sort of man he would agree with
"Gentlemen Chucks" that the service is "go-
ing to hell." Manifestly Mr. Weeks thinks
the times are out of joint and he is ap-
pointed to set them right the country
will be in a bad way.

The tribe of the new nation and we
have them with us always. Nothing
suits them when they do not boss the job.
The tribe of the new nation and we
have them with us always. Nothing
suits them when they do not boss the job.
The tribe of the new nation and we
have them with us always. Nothing
suits them when they do not boss the job.

If the mercy of God shall serve to rescue
us from participation in that world war
now raging in Europe, if they shall have
fought it to a finish, if the presidential
election of 1916, as all hope they will,
then give us another whack at the tariff
and let intelligence and study reason and
innately have another battle and have
it out.

Trust Wilson, and give the Underwood
tariff a chance. That is the only course
for a patriot.

The Republican Ideal

Kansas City Star: "The Republican party
as it stands today," says William Allen
White in the July issue of the Metropolitan
magazine, "is exhibiting no vestige of inter-
est in anything but the accumulation of
wealth; prosperity rather than justice is the
Republican ideal."
And he might have added that the pros-
perity in which the party is interested is the
prosperity of the few, the prosperity of the
many. The theory has been that if a few
men were made prosperous enough some of
the crumbs would fall where the many could
pick them up.

Also, the prosperity, according to the Re-
publican ideal, need not be founded on
service to society. The ideal isn't one of a
fair field and no favors. Rather, it is of
business done by the aid of special privilege.
Tariff favors, franchise favors, every sort
of artificial advantage, are part of the standpat
Republican system.

The ideal is anti-social, so it can't last. It
may have temporary successes. But it can't
be permanent. For its permanence would
mean the downfall of democratic institutions.

Holland's Difficult Neutrality.

T. Lothrop Stoddard in the Century: Of
all the neutral nations in the present strug-
gle, none is so hard placed as Holland. A
fortiori, if peace is in a roaring flood of
war, her position is indeed deplorable. En-
vironment by contending armies and embattled
fleets, her merchantmen pick their way
through mine fields and submarines to
bring her the food that will keep from star-
vation her dense population and the mil-
lions of thousands of Belgian refugees now
destitute objects of her bounty. The mobili-
zation of her entire army ever since the out-
break of the European war has added an-
other heavy burden to her already over-
burdened Holland. Holland is today living
almost exclusively upon her savings. These
are indeed considerable, but Holland's needs
are great. She is a land of peace, and her
lying not at home, but abroad, are failing
one by one. The wealth of Holland is pro-
verbial, yet few people know that Holland
she is one of the poorest countries in the
world. Virtually without coal, iron,
timber, or stone, under the feet of her
population by her own agriculture, Holland
lives primarily upon her rich colonies, her
merchant marine, and the vast transit trade
between the German provinces along the
Rhine and the outer world. This last is of
capital importance. What the Nile is agri-
cultural to Egypt, that the Rhine is com-
mercially to Holland. The pulsing throbs of
Germany's main trade artery is the index of
Dutch economic health. Now that this artery
has almost ceased to beat, only Holland's
capital and credit stand between her and
ruin.

Lessons Canada Is Learning

Editorial in The Winnipeg Free Press.

Canada has been experimenting with pro-
tectionism so far as she has gone there
is by no means universal satisfaction with
the result. The war tariff operative against
the United States has not produced the re-
venue expected, while home goods that have
been substituted are not always satisfactory
to consumers. Much has been done to boom
the "Made-in-Canada" movement, and that
does not yield such results as were promised.
Canadian newspapers are giving expression
to the fact that the made-in-Canada agita-
tion can be employed as "a shield for in-
competent rapacity and selfishness," as the Mani-
toba Free Press puts it.

Canadian Finance, published in Winnipeg,
shows what that comment was aimed at.
Various plants in Western Canada are trying
to fill orders for shells. Of course, speed in
that work is a first consideration. These
establishments, with expensive new equip-
ment installed and skilled workmen engaged,
have been kept practically idle for weeks
waiting the delivery of made-in-Canada steel
bars. Had been ordered from Eastern
Canada. Owing to this delay we are told
that dozen of manufacturers have been kept
from the benefit of two or three firms
not to speak about the need for shells
along the European firing line. Canadian
steel is on the way, but it is not what
similar Eastern Canadian material costs by
the time it reaches the West.

This unfortunate delay of things that
have been freely commented upon in late in-
trade and technical journals in both Eastern
and Western Canada is not an isolated in-
stance. It is held by many logicians that
unexcusable. How the whole policy works
to the advantage of the few and the dis-
advantage of the many is illustrated by
Canadian Finance with this instance.

Wooden cases strengthened by outer iron bands are
required for packing shells. These making the boxes hard
to handle, and the required iron bands are not
available—while, not having equipment for making that
kind of case, the Canadian manufacturer is at a disadvantage.
Apparently the only made-in-Canada element
in this particular transaction is the unnecessary middleman.

The Manitoba Free Press expresses popular
sentiment when it says: "The man who
thinks that a tariff is a shield for in-
competence and selfishness is not a logician,
but a man who is in preference to employing raw
material imported from the United States is
a lunatic and a traitor."

There may be but such a one is only fol-
lowing the principle of protection to the
letter end. Experience has taught the United
States much that Canada is now learning
to her cost at a critical time.

The Spy

Cleveland Plain Dealer: An intelligent,
agreeable gentleman is led out at daylight,
placed with his back against a wall and a
bullet fired over his eye. An officer's
voiced command is answered by a volley
of shots. The agreeable gentleman crumples
so far as I know that was an original and
a miraculous discovery of "Big Iron" Kel-
ley, that his pupil, William McKinley,
taught the glory of combat attaches to
a great party, that was as shy of the
tariff in 1890 as a mouse is of a cat, and a
vocal traitor to the nation he was sworn
vigilant and athletic cat at that they were
in 1890.

It appears that the Hon. John W. Weeks
is a most active candidate for president.
That may be a barrel of money. If he
is fortunate in his nomination, he will be
the Republican nomination. McKinley beat
Reed, you recollect. Mr. Weeks has toured
the country from ocean to ocean. He has

vation her dense population and the mil-
lions of thousands of Belgian refugees now
destitute objects of her bounty. The mobili-
zation of her entire army ever since the out-
break of the European war has added an-
other heavy burden to her already over-
burdened Holland. Holland is today living
almost exclusively upon her savings. These
are indeed considerable, but Holland's needs
are great. She is a land of peace, and her
lying not at home, but abroad, are failing
one by one. The wealth of Holland is pro-
verbial, yet few people know that Holland
she is one of the poorest countries in the
world. Virtually without coal, iron,
timber, or stone, under the feet of her
population by her own agriculture, Holland
lives primarily upon her rich colonies, her
merchant marine, and the vast transit trade
between the German provinces along the
Rhine and the outer world. This last is of
capital importance. What the Nile is agri-
cultural to Egypt, that the Rhine is com-
mercially to Holland. The pulsing throbs of
Germany's main trade artery is the index of
Dutch economic health. Now that this artery
has almost ceased to beat, only Holland's
capital and credit stand between her and
ruin.

Washington Star: "Your enemies are go-
ing to circulate some rather damaging
stories about you."
"Don't try to stop 'em," replied Senator
Sorghum. "I'll get more publicity denyin'
'em than I could possibly acquire by leadin'
an existence of conscientious calm."

The Progressive Vision

William Allen White in the Metropolitan.

The vision of the progressive man and woman of
the nation is described by William Allen White in
"The Progressive Vision" in the July issue of the Metropoli-
tan. He describes the Republican party as the "party
of reaction," and the Democratic party as the "party
of the future." He says that the Republican party is
the party of the past, and the Democratic party is the
party of the future. He says that the Republican party
is the party of the past, and the Democratic party is the
party of the future. He says that the Republican party
is the party of the past, and the Democratic party is the
party of the future.

But for free men, who refuse to limit their
choice between a squalid plutocracy and a
flabby questioning of its aims—for free men
who will have none of your Republicans and
none of your Democrats, there is a wider
vision and a larger hope. We believe that
this country is consecrated to a great ideal.
We believe that here on this continent
men are to work out civilization which
shall not be cheapened by expressing its
best results in terms of wealth. We believe
that the pressing force of progress
are at work practically and powerfully
every day in this country, urging us forward
to the realization of a more abundant life
for every human being.

We are not millionnaires. We take no
stock in the council of perfection; nor do we
claim that those with us are better normal
than those who oppose us. Doubtless
those who oppose us pay their debts, and
take responsibility for their lives and the
children even as we. But we do claim that
with our broader hope comes a feeling that
in civilization as it now exists are con-
siderable areas where the cost of money
may be dispensed with for the coin of service;
where men now working for private
ends may be displaced by men, just as ef-
fective, working for the love of it, for the
joy of achievement.

The Panama canal, the postal service, the
reserve bank, the Federal trades commis-
sion—all these enterprises are setting men
to work for the good of the nation, and
the highest capacity for service without
thought of profit. We feel that this area of
public service may safely be broadened. We
feel that the man who is not a capitalist
and more and more of the highest service
of men is done for the joy of service. We feel
that we are civilized far enough to be able
to socialize many activities now narrow-
ed in the miserable realm of profit-making
for private gains.

We feel that a comprehensive program
may be written and presented to the Ameri-
can people, greatly restricting the selfish
individualism which dominates capital to-
day, and providing for a larger participa-
tion of labor in the gross product of labor
and capital by changing the environment of
labor in the home and in the shop by plac-
ing the burden of accidents, trade sicknesses
and unemployment jointly upon labor and
capital, and by giving to the individual in
the state larger control of the state, thus
bringing the wisdom of the common man
into the council of the democracy. Our is a
creed of faith—not of negation. We preach
the gospel of the eternal "yes."

The war has not cast us down. The turn-
ing away from our banner of two millions
of busy men has not broken our spirit. The
array of money bolstering outworn creed
and traditions against us, such as we
our hearts of their hope. We care little for
the wavering tide of political battles. Elec-
tions may come and we may go down in
them. Probably we shall go down. But that
is immaterial. We are practical men and
women. We are not ideal dreamers who
think battles or elections are decisive; that
the elevation of this man, or the downfall
of that man, makes much for progress.
We know, and this is the essence of our
faith, that practical progress is made in the
world as ideas come into the lives of men
and they are able to affect their emotions and
their wills. And it is our joy and our job
to carry those ideas that form our creed
into the lives of men and women until they
are heard by those who have ears to hear.
Without electing a legislature save in Cal-
ifornia, we have in three years put our plan
form demands of 1912 into the laws of the
leading American states.

Without electing a congress we have
worked out the beginning of a trust pro-
gram that will follow the Progressive plat-
form of the last campaign. We are the only
party of the three that has achieved real
results in the past three years, and we look
forward to the next campaign with eager,
unshaken faith.

Just a Moment

Daily Strength and Cheer.

Complied by John G. Quinn, of Southfield, Mich.
God, having raised up His Son, Jesus, sent
Him to bless you, in turning away every
one of you from his iniquities.—Acts iii, 26.
The praise, "redeem us," refers, as we
think, not to His resurrection, but to the
"whole conception of the mediatorial exalta-
tion of Jesus Christ." God, who has "pro-
vided, prepared, and gifted" His Son has
sent Him to bless you. And this blessing
consists not merely in the forgiveness of
sin, but in the turning away from the
The Gospel message can bring no blessing
to the sinner unless it is accompanied by a
power that changes the heart and desires
to sin. This was promised to the Apostle Paul as
the effect that should follow his preaching
"to open their eyes, and to turn them
from darkness to light, and from the power
of Satan unto God" (Acts xxvi, 18). The
living grace of Christ attracts the soul,
and turning to God means turning from
sin. As love to God increases and deepens,
hatred of sin becomes more marked and
clear. This is God's purpose. He has sent
His Son to bless us in turning us from all
sin. He comes with power to accomplish
this.—From "Broken Bread."

Give me grace, Heavenly Father, properly
to administer to the needs of others and
to which I am entrusted, that I may be
a good steward of Thy manifold mercies,
and not be ashamed before Thee at Thy com-
ing. B. M. Dayton, Ohio.

Advice From Fiction.

Correspondence of the New York Times:
In "The Unseen Empire," published just
a year ago from the pen of Atherton Brownell,
occurs this passage. It is supposed to be
spoken by the American ambassador to the
German chancellery on the eve of an intended
declaration of war against England and
after repeated attempts of the imperial gov-
ernment to ascertain the attitude of the
United States. He says:
"The United States, among men—mere in-
dividuals—it is necessary to conform to cer-
tain unwritten rules of behavior if you wish
to maintain your place with them."
"Now among men in civilized countries we
think murder is sufficient cause for execu-
tion, but wholesale murder among nations
can only be stopped by some one nation or
combination of nations having the power or
force to

Good Dressers! Note! Suits Half! Coats Half!

You know Gray's high standard
of quality and style—you know the
fairness of regular prices—now—

Take Your Choice for Half!

All this season's silk and woolen
suits and coats (except Sport Coats)
at half their regular prices!

Will you be one of those who
profit by this great opportunity?

EVERY CHURCH FEELS DRAIN

Glorious Response of Reli-
gious Men of Canada
to War Call.

Lauded By Speaker at Chris-
tian Endeavor Con-
vention.

Chicago, July 8.—The great world
convention of the Christian Endeavor
society today in numerous state and
sectional meetings. The state organiza-
tions of Illinois, Indiana, Iowa, Michi-
gan, Minnesota and Wisconsin held
their conventions at the same time.
The few students in our theological
colleges are mostly imported from the
old country.

"We knew, or thought we knew,
what was the matter. The West was
getting rich too fast. Our people had
time for nothing except wheat and
real estate. Our life had become ma-
terialized and the spirit and sacrifice
had died out."

"Then came war. The empire
made its appeal to those young men.
And what a response! Every church in
Canada has felt the drain. Many a
young man who appeared to think of
nothing but himself, and to believe no
gospel except that of getting on, threw
up a good job, said good-bye to his
friends, and laid his life upon the
altar of his country."

"I hold no brief for war. It is hell
even when it must be endured in the
defense of ideals that are more precious
than life. And yet there is this mag-
nificent fact in the life of the sol-
dier of himself upon the altar of an
ideal."

"It is this note we must learn to
strike first of all in our Christian work.
Let us learn the lesson: The Cross has
not lost its power. The religious motive
is still fundamental in its power to
move the human heart."

"In the name of Christ we must be
glad to give up anything less of the
young people than everything they
have to give."

William Jennings Bryan originally
intended to address a big holiday
meeting of the society, but was com-

peled to change his plans. He sent a copy of a temperance speech with per- mission to use it, but the committee decided not to avail itself of the offer.

SUPERIOR

HOT FIGHT FOR MAYORALTY.

Six Candidates in Field for Election
at the Primaries.

The campaign for the office of
mayor is on in full blast in Superior.
Six candidates are in the field, each
of whom is seeking nomination at
the primaries July 27. The man
who receives the most votes will be
the field aspirant Mayor Joseph S. Kon-
kel in the recall election.

The six candidates are Frank
Crampton, mayor of Superior for two
years; Victor Linley, who was
former mayor and later a state sena-
tor; James R. Hille, who opposed
the recall; and David Dobie and F.
J. Wenzel, both pioneer residents of
the city, and Otto F. Eick, who has
been placed on the ticket by the
Socialists. The last day for filing
nominations was yesterday.

MILLS AGAIN RE-ELECTED.

Will Head Humane Society for
Seventh Consecutive Term.

The Douglas County Humane society
held its annual meeting last night at
the Superior Commercial club room.
Thomas B. Mills was elected president
of the organization for the seventh
consecutive term. The other officers
were also all re-elected. They are A.
J. Wenzel, treasurer, and O. A. Ben-
son, secretary. Rev. C. J. Webber and W.
E. Maddox were re-elected vice pres-
idents and Charles H. Bird, humane
agent, Mrs. C. B. Buckley, Prof. S. C.
Roos, Mrs. C. B. Cook and Mrs. J. M.
Rooney were named directors, and R.
B. Quigley was elected director to fill
the unexpired term of S. W. Lightbody,
who recently resigned.

PARENTS ASK \$10,000
FOR INJURY TO BOY'S LEG

A damage suit for \$10,000 is being
tried in the superior court today. The
plaintiff is Arthur Mortenson, 18, against Chris
Miller in which they seek to recover
that amount for the loss of the boy's
leg. While out hunting last fall the
boy was wounded in the leg by a shot
fired from Miller's gun. The leg was
badly shattered, and amputation was
necessary. Miller, it is alleged by the
plaintiff, was careless in handling the
gun.

MAHTOWA MAN GIVEN
NINETY-DAY SENTENCE

Carlton, Minn., July 8.—(Special
to the Herald.)—Saman Mattson, arrested
Tuesday evening by Arthur Peterson
and Olga Sykane on the charge of
having assaulted Simon Peterson on
the old Sandberg farm near Mahtowa,
was brought here, and after a trial
in justice of the peace's court, was
given ninety days in the Carlton
jail.

BILLION BUSHEL WHEAT CROP IS NOW PROBABLE

Prospects of Bumper Yield
Increased With Report
on Conditions.

Corn, With Continued Fa-
vorable Weather, Should
Yield 2,814,000,000.

Washington, July 8.—Prospects of a
billion-bushel wheat crop this year
were increased during last month.
Basing its estimate on July 1 crop
conditions, the department of agricul-
ture today placed the prospective total
production at 3,630,000,000 bushels, com-
pared with 3,500,000,000 bushels esti-
mated from June 1 crop conditions.

Corn, the nation's greatest crop,
showed a gain of 231,000,000 bushels
from June 1 to July 1, and the de-
partment's estimate of the total pro-
duction for the year is 2,814,000,000
bushels, compared with 2,683,000,000
bushels estimated from June 1.

Details of the acreage condition on
July 1 and indicated a gain of 1.5 per
cent in the total area planted to wheat,
total production as interpreted from
condition reports of the various crops
follow:

Winter Wheat: Area planted, 40,
100,000 acres, compared with 39,000,000
last year. Condition, 84.4 per cent of a
normal, compared with 84.5 per cent
last year. The 10-year average, in-
dicated, 84.4 per cent, compared with

George A. Gray Co.

THE STORE FOR SERVICE.
113-115-117-119 WEST SUPERIOR STREET, DULUTH, MINN.

Now On! The July White Sale

"When You Think of White
Think of Gray's—It Pays"

It always does—and it pays especially well in our
Semi-Annual White Sales!

January Prices in July!

Our big ad in last night's Herald is bringing crowds of eager buyers today—in many lines the assortments rival those of the great January sale—and most of the prices duplicate the low record of January—and in some instances they are even a bit lower!

The Bargain Square

offers many surprises—
—for instance—
18-inch Escalloped
Embroidered
Center
Pieces.....**9c**
50c for 18-inch
hemstitched,
embroidered or
drawn work centers.
36-inch Square
Hemstitched \$2.50
Lunch
Cloths.....**\$1.25**

Very Special
Prices on
Pequot and
Anchor
Sheet-
ings
Sheets and
Pillow Cases.
See list.

Good Dressers!

Note!

Suits Half! Coats Half!

You know Gray's high standard
of quality and style—you know the
fairness of regular prices—now—
Take Your Choice for Half!

All this season's silk and woolen
suits and coats (except Sport Coats)
at half their regular prices!

Will you be one of those who
profit by this great opportunity?

BILLION BUSHEL WHEAT CROP IS NOW PROBABLE

Prospects of Bumper Yield
Increased With Report
on Conditions.

Corn, With Continued Fa-
vorable Weather, Should
Yield 2,814,000,000.

Washington, July 8.—Prospects of a
billion-bushel wheat crop this year
were increased during last month.
Basing its estimate on July 1 crop
conditions, the department of agricul-
ture today placed its prospective total
production at 963,000,000 bushels com-
pared with 850,000,000 bushels esti-
mated from June 1 to June 1, 1914.

Corn, the nation's greatest crop,
should yield 2,814,000,000 bushels with
continued favorable weather, the de-
partment of agriculture today esti-
mated. The department's estimate of
the crop is based on the July 1 condi-
tion reports of the various crops.

Wheat: Area planted, 100,000,000
acres, compared with 95,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Barley: Area planted, 10,000,000
acres, compared with 9,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Oats: Area planted, 100,000,000
acres, compared with 95,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Rye: Area planted, 10,000,000
acres, compared with 9,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Triticum: Area planted, 10,000,000
acres, compared with 9,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Speltz: Area planted, 10,000,000
acres, compared with 9,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Other grains: Area planted, 10,000,000
acres, compared with 9,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Other crops: Area planted, 10,000,000
acres, compared with 9,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Other crops: Area planted, 10,000,000
acres, compared with 9,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Other crops: Area planted, 10,000,000
acres, compared with 9,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Other crops: Area planted, 10,000,000
acres, compared with 9,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Other crops: Area planted, 10,000,000
acres, compared with 9,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Other crops: Area planted, 10,000,000
acres, compared with 9,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Other crops: Area planted, 10,000,000
acres, compared with 9,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

Other crops: Area planted, 10,000,000
acres, compared with 9,000,000 last
year. Condition, 84.3 per cent of a
normal, compared with 81.5 per cent of
a normal on July 1 last year and 81.7
per cent of a normal on July 1, 1914.

New York Woman Would Be Judge

CLARICE MARGOLIES BA-
R-RIGHT.

Clarice Margolies Bar-Right wants to
be a judge. If she receives the ap-
pointment, she will be the first woman
to sit on the bench in New York or
any other eastern state. She has been
a practicing lawyer for several years,
and her ambition is to sit on the bench
of the children's court, which is now
an established institution in New York
city. She believes that women under-
stand children better than men and
that she will have more success than
a male judge in bringing them to jus-
tice and possibly reform.

AMERICAN SECURITY & INVESTMENT COMPANY, INCORPORATED

BROKERS AND DEALERS IN HIGH GRADE INVESTMENT SECURITIES

To Our Clients:

Duluth, Minn., July 8th, 1915.

A few weeks ago we called to your attention the possibilities of the Success property, the shares were then selling around 45c to 50c and the mine was earning about \$60,000.00 net per month and paying a dividend of 2c a share per month or 40% on the selling price.

Many of our clients got in at that time. Success in June increased their dividend to 3c a share and the stock advanced to 55c.

We are now advised that the net earnings for June are \$143,369.11 and that the dividend for July will again be increased to 4c per share payable monthly; the stock is now trading at 95c to \$1.00 a share.

With such earnings and dividend payments, we think this stock is going to \$2, as it can pay 25% on \$2.00 stock and still put an immense amount of cash to surplus every month.

We invite correspondence on Success or any other stock you are interested in. Remember we are located on the ground floor of the Palladio building, right across from the elevator, and have every facility for handling your business in listed or unlisted stock, iron, copper, gold or zinc. Both phones, 2093, and private long distance connections and affiliation with Eastern and Western brokers who give us unexcelled facilities for handling your business. We buy and sell stocks for cash or on margin and make loans on good securities. Your truly,

NEWS OF THE NORTHWEST

UNCLE SAM IS TO SELL SAFE

Bemidji Man's Strongbox, Supposed to Contain Liquor, to Be Sold.

Other Men's Property, Seized in Dry Territory, May Be Sold.

Bemidji, Minn., July 8.—(Special to The Herald.)—Among the articles to be auctioned at Fergus Falls by the government under the Indian treaty law of 1855 in the safe of Ted Maloy of this city, that is if liquor be found in it when it is opened at Fergus Falls on July 12.

This safe was recently seized by Indian Officers Brandt and Thomson of this city, who supposed it contained liquor, from the soft drink place of Maloy after Maloy had refused to open it. It was dragged through the streets to the county jail and later removed to the office of the county coroner on replevin papers. It was again seized on writ of habeas corpus and taken back to the jail where it has stayed since that time.

Not only is the Bemidji man in doubt as to what is in the safe, but his property, but so is William Kitcher of Cass Lake whose gray mare, wagon and harness were seized by the Indian officers recently and Oscar Hysing of Akeley, who is now in a Ford car, his automobile being taken by the government men who charged him with using his machine to introduce liquor into Indian territory. The introduction and should liquor be found in the Maloy safe, it may mean that the Bemidji man will be "out" about \$400 for not opening the safe and taken back to the jail where it has stayed since that time.

Replevin papers have been served on Herbert A. Larson, chief special officer of Denver by George Denly, deputy sheriff of this city, calling for the return of the team and wagon of William Kitcher, who claims that they are unlawfully being detained.

Bismarck Shows Growth.

Bismarck, N. D., July 8.—Census figures given out by city enumerators show a population for Bismarck of 6,544.

CROOKSTON MEGGA FOR GREAT THROG

Circus Brings Record Number of People to the City.

Crookston, Minn., July 8.—(Special to The Herald.)—Never in the history of Crookston has such a horde of people rushed in as came yesterday to the Barnum & Bailey circus. Before noon it was necessary to put on six extra traffic policemen, and from 11 o'clock in the morning till 6 in the evening it was all but impossible to run an automobile down Main or Broadway because of the jam of vehicles.

It is estimated that the city contained 15,000 visitors in the afternoon, and the attendance at the circus was the capacity of the tent, hundreds resting in the grass. Old residents estimate that twice the number were here before on any occasion. The hotels and restaurants were rushed of their feet and it was middle of the afternoon before all the people were fed. Those arriving on the midnight train Tuesday night had to sit up or walk the streets as no beds were to be had for any price.

One Fell By Way.

Despite the vast throng but one arrest was made during the day—a preacher's son from a not far distant town, who was not able to navigate property in the city. He was allowed to go his way a few hours later, but was rounded up and arrested, or complaint made of any crooked work, which is considered remarkable in such a mob. It is also noted that the traffic policemen were careful of driving and the excellent work of the traffic policemen.

INDIAN POW-WOW.

One of Features of International Falls Celebration.

International Falls, Minn., July 8.—(Special to The Herald.)—The celebration here Monday was a huge success in every particular and the weather conditions were ideal. A big program of sports and races was pulled off and two ball games resulted in two victories for the city team over the Herbert A. Larson team by scores of 10-0 and 10-0. A fine street parade was held in the morning and following this the races took place.

In the afternoon came the ball game and a base running contest, following which a fire run contest was held between the Port Francis and Port Francis brigades. The latter won, due to the failure of the local boys to adjust the water before the water came. This was the first time since the war.

Deated New Trial.

He sought a new trial when that he appealed to the supreme court and the district court was affirmed. He then sought a new trial and that was denied. As a last resort he had petitioned this district to suspend sentence and parole the prisoner. This failed and he has at last started to serve his term.

DULUTHIAN IS ON COMMITTEE

L. B. Arnold on Revolving Fund Amendment Campaign Committee.

Menasha, Minn., July 8.—The campaign committee to work for the proposed constitutional amendment known as the revolving fund constitutional amendment, that will establish a fund of \$250,000 to be loaned to farmers, as decided upon at the recent meeting of the Northern Minnesota Development association at Coleraine, was appointed this week by Charles T. Kelly of this place. The president of the N. M. D. A. The first meeting of the campaign committee will be held at St. Paul today.

The members of the committee, including Mr. Kelly, who is ex officio member, are: L. B. Arnold, Duluth; Senator Leonard A. Nord, International Falls; Former Senator John Moenan, Waseca; State Auditor J. A. O. Preus, St. Paul, and Andrew Sloan, Minneapolis.

IS KILLING OFF GOPHERS.

Poison Prepared by North Dakota Experiment Station Effective.

Fargo, N. D., July 8.—(Special to The Herald.)—Returning from inspecting the work of the experts composing the poison squad last week, Dr. W. B. Bell of the North Dakota Experiment station, is greatly pleased with the success of the gopher extermination work.

Experts have been in many counties instructing the farmers in the best methods of preparation and distribution of the poisoned oats and the success of the plan has been beyond the expectations of the officials.

The cost runs from 1 to 4 cents per acre and where large areas are included the former figure is often the result. The chief difficulty has been in securing a sufficient quantity of strychnine alcohol as the other kind was ineffective, in this formula.

KILLED BLASTING STUMPS.

Stick of Dynamite Goes Off in Man's Hand Near Ishpeming.

Ishpeming, Mich., July 8.—George Belrose of Clarkburg, died at Dr. Henry Holm's hospital Tuesday of injuries received Monday afternoon. While he was blasting stumps on his farm, a stick of dynamite exploded in his hands. He had ignited the fuse attached to the dynamite, and because the casing did not burn he thought the fuse had failed. He was preparing to light it again when the dynamite exploded.

The explosion shattered Belrose's hands. It was necessary to amputate the left arm at the elbow and the right at the wrist, and he also lost one of his eyes. The upper part of his body was injured.

Belrose had worked at the American mine for several years and his well known in that vicinity. He had no work at the mine Monday, he spent the day at his farm. He was accustomed to using dynamite and during the last few weeks had blasted many stumps. He was 28 years of age and has a wife and four children, who live at Clarkburg.

PASSENGERS HURT IN M. & ST. L. WRECK

Seven Injured, Two Seriously, in Derailment Near Madison, Minn.

Madison, Minn., July 8.—Five of the seven passengers injured when the Minneapolis & St. Louis passenger train No. 16 was derailed at Haydensville, west of here, early yesterday, are in a local hospital, where it was feared several may not recover. The train of six coaches was running on a track which was under repair. The train derailed at a crossing where the bridge had been washed out by a heavy rain. The train was carrying 100 passengers and 100 tons of freight. The accident occurred at 10:30 a.m. The train was en route from Minneapolis to St. Louis. The passengers were taken to the local hospital. Two of the passengers were seriously injured. The train was derailed by a heavy rain which had washed out the bridge. THIEVING FARMER NOW DOING TIME

North Dakotan Who Stole 100 Bushels of Flax Finally Landed.

Schafer, N. D., July 8.—(Special to The Herald.)—In Cray has gone to Bismarck to begin a two-year term in the state penitentiary for stealing 100 bushels of flax. He has fought two years to escape prison, and it is announced that each bushel of flax he secured has cost him \$100.

Cray was a prominent farmer here and was suspected of the theft of flax until the flax stealing for which he was convicted. He was tried in Willamette county, where he was found guilty.

Deated New Trial.

He sought a new trial when that he appealed to the supreme court and the district court was affirmed. He then sought a new trial and that was denied. As a last resort he had petitioned this district to suspend sentence and parole the prisoner. This failed and he has at last started to serve his term.

KILLED BLASTING STUMPS.

Stick of Dynamite Goes Off in Man's Hand Near Ishpeming.

Ishpeming, Mich., July 8.—George Belrose of Clarkburg, died at Dr. Henry Holm's hospital Tuesday of injuries received Monday afternoon. While he was blasting stumps on his farm, a stick of dynamite exploded in his hands. He had ignited the fuse attached to the dynamite, and because the casing did not burn he thought the fuse had failed. He was preparing to light it again when the dynamite exploded.

The explosion shattered Belrose's hands. It was necessary to amputate the left arm at the elbow and the right at the wrist, and he also lost one of his eyes. The upper part of his body was injured.

Belrose had worked at the American mine for several years and his well known in that vicinity. He had no work at the mine Monday, he spent the day at his farm. He was accustomed to using dynamite and during the last few weeks had blasted many stumps. He was 28 years of age and has a wife and four children, who live at Clarkburg.

PASSENGERS HURT IN M. & ST. L. WRECK

Seven Injured, Two Seriously, in Derailment Near Madison, Minn.

Madison, Minn., July 8.—Five of the seven passengers injured when the Minneapolis & St. Louis passenger train No. 16 was derailed at Haydensville, west of here, early yesterday, are in a local hospital, where it was feared several may not recover. The train of six coaches was running on a track which was under repair. The train derailed at a crossing where the bridge had been washed out by a heavy rain. The train was carrying 100 passengers and 100 tons of freight. The accident occurred at 10:30 a.m. The train was en route from Minneapolis to St. Louis. The passengers were taken to the local hospital. Two of the passengers were seriously injured. The train was derailed by a heavy rain which had washed out the bridge.

THIEVING FARMER NOW DOING TIME

North Dakotan Who Stole 100 Bushels of Flax Finally Landed.

Schafer, N. D., July 8.—(Special to The Herald.)—In Cray has gone to Bismarck to begin a two-year term in the state penitentiary for stealing 100 bushels of flax. He has fought two years to escape prison, and it is announced that each bushel of flax he secured has cost him \$100.

Cray was a prominent farmer here and was suspected of the theft of flax until the flax stealing for which he was convicted. He was tried in Willamette county, where he was found guilty.

Deated New Trial.

He sought a new trial when that he appealed to the supreme court and the district court was affirmed. He then sought a new trial and that was denied. As a last resort he had petitioned this district to suspend sentence and parole the prisoner. This failed and he has at last started to serve his term.

DULUTHIAN IS ON COMMITTEE

L. B. Arnold on Revolving Fund Amendment Campaign Committee.

Menasha, Minn., July 8.—The campaign committee to work for the proposed constitutional amendment known as the revolving fund constitutional amendment, that will establish a fund of \$250,000 to be loaned to farmers, as decided upon at the recent meeting of the Northern Minnesota Development association at Coleraine, was appointed this week by Charles T. Kelly of this place. The president of the N. M. D. A. The first meeting of the campaign committee will be held at St. Paul today.

The members of the committee, including Mr. Kelly, who is ex officio member, are: L. B. Arnold, Duluth; Senator Leonard A. Nord, International Falls; Former Senator John Moenan, Waseca; State Auditor J. A. O. Preus, St. Paul, and Andrew Sloan, Minneapolis.

IS KILLING OFF GOPHERS.

Poison Prepared by North Dakota Experiment Station Effective.

Fargo, N. D., July 8.—(Special to The Herald.)—Returning from inspecting the work of the experts composing the poison squad last week, Dr. W. B. Bell of the North Dakota Experiment station, is greatly pleased with the success of the gopher extermination work.

Experts have been in many counties instructing the farmers in the best methods of preparation and distribution of the poisoned oats and the success of the plan has been beyond the expectations of the officials.

The cost runs from 1 to 4 cents per acre and where large areas are included the former figure is often the result. The chief difficulty has been in securing a sufficient quantity of strychnine alcohol as the other kind was ineffective, in this formula.

RELATIONS BETWEEN UNITED STATES AND GERMANY AGAIN APPROACH A CRITICAL STAGE

ANSWER TO NOTE HANDED TO GERARD

Not Believed to Have Been Changed From Informal Outline.

President to Return to Lay Matter Before His Cabinet.

Diplomatic Relations With Germany May Be Cut Off.

Washington, July 9.—Germany's reply to the American note on submarine warfare was delivered to Ambassador Gerard in Berlin last night. The official text should reach the state department here probably tomorrow and undoubtedly by Sunday.

President Wilson is expected to return from the summer White House at Cornish to lay the reply before the cabinet at a meeting Tuesday. All officials here realized that there probably has been no essential change from the form in which the reply was outlined by the Berlin foreign office to Ambassador Gerard. On the basis of that outline the American government declined to engage in any supplementary negotiations because the German proposals were regarded as such which the United States could not accept without sacrificing many of its rights.

Meanwhile there is renewal of the tension over what the next step will be if the text of the German reply bears out the unofficial outlines which indicated that it would be so unsatisfactory to the United States.

Although officials would not comment, saying that the phraseology first must be studied, the general undertone in official quarters was one of disappointment. What the president's (Continued on page 15, second column.)

LOSS OF LIFE NOT DEFINITELY KNOWN

Twenty-Nine Bodies Recovered at Cincinnati; Score Missing.

Cincinnati, Ohio, July 9.—While twenty-nine bodies of victims of the devastating storm of Wednesday night have been recovered, it was still impossible early today to give a definite estimate of the total loss of life. A score or more of persons were reported to have been in the wrecked buildings in the business section of this city and all debris had been removed from the streets and street cars were running on regular schedule time.

MUNITIONS QUESTION CAUSE OF SENSATION

United Kingdom Wrought Up Over Intrigue to Get Lord Haldane Back in the Cabinet.

London, July 9.—The official announcement made by David Lloyd George, the minister of munitions, on July 7 regarding Viscount Haldane, ex-Lord chancellor and secretary of war, and the question of his return to the United Kingdom of the first order, and it is being made the most of by the Northcliffe press to prevent what is declared to be an intrusion into Lord Haldane back into the cabinet.

Premier Asquith's remarkable tribute to Viscount Haldane, which was read at a meeting of the National Liberal club July 5, was regarded as paving the way for some attempt of this kind. Although most people take the view that it is inadvisable during the progress of the war to have these personal questions threshed out publicly, a small body of politicians is trying to force a parliamentary discussion.

Will Ask Question. Sir Henry Daziel, Liberal member for Kirkcaldy burghs, has given notice that he will ask Premier Asquith in the house of commons on Monday whether Lord Haldane's disclosures of the proceedings of a confidential committee of the cabinet were made with the premier's authority, and it seems as though the government will hardly be able to avoid a public discussion.

Premier Asquith will be asked to grant one day for a full discussion of the causes responsible for deficiency of munitions.

Lord Haldane has kept a complete silence regarding the controversy. The Northcliffe press publishes an (Continued on page 15, second column.)

JUROR IN LAWSON CASE SAYS BAILIFF OF COURT TAMPERED WITH JURY

RECEIVES THE SURRENDER OF GERMANS IN SOUTHWEST AFRICA

GEN. LOUIS BOTHA.

SURRENDER TO BRITISH

Gen. Botha's Invasion of German Southwest Africa Successful.

German Military Forces Give in After Short Campaign.

Pretoria, South Africa, via London, July 9.—Gen. Botha, commander of the forces of the Union of South Africa, has accepted the surrender of all German military forces in German Southwest Africa.

The Germans surrendered unconditionally following the issuance of Gen. Botha's ultimatum which expired at 5 o'clock Thursday evening.

With the exception of the necessary army of occupation the citizen army will be brought home as quickly as possible.

Closes Important Campaign. London, July 9.—The surrender of the entire German force in German Southwest Africa closes one of the most important campaigns of the great war and releases for service elsewhere the South African contingent.

The campaign against the important German African colony was considered so vital that all the resources of the South African union were today in its successful conclusion probably means that despite the fact that German East Africa remains unconquered, a contingent will be dispatched to France, while additional forces will (Continued on page 15, third column.)

Man Who Voted to Convict Believes Prisoner Is Innocent.

Declares That Officer Repeatedly Told Him His Wife Was Ill.

Charges That Verdict Was Improperly Secured Heard in District Court.

Trinidad, Colo., July 9.—Charges that the verdict by which John R. Lawson, international executive board member of the United Mine Workers of America, was convicted of first degree murder was secured through intimidation and jury tampering by a court bailiff, were aired in the district court here today in the arguments on Lawson's motion for a new trial.

The arguments were before Judge Granby Hillier, who presided in the Lawson case. A motion to prohibit Judge Hillier from hearing several additional strike cases is pending in the Colorado supreme court.

Lawson was convicted May 3 of first degree murder in connection with the killing of John Nimmo, a deputy sheriff, in a battle near Ludlow, Colo., between deputies and striking coal miners.

Believes Lawson Innocent. The motion for a new trial filed by Lawson's attorney was accompanied by an affidavit signed by Grover Hall, a member of the jury which convicted the labor leader. He still declares he believes Lawson innocent. He (Continued on page 15, third column.)

HOO-HOO SCRIVENOTER ALLEGED EMBEZZLER

St. Louis, Mo., July 9.—A warrant charging embezzlement of \$9,600 was issued yesterday against William M. Stephenson, Grand Scrivener or financial secretary of the Hoo-Hoo order, a national lumbermen's organization.

The alleged misappropriation of Hoo-Hoo funds, it is charged, extended over a period of two and one-half years, beginning with September, 1912.

Stephenson appeared at the circuit attorney's office when he learned a warrant had been applied for and gave \$2,500 bond for his appearance in answer to any charge which might be preferred against him.

Application for the warrant was made by a surety company of New York.

Don't Forget Saturday is Tag Day for Polish War Sufferers.

London, July 9.—The Russian official communication announcing that a German warship had been sunk by a submarine said that the battleship which was of the Deutschland type was steaming at the head of a German squadron at the entrance to Danzig bay July 2, when she was blown up by two torpedoes fired by a submarine.

The statement of the British admiralty contained the first public announcement intimating that British submarines were operating in the Baltic sea. It is presumed that the undersize boats passed through the Cattegat from the North sea to the Baltic sea and then traveled eastward for 200 miles, as the Bay of Danzig, where the warship was attacked, lies in the southeastern part of that body of water. The distance from an English port to Danzig is about 600 miles.

ALLIES RECAPTURE POSITIONS FROM AISNE TO VOSGES AFTER MANY SANGUINARY CLASHES

ALIENISTS TO BE WITNESSES

Two Are Closely Watching Harry Thaw for State.

Cross-Examination of the Slayer of Stanford White Continues.

New York, July 9.—This was the second day of Harry K. Thaw's testimony as a witness for the state in his sanity trial.

His examination had proceeded as far as the campaign of publicity to gain public opinion in his fight for freedom which Thaw conducted while in New Hampshire. The witness has reviewed the story told him by Evelyn Nesbitt which led up to the shooting of Stanford White, and has denied stories told by Mrs. Susan Merrill Thaw to appear in court here under the observation of the state's two alienists, who may be the next witnesses.

Word has been received here that Thaw is calling upon Mrs. Evelyn Nesbitt Thaw to appear in court here and explain why she did not respond (Continued on page 15, third column.)

BRITISH SUBMARINES OPERATING IN BALTIC

Successful Attack Made on German Warship at Danzig Bay.

London, July 9.—The British admiralty last night stated that it was officially announced as: "Petrograd that the submarine which made a successful attack on a German warship on July 2 in the Baltic was a British boat."

ATLANTIC LINER WITH FIRE IN HOLD STEAMS INTO PORT OF HALIFAX

Blaze All But Extinguished and Danger Apparently Passed.

Flames Confined to Hold No. 3 Away From Explosives.

Will Not Be Allowed to Land at Pier for Present.

Halifax, N. S., July 9.—The Atlantic transport liner Minnehaha, which caught fire Wednesday on her way from New York to London, with 15,000 tons of war munitions on board, after an explosion which may have been caused by an infernal machine sent aboard by Frank Holt, J. P. Morgan's assistant, steamed slowly through mist and drizzling rain into Halifax harbor today.

Early wireless advices from Capt. Claret indicated that the blaze had been all but extinguished, and all danger apparently was passed.

The flames were confined to hold No. 3, a considerable distance from the spot where were stored thousands of cases of cordite, loaded shrapnel shells, cartridges, oil and other explosive material which the Minnehaha was conveying to England for use of the British army.

So far as could be learned from marine circles, none of the more dangerous part of the steamer's cargo had been touched by the flames.

Great care was exercised in the arrangements made to receive the Minnehaha on account of the latent danger to other shipping in the harbor from her high explosives aboard as long as a considerable distance from the spot where the fire was completely extinguished she was not to be permitted to proceed to the landing pier; possibly not even then.

BIG ENGLISH POWDER MILLS ARE DESTROYED

London, July 9.—Curtle's big powder mills at Hounslow, Middlesex, were virtually destroyed today by a series of explosions which occurred shortly after a hundred men had commenced work. No statement of the casualties is yet available.

The explosion was heard for a distance of ten miles.

London, July 9.—History is repeating itself near Lublin, in Southern Russian Poland, where last September the Austro-Hungarians experienced a severe check in their attempt against Warsaw. Special dispatches from Petrograd report that the Russian position now is very hopeful and that the possibility of the Austro-Germans carrying Warsaw by sudden onslaught is obviated.

It is explained by Russian commentators that the Austro-German forces now are operating in a country which frequent campaigns have turned into a desert and where the problems of transport and communication are infinitely more complex than they were in the Galician operations.

Austrian Reverse. The Austrian reverse is explained by London military experts as due to the aid of Archduke Joseph Ferdinand's army, which in the rush on the Krakow-Lublin line got so far ahead of Field Marshal Von Mackensen's (Continued on page 15, fifth column.)

ITALIAN KING RISKS HIS LIFE EVERY DAY

Has Narrow Escapes From Death While at the Front.

Rome, July 8, via Paris, July 9.—King Victor Emmanuel, who is on the firing line with his troops, is risking his life every day like an ordinary officer, according to reports received from the front. The king prints a story vouched for by an "eye-witness" describing one of the narrow escapes the monarch had.

While directing artillery fire against an Austrian position, the king said to an artillery officer in charge of a battery: "Do you suppose you can get at that hut over there from which comes the fire against the contingent directly below us? It seems to me impossible."

A moment later the hut was a heap of ruins. "Now I can go," exclaimed Victor Emmanuel, as he grasped the officer's hand.

Soon afterwards the king met one of his generals and described enthusiastically the work of the Italian battery, giving the name of the officer directing the fire.

"That officer was killed by a shell a half hour ago, just where you left him, your majesty," gasped the general.

PRISONERS TAKEN BY HUNDREDS

German Statement Admits Hilltop Trenches Were Evacuated.

Teutons Make Advance on Warsaw From Point West of City.

Heavy Losses Inflicted on Germans in Galician Fighting.

Sanguinary clashes have occurred along the western battle line from the River Aisne to the Vosges. In the latter region the French claim a notable success. They report having retaken the trenches captured by the Germans on June 25, and continued their advance until they had gained 700 yards along a 600-yard front. The German statement admits that hilltop trenches here were destroyed by the French artillery fire and had to be evacuated.

The French report having recaptured a part of the trenches recently taken by the Germans between Fey-en-Haye and Le Pretre forest, but concede the German claim to an advance in the same neighborhood where heavy fighting has been in progress for several days past. Both sides report the capture of prisoners by the hundred in these operations.

IN FULL SWING. German military activities, while lessening in the Galician and Southern Poland war fields, apparently are in full swing again along the front to the west and northwest of Warsaw. The latest official statement from Petrograd indicates this in recording attacks on the Russian positions at several points near the front.

Heavy losses were inflicted upon the Germans in an assault near Jedynow, in the Prasnysa district, the Russians report, but near Bolimow, almost directly west of Warsaw, an attack in which gases were employed resulted in the storming of first line trenches. In some of these the Germans retained a foothold. The fighting there was reported as continued.

Petrograd declares that the blow dealt the Austro-Germans south of Lublin is being followed up, the Teutonic forces there being in retreat with the Russians in pursuit.

RUSSIANS ARE MORE HOPEFUL

History Is Repeating Itself in Southern Russian Poland.

Believe Possibility of Carrying Warsaw By Assault Is Obviated.

London, July 9.—History is repeating itself near Lublin, in Southern Russian Poland, where last September the Austro-Hungarians experienced a severe check in their attempt against Warsaw. WILSON LINER IS SUNK BY SUBMARINE

Steamer Guido Torpedoed Off Coast of Scotland; Crew Saved.

London, July 9.—The Wilson line steamship Guido, from Hull for Archangel, Russia, was sunk off the coast of Scotland yesterday by a German submarine. The crew of the Guido was saved.

FACE CHARGE OF OLD CRIME

Two Iowans Alleged to Have Committed Murder in 1868.

Dispute Over Treasure Chest Brings Matter to Light.

Bedford, Iowa, July 9.—With two of Southern Iowa's pioneers facing charges of double murder alleged to have been committed forty-seven years ago, while they were members of a counterfeiting gang, C. A. Robbins of the attorney-general's office and his assistants turned their attention today toward the location of the members of the alleged gang.

It was expected that warrants would be served on them before night. One was for the man, who, as a boy, held the ex-team for the murdered cattleman, while his companions in the gang hid the treasure chest, containing \$10,000, on the farm near Siam, Iowa. (Continued on page 15, fourth column.)

CHIEF TROYER KIDNAPED BY DULUTH SHRINERS AT FARGO

Escapes By Breaking Window in Smoking Car When Train Reaches Casselton; Swears Vengeance.

The kidnaping of Chief Chas. M. Troyer of Fargo, formerly of Duluth, was the first spectacular "stunt" of the Duluth Shriners on route to the Seattle conclave.

When the Shriners arrived at Fargo this morning, their first move was to look up Mr. Troyer and they invited him to their train. When he

was safely inside one of the special coaches, the doors were locked, and Mr. Troyer was informed that he was to be taken along to Seattle. The chief protested that his duties made it imperative that he remain at Fargo, but his protests were not heeded. The train pulled out with Chief Troyer aboard, but the former Duluthian was equal to the occasion. When the train stopped for a moment at Casselton he broke a window in the smoking apartment of the car and escaped through it. By the time the Shriners noticed his absence, the chief was sprinting away from the depot platform. He was always noted as a good sprinter while he was on the Duluth force, and his ability along this line saved him in great stead. Several Shriners gave chase, but they were distanced, and the warning whistle from the engine called them back. The chief then took the next train back to Fargo, and swore vengeance on his kidnapers if they returned that way.

SUCCESS PROPERTY HAS BIG EARNINGS

June Net Revenue Reported at \$143,259; Dividend Increase Expected.

The American Security company has received the following wire from Wallace, Idaho, in reference to conditions and operations at the Success mine:

"Earnings of the Success mine on Nine Mile creek near the great Interstate mine, were reported as \$180,000 gross for the month of June. Mining expenses and improvements cost about \$37,000, leaving a net earnings of the company during June of \$143,259.11.

"Net earnings of the company for May were about \$65,000 and the dividend requirement to pay the 3 per cent dividend distributed June 20 was \$45,000, allowing the company to put a substantial amount of cash to its surplus fund.

"It is stated here by those in a position to know that when the directors meet on July 10 to take action on the July dividend which is payable on July 20, it will be increased to 4 cents a share.

"A 4-cent dividend would distribute \$60,000 among shareholders and as the earnings were over twice that amount, the company will besides increasing the dividend put a substantial amount of cash to its surplus fund. It is stated the cash assets of the company, including ore in transit and ready to ship, will now total more than a quarter of a million dollars.

"The property is now under the management of temporary President P. J. Carson until a permanent board has been elected. Since the resignation of Mr. Samuel, on the 20th of June, the new management has been busy getting things in shape for a capacity production and further increased earnings.

"The mine now shows about 35,000 tons of ore broken down in the stope ready for hoisting while there are about 400 tons of ore, according to retiring President Samuel's statement to shareholders, on the dump ready to ship that is estimated to be worth about \$120,000.

"State Mining Inspector Bell in his last annual report on the mining industry of Idaho, gives the Success mine a known tonnage block up of about three years supply of ore and the probable ore bodies unopened will give at least ten to fifteen years life to the property.

"Retiring President Samuel in his statement to shareholders announced his intention of opening up 100,000 acres of Idaho land for settlement and colonization purposes.

La Crosse War Victim.

LOOKING FOR BIG CROPS

Supplies in Country Are Cleaned Up, Says State Inspector.

Close Watch Is Being Kept to Reduce Weight Shortages.

H. E. Emerson of St. Paul, state grain inspector, was a visitor on the Duluth board of trade this morning. He said that grain men in the Twin Cities are optimistic regarding the crop prospects and are counting upon a heavy grain movement this fall. Nearly all the wheat being received at Minneapolis now is coming from Nebraska and Kansas, and though millers have been scouring the country, receipts of spring wheat there are extremely light. As high premiums are being paid, that is taken as evidence that supplies in the country have been cleaned up.

Satisfaction was expressed by Mr. Emerson over the result of the recent weighing test of thirty-nine cars of wheat from Minneapolis at Consolidated elevator D here. "Taking everything into consideration, the amount of loss in transit and handling was light," he said. "We were impelled to make the test owing to the complaints of serious weight shortages that have been made from time to time and we were anxious to see how the weighing out of a good-sized lot of grain would result under close supervision. It is the aim of the department to make everyone interested, including the railroads, on the score of the condition of cars they are supplying for the trade, more careful in the future in the handling of grain. The problem is now being grappled with by shippers in all parts of the country and hopes are entertained that weight shortages will in future be reduced to a minimum."

WAR DRILL CONQUERS GROWING WAIST LINE

(Correspondence of the Associated Press.) London, June 20.—Many London shop windows are displaying a new cartoon poster drawn for the recruiting office of one of the home defense regiments. It shows a typical British father before the war, resigned to middle age, bent and loose-limbed; and the same father today, upright, chested, and muscular.

The cartoon illustrates one of the great topics of the day among the men of business men who have taken up military training in the home defense regiments. It is a course of training extending over an hour or two, and who are in many cases married men.

COMES FROM ORIENT.

Native of Strait Settlements Is Visiting in Beltrami County.

Beltrami, Minn., July 9.—(Special to The Herald.)—P. Lee, a native of the Singapore Strait Settlements, who is a student at the Taylor University of Upland, Ind., has arrived here, in company with his father, Mr. Lee, district superintendent for the Methodist church conference of the northwestern part of Minnesota.

Mr. Lee is visiting Beltrami county in connection with foreign missions and will spend his summer vacation in that way. He spoke at the Methodist church last Sunday evening.

About Sept. 1 he will return to his studies and will spend one more year studying for the ministry, after which he will take a medical course and return to China for active mission work.

Phone your want ad early for The Saturday Herald. Both papers \$24.

ZEPPELIN DRILL NOW ON IN LONDON

Directions Given for Conduct in Case of Air Raid.

(Correspondence of the Associated Press.) London, June 20.—"Zeppelin drill" has now taken its place alongside the familiar fire drill in some London factories and business places.

In a few cases respirators have been provided by employers and weekly or fortnightly respirator parades accompany the zeppelin drill.

For households, advertisers are furnishing neat placards with "directions" for conduct in case of air raid. One such card bears the following brief instructions:

"Don't go into the street. Close all windows and doors on lower floors. Keep buckets of water and sand upstairs. Have respirators handy in bed rooms."

A housewife writes to a newspaper to describe the steps she has taken to protect her household. "Every night the bath tub upstairs is left half full of water. On every landing I have buckets of water and sand. In every room there is a bowl of water ready for moistening the respirators."

And all my family have been advised to keep their respirators under the pillow so as to be within easy reach.

A school mistress writes advising parents to accustom their children to the use of the respirator. "It would startle a child considerably in the middle of the night and have a respirator clapped over its mouth."

There is no unanimity of opinion even among the police authorities as to the proper use of the respirator.

BORDER CITY NOTES.

Happenings of Interest Gathered at International Falls.

International Falls, Minn., July 9.—(Special to The Herald.)—Gust Peterson of Bear River came here yesterday and obtained the company speeder to take Dr. R. H. Monahan to his home, his 10-year-old son having been suddenly stricken with appendicitis.

A class of two was graduated from the Northern Minnesota Hospital Training School for Nurses Thursday afternoon.

The Misses Frances Frenette of Crosby and Mary Haley and Winifred Murray of Fort Frances arrived here Thursday to take part in the graduation exercises of the nurses' training class.

They have been taking up advanced work along that line at the city and county hospital in St. Paul.

The Northwestern Construction company has hauled out dump wagons and

has a full crew at work graveling the Elwell road north of Grand Falls.

Frank Seymour of the Snyder-Mond company was here this week on his way to State Ditch No. 18 near Birchdale, where he will be clearing obstructions for the digging of the ditch.

Settlers from that vicinity state that the ground is extremely wet and that they believe that much trouble will be experienced in putting the ditch through.

The matter of financing the building of the potato warehouse which the Koochichewi Township Farm club is to erect on the right-of-way here, is being taken up by the club at their regular meeting this afternoon.

The steamer Kenora, plying between here and Kenora, Ont., on the Lake of the Woods, missed one trip this week due to injuries recently received. Another big moonlight excursion will be given on the boat tomorrow night from this city down the Rainy river.

KILLED IN KANSAS.

Red Lake Falls Man Loses Life Alighting From Train.

Red Lake Falls, Minn., July 9.—(Special to The Herald.)—John Brohm of Red Lake Falls, formerly of Grand Forks, N. D., was killed in alighting from a train at Arkansas City, Kan., and his body was brought here for burial.

Brohm had both legs cut off when he missed his footing while attempting to alight from a moving train and death soon resulted.

FAIRMONT MEN VIEW PAVEMENTS

Visiting City Officers Are
Guests of Commercial
Club and Commissioners.

The Duluth Commercial club and the city commissioners had as their guests last evening, Mayor F. E. Wade and aldermen of Fairmont, Minn., and took them on an inspection of the paved streets of Duluth. The Fairmont party, comprising, besides Mayor Wade, Aldermen G. G. Grant, Julius Elinson, Frank Brown, George Corey, John Schott and George Heaertel and City Engineer Frank Jones, passed through the city in the morning on their way to Hibbing, Virginia and Chisholm, inspecting the streets and the intersecting roads, and returned here last evening, where arrangements had been made to take them out in autos. Their object is to get all the information possible on paving before their

own city begins to improve its streets, and last evening in the auto trip, which started from the Union depot, they were given every opportunity to benefit by Duluth's experience. They were met at the train by Col. H. V. Ewa, secretary of the Commercial club, and the members of the city commission. John Sinclair of Duluth, who formerly lived at Fairmont, and is a personal friend of each of the visitors, and B. C. Wade and C. S. Mitchell also accompanied the party.

The Fairmont men were entertained at a supper at the St. Louis hotel before they departed on a late train for their homes.

Mayor Wade is a brother of B. C. Wade, general secretary of the Y. M. C. A. in Duluth.

BOYS PLAN OUTING.

Will Pass Two Days at Zenith Island
During Middle of Month.

Members of the boys' department of the Y. M. C. A. will camp at Zenith island up the St. Louis river on July 13 and 14, it was announced by Secretary N. D. McLeod today. Arrangements for the trip are now being made.

Frank Bryan, Clyde Peterson, Walter Johnson and John Mitchell of the

boys' department, returned last night from French river after passing a night in the open. Albert S. Wade, assistant secretary, accompanied them.

Phone your want ad early for the Saturday Herald. Both phones 324.

STILL HOPING TO LOCATE HIS WIFE

Grand Forks Man Believes
Woman Lost in Belgium
Is Alive.

Grand Forks, N. D., July 9.—(Special to The Herald.)—Nearly a year ago Mrs. Eugene Toussaint of Grand Forks, was swallowed up in the European war wave that rolled across Belgium, but her husband, who is here, still clings to the hope that she is living.

"I have tried," Mr. Toussaint said, "to get in touch with her, but to no avail. Once I learned she was in a monastery, near Louvain, but that is the only time I have heard anything of her."

Child Born Under Fire.

Mrs. Toussaint with her youngest son, was in Belgium when the war broke out. Three days after the declaration of war, while the Germans were battering away at the fortress of Liege, Mrs. Toussaint gave birth to a girl.

A cablegram announcing the baby's birth was received by Mr. Toussaint, but it is the last direct word he has had.

AITKIN COUNTY TEACHERS.

Many Prospective Instructors Have
Already Signed Contracts.

Aitkin, Minn., July 9.—(Special to The Herald.)—Among the Aitkin young people who have signed their contracts to teach in the county during the ensuing year are: Misses Lillian Korde, district 16, Cedar school; Anna Mahler, district 2, Butte school; Celia Griffith, district 7, Bennettville; Jeanie Ferguson, district 7, East Bennettville; Sigrid Julum, district 2, Carlson school; Bessie Hronesh, district 8, Kimberley; Celia Hronesh, district 8, Kimberley; Anna Lowrey, grammar grade, Tanmarack; Theresa Holden, district 42, Vernon; Julia Olson, district 3, Eastwood; Petronella Stenberg, district 28, Jacobson; Anna Swing, McGrath; Esther Seavey, district 41, Finlayson; Marjorie Fanning, and R. L. Swales, Palsede.

**CLUB COMMITTEE SEES
STREET IMPROVEMENTS**

The members of the street improvement committee of the Commercial club, accompanied by Commissioner James A. Farrell, head of the public works department of the city, made an inspection tour of Duluth streets, and particularly of the sections where paving is now being laid, yesterday afternoon. Much satisfaction was expressed at the work being done.

This was the first of a series of such inspection trips that will be made by the committee. The members who took the tour yesterday are: Chairman A. Miller McDougall, F. J. Webb, Albert Baldwin, G. W. C. A. J. Goodman, J. S. Lutes and W. N. Ryerson.

E. M. Tredway.

WEST END HOSPITAL MEN TO RAISE FUND

Hoyme Association Will
Start Campaign at
Meeting Soon.

Would Raise \$40,000 for
First Unit of Proposed
Building.

A meeting of the Hoyme Hospital association will be called within the next week for the purpose of formulating plans for an active campaign to raise funds for the construction of the proposed hospital of the association in the West end. The project has for some months been postponed on account of financial depression, but members of the board of directors believe that the time will soon be ripe for beginning the campaign.

Rev. J. M. Nervig, president of the association, said yesterday that the date for the meeting would probably be announced early next week. Plans will be made at that meeting to begin the campaign in order that construction work may begin this fall. It is planned to raise about \$40,000 for the construction of the first unit of the building.

The hospital association owns four lots on the southeast corner of Twenty-sixth avenue west and Fourth street. The property has 100-foot frontage on Fourth street and 140 feet on Twenty-sixth avenue. This property was purchased four years ago and is now valued at nearly \$10,000.

The officers of the association are: Rev. J. M. Nervig, president; Dr. O. E. Helmar, vice president; Rev. J. E. Stenberg, secretary; Anton Ringard, financial secretary; and E. A. Dahl, treasurer. The board of directors includes these officers and John O. Johnson, E. Peterson, Knute Larson, Severin Mortved, Dr. J. H. Stenroos, Richard Hanson and J. Gruthm.

**VACATION MONEY
FOR SMALL BOYS**

West End Man Would Pay
Them for Rounding Up
Stray Dogs.

"Why have a city dog catcher?" The question was put by a West end business man yesterday afternoon.

The official dog catcher will make little money in rounding up the dogs on commission and it will take him a long time, according to this business man, to get rid of all the dogs in town and having a whole army of "catchers" who will do the job in quick time.

"Within three days every dog that is unleashed would be rounded up if my plan is followed," he said. "Have the city advertise that it will pay \$100,000 to the 20 per cent allowed the official 'catcher' and every boy will at once get busy to catch the dogs."

The board of directors of the West end man would pay them for rounding up stray dogs.

**BACHELORS WILL
PLAY BENEDICTS**

Sports Prominent Feature
of Young Old-Timers'
Program.

Contests between the bachelors and married men will feature the sports program of the Young Old-Timers' club, which will be held at Birch's farm on Lester river Sunday, July 19. Among these contests will be a baseball game, tug-of-war and races.

The Young Old-Timers' club was made last evening by the sports committee at the meeting of the general committee held at George Lange's barber shop. Members of the committee are: Charles Erickson, president; the other officers are Leo Moerke, vice president; Marshall Peterson, secretary; William Gibson, treasurer; Percy Stevens and Carroll Fisher, sergeant-at-arms. Leo Moerke was appointed chairman of the social committee; Ray Anderson, membership committee; and Marshall Peterson, auditing committee.

Lodge Plans Outing.

The annual outing of Friden lodge No. 43, Independent Order of Svithold, will be held Sunday at Svithold, Minn., the playground of the society located near the boulevard, west of Lincoln park. Plans for an all day celebration is being made by the committee in charge.

A short program of speeches followed by a program of sports and games is being prepared. The committee in charge consist of Henry Ryerson, Charles Erickson and William Samuelson.

Funeral for Hilda Sjogren.

The funeral service for Mrs. Hilda E. Sjogren, age 39, whose body arrived last night from Percus Falls, where she died at the state sanatorium on July 5, will be held tomorrow afternoon at 2 o'clock from the West end undertaking rooms. Interment will be in the Lutheran cemetery. Rev. C. J. Engstrom will officiate. Mrs. Sjogren had been at the sanatorium for six weeks. She leaves a sister, Mrs. Julia Wellberg, residing in this end of the city.

West End Beliefs.

Mrs. George Volk and Mrs. William Munkie of Boyer, Minn., are guests at the home of their mother, Mrs. A. York, 1133 W. Michigan street.

Miss Clarice Peterson will be hostess at the meeting of the Small Girls' society of the Zion Lutheran church tomorrow afternoon. The

Silberstein & Bondy Company.

meeting will be held in the church parlors.

The Ladies' Aid Society of the Zion Norwegian Lutheran church, Twenty-fifth avenue west and Third street, will entertain at a social this evening in the church parlors.

Rev. and Mrs. J. J. Janssen, 215 North Twenty-first avenue west, are expected to return home today from Dassel, Minn., where they attended the annual meeting of the Northwestern Young People's convention. Rev. Mr. Dassel has been spending a month visiting various points on the west coast.

Mrs. A. Carlson, 205 Devonshire street, entertained this afternoon for the Oneta branch of the Ladies' Aid Society of the First Swedish M. E. church.

Men's \$1.00 Underwear for 85c. Underwear Sale at The Big Duluth.

CIRCUS PARADE

"RAIN OR SHINE"

Will Start From Grounds at
10 a. m.—The Line
of March.

Duluth will witness a circus parade this year.

Two years ago thousands of Duluthians were disappointed because the circus arrived in Duluth too late to give a parade, but the parade will be held this year "rain or shine," according to the announcement of the advance representatives.

The parade will start from the circus grounds on West Third street at 10 o'clock tomorrow morning, and should reach the main business section about 10:30 o'clock. The line of march will be along West Third street to Twenty-seventh avenue west, down Twenty-seventh avenue to Superior street, and along Superior street to Fifth avenue east. The parade will turn at Fifth avenue east and march back to the grounds over the same route.

Two performances will be given tomorrow, at 2 o'clock and at 8 o'clock.

\$10 Suit Sale—Values up to \$25. Big Suit Sale at The Big Duluth.

**DULUTH ONE OF MOST
COSMOPOLITAN CITIES**

Duluth was one of the most cosmopolitan cities in America last night, sixty-five cities and eighteen states being represented on the hotel registers. Visitors were present from various points of Minnesota, Iowa, Pennsylvania, Nebraska, New York, Missouri, Wisconsin, West Virginia, North and South Dakota, Ohio, Michigan, Montana, Virginia, Indiana, Washington, Massachusetts and Illinois. Boston was the farthest city east represented, Seattle the farthest west, and Norfolk, Va., the farthest south.

Passed Examination.

The Herald.—The pupils of the rural schools of Aitkin county who passed the eighth grade state examination given recently are: Roy F. Anderson, Myrtle E. Armstrong, Ephraim Berglund, Pannie Butler, Charlie Christian, son, Ray D. Hansel, Pearl O. Jacobson,

Byron B. Maddy, Pearl O. McKenna, Percy Nelson, John E. Park, Ralph E. Rude, Oscar Stenmark, Charlotte P. Stotland, Edwin M. Wald, Nina J. Dutton and Hildur Lundin.

**PUPILS USE CARLOAD
OF PAPER EVERY YEAR**

The 14,000 pupils of the Duluth public schools use a carload of paper annually according to C. A. Bronson, clerk of the board of education, who specified the material upon which competitive bids will be made. The largest order will be for plain paper, 1,000,000 sheets being required.

The school clerk will be asked at the special meeting of the school board July 17, a canvass of the ballots to be cast at the school election will be made.

OHIO WOMAN'S SOLE HEIR.

Tennessee Man's Will Is Filed for Probate Here.

Miss Althea E. Patterson of Hamilton county, Ohio, is the sole heir of the Minnesota estate of her uncle, Paul E. Williams, who died at Chastanoga, Tenn., Nov. 25, 1913, according to his will which was filed for probate here yesterday afternoon. The Williams estate consists of property worth several thousands of dollars, but that portion in Minnesota is given to his wife, Mrs. Williams, who is now in the northern part of St. Louis county, Minn. Williams and William M. Williams, brothers, are executors of the will.

225 and 227 West Superior Street.

DECEIVED BY ARMED PEACE

Has Proved Itself Inevitable
War, Says Speaker
at Chicago.

Delegate to Christian Endeavor Convention Makes
Pertinent Address.

Chicago, July 8.—"Armed peace" has proved itself inevitable war, Dr. J. A. Macdonald, editor of the Toronto Can. Globe, told delegates attending the World's Christian Endeavor convention here today in an address on "Christianity, the War, and the Social Problem."

"Not again in this generation, nor even again in this century, shall the world deceive itself with the self-conceit of 'armed peace,'" Dr. Macdonald said, "that fallacy at last has had its day."

Dr. Macdonald appealed for a world endeavor to make dominant in world politics, "the undisturbedness of the world," as a means of preventing war.

"The socialism of Jesus," the speaker said, "has to do with the outward conditions and external forms of life, as with its inward spirit, its conscious aims and its impelling motive. It stands against the selfish individualism that says every man for himself and the devil take the hindmost."

Social Problem.

"In dealing with the social problem, the problem of living together, and working together, the teachings of Jesus not only justify the fundamental principles of modern social democracy, but they suggest a radicalism far more penetrating and revolutionary than is urged in the political economy and worked out in the reform programs of the social philosophers and economists of Germany, of France, Britain or America."

"Teaching the teachings of Jesus would reconstruct the social order and revolutionize the industrial world."

"When war bids defiance to international law, and makes treaties only scraps of paper, and does violence to all the instincts of humanity, the socialism of Jesus still stands. I say unto you, love your enemies."

Early hours of the convention today were given over to sectional and divisional meetings, and denominational meetings were held this afternoon.

On Home Missions.

Rev. Jay S. Stowell, secretary of the Presbyterian board of home missions, in an address said:

"The population of the world is 1,600,000,000, yet after 1,500 years of Christian effort 1,115,000,000 of the world's population do not know the Christian gospel."

One and two hundred million persons in the world for whom no missionary society has as yet even begun to plan. This is the great challenge to the Christian young people of the age. Here the young people may find the long-sought moral equivalent of war."

The Rev. John W. Day, Columbus, Ohio, discussed "World Peace."

"In our own country we see the fulfillment of the prophecy of world peace," he said. "We have in our citizenship representatives of every

tion on earth living contentedly and happily, respecting the rights and privileges of each other."

Work Has Progressed.

Notwithstanding the distractions of the European war, Christian Endeavor work has prospered during the last two years, according to the report of William Shaw, general secretary. "Our records show," he said, "the enrollment of 77,766 societies with an estimated membership of nearly 4,000,000. To this should be added more than a million members in kindred organizations using Christian Endeavor methods under different names, making a grand total of 5,000,000 members in more than sixty nations and eighty denominations."

"The growing of our subsidiary movements has been the largest in the history of our organization. The Comrades of the Quiet Hour, who practice the presence of God, now number 95,546. The Tenth Legion has enrolled 34,158 who know the meaning of Christian stewardship and hold their possessions as a trust from God."

"The number of our Christian Endeavor experts has reached the total of 5,662."

"The Life-Work recruits, organized two years ago at Los Angeles, now number 1,032 young people who have vowed to strive so to shape their lives as to give themselves to Christian service in the ministry, missions or some other form."

"The international peace union is less than a year old, but already by personal enrollment and public declaration in great conventions tens of thousands of members in all lands have pledged themselves to the principles of peace and brotherhood."

Men's \$5.00 Silk Shirts for \$2.85. Big Shirt Sale at The Big Duluth.

MARINE CHRISTMAS FESTIVALS.

Steamship Company Will Feature
Novel "Stunt" During Summer.

Midsummer Christmas festivals promise to feature the Northern Navigation company's Great Lakes cruises as a result of an innovation on the steamer Noronic on a recent trip, when a party, conveyed by the Pittsburgh Gazette, was on board.

While the passengers were making a side trip to Keweenaw Point, a Pittsburgh resident who viewed the thousands and thousands of small evergreen trees near the falls with wonder, asserted that the Christmas trees must come from that district. And then he announced that a Christmas tree would be the entertainment feature for that night and that every one should contribute toward its success.

He cut down one of the evergreens, and it was carried on board, and decorated, and lighted with candles. The tree was heavily laden with presents, everyone of the several hundred passengers giving something. And then "Santa Claus" auctioned off the presents without the bidders knowing what was enclosed in the wrapping paper covering each present.

Among the presents purchased as souvenirs of the cruise were street car tickets from twelve different cities. A side-bill was purchased for \$1; a doll brought \$2; cigars and cigarettes were bought for fancy prices. After every thing had been sold Santa Claus had \$60. The money was turned over to the Red Cross society to assist in caring for the wounded soldiers in Europe.

The passengers proclaimed the Christmas tree one of the most enjoyable features of the trip to Duluth, and the company is planning on continuing the midsummer Kris Kringle festivals throughout the season.

Wind and Weather on Lakes.

The following were wind and weather conditions on the Great Lakes at 7 o'clock this morning, as reported by the weather bureau:

Portage (Lake Superior)—Southwest, clear, two miles.

DULUTH PLANT WILL BEGIN MAKING STEEL ON NOV. 1

Sheldon Confirms Report That Construction Work Will Be Rushed.

Ordered to "Speed Up;" Many Additional Men Will Be Employed.

Carrying out orders from New York, the Duluth plant of the Minnesota Steel company will be put in shape at once to turn out steel billets by Nov. 1. Samuel B. Sheldon, general superintendent of the company, returned this morning from New York, prepared to at once rush the work of construction on the steel plant, and have it in shape to meet the requirements of orders he had received while east, which were that the United States Steel corporation, of which the Minnesota Steel company is a subsidiary, wants the plant at Duluth to be turning out steel by Nov. 1 at the latest, for it has need of the products at the earliest possible date.

Mr. Sheldon and Mr. Iels, the latter, general manager and vice president of the Minnesota Steel company, went

east last week. Mr. Sheldon did not intend returning as soon as he has, but the peremptory orders of the heads of the corporation, prompted by the demands for war supplies made upon them, caused him to return at once and "speed up" in the construction work.

Orders to "Hurry Up." Last week orders were received here by the Minnesota Steel company officers to put more men to work in order that the construction work might not drag.

However, at that time, no definite date was set for the opening of the plant, further than was announced some months ago by The Herald, that the plant would be turning out steel by March of next year. More men were put to work at that time, and in fact the force of men working on construction of the plant and of the Universal Cement company's plant, which is in conjunction with the steel plant, has been increased gradually for some weeks, so that there is now a large force employed there.

Asked as to how many men would be put on now that the new orders have arrived, Mr. Sheldon said this morning that there would be a force of about 100.

Some circulation had been given a rumor that about 500 men would be added to the construction force, and he was asked about it.

"One hundred would be more nearly correct," he said.

Since the order received last week to hurry matters, more men have been put on so that the "speeding up" process is already under way. The new condition has been, in a measure, anticipated so far as the employment of men is concerned, and comparatively small additional force will be all that will be necessary now that the orders for earlier completion of the plant have been received.

Demand for Steel Grows. The chief cause of the hurry-up measures in getting the big \$20,000,000 plant in working order is the demand made upon the United States Steel corporation by the warring nations for equipment and steel for ammunition. Europe also wants railroad equipment, such as rails, cars, bridges and bridge supplies, and the demand has grown to such an extent that every steel plant in the country is working to practical capacity now, and more manufacturing equipment must be put into service by the steel companies at the earliest possible date. Hence the demand that the local plant be put in shape to produce by the early fall.

What the completion of the plant means in the way of permanent employment can be left only to conjecture. There is nothing on which to make an estimate of the number of men that will be permanently employed in the making of steel at the plant, but that it will be large—enormously large—is indicated by the early preparations which the Steel company has made to house these employees and their families when they will have established themselves here. That several thousand men will be used in the manufacture of steel there is no doubt, and the beginning of this employment, the time when the welcome smoke will be seen issuing from the furnaces, is only a matter of less than four months away.

\$7.50 Suit Sale.—Values up to \$20. Big Suit Sale at The Big Duluth.

THIEF RIVER FALLS IS OFFERED PLANT

Considering Proposition of Buying Water Power System.

Thief River Falls, Minn., July 9.—(Special to The Herald.)—The proposition of whether the city should purchase the water power now privately owned was discussed at a special meeting of the Commercial club Wednesday evening. The sentiment at the meeting favored the purchase, although it was the general opinion that an investigation should be made before further steps in the purchase were taken. The president was authorized to appoint a committee of five to consult with the city council and President Johnson appointed Math Barzen, Olaf Ramstad, E. M. Stanton, H. S. Dahlen and C. W. Ackerman as such committee.

Want to Sell Plant. The owners of the dam are about to place the water power on the market and believe that Thief River Falls would find the property an asset and a paying investment. They desire to give the city the first option and offer the water power and dam together with the lease of the Hanson & Barzen Milling company, for \$35,000. They are also willing to give easy terms to the city. It being understood that a bond issue would be necessary in order to finance the purchase, the owners are willing to take a part of the bonds on the purchase price. The owners further stated that as they must decide soon as to whether or not they retain and improve the property, they hope for early action by the city.

BOY WITH UMBRELLA GETS \$10,000 IN GEMS

Philadelphia, July 9.—Uncut diamonds and other precious stones valued at \$10,000 were stolen yesterday from a jewelry store in the central shopping district. The theft took place during the rush hours and is believed to have been committed by a small boy, who acted as a tool for professional gem thieves.

The proprietor of the store told the detectives that two women, two men and a small boy came into the store and asked to see some diamonds and sapphires. While the men and women were looking at the stones, he said, the boy, who carried an umbrella, ran back and forth behind the counter. After the party left a box containing the gems was discovered to be missing. The authorities believe the boy concealed the box in his umbrella and slipped out of the store unnoticed.

NORTH AND SOUTH RAILROAD ASSURED

Hankinson, N. D., July 9.—(Special to The Herald.)—The north and south railroad from here to Huron, S. D., seems assured. The promoters have incorporated and will start the construction work out of Huron, coming via Clark, Bradley, Webster, Ellington, etc., to Hankinson. The proposed new road will open a section of the country without adequate railroad facilities and it is expected not only to be a popular and a profitable route but to be ready for operation within a few months. The grade is an easy one and the line can be cheaply constructed. A number of residents of this part of North Dakota are interested in the enterprise.

Mrs. Ayres President. Pasadena, Cal., July 9.—Mrs. Jennie A. Ayres of Woonsocket, R. I., yesterday was elected president of the Woman's National Missionary association, at the Universalist church in convention here.

First Annual Series of July Sales

starts saturday july 10th at 9 o'clock

Our shelves and cases are filled with summer goods—more summer goods than we have ever had any previous season. The reason is plain enough: month of May was one of the wettest we have ever had—the month of June was the coldest in forty-five years, frost coming as late as the seventeenth. Result—who thought of summer clothes; winter garments were more comfortable. So now, this month we must sell what we should have sold during May and June. This **stock-reduction sale** means **price reduction**. Now at the beginning of summer you can buy your summer needs at **end-of-the-season prices**.

you will wear your summer suit or coat four months, if you buy it now at less than 1/2

SATURDAY WILL BE THAT RED LETTER DAY OF THE SUMMER SEASON, CIRCUS DAY IN DULUTH

Be it known that there will be many a restless juvenile sleep on this, the night before!

There is no necessity for enlarging upon the statement. The Barnum & Bailey circus, that youngsters' fairy-land and oldsters' surreptitious delight, will be here tomorrow with all its famous time-known frills and fanfare and fascination of parade and performance. The cherished American institution is coming prepared to demonstrate anew that it remains superbly solitary in popular amusement pre-eminence; that in prodigious proportions, splendid equipment, modern progress and public esteem it is now, always has been and always will be "the greatest show on earth."

All good Americans, when they die, go to Paris, said a wit of the last century. But all good Americans, before they die, go to the circus. And, to the American mind, there's a great deal to be said in favor of the little boy's theory that the chief difference between Heaven and the other place is that in the other place you can never go to a circus, because there isn't any.

So tomorrow the circus grounds will be a childhood's Paradise and a magic wonderland where age reverts to youth.

Thus fraction of the city's population which will itself to the railroad yards in the hours of tomorrow's dawn to greet the incoming circus cavalcade, section by section, will not be inconsiderable. With the circus almost every day is showing day. Into its eighty-five double-length cars are loaded and unloaded nearly 3,000 employees, 750 horses, forty elephants, acres of tents, great wagons and chariots in scores, properties, scenery and costumes by the ton, and nature's rare birds, quadrupeds and mammals, herbivorous, carnivorous and amphibious, creatures from every land and every sea.

Spectators at the scene of detrainment and on the show grounds will be given a remarkable demonstration of efficient organization and system. No other thing so vast and compli-

A CORNER IN ELEPHANTS

"THE LONG AND THE SHORT OF IT"

ated in dimenelon springs so rapidly into existence as the Barnum & Bailey enampment. Soon after the local household breakfast hour the circus house will be in order, advance agents declared today. The wonderful city of tents, built with the greatest conceivable, if hurried, care and thoroughness, will be a living, breathing reality.

The city housewife would stand aghast in the "cook tent" of the circus tomorrow morning when the at-taches are taking their breakfast. Here is a list of some of the food purchased here and scheduled for delivery on the show grounds at 5 o'clock in the morning: Eighty gallons of fresh milk, twelve gallons of evaporated milk, 500 loaves of bread, 200 pounds of porterhouse steak, West-phalia ham, young lamb chops and young veal cutlets for breakfast, 700 pounds of butter, thirty-five bushels of potatoes, ten bushels of vegetables, fifty packages of macaroni, fifty pounds of American cheese, 100 pounds of rice pudding, 250 pies of

three varieties, and 150 quarts of ice cream. This quantity of food is supplemented by 145 gallons of coffee a day and 50 gallons of tea. It is prepared for the hungry employees of the show by seven cooks working under one chef whose word in the "kitchen" is law. Two butchers cut up the meat. Ten boys, employed as helpers in the big tent during performances, do nothing for an hour before meal time but peel potatoes and prepare the other vegetables, and the meals are served by

Take a
Pexall Orderlie

Tonight

It will act as a laxative in the morning
E. M. Tredway.

twenty-five waiters on the workmen's side of the dining tent and by thirty-five on the side occupied by the officials of the show, the performers and the freaks. There are eight boys, who, at meal times, do nothing but serve water, tea, coffee and milk.

The lady may believe that the people of the circus are provided for but scantily. The absurdity of this notion is apparent when it is understood that among the 60 arena performers in the circus are men capable of earning from \$100 to \$1,000 a week. You can't feed a \$1,000-a-week man on scraps, nor, either, a laboring man who, when he works, must work hard all conditions of climate and weather.

The Street Parade. The open-air parade will leave the show grounds as nearly 10 o'clock tomorrow as possible, and an eye-feast of processional glories, such as was never before witnessed, is promised. As to the circus performance, there will be the customary two, the first at 2 o'clock in the afternoon and the final at 8 o'clock in the evening. The spacious entrances to the tents will be thrown open an hour earlier to receive the crowds eager to view the zoological exhibit, which is perhaps the most complete and accurate of its kind in the world.

"Lella Rookh," a stupendous spectacular pageant, gloriously opens the performance. It is interpreted by, then 1,000 persons, hundreds of horses and elephants. Costumes are on a scale of magnificence heretofore unknown in circus annals.

But the end of the pageant is only the beginning of the bewildering show. Three herds of elephants open the circus tournament presented by Barnum & Bailey's first and only lady elephant trainer, introducing their famous war elephants.

Then a ceaseless procession of athletic specialists fills rings, rigging, platforms and hippodrome oval. There are "riders of note in the circus world," which include "The Five Riding Hattards," three women and two men, whose wonderful feats in horsemanship have never been equaled: Fred Derrick, Charles Siegert, Orrin Davenport, Victoria Davenport, Ella Bradna and Signor Ragogni, the diminutive equine who made all Europe laugh; marvelous Marvel Sisters, in their wonderful exhibition of

celling walking in the high dome of Spain, displays evolutions in mid-air which has no like or equal in all realms of the circus; "The Paldens," balancing, pyramiding and head jumping on the tops of burning amps, who are making their first American appearance; Bird Millman, accomplishes feats on a slender, swaying threat of wire that amaze all beholders. The Jaryds and other well known athletes in astonishing innovations. Barnum & Bailey's posing horses and women, wonderful living human and equine statues, grouped into beautiful tableaux and shown on revolving pedestals; the Imperial Viennese troupe, the Siegrist-Silbon troupe, the Neapolitans in desperate and dangerous and daring acrobatics are collective and individual gymnasts whose claims to pre-eminence are not disputed. The Gilles troupe of Germans are marvels of graceful strength. Madame Bradna's angel horses and wonderful trained dogs. Three Arley, perch, balancing, athletes, come crowned with the highest European laurels. Harvey Rittely and Willo & Lilly dispute with all others the title of worlds champion balancers and trick acrobats. Four celebrated Chinese troupes, the Ching-Ling-Ho troupe, the Tia-Pan-trope were imported directly by Barnum & Bailey and their novel demonstrations of acrobatic and aloft horse made a sensation in this country. Mlle. Adgie and her troupe of acrobats, the "Pallenberg's Wonder Bears," which ride on roller skates and do acrobatic stunts just like human beings.

To accomplish these augmentations, Barnum & Bailey have found it necessary to increase the performers' platoons from three to four and to conduct the tournament under a tent 680 feet long, the largest spread of canvas in the history of the circus.

For the convenience of all who desire to avoid the crowds and clamor at the show grounds, tickets will be on sale for both performances by a special agent all day tomorrow at Boyce's drug store, 331 West Superior street. The prices will be the same as at the regular ticket wagons at the scene of the circus.

Haley's planked jumbo whitens None better, 417 West Superior street. Read the grocery and meat market ads on Market Basket page tonight.

SERBIAN DOCTORS VICTIMS OF TYPHUS

Twenty-Five Per Cent Perished in Past Nine Months.

(Correspondence of the Associated Press.) Belgrade, Serbia, June 15.—Official figures show that 25 per cent of the Serbian doctors have died in the past nine months. Most of them were victims of typhus; only one was killed in battle.

In the war between Serbia and Turkey in 1912-1913, only two Serbian doctors lost their lives, out of a total of 300 employed on war duty.

Of the foreign doctors who have come to Serbia since last August, thirty-five have died, all of typhus or typhoid. The list of dead includes four Americans, three British, two Belgians, six Austrians and a number of Greeks. These figures, of course, do not include the considerable number of medical students, nurses and Red Cross workers who have succumbed to the epidemics.

ITCHING PILES INSTANT RELIEF

No More of That Terrible Burning and Itching if You Use Nox-ema

There is No Case of Eczema, Salt Rheum, Chafing, Chapped Hands, Old Sores, Ulcers or Any Sort of Skin Disease, Eruption or Pimples that Can Not Be Instantly Relieved and Benetified by Nox-ema. It Does Not Stain or Soil the Skin or Clothes.

Free Trial Package Sent to Any Address for Two Cent Stamp.

No one who has itching piles needs a description of their frightful torture—Nox-ema gives instant relief. Those whose days and nights have been one long period of suffering have found rest and peace in one application of this preparation.

For pimples, scalp, skin, ulcers, old sores, eczema, rough, scaly skin or scalp, sore, tender feet, chapped hands or face, chafed infants, Nox-ema has no equal in giving instant relief from all pain and torture. It does not soil the skin or clothes and leaves no trace.

It makes the skin smooth and healthy. No matter what you have tried, don't fail to use Nox-ema. It will never fail you.

Most druggists sell Nox-ema, \$1.00 per package or sent by mail on receipt of price by the Bestmuth Laboratories, Milwaukee, Wis. A trial package will provide instant relief.

Abett's three stores, Brown & Tooten, Jernome Pharmacy, Erickson's drug store, Spencer Pharmacy Co.

PRODUCE IS PLENTIFUL

California Fruits Are Now Feature of the Market.

Watermelons Here; Strawberry Season Will Soon Be Over.

Supplies of nearly everything in the line of fruits and vegetables are abundant on the local produce market today. It will be also pleasing to consumers to find that prices are gradually working lower and that many items listed by Michigan street houses are now selling materially cheaper than a year ago.

California fruits, canteloupes and apples are the features in fruits, according to the Fitzsimmons-Palmer company and the Culbertson Brothers company. Such fruits as cherries, apricots, plums, peaches and pears are now to be had, and on the average their prices are lower than a week ago. Further declines are expected next week.

New apples from Illinois are being offered freely. Their quotations have dropped during the last few days, and declines will be thought to be in order again next week as supplies are gradually increasing.

Watermelons are being received from Georgia and though they are cheaper than a week ago, they are expected to gradually drop as the source of supply works northward. The market in pineapples is firm and higher prices are expected. The same situation also prevails in oranges and lemons owing to their increasing consumption. Canteloupes are said to be of exceptionally good quality this season, and their movement is consequently heavy.

This is the flag end of the season in strawberries and they are likely to be off the list in about a week. Bay field and Northern Michigan are now the sources of supply and the quality of fruit coming from those points is good. Washington raspberries are being offered freely and if the weather continues favorable it is expected that Minnesota berries will be on the market next week. Information from Deerwood and other points is to the effect that the promise is for a heavy crop. Homegrown blueberries are to be had, and heavy receipts of them are looked for from now on.

Vegetables Are Cheap. While no marked changes have materialized in the green vegetables market, quotations show a declining tendency. The variety in home-grown vegetables is better and a material cheapening in the list from now on will be on the cards.

Old potatoes are nearly cleaned up but their figure remains at 45 cents a bushel. With new Texas and Louisiana potatoes being offered down to 35 cents a bushel, consumers are giving them the preference.

Butter and Eggs Unchanged. Quotations in butter are unchanged, with the creamery product offering at 27 1/2 cents a pound. This is the first of the butter-making season and receipts at this point are reported by the Eastern butter-sell company, and the Victor Produce company, to be showing a large in-

crease over last year. In view of the probability of heavy exports to England this season and the cutting off of imports owing to the war, packers are putting away liberal supplies, and higher prices than a year ago are being paid producers.

Eggs are still selling at 19 1/2 cents a dozen with small probability of the market going any lower, as receipts are falling off while consumption is large.

A strong market is reported in everything in the way of meats, and advances ranging from 1/4 to 1 cent a pound are the rule. There is said to be a scarcity of receipts of livestock at packing points attributable largely to farmers being engaged in harvesting.

SENATOR VIBERT IS GIVEN LOVING CUP

The silver loving cup, which was presented to Senator Fred D. Vibert of Clonquet on the recent trip of the legislators through the northern part of the state, in spirit, and for delivery of the actual article later, was delivered to the senator at his home in Clonquet this week. Senator Vibert is acknowledging the receipt of the gift in letters to those who constituted the party.

The cup is a beauty and was given to show the appreciation of the party for the care taken of its members by Senator Vibert, who, with Senator McGarry of Walker, had charge of the trip. Senator McGarry was also given a handsome present at the same time.

BROKER'S WILL FILED.

Estate of Lee W. Farmer Goes to Wife and Daughter.

Mrs. Alice Stone Farmer in probate court yesterday afternoon filed the will of her late husband, Lee W. Farmer, disposing of an estate valued at about \$2,500. Mr. Farmer died at Los Angeles, April 13, leaving a widow and one daughter residing in Duluth. Up to the time of his death, Mr. Farmer was engaged in the brokerage business in Duluth.

The will bequeaths 500 shares of the capital stock of the Heimbach Rubber Heel company, and a diamond scarf pin to the daughter, Rose Mary Farmer, 14½. The widow will receive the residuary estate.

WEALTHY CHICAGO LAWYER IS SHOT

Chicago, July 9.—Frank P. Graves, aged 44, wealthy lawyer and promoter, president of the North Carolina Land company, was found dead on the floor of his garage at his home in Lake Forest, a suburb, yesterday.

A revolver, one chamber empty, was by his side. Graves went to his office in this city after having worked late at the office the night before. The body was not discovered until Mrs. Graves happened into the garage several hours later.

The coroner's jury returned a verdict last night that Graves came to his death from a gunshot wound fired by a hand unknown.

CAVALIER COUNTY BOYS COMING

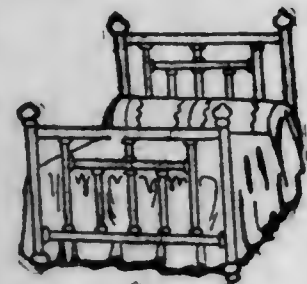

Langdon, N. D., July 9.—(Special to The Herald.)—Over 100 Cavalier county boys, representing every township in the county, are attending the first annual boys' encampment here at the Cavalier county fair grounds.

The boys are studying agricultural questions under the leadership of representatives of the Cavalier County Better Farming association.

Needham Buried at Washington, Washington, July 9.—Henry Beech Needham, the American writer, killed in France in an aeroplane fall with Lieut. Warnerford, the Canadian aviator, was buried here yesterday.

"We Undersell Them All"

OFFICER HOT ON THE TRAIL

Haldane Vanalstine Sought for Bringing Girl Into United States.

Partner in Alleged Crime Now Held By Mill City Authorities.

Immigration Officer Brown McDonald is making an appeal to the public to aid in the apprehension of Haldane Vanalstine, a Canadian, who is wanted for bringing a woman into the United States from Canada for immoral purposes. Vanalstine, with Harold Derby, is alleged to have brought two girls into the United States and to have lived with them in St. Paul for some time, shortly afterward deserting them. Derby is alleged to have had a wife in Canada, whom he deserted, and is now imprisoned in Minneapolis, facing a sentence, if convicted, of ten years' imprisonment and \$5,000 fine.

In speaking of the case today Mr. McDonald said:

"About March 9, 1915, Harold Derby, 22 years old, and Haldane Vanalstine, 22 years old, Canadians, both married, brought two girls, ages 18 and 19 years respectively, Canadians also, from a town in Ontario, through Port Huron, Mich., ticketed to Winnipeg, Man., Can., representing themselves as married people to the immigration authorities. When they reached St. Paul they stopped off, took a look around and decided to remain. They secured a rebate on the unused portions of their tickets and proceeded to live as married people for a month or two, when money becoming scarce, and the charms of their lady friends having palled, they, as 80 per cent of gentry of their kind do, proceeded to desert the girls, leaving them to make a living in any way they could, and 'hit the road' for Duluth, arriving four weeks ago.

Relatives 'Get Busy.' "In the meantime, relatives of the girls, learning that these two couples were in St. Paul, appealed to the United States consul at Kingston, Ont., who in turn reported the matter to the state department at Washington. When it was placed in the hands of the secretary of labor, who directed the arrest of these people at the hands of immigration inspectors in Minneapolis, or wherever these people could be found.

The two girls were apprehended by immigration officers in St. Paul, placed under arrest and questioned as to the whereabouts of their former partners.

"They did not know, Messrs. Derby and Vanalstine having failed to leave their address when departing, but one of them recalled that Derby had mentioned casually at one time that he had an aunt in the restaurant business in Duluth, and possibly he might favor the Zenith City with a call at some indefinite date. Also that these men would likely seek work on some dairy farm. The aunt and restaurant clerk, put the matter to the immigration inspector in Duluth made a call upon the milk inspector of the city hall, secured a list of the more prominent dairymen in and about Duluth, and wrote them a letter inquiring about these men, and asking if known that he needed as an act of good citizenship. This appeal brought results and Derby and Vanalstine were arrested. One dairymen also called up the following day and stated that he had been working for him for a few days up to 5 or 6 o'clock of the afternoon, but had suddenly disappeared.

Derby Arrested. "When Harold Derby was arrested by Chief of Police McKeecher and was admitted to the city jail, he admitted that he had purchased two of the tickets from Kingston, Ontario, for himself and the other for the 15-year-old girl, who accompanied him, and that Vanalstine had purchased the other two, for himself and his 20-year-old girl companion.

Taken to Minneapolis. "Inspector Erwin Stearns of Minneapolis came to Duluth, and took Derby back with him, where he is in jail awaiting trial in the Federal court, charged with bringing an alien into this country for immoral purposes, which offense carries with it a maximum punishment of ten years' imprisonment in the Federal penitentiary, and a fine of \$5,000, or both.

Summoned From Milking Stool. "Haldane Vanalstine is still at large. 'Done' was called from his milking stool to the telephone about 5 o'clock in the afternoon, and he paused only long enough to remark to a boy, 'I guess they are after me,' and stood not upon the not upon his going.

"This is his description: Twenty-four years old, about 5 feet 7½ inches tall, weight about 140 pounds, medium build, blue eyes, dark brown hair, medium complexion, has a slouchy walk with a short strut, and has been wearing a blue suit with a green white stripe, and an old cap.

PAID SMALL BILL AFTER FOURTEEN YEARS.

Grand Forks, N. D., July 9.—(Special to The Herald.)—Fourteen years ago Judge L. K. Haswell of Grand Forks county sent a bill to Jacob de Lorimer of Chicago for \$1.25 for a certified copy of a will. Judge de Lorimer has now received a copy of a will of a relative which was probated in this county.

BUSINESS IMPROVING SAYS F. B. KELLOGG

"That business at the present time is progressing very satisfactorily and promises to show rapid improvement in the near future was the opinion expressed by Frank B. Kellogg, St. Paul attorney, who paid a brief visit to Duluth yesterday. The steel business especially he said was showing marked activity.

"General business conditions are much better than they were a month ago," said Mr. Kellogg. "Things from now on should make satisfactory progress."

Mr. Kellogg avoided any expression of his views on political questions.

Forka Child Fatally Burned. Grand Forks, N. D., July 9.—Burned from head to foot while playing with matches, Gladys Bauer, only child of Edward Bauer of Emerald, died in a Grand Forks hospital yesterday afternoon.

Come to a sale that's "different." See our ad on page 4. Kenney & Anker Company.

SUDDEN ERUPTION OF JAP VOLCANO

Country Showered With Ashes and Mulberry Leaves Injured.

(Correspondence of the Associated Press.)

Tokio, June 10.—Great alarm among the nearby inhabitants and interest among scientists was caused by the sudden eruption yesterday of Mount Yatsugatake, one of the best known peaks in the Japanese Alps. The vibrations of the mountain which were felt for many miles culminated in a considerable flow of lava and a discharge of scoriaceous vapor. The surrounding country to the north of the city of Matsumoto was showered with ashes. The rivers became discolored and much damage was done to the silk industry through injury to the mulberry leaves. The last eruption of this volcano occurred in the spring of 1913.

ACCIDENTS ON PARIS STREETS INCREASING

(Correspondence of the Associated Press.)

Paris, June 26.—There are less than half as many motor vehicles circulating in Paris as before the war, but there are more street accidents. The pedestrian was more secure during the first few months, before the lack of skill of new conductors, replacing mobilized men, began to show and before they acquired the reckless speed habit. The taxi-drivers claim that the military chauffeurs are the cause of the trouble. "The statistics of prosecutions for violation of the regula-

TO BAN SUNDAY BALL.

Williston, N. D., Ministers Plan Campaign Against Sabbath Sports.

Williston, N. D., July 9.—(Special to The Herald.)—Sunday baseball will not be tolerated in Williston—if Williston's ministers of the gospel can prevent it. Sunday baseball laws in North Dakota have been twisted very badly during the past two or three years, with a total of between 100 and 125 games played every Sunday throughout the summer.

The state law on Sabbath sports directly prohibits the playing of baseball—but that fact doesn't seem to deter the baseball fans in the least. In Williston, ministers met and planned for a determined fight against Sunday playing.

On Atkin Library Board. Atkin, Minn., July 9.—(Special to The Herald.)—The village council re-elected Dr. C. Graves, Mrs. A. L. Hamilton and Mrs. D. M. Falconer members of the library board for three years. Other members of the board are J. C. Heston, C. S. Kathan, F. H. Osterhout, Mrs. J. B. Galarneau, Mrs. W. B. Marr and Mrs. B. L. Hollister.

Read the grocery and meat market ads on Market Basket page tonight.

MANY ALIEN PRISONERS.

Federal Immigration Officers Busy Along International Line.

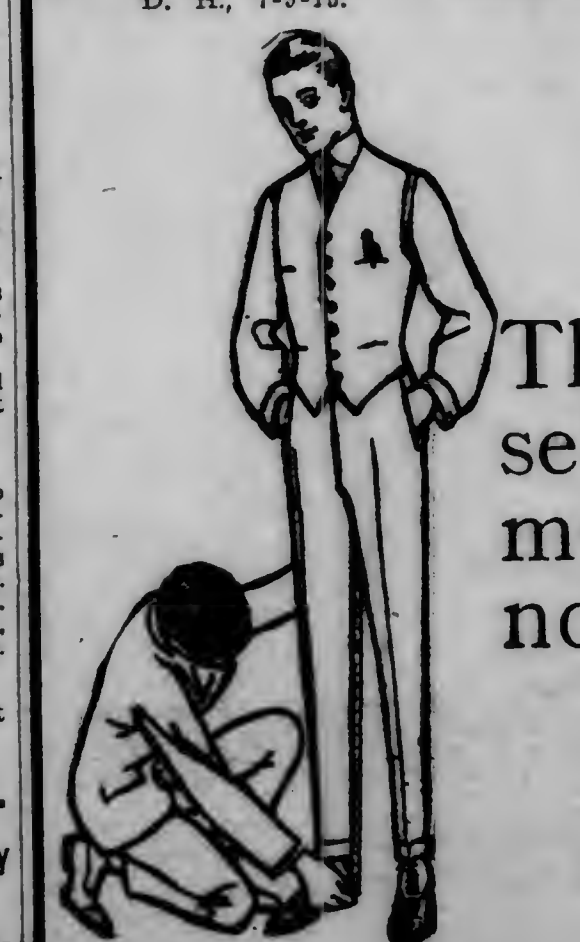

Grand Forks, N. D., July 9.—(Special to The Herald.)—United States immigration authorities, working

along the international boundary, are rapidly filling the county jails of Northern North Dakota with alien prisoners.

Yesterday fifteen men were landed in the local county jail. Walsh county jail at Grafton already is filled to capacity, while the Pembina and Cavalier county jails, as well as the Ro-

lotts jail, also have their full quota of Federal prisoners. The men being held are alleged to have crossed the boundary line in violation of the United States immigration regulations. Most of the men are citizens of the countries which are at war with England.

COMPROMISE LOOKED FOR

Silberstein Considers the
Jitney Ordinance Now
in Effect.

Drivers Will Drop Protest
If Insurance Company
Gets Permit.

Chances of further controversy over the jitney drivers' referendum petition dwindled today, in the belief that the insurance would be adjusted within a day or two, and the matter settled satisfactorily, without bringing it to a vote of the people.

"Any enforcement of the ordinance, which I consider in effect, will be delayed," said Commissioner of Public Safety Silberstein. "I intend to give the jitney men a chance to get the insurance they desire from the National Indemnity exchange of Kansas City."

"I am expecting a wire from Kansas City hourly," said Edward M. Kelley, president of the jitney association, "telling me that they have secured the Minnesota license. There is considerable time in connection with the granting of such a license, and ten days or two weeks are required to get it through. I expect no trouble, however."

The possibility that 300 new names, filed yesterday with the city clerk by jitney men to make their insufficient petition effective, would be rejected, was not taken seriously by President Kelley.

"We naturally studied the proposition very carefully before going into it," he said, "and knew to an hour how much time we were allowed in which to file the additional names. The time limit did not expire until this morning, and the new names were all on file with Clerk Bergen yesterday."

J. L. McHugh, assistant city clerk, said that he had no objection to the petition being filed this morning, but declared that there would be no new developments at this time.

MANY NOT PAYING WHEELAGE TAX

Commissioner Silberstein
Orders Chief to Enforce
Ordinance.

Automobiles, including many jitneys, are violating the city ordinance providing for a wheelage tax, in the opinion of Commissioner Silberstein of the public safety department. He adds that they will be brought to task at once, unless they pay their assessments.

"I have instructed Chief McKelcher to have the police department check up on automobile drivers, as well as owners of horses who have not paid their wheelage tax," he said, "and am starting an active campaign to have this provision complied with."

"We have been too lenient in this regard during the past year," he said, "and I can learn, an astonishing number of persons are not paying a wheelage tax."

Automobiles are taxed at 50 cents per horsepower, and trucks, not used in passenger service, are taxed at the rate of \$10 for a one-ton wagon and \$1 per ton for all heavier than one ton. Electric cars are assessed \$10.

Horse owners are required to pay \$3 for a one-horse carriage; \$5 for a two, \$12 for a three; \$20 for a four and \$30 for a five or more.

EX-GOVERNOR SLATON VISITING CHICAGO

Chicago, July 9.—Former Governor Slaton of Georgia, who commuted the sentence of Leo M. Frank and then resigned, arrived in Chicago today, on his first vacation in fifteen years.

"Some day my last friends will see the Frank case," said Mr. Slaton. "I paid little attention to the thousands of letters which I received asking leniency for Frank. Most of the persons who signed them had not studied the evidence. I did study it, and it was on conclusions drawn

Gadski Passes First Summer in America

—Copyright by the Bain News Service.
MME. JOHANNA GADSKI AT HOME.

Mme. Johanna Gadski, the famous German soprano, member of the Metropolitan Opera company and well known to concert-goers all over the United States, is spending her first summer in this country. She is a German citizen, for her husband, Capt. Hans Tauscher, is the representative in this country of firms manufacturing condenser in Germany but maintains a residence in Berlin. In her beautiful home in the suburbs of Berlin, Mme. Gadski has always spent a great part of each summer.

Therefrom that I commuted the sentence of death.

"While I was acting governor, and only two weeks before the election which made me governor, 1,800 voters in three doubtful counties petitioned me to save an 18-year-old murderer from the gallows. The evidence against the boy, however, was conclusive and I did not interfere."

ADVANCED RATE ON LUMBER HELD UP

Interstate Commerce Commission Will Investigate; Duluth Is Involved.

Washington, July 9.—Proposals by the Chicago & Northwestern, Burlington and other railroads to increase rates on lumber in carloads from St. Paul, Minneapolis, Duluth and other points to Chicago and points taking the same rates were suspended today by the interstate commerce commission for investigation until Nov. 5.

G. Roy Hall, traffic commissioner of the Duluth Commercial club, is in the Twin Cities today, and but little concerning the matter has been learned. It is understood that some time ago the old rate on lumber of 10 cents was increased to 11 cents without protest, but recently another advance has been made to 12 cents, and it is on the extra cent that the fight is being made.

DAY OF RECREATION.

President Passes Most of Time Golfing and Automobileing.

Cornish, N. H., July 9.—Another day of golf and automobileing, with a few hours at midday set aside for the conference of the official business before President Wilson when he arose this morning. He spent the forenoon on the golf links. An automobile trip was planned for late in the afternoon.

Two Killed in Auto Accident.

Milwaukee, Wis., July 9.—Mrs. Anthony Kling and Miss Julia Baskey, Milwaukee, were killed early today in an automobile accident between Rice Lake and Cedar Lake, Wis., according to a telephone message from Rice Lake.

Herald Want Ads are steadily increasing in usefulness. This is true of the "get-together place" of Duluth.

CHINA TOWN VANISHING

Chinese Leaving Their Old-Time Haunts for Jersey City.

More Than Two Thousand Migrated in the Last Year.

New York, July 9.—Chinatown is disappearing. If the residents keep on leaving at the rate they have gone for the last four months, the home of fan, opium, tea, and chop suey promises to become merely a name.

This was the explanation that a World reporter received yesterday when he went to Chinatown to learn why it was that several Chinese, former residents of Pell and Mott streets, had leased buildings in Jersey City and had transferred their business across the river.

Deputy Police Commissioner Lord said that more than half of the former residents of the Chinese quarter had already left, and that more were going every day. Most of them have as their goal New or Jersey City, although a few express the intention of going to Philadelphia or even to San Francisco.

The police estimate is that more than 2,000 have migrated in the last year, most of them in the last four months. A trip through the district tended to verify this. Everywhere were signs of stagnation. From every merchant who came the reply, "Business no good."

Many Stores Are Vacant.

A trip through Mott street showed that there were eleven stores in one block which were formerly occupied by Chinamen, which are now either vacant or in the hands of persons of another race. In a few cases the stores were found in two blocks where similar conditions existed. The old Chinese theater has become a mission, and half of the men on the street are Italians.

Depression in business, the enforcement of the Boylan law, and the practical elimination of gambling were given as the reasons for the exodus. The business depression is ascribed to the fact that sightseeing in Chinatown is not nearly as popular as it used to be. The enforcement of the Boylan law has led to the closing of a number of places that were formerly popular with outsiders. As the average Chinese merchant was depending on the sightseeing trade for much of his business, he has suffered severely from the loss of trade.

Then came the Boylan law, which said that not only could the Chinamen sell no opium, but that they could not possess it. Many arrests annoyed them. But the most annoying was Police Commissioner Woods' special gambling squad, which was organized about six months ago.

No Chance to Gamble.

Always going through the district, making raids in some cases, peering into every room, and taking away the gamblers, the Chinamen soon learned that no matter when they set down to a quiet little game they were always in danger of arrest.

The police in the district agree that it is since the establishment of the squad that the exodus from the district has been greatest.

It began when a few men adopted the practice of stealing over to New Jersey whenever the police came to smoke or gamble, and, according to all indications, became a wild scramble for permanent residence when it was learned life was agreeable on the other side of the river.

There is now said to be a well-defined movement to establish a Chinese quarter in Jersey City. One building which was leased last night said that the merchants said to have been fitted up as a meeting room for one night, and that the building was now being used for a meeting place for laundrymen and merchants from surrounding cities who come to Jersey City weekly or bi-weekly to purchase supplies.

Since the exodus began Mott street has witnessed the building at a point just opposite the old Chinese theater, the ground floor of which is occupied by a Chinese merchant and the other by an American undertaking firm.

GREATEST LOAN IN WORLD'S HISTORY

New British Borrowing, Conversion and Thrift Scheme.

(Correspondence of the Associated Press.)

London, June 23.—Now that the details of the greatest loan in the world's history, of nominally \$5,000,000,000, have been made known by the British government, they appear to meet with the approval of all experts and would-be investors, but they are not quite so heartily received by holders of standard "gilts" yielding from 4 to 5 per cent as the value of these must necessarily be reduced with such a security yielding 4 per cent.

The new loan is practically a borrowing, conversion and thrift scheme all in one, and will very largely alter the whole basis of investment. The government retains the option of dealing afresh with its new debt at the end of ten years or has a margin beyond that time of several more years, while the conversion of every hundred pounds (\$500) of consols at about 56 means that so much debt is wiped out as though obliterated by sinking fund operations.

Five Shilling Vouchers.

One great bit the government has made is in the effort to draw in the savings of the working class by issuing five shilling vouchers for post offices and trade union headquarters, as with wages on a high scale in all industrial centers there will be a great opportunity for the worker to buy at least sufficient for exchange into a five pound bond.

These small vouchers and bonds will not be tied to the savings bank deposits, which require two or three days notice to withdraw, but will be redeemable at any time, at any bank, less commission.

Some confusion was caused by a vote for only 250 millions being asked last week and the new loan being for an unlimited amount, but it was only a nominal amount and the latter is intended to cover expenditure for the year, to allow for possible conversion of consols, old war loan and munitions loan, and for the purpose of paying off something like 235,000,000 of treasury bills which mature in the future besides repaying to the Bank of England advances made in the

KITCHEN AN ART ROOM

New Yorker Disguises Gas Stove in Writing Desk—Dutch Window Seat Is Combined With China Closet and Sink in the Arrangement of C. Warde Traver, an Artist.

Philadelphia Record: While lovely woman has been engaged in keeping her larder well filled with delicacies it has remained for mere man to make the kitchen an art room. Not artistically with lace curtains, decorated screens and investments in enough of the despised garbage can, the kitchen sink and the gas stove to send him into a nervous attack.

Can't make a gas stove artist? Just ask C. Warde Traver, a New York artist, and be convinced.

Traver, a protégé of the late Frank M. Benson, is a young man in whom a wealthy Bostonian saw possibilities. He has recently accomplished this seemingly impossible feat. He has disguised the gas stove in a zine-lined writing desk, has com-

binized a Dutch window seat with china closet and become a gas stove, and dining table on rubber-tired rollers, so that it fits into the kitchen and can be rolled out when needed.

Magic in the Kitchen.

Surrounded by every luxury, the garbaged can, the sink, the stove, the china closet and the gas stove, the artist has made a masterpiece of magic. The real masterpiece might be listed as "A Hidden Secret."

The artist turns to the window seat beside the desk and looks at the dining table which has been rolled out. The curtain below the desk is removed, revealing two black iron doors, and when the doors are opened, behold the kitchen sink and the gas stove, and the dining table is rolled out.

First, the artist, hardwood writing desk, in the study, is a well-known desk, and becomes a gas stove, and dining table on rubber-tired rollers, so that it fits into the kitchen and can be rolled out when needed.

The artist turns to the window seat beside the desk and looks at the dining table which has been rolled out. The curtain below the desk is removed, revealing two black iron doors, and when the doors are opened, behold the kitchen sink and the gas stove, and the dining table is rolled out.

coming through from an adjoining bathroom.

In the studio of Mr. Traver's counting room, where a kitchen sink is a feature, the writing desk arrangement is devised to cover its unattractiveness and a table and chairs are placed successfully for the daily masquerade of the gas stove.

HOW THE CUSTOM OF HAT TIPPING BEGAN.

Cleveland Plain Dealer: We consider a man a gentleman who takes off his hat to a lady. At least that is the thought to be gentlemanly, polite. The origin of this custom, like so many other customs, is lost in the mists of antiquity.

When a person was made captive his conqueror stripped him of his weapons and clothing and clothed him without anything he could call his own. The captive was thus made a slave, his lack of clothing being evidence of his subjugation. We need only to look at the sculptures of the Assyrians and the truth of this fact. And in Isaiah xx, 2-4, we find the following statement: "And the Lord said, like as my servants of the Assyrians have been clothed in the habit of slaves, so shall the king of Assyria lead away the Egyptians prisoners and the Ethiopians captives; young and old, naked and barefoot."

The first step, then, in tracing the origin of taking off the hat, is the surrender of the clothing among primitive and ancient peoples as a mark of subjugation. The next step is the uncovering of the body as a mark of reverence. There are all degrees of uncovering, though often only the most valuable parts of the clothing are taken off in the presence of superiors.

Captain Cook tells us that during his stay at Tahiti two men came on board and, as a sign of respect, took off the greater part of their clothing and put it on Cook and his friend. In Abyssinia, Spencer tells us, it was the custom for inferiors to bare their bodies down to the knees before superiors. But in the presence of equals only a corner of the tunic was removed so as to bare the shoulder. The baring of the shoulder, especially throughout the Gold Coast, is a custom as common as taking off the hat with us. Uncovering in Spain is similar in origin. In Africa the men have their shoulders and doff their caps to superiors, thus joining two customs in one.

In times of chivalry men raised their hats to ladies to show reverence. But this was only superficial in meaning. A knight would ride down a poor peasant woman carrying a large burden and never think of taking his hat off to her.

TWIN BALLOONS CARRY INSTRUMENT EIGHTEEN MILES HIGH.

Strand: Carrying an instrument to the height of eighteen miles, a pair of twin balloons were sent up by the United States weather bureau observatory at Avalon, Catalina Island, off the California coast. The object of this unusually high altitude test was to ascertain the temperature, humidity, air currents, and so forth of the upper regions. The device registered 45 deg. below zero, but indicated that, instead of growing colder with each ascending mile, the cold was about the same after a few miles had been attained. A needle controlled by a delicate mechanism traced the record upon a smoke-blackened cylinder, which can be read by skilled observers. The method of recovering the device is unique. The balloons are of the same size and

equally inflated, and as they ascend they gradually expand in the lighter atmosphere. The result is that one of the spheres finally bursts, and while the two will carry the basket, the instrument the remaining balloon is sent up in the series of tests, the outcome is that the descent is gradual, that no harm results to the basket and contents, and, as a reward is offered by the government for its safe return, the balloons are usually recovered by the weather bureau.

A large number of these twin spheres were sent up in the series of tests, the ascents taking place daily for about a month.

INCREASING USE OF WATER.

Boston Transcript: It has been figured out by the Springfield statisticians that the daily consumption of water per capita in that city is 113 gallons and a few kils. The present generation uses more water than did its predecessor, and also breathe more fresh air. The general installation of the bathtub is probably responsible for the increased consumption of water.

At the convention of the American Water Works Association, held in Philadelphia some years ago, a former chief of the water department of that city said that half a century ago the daily per capita use of water there was 60 gallons. Now it is about 200 gallons.

We should be able to trace the origin of the bathtub. The standard of cleanliness in the latter city was below that of Philadelphia. It may be that a gallon of water there is not so far from cleaning purposes as a gallon of Springfield water. The residuum which the former leaves calls for a second washing about as soon as the first is dry. Still, the brave efforts of the people to maintain a clean and wholesome condition under discouraging circumstances is deserving of much praise.

FLIES AVOID BLUE.

The American Boy: A French scientist is authority for the statement that flies have a distinct objection to the color blue. This was first discovered by a farmer who keeps a large number of cows in several sheds. One of these sheds happened to be painted blue on the inside, and in this the cows were little troubled with flies. He blueed all the walls and thus protected all his cows. French farmers in this vicinity are now adding a blue coloring to their whitewash. Their formula is as follows: To twenty gallons of water add ten pounds of slacked lime and one pound of ultramarine. The walls are tinted twice during the summer.

THE OPEN COURT

Members of the Herald are invited to make free use of this column to express their ideas about the issues of the day. The shorter the better. They must be written on one side of the paper only, and they must be accompanied in every case by the name and address of the writer through these need not be published. A signed letter is always more effective, however.

PREPARING FOR PEACE.

To the Editor of The Herald:

Why all this tumult about preparedness for war? We haven't any war out here at Lakeside, except a friendly dispute with Hunter's Park, which will probably not lead to armament and ultimatums. Probably if we began building guns and building forts out here at Lakeside "for defense," our neighbors over the hill would plan on "laying down two battleships a year" or some similar feat.

Then I read that we in America are growing fat and selfish, and cowardly, and rich, and prosperous, and sluggish, and chicken hearted because we are not in a war. I read that the "good old days" of the Rebellion, when men were red blooded men, I don't know of anybody in Lakeside who is growing fat and prosperous because of the war. I don't know of any chicken hearted men out here either. They're principally just plain folks who are trying to make an honest living, and working hard for it, and who love their own wives and their children, and have a good healthy respect to digging trenches at far less than usual day laborers' wages, while their families starve, and while some body who has no reason for hating them, takes not shot at them with rifles, and machine guns, and shrapnel and poisonous gases. It takes about as much bravery to face the daily task cheerfully as it does to shoulder

a rifle. The only heroes are not the ones who "die for their country." They're the ones who die of bravery. Cowards often die heroically. One's daily life is the real test of courage. I don't want to shoot any Germans, or Turks, or French, or English, or Japanese, any more than I want to go out on the street and shoot some of my neighbors. In fact I would object to that as much as being shot myself.

War is a good solution for social problems—temporarily. You take all the men who are out of work in every country, and send them out to shoot each other. That solves the problem of the unemployed, which we are too mentally lazy to tackle seriously in any other way.

Your old admirer,
Duluth, July 8.
A LAKESIDER.

PREPARING FOR WAR.

To the Editor of The Herald:

The wise ones at the mass meeting held at the auditorium Tuesday evening.

Prepare for "hell" to insure "heaven" that was the sentiment expressed at this meeting by some of the best and bravest men of Duluth. Compulsory military training was also advocated. Train the boys up to the point where they can face the idea. But why? Yes, why? That's just what the public wants to know.

The mayor was most sane in his preparedness of the rebellion. He said: "We should approach the subject sanely and sensibly and without hysterics or controversy. We saw what was coming and softly applied the emergency brake when it was stated that if the Union in 1861 had had a large army more than half of the rebellion would have been no civil war. Would not approximately one-half have gone with the secessionists and would not the Civil war have been all the more fierce and deadly? Do we want to put ourselves in the eyes of the world as a nation that was not prepared for war? The main cause of the present European conflict is the enormous preparedness of those powers. When you see a man whetting his scythe it's a pretty sure indication that he is about to mow the grass or weeds. When you see a nation getting ready for war it's a fair presumption that there will be a fight on sooner or later.

What we now take the old scythe off the hook where it has hung ever since the war of the rebellion and rub the stone up and down its sides just because there is a fierce conflict going on over in Europe? Do we want to put ourselves in the eyes of the world as a nation that was not prepared for war? The main cause of the present European conflict is the enormous preparedness of those powers. When you see a man whetting his scythe it's a pretty sure indication that he is about to mow the grass or weeds. When you see a nation getting ready for war it's a fair presumption that there will be a fight on sooner or later.

What we now take the old scythe off the hook where it has hung ever since the war of the rebellion and rub the stone up and down its sides just because there is a fierce conflict going on over in Europe? Do we want to put ourselves in the eyes of the world as a nation that was not prepared for war? The main cause of the present European conflict is the enormous preparedness of those powers. When you see a nation getting ready for war it's a fair presumption that there will be a fight on sooner or later.

What we now take the old scythe off the hook where it has hung ever since the war of the rebellion and rub the stone up and down its sides just because there is a fierce conflict going on over in Europe? Do we want to put ourselves in the eyes of the world as a nation that was not prepared for war? The main cause of the present European conflict is the enormous preparedness of those powers. When you see a man whetting his scythe it's a pretty sure indication that he is about to mow the grass or weeds. When you see a nation getting ready for war it's a fair presumption that there will be a fight on sooner or later.

of course, you will fight back—you'll have your cannon and shrapnel? Must we load down our dove of peace with cannon and shrapnel? Must that little bird of which we have been so proud, drop the olive branch and pick up the bandage? After our last civil strife did not that old war horse who had faced bullets without fear make a plea for peace. Did Grant say let us have more war? No, he said, "Let us have peace."

Why? Because he had looked into the face of that grim visage, war, when he did detect the face, lines of abject horror, then turning to the goddess of peace in all its beauty and splendor he made that declaration. "Let us have peace. May these four words, may this short sentence, may this beautiful request, made by an old warrior, go ringing down the corridors of time into the future centuries. It was the sentiment of the Great Master. We want to perpetuate it because it is right, because it is good, because we know and feel that a desire to be at peace will keep us in peace. There is no other way."

CITIZENS' MILITIA TO REPLACE ARMY

To the Editor of The Herald:

Reading Mr. Conrad's editorial suggestions to replace the army, I still think that this government was founded primarily to protect the citizens at home, and not to follow them in their joy-riding in foreign countries. That's the idea. But why? Yes, why? That's just what the public wants to know.

The mayor was most sane in his preparedness of the rebellion. He said: "We should approach the subject sanely and sensibly and without hysterics or controversy. We saw what was coming and softly applied the emergency brake when it was stated that if the Union in 1861 had had a large army more than half of the rebellion would have been no civil war. Would not approximately one-half have gone with the secessionists and would not the Civil war have been all the more fierce and deadly? Do we want to put ourselves in the eyes of the world as a nation that was not prepared for war? The main cause of the present European conflict is the enormous preparedness of those powers. When you see a man whetting his scythe it's a pretty sure indication that he is about to mow the grass or weeds. When you see a nation getting ready for war it's a fair presumption that there will be a fight on sooner or later.

ADE SYSTEM IS ABOLISHED

Advisory Council Takes Its Place in the Navy Department.

Removes Buffers Between Secretary and Officers Doing the Work.

New York, July 9.—The Washington correspondent of the Evening Post says: When Secretary of the Navy Josephus Daniels discontinued the aide system in the administration of the navy department and substituted the advisory council, the result was the removal of all the officers holding positions of presidential appointment rank in the department. He brought down upon his head the criticism of those who worship a particular system as a fetish and of those who would establish a general staff in the navy along Prussian lines. What Secretary Daniels has done to the administrative machinery of the department by the substitution has been to break down all the good features of the aide system, so far as they went in the way of direct and effective administration. He could not, at the same time, engraving the general staff idea, the administrative machinery, it may be said, is the result of experience and the careful consideration of every possibility involved.

Under the regime of Secretary George von Meyer, the aide system came into being. As a result of it, the navy department was able to maintain a duplication of work in many instances, and wherever the duplication was necessary, the officers occupying the positions of the secretary of the navy and the officers who were actually doing the work in the department, in some instances it became a means of supervision of new ideas, and in some instances it was a means of actually transferring in the department so far as the secretary was concerned, with the highest responsibility, was concerned.

Where Duties Clashed. The four aides under the Meyer plan were the advisors of the secretary of the navy on operations, materials, inspection and personnel. The four officers in charge of the actual work in the department were the chief of the bureau of operations, the chief of the bureau of materials, the chief of the bureau of inspection and the chief of the bureau of personnel. The four officers in charge of the actual work in the department were the chief of the bureau of operations, the chief of the bureau of materials, the chief of the bureau of inspection and the chief of the bureau of personnel. The four officers in charge of the actual work in the department were the chief of the bureau of operations, the chief of the bureau of materials, the chief of the bureau of inspection and the chief of the bureau of personnel.

The next step taken by Mr. Daniels was to go to congress for legislation creating the office of chief of operations, now filled by Rear Admiral W. S. Benson. This officer now ranks next to the secretary and assistant secretary. The office of chief of operations, now filled by Rear Admiral W. S. Benson. The BIG DULUTH WILLIAMSON & MENDENHALL

ments by the cabinet officers long ago, in the interest of economy and efficiency and especially with a view to solving the larger problems of administration. This officer now ranks next to the secretary and assistant secretary. The office of chief of operations, now filled by Rear Admiral W. S. Benson. This officer now ranks next to the secretary and assistant secretary.

No Politics in the Plan. There is no politics, either partisan or departmental, in the new Daniels plan. As evidence of this fact, Mr. Daniels has kept all of the bureau chiefs on their jobs throughout the full four years of their commissions, excepting only one, Commander Philip Andrews, former aide for personnel, whose place was combined. It is the intention of Mr. Daniels to keep all such chiefs of bureau on the job until their commissions expire, but not to reappoint them at the end of their terms. At the present time, naval officers may be assembled in the department the highest grade bureau chiefs ever brought together in the history of the navy. Rear Admiral Taylor has a world-wide reputation as a naval constructor, while Rear Admiral Strauss is declared by the ranking officers of the fleet to be the best authority on ordnance in the navy. Their colleagues are of equal ability in their respective spheres.

GIVEN STATE POSITION. Oscar Arneson Named Manager of Land Sales Department. Oscar Arneson, well known in this part of the state, has just been appointed manager of the land sales department of the state auditor's office, succeeding Theodore Nelson. The late

Society & Women's Clubs & Music & Drama

MISS ALMA HOPKINS of Superior, who entertained at cards yesterday afternoon for Miss Lucy Nightingale of Duluth, whose wedding to Kenneth Woleben, also of Duluth, will take place in September, announced her own engagement to Charles W. Kitchell of New York. The wedding will take place Aug. 27. A pink and white color scheme was carried out in all the rooms. Killarney and wild roses were used in the dining room which was lighted with pink shaded candles. The eighteen guests received as favors old-fashioned bouquets of Cecil Bruner roses in paper holders. Each bouquet was tied with varicolored ribbons and to one of the streamers was attached an envelope that contained the names of the guests of the engagement of the hostess.

Miss Hopkins is well known in musical circles of Duluth and Superior. She was a member of the Matinee Musicals before she went to New York to study voice several years ago. The bridegroom-elect was one of her teachers.

Holds Successful Suffrage

Meetings on Range

Mrs. Gertrude Hunter of Minneapolis, who with other members of the Congressional Union for Women Suffrage, held meetings in Duluth Saturday and Sunday in the interest of the Susan B. Anthony amendment, returned this morning from Chisholm, Virginia and Hubbing, where she held successful outdoor and indoor meetings. At all the three meetings she was taken to call on Congressman Clarence B. Miller to vote for the Federal amendment. Mrs. Hunter said there is a world of sentiment for much encouragement. Mrs. Hunter said this morning, "Congressman Miller cannot go back to Washington and say the people of his district do not want woman suffrage."

At the outdoor meeting held in Virginia, Mrs. Hunter said, "whereas 400 persons stayed for an hour and a half, only a few men voted against suffrage, and when I asked those who were opposed to raise their hands only one hand went up. That is the way a man who was so drunk that someone had to support his arm for him."

Mrs. Hunter goes from Duluth to Grand Rapids and Cloquet to hold meetings.

Mrs. Rasky Entertains

at Country Club

Mrs. Frederick H. Rasky of 1929 East Superior street entertained at luncheon at the Country club yesterday. California poppies and apricot were the decorations and the flowers where covers were laid for twelve.

Mrs. Cochrane Delegate to

State W. C. T. U. Meeting

At the meeting of the executive board of the W. C. T. U. held yesterday afternoon at the Y. W. C. A., Mrs. Joseph Cochrane, of Duluth, president, was elected delegate to the state convention which will be held at Fairmont Aug. 24-27. Mrs. Gustafson was named as alternate.

Mrs. Engel Honor Guest

Mrs. E. Frank Barker of 2401 Lake avenue south entertained at a tea-talk this afternoon at her tea house, "O-Matsu Chaya." The guests were Mrs. J. C. H. Engel, the guests were the members of the Duluth Drama Society, to which Mrs. Engel belongs, the hostess was assisted by Misses Dorothea Engel, Helen Harrison, Irene Samuelson and Hortense Spiegel.

Mrs. Barker gave a talk on Chikamatsu Monzemon, the Shakespeare of Japan, and on "Kure," a new play that has just been translated into English and which is built on the same legend on which the Japanese Shakespeare based one of his plays. A set of historic prints illustrating the legend added interest to the talk.

Tonight Mrs. Barker will entertain again in honor of Mrs. Engel, the guests to be the members of the Duluth Drama Society, of which Mrs. Engel was one of the organizers. The hostess will be assisted by Miss E. Pearl Preston, who will tell Japanese legends, and by Miss Edna May Dryer.

Mrs. and Mrs. Freimuth Entertain for New York Guests

Mrs. and Mrs. I. Freimuth of 1806 East Second street entertained at dinner at Ye English Inn last night in honor of their guests, Mrs. Flora Wolff and Miss Nina Wolff of New York. The other guests were Mr. and Mrs. Louis S. Leeb, Mr. and Mrs. J. B. Sattler and Miss Dorothy Leeb.

Miss Borge Is Honored by Shower

The Woman's Alliance of the Unitarian church entertained at a big shower yesterday at the home of Mrs. John A. Keyes, 2424 East Second street, for Miss Ruth Borge, whose wedding to Alfred Norman Lyne, will take place Wednesday. The gifts were drawn in a white cart by Grace Alice Peterson and Harriet Wilfred Peterson, who will be Miss Borge's flower girls.

The hostess was assisted by Misses Ruth Kolling, Irene Keyes and Eleanor Keyes.

Miss Anna Brown of 121 Fourth avenue will be here at that time.

Passes on Beauty to Her Daughter

MRS. J. LEE TAILOR.

Miss Marie Tailor, who is to marry Bryce Wing in the near future, has been called the most beautiful girl in America. It is not surprising that Mrs. Tailor should be beautiful for her mother, Mrs. J. Lee Tailor, is one of the handsomest women in New York society. She was Marie Sterling.

Mrs. Tailor will entertain tomorrow afternoon for Miss Borge. Miss Ethel Bishop will give an informal affair to the members of the Y. W. C. A. at 4711 West Sixth street will entertain Monday.

Mrs. Gifford Is Bridge Hostess

for Philadelphia Guests

Mrs. G. B. Gifford of 1719 East Fifth street entertained at bridge yesterday afternoon for her sisters, Misses Anna, Edna and Florence. The guests were Mrs. W. C. Allen and Mrs. Lawrence Davis. The favors yesterday were won by Mrs. C. E. Van Bergen and Mrs. Robert Fowle.

Mrs. Brockhurst Elected to General Federation

Mrs. A. H. Brockhurst, president of the Duluth Y. W. C. A., has been notified of her election by the executive board of the General Federation of Women's Clubs, as a member of the civil service reform department of the general federation. Mrs. Brockhurst has had experience in this branch of work and in activities of the general federation for several years, being chairman two years, and has served on the constitution committee of the general federation.

While a member of the forestry committee of the state federation she was appointed by the governor, A. O. Eberhart, a delegate to the Minnesota Conservation and Agricultural Development congress, which met at St. Paul March 1914.

Mixed Doubles at Oatka

The draw in the mixed doubles in tennis at Oatka yesterday was as follows: Charles Fraker and partner drew a bye. Mr. and Mrs. J. E. Thompson, Warren Gude and partner against Miss and Mrs. Andrew Kennedy. Dr. and Mrs. Wade Clark against Miss and Mrs. Mary Towne. Hunter Towne against Miss Betty Merrill and Walter Kennedy. Mrs. Mac Washburn against Miss Gertrude Hegardt and Gordon Hegardt. Miss Ruth Barker against Mr. and Mrs. Arthur Barnes. Mr. and Mrs. John McNaughton against Miss Caroline Marshall and Carl Holmhaugen.

The winners of the Hardware company have given two cups as trophies for the finals, which will be held July 17.

Luncheon

Mrs. E. G. Sauve of 209 North Thirty-fourth avenue west was hostess at luncheon at the Country club yesterday. Buttermilk were the decorations. The afternoon was spent at cards.

Miss Hopkins Will Sing at First Presbyterian

Miss Alma Hopkins will sing at the First Presbyterian church, Duluth, Sunday.

Annual Picnic

Employees of the I. Freimuth company will have their annual picnic at Lake Nebagamon Sunday.

Lodge Notes

Aerial hive, No. 975, Modern Macabees, will meet tonight at Odd Fellows temple. Plans will be made for the reception and entertainment that will be given Aug. 19 for several high officers who will be here at that time.

Three Noted Women on Program

Mrs. Pennypacker, Mrs. Moore and Mrs. Stearns Will Address Convention of Federated Women's Clubs Here in Evening—Variety of Topics Will Be Discussed.

The program for the state convention of federated clubs that will be held in Duluth Sept. 21, 22, 23 and 24, is still incomplete, but was announced at a meeting of the publicity committee, held yesterday afternoon, that there would be talks by three women, prominent in the general federation. Mrs. Percy V. Pennypacker of Texas, president, Mrs. Philip N. Moore of St. Louis, past president, and Miss Luitie Stearns of Milwaukee, who represents this district in the executive committee.

Mrs. Pennypacker will speak on "Feminism," it is hoped that an exhibit at the convention to show what has been done by St. Louis county in the way of establishing homes for country teachers, that do away with the boarding school system.

Mrs. Moore, who is a trustee of the endowment fund and a contributor to the publication of the general federation, has not announced her subject. Mrs. Stearns, who is the chairman of the library work in Wisconsin many years before she engaged in lecturing, will speak on "Suffrage" at the luncheon, which will be given the third day of the convention at the Spaulding hotel.

The luncheon will be followed by a reception at the Spaulding in the afternoon and at night a program will be given by the drama league and the Matinee League.

Mrs. Pennypacker, Mrs. Moore and Mrs. Stearns will be the guests of Mrs. J. L. Washburn, chairman of the general committee on arrangements. Wednesday, Sept. 22, will be president's day. With both the general president and the state president, Mrs. Clarence Atwood of St. Cloud, at the convention, the meeting promises to be a most interesting one.

It is hoped that a music round table, a part of the program of the convention, has not been decided on. Mrs. Washburn announced Mrs. A. R. Washburn and Mrs. C. E. Stearns as members of the decoration committee on credentials. It is hoped that the chairman of all committees report their plans to Mrs. F. J. O'Donnell, chairman of the publicity committee.

for her summer cottage at Cedar Lake today, accompanied by her son, Clio.

Dr. S. S. Spier of Cedar Rapids, Iowa, who has been visiting his son, Dr. Frank W. Spier, 1007 East Second street, has returned to his home.

Mrs. Mary T. Sparks has moved from 1105 East Superior street to 215 East Third street.

May Spoil College Career of Harvard Boy

ELIZABETH SANDS.

According to rumor, Elizabeth Sands, one of the prettiest of New York's society girls, is debating whether to spoil the college career of Bradford, N. Y., by marrying him. He is a Harvard man and near the beginning of his college career. The marriage, he will have to give up Harvard.

world, and a number of other films, make up an excellent picture program.

John Barrymore, whose every appearance on the screen inspires a cult, is the star of the picture.

JOHN BARRYMORE attains a genuine laugh-triumph in the photo-adaptation of the popular stage success, "The Dictator," by no less an author than Richard Harding Davis.

The central character of this famous comedy-drama, in which Davis, a young American, who is forced by exasperating circumstances to become the dictator of a small republic in South America, and who in doing so, becomes the hero of many momentous situations, some comic and some very serious indeed.

Produced in Cuba, the film version of "The Dictator" adheres in atmosphere to all the requirements of the unusual story, while John Barrymore's personal success cannot be exaggerated.

Four hundred pupils of the Bethel Mission Sunday school and their parents will hold their twenty-fifth annual outing at Lester Park on Aug. 6.

The Young Men's Association made today by L. A. Marvin, superintendent.

The custom was originated about twenty-five years ago by Rev. C. E. Baker and Charles F. Robt., then directors of the Bethel. Fully 600 attend the outing every year.

Another custom, originated about twenty-five years ago, was the presentation of plants to the children of the school.

The exact date for the picnic will be decided by the directors of the Bethel. This is done on the second Sunday in June of every year. About 25 plants were given away this year.

BOUQUET FOR MILLER.

Former Congressman Burke Pays Compliment to Duluthian.

Charles H. Burke, former congressman from St. Pierre, S. D., was a guest of the Spaulding last evening. The Dakota politician, while in Duluth, was expected to know something of the local situation, and that he would be a guest of the Spaulding.

Mr. Burke is on his way to Cass Lake for a week's fishing trip. While here he took occasion to tell of the coming of one of the national representatives, and that some day the Duluth congressman will be recognized by the lower house. His companions on the trip will be Governor C. N. Herold of South Dakota and former Judge Boucher of Aberdeen.

At C. G. Convention.

Cloquet, Minn., July 8.—(Special to The Herald).—Leo Gilbert and George A. Stevens are in Chicago attending the Christian Endeavor convention and expect to be gone about a week. They were elected delegates by the local Christian Endeavorers. Mr. Gilbert is president of the society here and George Stevens is vice president.

Lineman Electrocuted.

Hutchinson, Minn., July 8.—Malcolm Ingerson, an employee of the Hutchinson Electric Light company, was electrocuted yesterday while working with Manager Thomas Pitts of the company at Biscay, on the Glencoe-Hutchinson transmission line.

which began a week-end engagement yesterday, received a warm welcome from the large crowds at that popular playhouse on its opening day.

Freddie's matinee was the biggest of the season. Several thousand Duluth children are getting their first glimpse of the "Tommy" and "Little Eva" this week, and their parents also appear to welcome the chance to renew their acquaintance with this old time favorite. Three more performances will be given this evening, tomorrow and tomorrow night.

Charlie Chaplin, headlining the film program and Prolle's comedy circus, topped the vaudeville bill, the new show at the Grand.

singles are being played, the women's singles and doubles and the mixed doubles.

Games played in the second round of the men's singles yesterday resulted in Hagedorn defeating John Washburn in straight sets; Walter Kennedy defeating Frank Hale, 6-2, 6-2; Mac Washburn defeating Norsk, 6-3, 6-2; and Lauren Kennedy defeating Delington, 6-1, 6-4.

Play in the second round must be completed by Saturday, as in the third round is scheduled to begin on Monday.

Play in the inter-club match between the Northland and boat club teams will begin tomorrow afternoon. Officials of the boat club decided today to throw the courts open to the general public.

Thompson defeated Towne yesterday 6-3, 6-1 in the elimination trials for a place on the boat club team. In the club play Walter Fraker of the Northland club will be pitted against Lauren Kennedy; Charles Fraker of Northland will play Mac Washburn; Nat Davis of Northland will play Walter Kennedy; and Charles Dickerman of Northland will play Jack Thompson, who won his place on the boat club team yesterday.

STARS IN EASTERN GOLF TOURNAMENT

Metropolitan Open Championship Has Renowned Players as Contestants.

Clifton, N. Y., July 9.—Play for the Metropolitan association's open championship, for which the best professional golfers in the country were competing, was resumed today over the Foxhills Golf club's course.

Walter G. Hagen, Rochester, N. Y., a former national champion, yesterday established a new competition record of 79 on an incentive and the weather conditions almost perfect, better scores than were made in at least half a dozen former national championships and several runners-up are among the players who are within striking distance of Hagen and Robert G. MacDonnell, who are tied for the lead with a 28-hole score on 145 strokes each.

Among the most promising candidates for this year's honor, outside of the two leaders, were John J. McDermott, Atlantic City, who made an excellent showing yesterday after an absence of nearly a year from the tournament, Washington, D. C.; Tom McNamara, Boston; Fred McClellan, Washington, D. C.; Alec Smith, Weymouth, N. Y.; James M. Barnes, White Marsh Valley, Pa.; the Western open champion, C. L. Motherhead, of England, and Isaac Mackie, who, up to a year ago, was the local club's professional.

\$7.50 Suit Sale—Values up to \$20. Big Suit Sale at The Big Duluth.

KUHN DRAWS THE BLUE ENVELOPE

First Baseman Replaced By Schroeder; Kid Boley Is Back With the Dooks Once Again.

More changes were announced in the Duluth White Sox today. Schroeder, secured from Grand Forks, is to be shifted from right field to first base. Kuhn, who looked awfully good in the home series, has been released. "Ray-Kay" Kirkham will perform in center field, Altman in left and Chief Williams in right.

Kid Boley is back with the team after having been released. According to Darby, Kuhn did not look so well on the road and it was decided to shift Schroeder to the initial sack. Morse will be on second and Wolfe at short.

Sten's \$1.00 Underwear for 85c. Underwear Sale at The Big Duluth.

Reds Get Two Players.

Cincinnati, Ohio, July 9.—President August Herrmann of the Cincinnati Nationals, announced last night that he had purchased the services of Williams of Spokane, Wash., and Pitcher James McHenry of Vancouver, for the Cincinnati team.

No, Not Real Eddie.

Milwaukee, Wis., July 9.—Shortstop Eddie Collins of Saint Mary's college, was yesterday signed by President Plume of the Milwaukee American association baseball club.

\$5.00 Suit Sale—Values up to \$15. Big Suit Sale at The Big Duluth.

STATE SUPREME COURT DECISIONS

St. Paul, Minn., July 9.—(Special to The Herald.)—The Minnesota supreme court today handed down the following decisions:

ST. LOUIS COUNTY.

No Reversible Error.
The Greenhut Clock company, respondent, vs. Gabriel A. Oreck, et al., appellants.

1. An order for the manufacture of certain goods for delivery in the future, is not within the statute of frauds and void because not in writing. Schloas vs. Josephs, 98 Minn. 422 followed and applied.

2. Upon acceptance by the manufacturer such an order becomes a contract between the parties and for a breach thereof by the buyer of the goods, the seller may retain the goods and recover as damages, the difference between the market value and the contract price as of the date delivery was required by the contract to be made.

3. The evidence supports the verdict to the effect that defendants breached the contract without justification, and that the damages awarded are not excessive, the amount being within the limits fixed by the evidence as the market value of the non-accepted goods.

4. The seller in such case may in good faith and with reasonable diligence sell the goods and the price received on such sale is evidence of their market value.

5. The rule that the burden of proof is upon the party alleging a fact in his pleading applied, and the burden does not shift to the defendant to show that the goods in question did not correspond to the samples by which they were guided in giving the order, such failure being alleged by defendants in justification of their refusal to accept the goods.

6. The court did not err in denying a new trial on the ground of newly discovered evidence, and the record presents no reversible error.

Order affirmed. BROWN, C. J.

HENNEPIN COUNTY.

Lien on Memberships.
William Mohler, appellant, vs. Chamber of Commerce of Minneapolis, et al., respondents.

1. The Chamber of Commerce of Minneapolis has authority to provide by rule or by-law that one member shall have a lien upon the membership of another for an indebtedness due to the chamber.

2. On May 12 and May 14, 1907, the defendant Welch company had a lien under such rule for \$4,000 on the membership of the plaintiff for wheat sold him. It first claimed that title did not pass and sought to enforce in conversion from one to whom the plaintiff had sold. It was defeated. It is held that in the absence of intervening injury to another it may still enforce its lien on the plaintiff's membership.

3. Under the rules of the chamber a proceeding to enforce the lien can not be brought until ninety days after the creation of the indebtedness. In this case until ninety days after May 13 or 14, 1907. It is held that a proceeding commenced on July 22, 1912, is not barred by the six year statute of limitations.

4. Under rule 12 of the chamber the determination in respect of the lien is made by the board of directors, and the finding of the court that proceedings were had before the board, that the plaintiff participated therein, and that a fair trial and investigation was had, is sustained.

Order affirmed. DIBELL, C.

HENNEPIN COUNTY.

Liability of Co-Partnership.
First National Bank of St. Paul, appellant, vs. Clara E. Webster, et al., respondents.

1. A trading co-partnership is liable upon a promissory note made in its name by one of its members though such member made it without actual authority and appropriated the proceeds of it to his own use and payee being without notice and acting in good faith.

2. Under the evidence it is held, as a matter of law, that defendants, testate and one Whipple, who were engaged as co-partners in buying and selling lumber, were a trading co-partnership.

3. Under the evidence it is held, as a matter of law, that the plaintiff bank in making a loan to a trading co-partnership and taking its note acted without notice or knowledge as to the facts, though the co-partnership purporting to act for the co-partnership appropriated the proceeds to its own use.

Order reversed. DIBELL, C.

HENNEPIN COUNTY.

No Negligence Reversed.
Charles Clymer, respondent, vs. Kellogg, Spencer & Sons, appellant.

1. The evidence in this case fails as a matter of law, to show any negligence on the part of defendant or any ground of liability.

Reversed. BUNN, J.

HENNEPIN COUNTY.

Washed Sand & Gravel Company, respondent, vs. Great Northern Railway company, appellant.

Chapter 30 of the laws of 1913 requiring railroad tariffs for transportation of sand and gravel.

Order affirmed. DIBELL, C.

DAKOTA COUNTY.

Appel Dismissed.
C. D. Mastin, appellant, vs. A. W. May, et al., respondents.

1. Where specific relief is by a judgment granted to both plaintiff and defendant, and the plaintiff appeals, the action the relief so granted is not wholly independent, but so related that the relief granted to one of the parties is dependent upon the extent of the relief granted to the other, the acceptance of such relief in so far as favorable precludes the right of appeal as to the party so accepting it.

2. In an action of ejectment judgment was awarded to plaintiff for the possession of the land, and for \$600 for the value of the use thereof while detained by defendant, less the sum of \$250 awarded to defendant for heretofore. Plaintiff accepted the money award, and then appealed from the judgment, seeking thereby to contest the allowance of \$250 to defendant. It is held that by such acceptance plaintiff waived the right of appeal.

3. The question was properly presented to the court on motion to dismiss the appeal by affidavits showing the payment to defendants and the acceptance by plaintiff, and the fact that plaintiff had not formally satisfied the judgment of record is not important.

Appeal dismissed. BROWN, C. J.

DAKOTA COUNTY.

New Trial Granted.
Michael O'Rourke, respondent, vs. Felix James O'Rourke, et al., defendants, Felix James O'Rourke, et al., appellants.

1. The question whether a deed is delivered is a question of intent and usually one of fact; and in this case it is held that whether the deed was delivered to the plaintiff and his wife, parents of one of the defendants, delivered a deed conveying substantially all their property to their son in consideration of support, etc., was one of fact for the court trying the case.

2. Though the court found that the deed was not delivered, the plaintiff having alleged facts tending to entitle him to equitable relief if the deed had been delivered, and having offered proof in support thereof, and the defendant having shown that the deed was not delivered, such equities appearing from the record, the court having possessed itself of the controversy as a court of equity, should have determined the whole controversy between the parties and entered a decree determining the rights of all.

Order reversed. DIBELL, C.

BELTRAMI COUNTY.

New Trial Ordered.
Orville K. Crookston, appellant, vs. respondent.

Action for personal injuries. Held that the evidence made a question for the jury as to whether plaintiff failed

ingles are being played, the women's singles and doubles and the mixed doubles.

Games played in the second round of the men's singles yesterday resulted in Hagar defeating John Washburn in straight sets, Walter Kennedy defeating Frank Falk, 6-2, 6-2, Mac Washburn defeating Noraki, 6-2, 6-2, and Lauren Kennedy defeating Deighton, 6-1, 6-4.

Play in the second round must be completed by Saturday. Play in the third round is scheduled to begin on Monday.

Play in the interclub match between the Northern and boat club teams will begin tomorrow afternoon. The results of the boat club decided to throw the courts open to the general public.

STARS IN EASTERN GOLF TOURNAMENT

Metropolitan Open Championship Has Renowned Players as Contestants.

Duluth, N. Y. July 9.—Play for the Metropolitan association open championship for which the best professional golfers in the country were assembling was resumed today over the Westville (N. Y.) course.

Walter C. Walter, Jr., former national open champion, and several runners-up are among the players who are within distance of the title. The tournament is an incentive and a challenge to the players who are looking for a big score.

Two most promising candidates in this year's honor, outside of Walter, are John H. Johnson, who made an excellent showing in the Metropolitan open, and George S. Sargent, Jr., who won the Western open. Johnson is a former national champion and Sargent is a former national runner-up.

5000 Suit Sale—Values up to \$20. Suit Sale at The Big Duluth.

KUHN DRAWS THE BLUE ENVELOPE

First Baseman Replaced by Schroeder; Kid Boley Is Back With the Dooks Once Again.

Baseball games were announced in the Duluth Herald today. Schroeder, who was traded from the Dooks to the Blue Envelopes, is expected to play in the first game. Kid Boley is also expected to play.

Reids Get Two Players. The Duluth Herald today announced that the Duluth team has acquired two new players.

STATE SUPREME COURT DECISIONS

St. Paul, Minn., July 9.—(Special to The Herald.)—The Minnesota supreme court today handed down the following decisions:

ST. LOUIS COUNTY.
No Reversible Error.
The Greenhut Clock company, respondent, vs. Gabriel A. Oreck, et al., appellants.

1. An order for the manufacture of certain goods for delivery in the future, is not within the statute of frauds and void because not in writing. Schless vs. Joseph, 38 Minn. 422, followed and applied.

2. Upon acceptance by the manufacturer such an order becomes a contract between the parties and for a breach thereof by the buyer of the goods, the seller may retain the goods and recover as damages, the difference between the market value and the contract price as of the date delivery was required by the contract to be made.

3. The evidence supports the verdict in this case. The defendant's breach of the contract without justification, and that the damages awarded are not excessive, the amount being within the limits fixed by the evidence as to the market value of the non-accepted goods.

4. The seller in such case may in good faith and with reasonable diligence sell the goods and the price received on such sale is evidence of their market value.

5. The rule that the burden of proof is upon the party alleging a fact in his pleading applied, and the burden held to be upon defendant to show that the goods in question did correspond to the amount by which they were alleged to be deficient.

6. The court did not err in denying a new trial on the ground of newly discovered evidence, and the record preserved reversible error.

Order affirmed. BROWN, C. J.

HENNEPIN COUNTY.
Liability of Co-Partnership.
First National Bank of St. Paul, appellant, vs. Clara B. Webster, et al., respondents.

1. A trading co-partnership is not in its nature a partnership, but a mere agency for the purpose of carrying on the business of the partners.

2. Under the evidence it is held, as a matter of law, that the defendant bank in making a loan to a trading co-partnership and taking its note, acted without notice and in good faith, though the co-partnership purporting to act for the partners, and that the bank is not liable for the debt.

Order reversed. DIBELL, C.

HENNEPIN COUNTY.
No Negligence; Reversed.
Charles C. Cramer, respondent, vs. Kellogg, Spooner & Sons, appellant.

The evidence in this case fails, as a matter of law, to show any negligence on the part of defendant in any regard of liability.

Order reversed. BROWN, C. J.

HENNEPIN COUNTY.
Lower Court Affirmed.
Washed Sand & Gravel company, respondent, vs. Duluth Northern Railway company, appellant.

1. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

2. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

3. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

4. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

5. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

6. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

7. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

8. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

9. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

10. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

11. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

12. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

13. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

14. The Duluth Northern Railway company, respondent, vs. Duluth Northern Railway company, appellant.

INVENTOR OF DIRIGIBLE CELEBRATES BIRTHDAY

Amsterdam, July 8, via London, July 9.—Count Ferdinand von Zeppelin's seventy-eighth birthday was observed today by celebrations in all parts of Germany, according to dispatches from Berlin.

Count von Zeppelin, who is at Stuttgart, received several thousand telegrams of congratulations from all parts of Germany and Austria and the sultan of Turkey. The German emperor's message emphasized the great value of Zeppelin's dirigibles in the present war against England.

Herald "Wants" Always Bring Results! Board of Health Endorses Beer

Dr. Henry I. Bowditch

Professor of Medicine at Harvard, President American Medical Association, etc., Great Authority.

In his report of 1871, Dr. Bowditch states that in his belief lager beer is the greatest benefactor ever introduced into this country.

This conclusion of the late Dr. Bowditch, physician, surgeon and writer of international repute, was the result of an elaborate correspondence or investigation made by him for the State Board of Health of Massachusetts of which he was chairman.

His papers of inquiry were sent to thirty-three resident American Ambassadors, one hundred and thirty-two consuls and others whose opinions he knew would be valuable.

The Doctor makes this observation in his report: "The American people as a whole do not by any means as yet understand the true philosophy of food and drink."

Fitzger Natural Beer is a matchless table beverage. It has all the life and sparkle of the finest draught beer as drawn fresh from the wood. This is due to our innovation, the Kieselguhr filter (first of its kind in America.) By Kieselguhr filtration Fitzger Natural Beer attains a pure brilliancy heretofore unknown. To Kieselguhr filtration also is due the marvel of a beer in bottles with the full natural taste, aroma and character of the finest draught beer.

A. Fitzger.

FITZGER Natural Beer

"A Draught Beer in Bottles"

Besides its value as a pleasant, appetizing beverage Fitzger Natural Beer has value as a food. One of the most authoritative of Medical Journals "The Hospital," (London) says: "When a man drinks good beer he eats at the same time, just as when he eats a bowl of soup."

"The Most Brilliant Beer in America"

Flaxseed Slightly Easier on Government Crop Report; Changes Fractional.

MARKET GOSSIP.

C. E. Lewis & Co. had the following from Chicago: "Government crop report is construed as bearish, both here and abroad. Liverpool, however, could higher to lid lower, due to light offers of winters and a general unwillingness to import needs. Crop prospects Western Europe are less favorable. Rain is needed in Argentina. We

American grain exports for the past twelve months are shown to have exceeded 500,000,000 bu for the first time on record. It is predicted by exporters that the visible supply is particularly adjusted in that a large proportion of the supplies in the primary markets are at the seaboard where they will be immediately available on the elevator at this season. At Duluth, for example, it is predicted that supplies of spring wheat will be down about 300,000 bu early next week. At Chicago public elevators there is not over 50,000 bu of wheat.

compared with around 700,000 bu in 1994. Practically all of the contract grade wheat there has been sold

Chicago Livestock.
Chicago, July 27—Hogs declined in value today because of a large lot left over from last night unsold. Most offerings lacked quality. Owners of sheep and lambs had hard work interest buyers.
Cattle—Receipts, 23,000; slow, 5 to 10c under yesterday's average; light \$7.00 to \$7.40; heavy, \$7.30 to \$7.45; medium \$7.10 to \$7.65; head, \$6.80 to \$7.70; mixed \$6.50 to \$6.90; yearlings \$6.50 to \$6.80.
Buttle—Receipts, 2,000; steady; active beef steers, \$7.00 to \$10.40; western,

87 cents off at \$33.25.

At London spot copper closed off 2s 6d; futures off 2s 6d; electrolytic unchanged.

Exports of copper from Atlantic port for week ended July 8, totaled 3,500 tons.

Paine, Webber & Co., had the following from New York: "Stockholders Amalgamated Copper of record July 1 will receive one share of new stock of Anaconda of a par value of \$50 a share in cash for each share of Amalgamated. This is equivalent to two shares of the present Anaconda of a par value of \$25."

speaking, royalty is not
was in its power over
sovereignty, it still exercises so
sentiment in international affairs.
Now, suppose there should be a
union of the grandchildren of the
Queen Victoria, empress of the
tain and queen of the land. It would
editor large party, and as the social
be:
William, emperor of Germany, whose
mother was Queen Victoria's oldest
daughter.
George the Fifth, king of England,
whose father was Queen Victoria's
eldest son.
Czar Nicholas of Russia, whose
is Alix, granddaughter of Queen V
the mother married the

man duke of Hesse.
King Ferdinand of Roumania, married to a granddaughter of Queen

Kaiser Wilhelm and his sister, the queen of the Netherlands, would have to place else at the table than the side King George and Czar Nicholas while the Haakons, the Alfonsos and the Swedes would politely stand between themselves between the royal couples who are now fighting so victoriously.

LEGAL NOTICES.

ORDER FOR HEARING ON PETITION FOR PROBATE OF WILL.

State of Minnesota,
County of St. Louis—ss.
In Probate Court, in the Matter of the Estate of Lee W. Farmer, Deceased.
A certain instrument purporting to be the last will and testament of Lee W. Farmer having been presented to this court and the petition of Alice Stone Farmer being duly filed herein, representing among other things, that said decedent, then being a resident of the County of St. Louis, State of Minnesota, died testate in the County of Los Angeles, State of California, on the 15th day of April, 1915, and that said petitioner is widow, and praying that said instrument be allowed and admitted to probate as the last will and testament of said decedent, and that letters testamentary be issued to said Alice Stone Farmer thereon. It is Ordered, That said petition be heard before this court, at the Probate Court Rooms in the Court House, in Duluth, in said County, on Monday, the 22nd day of August, 1915, at ten o'clock a. m., and all persons interested in said estate are hereby cited and required to appear at said time and place to show cause, if any there be, why said petition should not be granted. Ordered further, That this order be published by publication in the Duluth Herald, according to law, and that a copy of this order be served on the County Treasurer of St. Louis County not less than ten days prior to the date of hearing. Dated at Duluth, Minn., July 8th, 1915.
By the Court,
S. W. GILPIN, Judge of Probate.
Clerk of Probate.
Seal Probate Court, St. Louis County, Minn., D. H., July 9, 1915.

ORDER TO EXAMINE FINAL ACCOUNT.

State of Minnesota,
County of St. Louis—ss.
In Probate Court, in the Matter of the Estate of Emil Severin, Deceased.
The petition of Walter J. Johnson, as representative of the above named decedent, together with his final account, having been filed in this court, representing among other things, that he has duly administered said estate, and praying that said final account of said administrator be heard, allowed, justified and allowed by the Court, and that the Court make and enter its final decree of distribution of the estate of said decedent to the persons entitled thereto, and for the discharge of the representative and the sureties on his bond. It is Ordered, That said petition be heard, and said final account examined, justified, and if correct, allowed by the Court, at the Probate Court Rooms in the Court House, in the City of Duluth, in said County, on Monday, the 22nd day of August, 1915, at ten o'clock a. m., and all persons interested in said estate are hereby cited and required to appear at said time and place to show cause, if any there be, why said petition should not be granted. Ordered further, That this order be published by publication in the Duluth Herald, according to law, and by mailing a copy of said notice to each heir and to E. H. Johnson, Norwegian Consul, at least fourteen days before said day of hearing. Dated at Duluth, Minn., July 9, 1915.
By the Court,
S. W. GILPIN, Judge of Probate.
Clerk of Probate.
Attest: R. E. FOWNE, Notary Public for administrator, Duluth, Minn.
Seal, Probate Court, St. Louis County, Minn., D. H., July 9, 1915.

SUMMONS IN PROBATE COURT FOR REGISTRATION OF LAND.

State of Minnesota, County of St. Louis—ss.
District Court, Eleventh Judicial District.
In the matter of the application of Walter J. Johnson, to register the title to the following described real estate situated in St. Louis County, Minnesota, to-wit: Lot 31, (6) of Section thirty-one (31), in Township thirty-three (33), North of Range sixteen (16), West of the 4th Principal Meridian, according to the United States Government Survey thereof.
vs.
Applicant,
Vernon B. and Outing Company, Mary (alias) McCormick, widow of E. McCormick, deceased; C. A. McCormick, H. E. McCormick, E. E. McCormick, (alias) Bull, wife of Edward Bull, H. W. McCormick, Claude M. Rumb, W. J. Wheeler, E. L. Wheeler, Mary (alias) Boyer, wife of Herman Boyer, deceased; E. A. Stockbridge, Ellen Grant, Alexander Grant, Christina McCormick, unknown heirs of E. McCormick, deceased; unknown heirs of George E. Wheeler, deceased; unknown heirs of John Grant, deceased; and all other persons or parties claiming an interest in the real estate described in the application herein.
You are hereby summoned and required to answer the application of the applicant in the above entitled proceeding and to file your answer with the clerk of the court within twenty (20) days after the service of this summons upon you, exclusive of the day of such service. If you fail to answer the said application within the time aforesaid, the applicant in this proceeding will apply to the Court for the relief demanded therein.
Witness, J. P. Johnson, Clerk of said Court, and the seal thereof, at Duluth, in said County, this 9th day of July, A. D., 1915.
By the Court,
S. W. GILPIN, Judge of Probate.
Attest: R. E. FOWNE, Notary Public for administrator, Duluth, Minn.
Seal of District Court, St. Louis County, Minn., D. H., July 9, 1915.

ORDER TO EXAMINE FINAL ACCOUNT.
State of Minnesota,
County of St. Louis—ss.
In Probate Court, in the Matter of the Estate of Thomas H. Irwin, Deceased.
The petition of John W. Irwin as representative of the above named decedent, together with his final account, having been filed in this court, representing among other things, that he has duly administered said estate, and praying that said final account of said administrator be heard, allowed, justified and allowed by the Court, and that the Court make and enter its final decree of distribution of the estate of said decedent to the persons entitled thereto, and for the discharge of the representative and the sureties on his bond. It is Ordered, That said petition be heard, and said final account examined, justified, and if correct, allowed by the Court, at the Probate Court Rooms in the Court House, in the City of Duluth, in said County, on Monday, the 22nd day of August, 1915, at ten o'clock a. m., and all persons interested in said estate are hereby cited and required to appear at said time and place to show cause, if any there be, why said petition should not be granted. Ordered further, That this order be published by publication in the Duluth Herald, according to law, and by mailing a copy of said notice to each heir and to E. H. Johnson, Norwegian Consul, at least fourteen days before said day of hearing. Dated at Duluth, Minn., July 9, 1915.
By the Court,
S. W. GILPIN, Judge of Probate.
Clerk of Probate.
Attest: R. E. FOWNE, Notary Public for administrator, Duluth, Minn.
Seal, Probate Court, St. Louis County, Minn., D. H., July 9, 1915.

any there be, why said petition should not be granted. Ordered further, That this order be served by publication in the Duluth Herald, according to law.

Dated at Duluth, Minn., July 7th, 1915.
By the Court,
S. W. GILPIN, Judge of Probate.
Attest: R. E. FOWNE, Notary Public for administrator, Duluth, Minn.
Seal Probate Court, St. Louis County, Minn., D. H., July 9, 1915.

TO WILHO ALTO:
You are hereby notified that you have made default in the conditions of a certain contract, dated October 6th, 1911, wherein Emeline Rowe agreed to convey to you at the time and upon the performance of the conditions of said contract, the following premises situated in the County of St. Louis, State of Minnesota, to-wit: The Northeast Quarter of the Township of Nine (9) in Township Number Seventeen (17) North of Range Number Fourteen (14) West of the Fourth Principal Meridian, according to the United States Government Survey.

make the payments of the principal and interest to be made and paid under the terms of said contract, and your failure to pay the same, and the residue of the distribution of said estate to the persons entitled thereto, and for the discharge of the representative and the sureties on his bond. It is Ordered, That said petition be heard, and said final account examined, justified, and if correct, allowed by the Court, at the Probate Court Rooms in the Court House, in the City of Duluth, in said County, on Monday, the 22nd day of August, 1915, at ten o'clock a. m., and all persons interested in said estate are hereby cited and required to appear at said time and place to show cause, if any there be, why said petition should not be granted. Ordered further, That this order be published by publication in the Duluth Herald, according to law, and by mailing a copy of said notice to each heir and to E. H. Johnson, Norwegian Consul, at least fourteen days before said day of hearing. Dated at Duluth, Minn., July 9, 1915.
By the Court,
S. W. GILPIN, Judge of Probate.
Clerk of Probate.
Attest: R. E. FOWNE, Notary Public for administrator, Duluth, Minn.
Seal, Probate Court, St. Louis County, Minn., D. H., July 9, 1915.

FOR SALE—HOUSES.

DO YOU WANT A BARGAIN?
(8-22)
WATCH OUR ADVERTISEMENTS.

We are offering another of those splendid bargains in East and West. Here is a real mansion offered at such a ridiculously low price that just its location alone would make money by taking it. It is well located, paved street and alley; stone foundation, hot water heat, oak finish, four fireplaces, laundry, magnificent rooms both in size and finish.

It would take a page to describe this beautiful place. Splendid newspaper advertisement, so come to our office and see it through the house.

(Note—Come to the office, tell us what class of home and location you wish. We are getting new bargains every day. If this isn't the one you are looking for, we will find one that is satisfactory. We will not bother you until we find a home to fill your requirements. We will then notify you by mail or telephone.)

UNITED STATES AND GERMANY IN DEADLOCK OVER LAW GOVERNING RIGHTS OF NEUTRALS

FEELING OF OPTIMISM IS AGAIN MANIFESTING ITSELF IN LONDON

RESISTANCE OF RUSSIANS GRATIFYING

Believed They Are Holding
Germans From Offensive
in West.

Victory of Botha in South
Africa Severe Blow to
Teutons.

Size of Captured Territory
Greater Than Entire
German Empire.

London, July 10.—A feeling of optimism, which had been absent for some time, again is manifesting itself here. This feeling is presumably due to Gen. Botha's victory in German Southwest Africa, which at one stroke deprives Germany of territory larger than that of the German empire.

The size of the captured territory is enormously disproportionate to that of the defending forces, which consisted of 200 officers and 3,150 men. These numbers included reservists and police as well as the regular military.

The cheerfulness of the Entente allies also has been aided by the stands being made by the Russians near Lublin in Southern Russian Poland and along the Zlota Liza river in Galicia.

It is believed that the stubborn resistance of the Russians is doing much to postpone the dreaded German offensive along the western front.

Only fragmentary summaries of the German reply to the United States have so far been published here, but for several days the British press has been busy predicting that Berlin's reply to the second Lusitania note would be unsatisfactory.

The newspapers' comment at length on the speech of Field Marshal Earl (Continued on page 4, fifth column.)

APPLICATION FOR WRIT OF ERROR FOR BECKER IS DENIED BY HUGHES

SAYS UNITED STATES MUST WAR
WITH GERMANY OR TAKE REBUFF

HANNIS TAYLOR.

Montgomery, Ala., July 10.—Hannis Taylor of Washington, former minister to Spain and an international lawyer, before the Alabama State Bar association here, discussing the United States and its duties as a neutral, said:

"The time is approaching when we must either place ourselves in a state of war with Germany or accept a rebuff at her hands. The decision on the question of war or peace is vested by the Constitution in congress alone and no other authority should attempt to exercise it."

Mr. Taylor declared congress should meet immediately to plan measures to deal with Great Britain's blockade.

Argument Made Before Supreme Court Justice at His Camp.

Decides There Is No Substantial Federal Question Involved.

Bourke Cockran Visits
Rangeley Lakes to Make
Appeal.

Rangeley, Maine, July 10.—Justice Charles E. Hughes has refused the application for a writ of error to the United States supreme court made by counsel for Charles Becker of New York, who has been condemned to die in the week of July 26, for the murder of Herman Rosenthal, the gambler.

The application was denied upon the ground that there was no substantial federal question.

Made at Summer Camp.

It is understood that the argument upon the application for the writ was made at the justice's summer camp at Rangeley lakes yesterday by W. Bourke Cockran of New York. Mr. Cockran left for home today without having made any statement regarding his mission and nothing of the procedure was made known before the following authorized announcement:

"Application was made yesterday to Justice Hughes for a writ of error in the case of Charles Becker and was denied upon the ground that there was no substantial federal question."

Justice Hughes declined today to make any comment on the case.

Two Killed by Lightning.

St. John's, Nfld., July 10.—The purchase by the Russian government of ice breaking steamer Bruce from the Field Newfoundland company was announced today. It is understood that the Bruce with her sister ship, Lint-

GREAT STRIKE IN CHICAGO SETTLED

Chicago, July 10.—The strike of 16,000 carpenters, which for two months practically has paralyzed the building industry in Chicago, is over.

Settlement was reported early today after committees representing the carpenters, building construction employers association and building material interests had been locked in conference since 2 o'clock yesterday afternoon. The carpenters were ordered to return to work at once.

The agreement provides that the men shall receive 70 cents an hour and that they accept what is called "a uniform agreement" which will prevent strikes and lockouts. The agreement is for three years, dating from May 31. It provides for a closed shop and also stipulates that there shall be no restriction regarding the source of building material, whether manufactured here or elsewhere.

GREAT ACTIVITY BY GERMAN SUBMARINES

Italian, Norwegian and British Steamship Torpedoed and Sent to Bottom By Teuton Undersea Craft.

London, July 10.—The steamship Clio (presumably Italian) and the Norwegian steamer Nordana were torpedoed and sunk today by German submarines.

The members of the crew of the Clio were saved and are now being landed at Liverpool.

The crew of the Nordana is expected at Aberdeen, the boat containing the sailors having been towed twenty-five miles by a German submarine.

Ellesmere Sunk.

The British steamship Ellesmere was shelled and then torpedoed and sunk today by a German submarine off the Cornish coast. The crew of twenty-one men with the exception of a Norwegian fireman, who was killed by a shell, was saved.

Steamer Bottom Up.

New York, July 10.—Officers and passengers on the Russian steamship Czar that arrived here today from Archangel said they had sighted in the White sea on June 27, when within a day's run of Archangel, a wrecked steamship floating bottom up in the sea, surrounded by a mass of wreckage and cargo. The Czar steamed round the wreck several times searching for survivors but none was found. The identity of the ship was not determined, the name on her stern having been partly obliterated with only the letters U M L O and beneath the letters O N D O showing. The latter were thought to have been part of the name of the sailing port, London.

The bows of the ship were smashed in, evidently by a mine or torpedo. Among the names of the steamship having registry, that of the Drumloist appears closest identified with the name on the stern of the wrecked vessel seen from the Czar. Maritime records show the Drumloist sailed from London June 2 and was last reported at June 4. The Drumloist is a ship of 3,118 tons.

Russian Steamer Shelled.

London, July 10.—The Russian steamer Anna from Archangel, Russia for Hull, was shelled by a German submarine today off the North coast. The crew abandoned the ship and landed at Peterhead, Scotland. The Anna is reported to be still afloat.

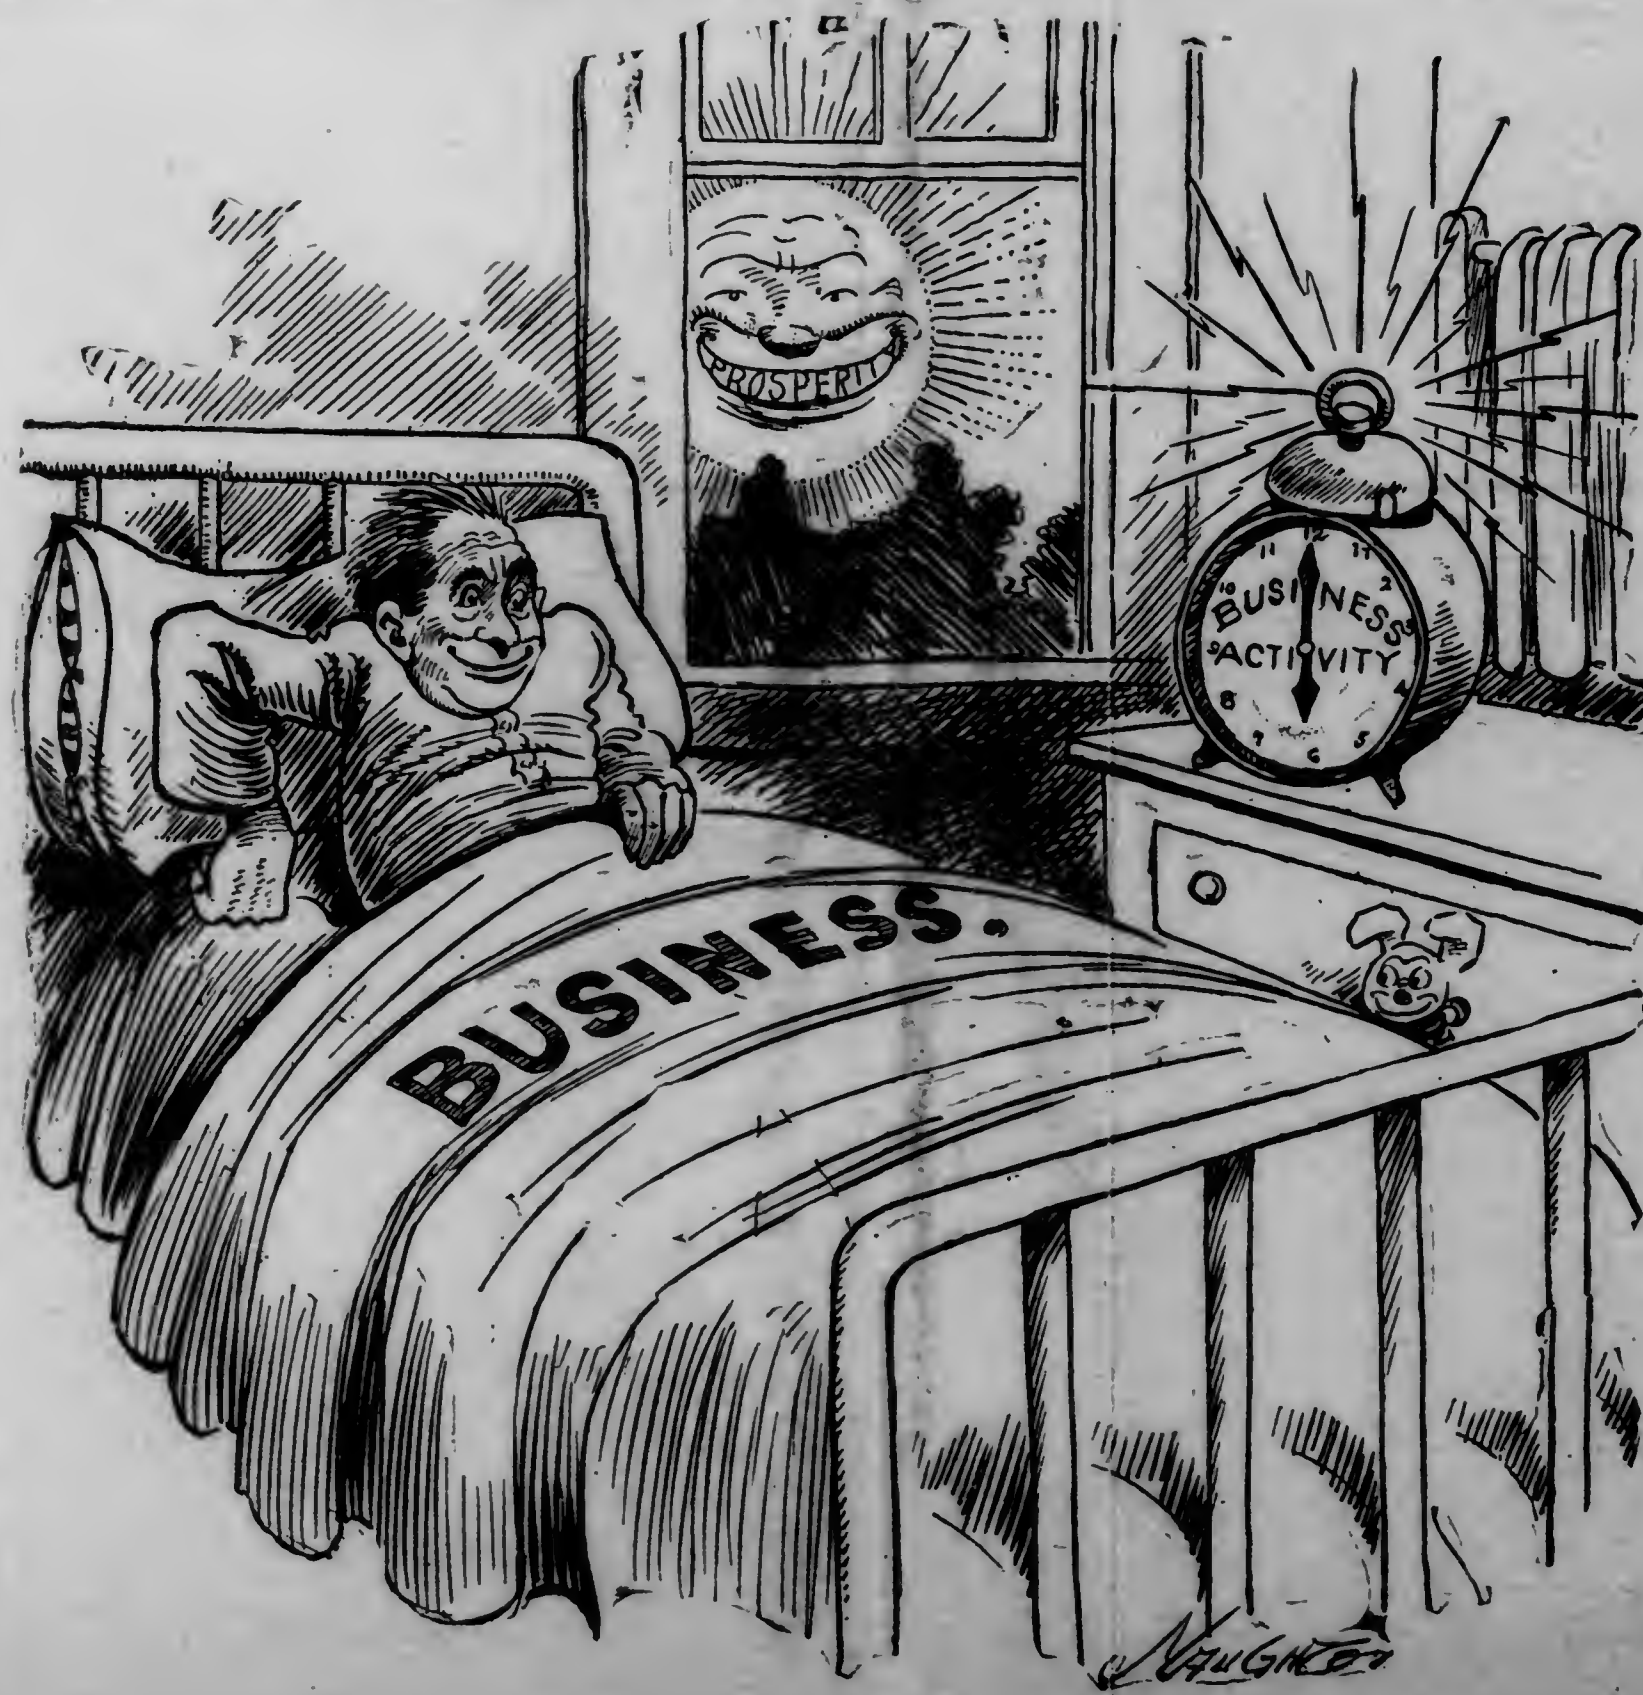

Russian Government Buys Ice Breakers.

St. John's, Nfld., July 10.—The purchase by the Russian government of ice breaking steamer Bruce from the Field Newfoundland company was announced today. It is understood that the Bruce with her sister ship, Lint-

rose, bought by Russia last winter, will be used in the White sea during the fall and winter in an effort to keep open later than usual the channel to the port of Archangel.

The Bruce and the Lintrose were built a few years ago for service in Cabot strait, between Newfoundland and Cape Breton, where heavy ice is encountered in the winter. They are 1,665 tons.

NO TIME OR PLACE FOR LAGGARDS.

NO ACTION WILL BE TAKEN UNTIL RETURN OF THE PRESIDENT

Generally Admitted That German Reply to Last Note of United States Is Far From Being Satisfactory.

Situation Now Thought to Resolve Itself Entirely Into a Question of Policy Depending on the President.

Washington, July 10.—Outward calm and a disposition to await the return of President Wilson from Cornish, N. H., describe the feeling in official quarters here today following publication of the German reply to the American note on submarine warfare.

Secretary Lansing stated that while he had no reason to doubt the correctness of the version transmitted in news dispatches, no formal consideration could be given to the question until Ambassador Gerard's official copy has been received. That probably will reach here late tonight. No word had been received today beyond the fact that it was being telegraphed between Berlin and the American legation at Copenhagen, from where it will be cabled through London to the United States.

Secretary Tumulty was in communication with President Wilson over the time of the latter's return and promised an announcement later in the day. Officials generally were agreed that the German reply was far from satisfactory and that the United States was faced with another difficult situation in its relations with Germany. It was pointed out that the American government and Germany had practically reached a deadlock on the law in the case, evidently neither side being willing to recede from its position. The situation was now thought to resolve itself entirely into a question of policy, which depends on President Wilson.

HOLLAND RELIES ON THE UNITED STATES TO TAKE NOTE TO PRESIDENT

Expects This Country to Firmly Establish Rights of Neutrals.

New York, July 10.—Holland is relying on the United States firmly to establish the rights of neutral nations in war, according to the Rev. Tertius Van Dyke, who for six months acted as secretary to his father, Dr. Henry Van Dyke, American minister to Holland and Luxemburg. In his first public address since his return from Holland, delivered here last night, the Rev. Mr. Van Dyke said that the Dutch government is in accord with President Wilson's policy as outlined in the American notes to Germany.

"Holland is still apprehensive," he said. "She is ready for any eventualities. Her army, mobilized at full war strength, is, I believe, a factor to be reckoned with. I do not think that \$10,000 is too high an estimate of the number of men the kingdom can mobilize."

"In her firm attitude of neutrality Holland resembles the United States. The Dutch adopted neutrality of their own accord and are ready to defend it. I think they would fight no matter what the circumstances. Holland knows that geographically it is in a perilous position. Her shipping is suffering from two causes. German submarines sink their ships and British patrol boats delay them."

President Wilson will remain here over Sunday. He has not made definite arrangements for returning to Washington to discuss the German note with his advisers. If possible he will return here as soon as he has finished consideration of the note and the position to be taken by the United States.

SUMMARY OF THE WAR NEWS

The Russian official statement reports the blocking of German attempts to advance toward Warsaw from the north and west and declares the offensive taken by the Russian armies below Lublin is developing.

The Teutonic forces in this Southern Poland region are continuing to retreat, Petrograd declares, but are fighting stubbornly as they retire. A Petrograd correspondent says the Germans are sending strong reinforcements for this army and it is believed there will shortly be an attempt by it to recover its lost initiative.

Along the Austro-Italian front the repulse of Austrian attacks in several sectors is reported from Rome. The latest statement from Vienna reports comparative quiet along this front and the breaking up of isolated attacks by the Italians.

The German reply to the American note on the Lusitania and submarine warfare has been published both in this country and in Germany, but the official text is not in the hands of the Washington government. Pending its receipt and in the absence of President Wilson from the capital, comment in official circles is withheld.

Indication of the way the note is regarded in Germany is furnished by cable excerpts from an editorial in the Berlin Morgen Post which declares the answer "in every way worthy of Germany" and expresses the conviction

HOLT'S BOMB HURLED SAILORS HIGH IN AIR

Practically No Doubt Explosion on Steamship Minnehaha Was Caused By Infernal Machine; Steamer Saved.

Halifax, N. S., July 10.—A bomb placed aboard the Atlantic transport liner Minnehaha, probably while she lay at her pier in New York, caused the explosion and fire at sea, in the opinion of the officers of the steamer which put in here for examination yesterday.

The explosion occurred in No. 3 hold, and was of terrific force, shaking the vessel from stem to stern. Those of the crew who were forward at the time were fairly stunned by the shock and two sailors were hurled bodily into the air. Flames followed quickly and for two days and two nights the

crew battled heroically to save the ship.

There is no doubt in the minds of the officers that Erich Muenster, alias Frank Holt, or confederates were responsible for the explosion which occurred at 4:15 o'clock on the afternoon of July 7, the date upon which Muenster predicted that some vessel, of the name of which he appeared uncertain, would be destroyed.

Plans Frustrated.

Muenster's plans were frustrated by the fact that his weapon of destruction was placed with miscellaneous freight forward, and so was separated, by stout bulkheads, from an enormous

several weeks," said Mr. Bonner, "and will complete their task tonight. Remarkable gains in many districts of the city, with not a single district reporting a loss, will show a gain in population doubling that made in 1914, according to an announcement today by C. J. Bonner, manager of the local office of the Polk company.

"Our checkers have been at work for

(Continued on page 4, third column.)

DULUTH'S POPULATION IS ESTIMATED AT 95,000

Remarkable Increase Will Be Shown By Directory Figures.

Duluth's 1915 population is 95,000, compared with 91,435 in 1914.

The thirty-fourth annual directory, to be issued about Aug. 20 by the R. L. Polk company, will show a gain in population doubling that made in 1914, according to an announcement today by C. J. Bonner, manager of the local office of the Polk company.

hour of going to press at Column 175-M and Cole 447.

MORE MEN PUT TO WORK

Steel Plant Is Enlarging
Crews of Common and
Skilled Workmen.

Good Men in Demand;
Cement Plant to Open
Next Spring.

About twenty-five common laborers and several skilled workmen were put to work this morning at the Minnesota steel plant. Several skilled workmen whose names were in the possession of foremen of the plant were notified yesterday to report for work this morning and others are expected to arrive in the city to go to work Monday.

Machinists, electricians and bricklayers are said to be principally in demand. In order to complete the plant in time to be ready for making steel on Nov. 1 it is said that a great deal of wiring, bricklaying and setting up of machinery is required. The greater part of the machinery already on the ground ready to be put together and set in place.

Looking for Good Men.
Foremen at the plant are keeping their eyes open for the best class of common labor according to stories told at Gary. Several men who were observed to be working industriously on the paving job are said to have been given slips entitling them to jobs at the plant. The slips are said to have been given because of the fact that they were working hard and were not wanted.

When the Northern Pacific passenger carrying the workmen from West Duluth left the West Duluth station at 6:45 this morning it carried seven coaches whose seating capacity was taxed. An additional crowd got on at Sixty-third avenue west.

Over time is being allowed throughout the long summer days at the plant. The entire force of men making at Morgan park and Gary is now working two hours a day. The men have a half hour for lunch between 5:45 and 6:15 p. m. Considerable inquiry is said to have been made yesterday and this morning among the electrical workers of the city as well as the bricklayers for men. It is said that several men were employed.

No Effect on Cement Plant.
The rush order to construct the steel plant will not affect the work at the Universal Portland Cement company. Orders to operate the latter plant before April 1 are not expected, according to L. S. Huey, superintendent of the plant. The superintendent said that the November was about the closing month for shipments for the cement plant. If cement was made during the winter it would have to be put in storage. There are about 175 men employed at this plant at the present time and small additional crew will probably be put to work by Aug. 1.

PICNIC FOR NEXT WEEK.

Westminster Sunday School Plans
Its Annual Outing.

The annual picnic of the Sunday school of the Westminster Presbyterian church will be held Thursday of next week at Fairmont park. A program of sports will be the principal feature of the afternoon's entertainment. A baseball game between the Westminster juniors and the "We Brothers" class will be played. The arrangements for the affair are being made under the direction of several committees. The sports committee comprises W. L. Fowler, William Ritchie and Loyal Schobert; finance, R. F. Smallidge, A. P. Johnson and A. Barnes; dinner, Miss Minnie Blackney, Mrs. Blanchard and Miss Nichols.

JOINT INSTALLATION.

Rebekahs and Odd Fellows Will In-
duct Officers Tuesday.

Joint installation ceremonies will feature the annual installation of officers for the Rebekah lodge No. 185, and Proctor lodge No. 3, O. O. F., Tuesday evening, Mrs. Carl Greene will install the Rebekah lodge officers and John Sathers the Odd Fellows. Mrs. Winifred Hanson is noble grand-elect and Mrs. Ethel Peterson vice noble grand-elect for the Rebekahs, and Peter Severson is noble grand-elect and Otto Palmer, vice noble grand-elect for the Odd Fellows. A social session has been planned to follow the ceremony.

NEW BEACH IS POPULAR

Grassy Point Is Expected
to Be Mecca for
Bathers.

Despite Chilly Winds, At-
tendance Has Averaged
Sixty Daily.

Warm winds are the only thing needed to put the Grassy point beach in condition for bathers. Despite the sharp winds off the lake, the beach at Grassy point has rapidly grown in favor with the small boys. During the last week an average of sixty have gone in bathing daily, and while this number is small, considering the newness of the place as well as the cold weather, the number may be considered remarkable.

Henry Cleveland, superintendent of parks has just installed dressing rooms for men and women. The two houses have been set near the beach. Each contains twelve dressing compartments.

It is probable that the attendants at the place will be supplied with towels and soap as well as with the necessary equipment. The rental will probably be nominal, and the soap and towels furnished at low prices. The park department has also erected a tent thirty feet square on the grounds, which is designed as a resting place. Several benches have also been placed on the grounds. It is expected that several tables will be put on the grounds within a short time.

WELL KNOWN PASTOR RESIGNS

Rev. Mr. Engstrom Will Ac-
cept Two Charges in
September.

Rev. C. V. S. Engstrom, pastor of the Covenant Swedish Mission church, Fifty-ninth avenue west and Green street, has resigned and accepted a call to take charge of the two congregations located at Evansville and Lake Ida, Minn. His resignation will take effect on Sept. 1.

A school for instruction in Swedish will be opened at the Westminster church, Fifty-ninth avenue west, on his arrival here the congregation was meeting in a small church at the same location, but will move to the Westminster church.

REV. C. V. S. ENGSTROM.

recently he has been instrumental in having erected a handsome edifice, which compares well with other houses of worship in the city.

Mr. Engstrom will leave this city on Sunday, Aug. 29, and leave with his family so as to assume charge of his new congregations on Sept. 1. The pastor and his family have been residing at 5215 Green street.

The congregation has extended a call to Rev. Arvid Ostlund of Wilmar, Minn., to assume charge of the church. Rev. Mr. Ostlund will arrive in the city the latter part of next week to look over the field and will preach at the church on July 18. It is probable that his answer to the call will not be received by the congregation until after Aug. 1.

Fire in Residence.
Fire this morning at the home of Thomas Grimes at Proctor caused con-

siderable damage to the building and contents. It was discovered at 8:30 o'clock. Defective wiring is believed to have been the cause. The kitchen was badly damaged and the contents of the house nearly ruined by smoke. The family has been away for nearly three weeks visiting relatives in Boston and are expected to return early next week.

POOR STREETS DISCUSSED

City Scored for Bad Condi-
tion of Fairmont Park
Roads.

Fire Department Handi-
capped, Declares Chair-
man of Committee.

The poor condition of West Duluth streets was the principal subject of discussion last night at the meeting of the West Duluth Commercial club. The public works department was criticized for the bad roads leading into Fairmont park and to the houses of people residing in the outskirts of the city.

"It is nearly impossible to bring an automobile into Fairmont park without danger of wrecking the machine," said Emil J. Zauft. "This park is one of the most beautiful in the city and the spot to which thousands of people are attracted every week. The road into the park from the city is in a most deplorable shape, terribly cut up, and if a person attempts to get into the place he is doing so at the risk of breaking his automobile."

Several members of the club expressed their indignation at the failure of the city in providing a good roadway into the park. The subject was referred to the club's streets and alleys committee in order to have taken up at once with the department.

L. S. Larson charged that it was because of poor streets which were inaccessible for the fire department, that a residence was totally destroyed by fire on Monday morning on Warden street. He said that the department had great difficulty in getting to the place and after it had got there it was nearly impossible to get water connections near there.

Judge H. W. Lanners, chairman of the club's streets committee, for better and more paving, reported that at a meeting of the city board of public works made some time next week by the committee. Commissioner J. A. Farrell will be invited to take the trip with the committee.

Plan Joint Picnic.

The three Sons of Norway lodges and three Daughters of Norway lodges of the city will plan a joint picnic at Lester park on Sunday, Aug. 1, according to arrangements made last night at a meeting of a joint committee representing all of the organizations.

The members of the committee are: Program, Mrs. Grenner, Mrs. Ruske, Mrs. Lesdal and Olaf Flaaten; refreshments, Mrs. Grything, Strand, Hans Johnson, Mrs. Lena Johnson, Mrs. Polmer and Mrs. Hans Hansen.

Will Teach Swedish.

A school for instruction in Swedish will be opened at the Westminster church, Fifty-ninth avenue west, on his arrival here the congregation was meeting in a small church at the same location, but will move to the Westminster church.

A. J. Lindgren returned last night from Minneapolis, where he had been spending the week attending the state convention of photographers.

A false alarm was given at Fifty-eighth avenue and Ramsey street, gave the department a run yesterday afternoon. The alarm was pulled by a boy, it is believed.

Miss Emma Wanger, 418 North Sixty-ninth avenue west, has returned from a visit to relatives at Clair City, S. D.

For rent—Two nice rooms; all conveniences, \$8. 311 North Fifty-eighth avenue west.

Plans for the annual picnic to be held by the Poochontas and West Duluth units of the Royal Leagues on July 25, will be made at the meeting of Tuesday.

Annual installation of officers will take place on Tuesday, July 26, at the Sixty-ninth avenue west, has returned from a visit to relatives at Clair City, S. D.

ADDITIONAL SPORTING NEWS

ROWING FANS BELIEVE THIS IS FASTEST EIGHT OARED CREW YET DEVELOPED IN THE WEST

Left to Right—Lincoln Brown, Cox; Horak, Stroke; D. Moore, 7; Kent, 6; Hagberg, 5; Rheinberger, 4; White-

side, 3; Hall, 2; P. Moore, Bow.
This is the senior eight that it is believed Ten Eyck has finally decided to row both in the Northwestern regatta as well as in the Springfield, Mass., national. There may possibly be one change made in the personnel of the crew. Art Osmen, who stroked the previous year's eight, may be added to the present team. It is the fastest eight that has ever been turned out at the Duluth Boat club and also the fastest eight that has ever been developed in the West.

PLAYING IN SECOND ROUND

First Round in Boat Club
Tennis Tourney Is
Completed.

Four Players Have Already
Gone Into the
"Sixteens."

Four players have advanced to the third round in the Duluth Boat club tennis tournament.

Hegardt, beat John Washburn 6-2 and 6-2, while both of the Kennedy boys and Mac Washburn have advanced to the sixteens. Walter Kennedy defeated Falk 6-2 and 6-2, while Lauren Kennedy disposed of Delighton 6-1 and 6-4. Mac Washburn had little trouble in defeating M. Norski by the scores of 6-2 and 6-1. All games but one in the first round have been completed. The rounds as they stand now are:

Second Round. Third Round.

Central Iowa Tourney.

Toledo, Iowa, July 10.—Finals in the Central Iowa Tennis association's tournament were being played here today. R. N. Hamilton of Milwaukee, Wis., and Fred Bradley of Des Moines, were the contestants for the championship in the singles. In the doubles the contestants for the title were Hamilton and Carl Stiger of Toledo and Paul White of Cedar Rapids, and George Baker of Decorah, Iowa.

Baker Takes a Chance.

New York, July 10.—Against the advice of a physician, Homer Baker, the international half-mile champion, has entered for the half-mile race at San Francisco. Baker was injured in a motor cycle accident several weeks ago and was advised to keep out of any contests this summer.

Palaces vs. New Duluths.

The Palace baseball team will go to Duluth tomorrow to play the New Duluth team in the afternoon. The New Duluth team is said to be crack organization and as the Palace team has already demonstrated that it is not a notch nine, a good game is looked for.

Tag Day Workers Report

Ready and Generous Response—Few Seen Without Tags in Circus Day Crowds.

Duluth is today making up a purse for the starving citizenry of desolated Poland.

That it will be a liberal one is assured by the fact that Polish "tag" girls have reaped a rich harvest from the crowd which thronged Superior street to view the circus parade this morning. Nearly everyone wore a tag and every tag meant a contribution ranging from 5 cents to \$5.

"Our expectations have been more than realized. Duluth people have been so liberal and kind," said Mrs. Ida Redlock Sternal this afternoon. She is directing the canvassing campaign from the office of Lane McGowan, 214 East Third street.

Bright and early this morning more than 100 women and men stood themselves at the principal corners and made a canvass of the office building to be sure they met with a generous response and had little difficulty in disposing of their tags.

Human history has never recorded such ruin and desolation as is now being visited in battle-swept Poland, where countless thousands have been actually dying of starvation.

Poland, the innocent victim of the world's greatest tragedy, has no official spokesman. It is the generosity of the world in its hour of need. But wherever there are Polish people a movement has been started to arouse the sympathy of the world for stricken Poland.

Some of Poland's most noted sons, such as Henrik Sienkiewicz, pianist, and Ignace Jan Paderewski, pianist, and others have organized a worldwide relief committee with headquarters in Switzerland. They are making an appeal to the generosity of the Polish National association, of which there is a branch in nearly every city.

The Duluth officers of the local association are: Anthony Grabarkiewicz, president; B. Kryszyn, recording secretary; Louis Zmyslony, financial secretary; George S. Malecki, treasurer. With the officers are associated Rev. S. A. Ickel, pastor of St. Mary's Catholic church, and Rev. F. P. Schultz, pastor of St. Peter's and St. Paul's churches.

A systematic campaign of the city is being conducted. Rev. Father Ickel, who is the church leader of the Duluth Poles, and Mrs. Stephen H. Jones are in general charge of the campaign. Mrs. Ida Sternal is directing the campaign for the downtown district and East and Mrs. Anna Kramm is directing the campaign for the uptown district. Mrs. Ida Sternal is in charge of operations, west of the Point of Rocks.

Grain Men Liberal.
One of the most liberal donations to the cause of Poland, where it is announced that more than \$225 has been contributed by the grain men of the city. The first public appeal the Polish relief committee has made is for contributions from the grain men. The committee has netted a fund of about \$1,600 to take care of possible donations from outsiders, George S. Malecki.

Will Close at 6.
Shop before 6 on Saturdays. Gray's close at that time. Come at 8:30 Monday for the white sale.

GERMANY REFUSES CONCEDE RIGHT OF AMERICAN SHIPS OF FREE PASSAGE

AMERICANS ON AMERICAN AND NEUTRAL SHIPS WILL NOT BE INTERFERED WITH

General Feeling Exists That Germany's Reply to Note to United States Will Not Prove Satisfactory.

What Action Washington Will Take in Relation to Stand Taken By Germany Is Problematical.

Washington, July 10.—Arrival of the press translation of the German note confirmed impressions which have been current in official quarters for several days that Germany would refuse to give the assurance asked for by the United States in her last note that the lives of Americans traveling the high seas on unarmed ships of any nationality be not endangered.

The press copy arrived too late to be read by many officials and those who saw said they could not comment until the official text from Ambassador Gerard had arrived. This probably will reach here late today or Sunday.

The apparent restrictions placed on Germany on the use of American passenger ships which are to be given complete immunity from interference only if they do not carry contraband was regarded in many quarters as evidence that Germany was wholly evading by Germany and the chief principle for which the United States announced that it would omit "no word or act" to be observed was viewed as having been lightly passed over.

The general feeling that the note would be unsatisfactory and bring to a crisis the friendly relations that have existed between the United States and Germany since the outbreak of the war in official quarters as news of the contents of the note spread.

What the course of the United States will be is problematical.

The text of the German note follows: Berlin, July 9.—The German government has the honor to make the following reply to his excellency, Ambassador Gerard, to the note of the 10th ult. regarding the impairment of American interests by the German submarine warfare.

The imperial German government learned with satisfaction from the note how earnestly the government of the United States is concerned in seeing the principles of humanity realized in the present war, and also this attitude ready echo in Germany and the imperial government is quite willing to permit its statements and decisions on the present case to be governed by the principles of humanity just as it has done always.

"The imperial government welcomed with gratitude when the American government, in the note of May 15 itself, recalled that Germany had always performed its duty as a nation in the principles of progress and humanity in dealing with the law of maritime war. In the international proceedings which since have been conducted for the regulation of the law of maritime war, Germany and America have jointly advocated progressive methods, especially the abolition of the right of capture at sea and the protection of the interests of neutrals."

Germany Was Willing.

"Even at the beginning of the present war the German government immediately declared its willingness, in response to proposals of the American government and thereby subject itself to the use of its naval forces to all the restrictions provided therein in favor of neutrals. Germany likewise has been always tenacious of the principle that war should be conducted against the armed and organized forces of an enemy but that the enemy civilian population must be spared as far as possible from the measures of war."

The imperial government cherishes the definite hope that some way will be found, when peace is concluded, or perhaps earlier, to regulate the law of maritime war in a manner which will welcome it with gratitude and satisfaction if it can work hand in hand with the American government on that occasion.

"If in the present war the principles which should be the ideal of the future have been traversed more and more, the longer its duration, the German government has no guilt therein. It is known to the American government how Germany's adversaries, by completely paralyzing neutral countries, have aimed from the very beginning and with increasing lack of consideration at its destruction, not so much of the armed forces as the life of the German nation, repudiating in doing so all the rules of international law and disregarding all the rights of neutrals."

"On Nov. 3, 1914, England declared the North sea a war zone and by the stoppage and capture of vessels made passage extremely dangerous and difficult for neutral shipping, by that action blockading neutral ports and ports contrary to all international law. Long before the beginning of submarine warfare, England practically completely intercepted legitimate neutral navigation to Germany."

Also, this Germany was driven to a submarine war on trade.

"On Nov. 14, 1914, the English premier declared in the house of commons that it was one of England's principal tasks to prevent food for the German population from reaching Germany via neutral ports. Since March, England has been taking from neutral ships without further formalities all merchandise destined to Germany, as well as all merchandise coming from Germany, even when neutral property. Just as it was also with the Boreas, the German people is now to be given the choice of perishing from starvation with its women and children or of relinquishing its legitimate neutral navigation to Germany."

While our enemies thus loudly and openly proclaimed war without mercy until our utter destruction, we were conducting war in accordance with our national existence and for the sake of peace of an assured permanency. We have been obliged to adopt a submarine warfare to meet the declared intention of our enemies to conduct warfare adopted by them in contravention of international law.

"With all its efforts in principle to protect neutral life, the German government recognized unreservedly in its memorandum of Feb. 4 that the interests of neutrals might suffer from the submarine warfare. However, the American government will also understand and appreciate that in the fight for existence which has been forced upon Germany by its adversaries and announced by them, it is the sacred duty of the imperial government to do all within its power to protect and save the lives of German subjects. If the imperial government were derelict in these its duties, it would be guilty before God and history of the violation of those principles of highest humanity which are the foundation of every national existence."

"The case of the Lusitania shows with horrible clarity to what jeopardizing of human lives the manner of conducting war employed by our adversaries has led. The most direct and most effective of international law all distinctions between merchantmen and war vessels have been obliterated by the order to British merchantmen to arm themselves with machine guns and to ram submarines, and the promise of rewards, therefore, to neutrals who use merchantmen as traveling vessels. The result has been an increasing degree to all the dangers of war."

Nearest Destruction of Own Vessel.

"If the commander of the German vessel which destroyed the Lusitania had caused the crew and passengers to take to the boats before firing a torpedo, this would have saved the sure destruction of his own vessel. After the experience in sinking much smaller and less seaworthy vessels, it was to be expected that a mighty ship like the Lusitania would remain above water long enough to enable the crew and passengers to take to the boats before firing a torpedo. Circumstances of a very peculiar kind, especially the use of a once on board of large quantities of highly explosive material (which was, possibly, 'disseminated') this expectation. In addition it may be pointed out that the Lusitania was not a passenger ship, but a transport ship, carrying thousands of cases of munitions for the German army and navy, and the lives of American citizens, man, woman and child, were thus exposed to the danger of destruction."

In the spirit of friendship, where, with the German nation has been inclined toward the Union and its inhabitants since the earliest days of its existence, the imperial government will always be ready to do all it can during the present war also to prevent the jeopardizing of lives of American citizens. The imperial government, therefore, repeats the assurances that American ships will not be hindered in the prosecution of legitimate shipping and the lives of American citizens in neutral vessels shall not be placed in jeopardy."

To permit passage of American ships. In order to exclude any unforeseen dangers to American passenger steamers, made possible in view of the conduct of maritime war by Germany's adversaries, Germany's government will be instructed to permit the free and safe passage of such passenger steamers when made recognizable by special markings and notified a reasonable time in advance. The imperial government, however, confidently hopes that the American government will assume to guarantee that these vessels have no contraband on board, details of armament, for the unhindered passage of these vessels to be agreed to by the naval authorities of both sides."

In order to furnish adequate facilities for travel across the Atlantic for American citizens the German government submits for consideration the proposal to increase the number of available steamers by installing in passenger service a reasonable number of neutral steamers under the American flag, the exact number to be determined upon the same condition as the above mentioned American steamers. The imperial government believes that

TWO MAIN POINTS IN GERMANY'S REPLY

First: Reiterated assurance that American ships engaged in legitimate trade will not be interfered with nor the lives of Americans upon neutral ships be endangered.

Second: The German submarines will be instructed to allow American passenger ships to pass freely and safely, Germany entertaining in return the confident hope that the American government will see that these ships do not carry contraband; such ships to be provided with distinguishing marks and their arrival announced a reasonable time in advance. The same privilege is extended to a reasonable number of neutral passenger ships under the American flag, and should the number of ships thus available for passenger service prove inadequate, Germany is willing to permit America to place four hostile passenger steamers under the American flag to ply between North America and Europe under the same conditions.

It can assume that in this manner adequate facilities for travel across the Atlantic ocean can be afforded American citizens. There would, therefore, appear to be no reason why it should be impossible for American citizens to travel to Europe in time of war on ships carrying an enemy flag. In particular, the imperial government is unable to admit that American citizens traveling on enemy ships through the mere fact of their presence on board.

Reiterated English Example.

"Germany merely followed England's example when she declared part of the high sea an area of war and not an enemy ship, but a neutral ship, which is to which neutrals are at all times exposed at the sea of war and when they take themselves into dangerous localities in spite of previous warnings. However, it should not be possible for the American government to require an adequate number of neutral passenger steamers, the imperial government is prepared to interpose no objections to the placing under the American flag by the American government of four enemy passenger steamers for passenger traffic between North America and Europe. The imperial government will see that these ships do not carry contraband and will see that they are provided with distinguishing marks and their arrival announced a reasonable time in advance. The same privilege is extended to a reasonable number of neutral passenger ships under the American flag, and should the number of ships thus available for passenger service prove inadequate, Germany is willing to permit America to place four hostile passenger steamers under the American flag to ply between North America and Europe under the same conditions."

DULUTH'S POPULATION ESTIMATED AT 95,000

(Continued from page 1.)

lake shore to Woodland, between Nineteenth and Fort Snelling, there has been a remarkable gain. Our men have found new houses on every side. I have seen a house which indicates an increase of at least 250 there. Of course in the steel plant district there is a considerable increase. We have not secured the names of the several hundred persons who probably will settle there during the next month or so, but as the record shows there is a gain of more than 500.

"Lakeside shows a gain of 340, which is a very good record. No. 6, between Fourteenth and Twentieth avenues west, the totals have jumped by at least 200. That is the way it is running throughout almost the whole city."

When the last directory was issued, Mr. Bonner estimated the city's population at 91,435. That was an increase of 2,000, the 1913 book being the basis for an estimate of 89,435 persons.

"With this jump to 95,000, Duluth will be one of the largest cities in a poor year, and is to be congratulated," said Mr. Bonner. "It is not a very good year, but even the most optimistic did not look for a gain of 3,500 in a single year."

A large force will start compiling the names Monday morning.

HOLT'S BOMB HURLED SAILORS HIGH IN AIR

(Continued from page 1.)

cargo of ammunition which, with other inflammable munitions of war, is being loaded on the ship for the holds.

While the sailors fought the fire, Capt. Claret headed his ship for Halifax and brought her safely through a gale and fog to an anchorage in the lower harbor here at 1 o'clock this afternoon. At that time the flames were still burning furiously. No hold but late yesterday afternoon it was announced they had been extinguished. The theory of spontaneous combustion was never entertained, as the explosion was followed by the language from the kitchen of the ship, which was seriously hampered the crew in their fight, and the officers persisted had been lost by some infernal instrument.

Thrilling stories by crew.

Thrilling stories were told by the 100 men who made up the crew of the freighter. The first two days out were uneventful. The Minneapolis was bound for London last Sunday evening. A half hour after midnight on Wednesday morning, something started by the receipt of a wireless message from New York. The ship was reported to have been exploded in vessels that had been from New York for London last Sunday evening. The captain immediately ordered the small boats swung out in readiness for lowering if an explosion occurred.

At a quarter after four the same afternoon, when the ship was 570 miles southeast of Halifax, something let go in the third compartment and the ship trembled violently. One of the hatch covers shot off, carrying

NINE BOMBS IN SHIP'S CARGO

Hidden in Bags of Sugar on Steamer Kirkoswald From New York.

Six Fall From Sack as Cargo Is Unloaded; None Explode.

New York, July 10.—Nine bombs were found aboard the steamer Kirkoswald at Marcellus when the vessel went to discharge its cargo of sugar from New York on her last voyage, according to the Kirkoswald's officers, who reached here today on the steamer's return trip.

None of the bombs exploded and all were hidden in bags of sugar, the Kirkoswald's officers said. The sugar was taken aboard, they said, at the Fabry line pier in Brooklyn.

All the bombs were found while unloading the cargo.

Sailed From New York May 2.

The steamer Kirkoswald, the British flag, sailed from New York May 2 for Marcellus. This was about the time that the activities of the bomb placers, so far as yet disclosed, reached their height. Of the three other vessels which, it was learned recently, sailed out of New York with bombs secreted in their cargo, two departed within a few days of the Kirkoswald's departure. The Lord Erne, sailing April 29 and the Bankdale, which left here May 1.

Like the Kirkoswald, both these vessels were British and both sailed for Marcellus. The United States secret service and the French government, it was said, are conducting investigations of these attempts to destroy the vessels. Whether the instances are really connected with the Kirkoswald, were under investigation could not be ascertained.

The Kirkoswald is a vessel of 4,021 tons gross register, is 370 feet long and was built in 1912. She is owned by J. H. Edwell & Co., agents of the Fabry line.

Bombs Roll Out.

Six of the bombs were found in one sack of sugar which burst as the steamer was unloading its cargo with slings. The bombs were found and small and rolled on the deck. Another sack contained three bombs.

The bombs were all alike. Where the explosives had been placed was sealed with soft wax, or resin, with the idea of producing combustion in the case of a fire. The bombs were all alike. Where the explosives had been placed was sealed with soft wax, or resin, with the idea of producing combustion in the case of a fire. The bombs were all alike. FEELING OF OPTIMISM

(Continued from page 1.)

Kitchener at the Guild hall yesterday, according to his views regarding conscription, one faction maintaining that the conscription bill was a direct warning of the possibility of forced military service. Others, however, maintained that the bill was a direct warning of the possibility of forced military service.

German Surrender.

Pretoria, Union of South Africa, July 10, via London, 2:55 p. m.—The supplementary terms of surrender signed by Dr. Seitz, the imperial governor of German Southwest Africa, and the transfer to the Union of South Africa of the entire property of the German government, as well as all war material and all the military forces.

German Statement.

Berlin, July 10, via London, 3 p. m.—The German army headquarters declared yesterday that the following statement: "In the western theater: Military activity only slight along the entire front throughout the day. Three French attacks at Leunoy, a direct attack on the southern slope of Hill 621, near Band-Sant, broke down under our artillery fire."

"During the night a projecting French trench was taken by storm in the Champagne district, northeast of the Bausejour farm. Joining this trench the east, we undertook a few successful mine explosions. "Between Ailly and Apremont isolated fighting at close quarters took place."

"In the forest of Le Pretre we improved our new positions by making an advance. "Since the 4th of July 1,798 prisoners, including 21 officers, were taken. Three cannons, twelve machine guns and eighteen mine throwers were captured in the battles between the Meuse and the Moselle. At Lientrey, east of Lunerville, night advances made by the enemy against our outer positions were repulsed."

"In the eastern theater: An attack made by the enemy on Osowetz was repulsed. "In the southeastern theater: The situation with the German troops remains unchanged."

French Statement.

Paris, July 10, 2:22 p. m.—The French war department today issued the following statement: "In the north of Arras certain attempts at attack on the part of the Germans were repulsed. The enemy's positions on the road from Arras to Souchez were repulsed. The enemy's positions on the road from Arras to Souchez were repulsed. The enemy's positions on the road from Arras to Souchez were repulsed."

"In the Champagne district, along the front between Perthes and Bausejour, between Hill No. 186 and the fort, a German attack was met by

Alive to Opportunity

A man who expects to better his condition must be keenly alive to opportunities as they present themselves.

The time when a man can drift along and still make progress has passed.

To get in a "rut" and stay there, shows lack of ambition, grit and perseverance.

Opportunities are coming up every day only to be passed by for want of ready money.

It therefore follows, that the man "alive to opportunity," banks something out of every day against the time when "ready money" will enable him to take advantage of it and profit accordingly.

DULUTHIANS TAKEN CAPTIVE BY BARNUM & BAILEY'S "GREATEST SHOW ON EARTH"

ANIMAL WAGONS

Juvenile dreams came true and mature expectations were realized today. The Barnum & Bailey "Greatest Show on Earth," the "circus perennial," the circus of our forefathers and the circus of our children, made good its claims and proved its title clear.

Early this morning it took the city a willing captive, surpassing its triumphs of former invasions and its day's visit will probably live long and joyously in the memory of young and old.

Bigger and Brighter.
Physically the circus is bigger and brighter than ever before; rigid discipline and efficient organization were evident at every turn; the street parade was even more than was promised in magnitude, splendor and diversity; tents were spacious, scrupulously clean and cool; an atmosphere of cordial hospitality and courteous good fellowship prevailed in abundance.

The circus was astir early. At daybreak the mammoth "big top" was raised, and the encampment of twenty-seven separate tents was complete. Breakfast was served at 7 o'clock and preparations began for the parade.

Horses, plumed and accoutred, emerged and drivers donned their red and blue uniforms. The sound of music began from many hands. Clowns, charlatans, and the street parade was even more than was promised in magnitude, splendor and diversity; tents were spacious, scrupulously clean and cool; an atmosphere of cordial hospitality and courteous good fellowship prevailed in abundance.

Through the densely crowded streets the parade measured its glad passage. Tiptoeing and the lion's head steadily through the iron bars of many cages, but taking no heed of the piteous humans who stared back. The hyena yawning with accumulated ennui, the richly decked elephants lumbered leisurely behind Harry J. Mooney, the head trainer. Above the shrill tones of the life and the blast of the cornet and the clamor of drums and cymbals rose the oft-repeated admonition, "Look out for your horses, the elephants are close behind!"

Long before the hour appointed for the performance, the street cars marked "Circus Grounds" began to fill with happy humanity. The huge, white tents, with flags and pennants snapping from poles and gay ropes were an inspiring and heart-quickening spectacle to the crowds that massed in infinite variety of age and type at the main entrance. Nearby hitching posts were lined with white-robed country horses and automobiles cluttered every available area.

The show did a rushing business while the throngs awaited the moment of their ingress to the big tent. A quartet of tireless announcers gave their unqualified information, and huge, painted banners, bulging in the breeze in a long line, intensified the lure. Its attraction were many and varied.

When the seven gates to the main tents were opened by uniformed ticket takers and the three rapid-fire ticket sellers lifted the windows in the red wagon, the crowd made a massed charge in each direction. So expert and experienced were the circus men, however, that the quiet order immediately asserted itself.

A zoological treat awaited in the menagerie tent. As the outer gates were passed, the spectators were greeted with a vocal tumult which resolved itself, as they progressed, into the sullen roars of lions, the growls of bears, the snarls of hyenas, the trumpeting of elephants and a medley of other expressions from former prisoners of the forest, and human hipposplashed in his tank, half a hundred monkeys chattered for peanuts and a two-horned rhinoceros excited wonder.

The exhibit was a remarkable object lesson in natural history for the youngsters and one that made their parents linger.

In the "big top," Ed Brill's military band entertained while the crowds strolled to their seats, drank the proverbial lemonade and ate peanuts and popcorn.

2 o'clock, when a cornet sounded a melodious call, "Lalla Rookh," a most spectacular pageant, was the opening presentation. It is the most ambitious undertaking in the history of the Barnum & Bailey circus, enlisting the services of more than 1,000 persons.

Following came the comprehensive and kaleidoscopic tournament upon the hypodrome track, the thrills of the four stages, and in the maze of aerial apparatus.

The final performance will be given tonight. There will be no curfew or confusion or deviation from the complete afternoon tournament. It is promised. Electric lights, operated by the circus own plant, will illuminate tents and animal cages.

Soon after midnight all the animals and inanimate paraphernalia will be packed away in the trains and the greatest show on earth will journey to other cities and to other children, leaving only the marks of big bare rings to remind of the day it made this city's youngsters happy beyond compare and their elders brighter.

Monday Barnum & Bailey will exhibit in Minneapolis.

ning caused a property loss of \$210,056 in Minnesota and, in addition, hundreds of head of cattle placed in unprotected shelters were electrocuted by lightning. Because of the precautions taken to have rods placed on barns this loss will be considerably reduced. The rods, if properly installed, afford practically absolute protection from losses by lightning.

The problem of controlling electricity on the farm has been studied by the progressive farmer almost as much as advanced methods in agriculture, and the results are beginning to manifest themselves in the decreased number of reports of damage by lightning.

Lightning in exposed places can start a fire a half mile away. This is caused by electrostatic sparks on telephone wires, and if the wires are placed in proximity to stacked hay or other combustible material, fire is bound to ensue.

Farmers of Minnesota are realizing the value of care in installing such wires about their buildings, and this precaution taken in connection with the proper installation of lightning rods on all buildings is tending to lower the annual fire loss in the country district.

Summer Tourist Excursions

A. and San Francisco are now American citizens holding only honorary posts. The decision to put these points on a salary basis also includes the plan of sending representatives

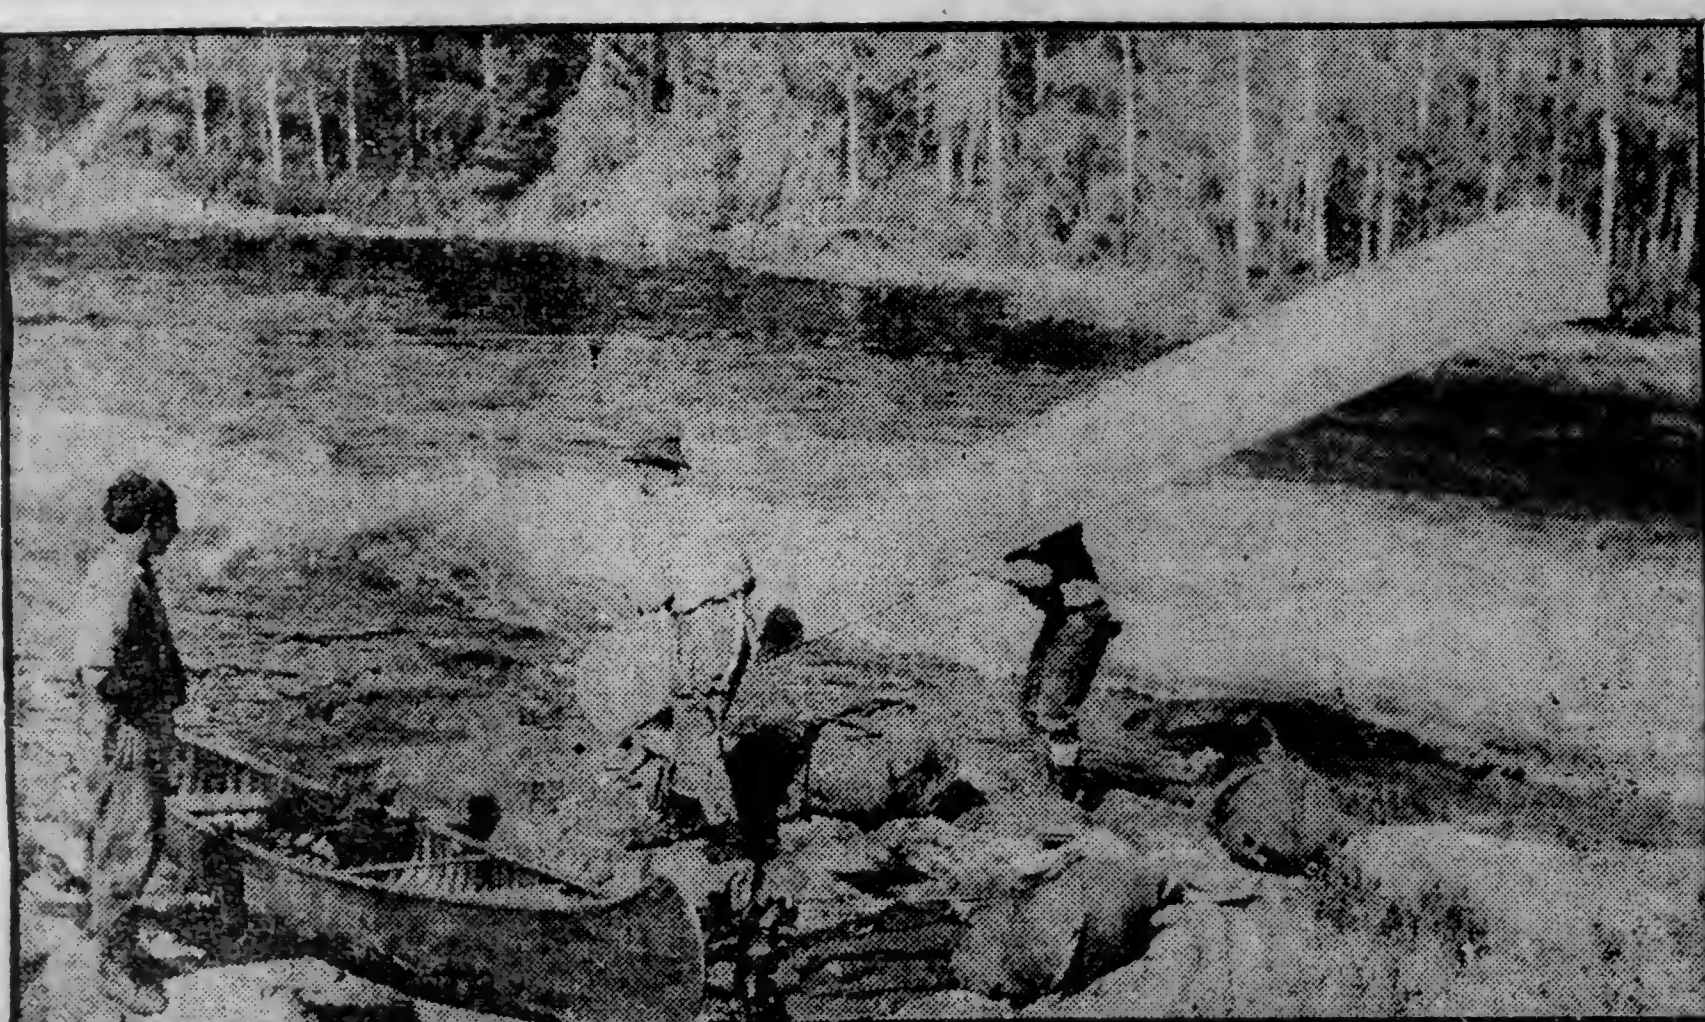

CROP PROSPECTS IN NORWAY POOR
Rain and Cold Weather Produce Bad Effect on Wheat.

(Correspondence of the Associated Press.)
Christiania, June 26.—The public committee having supervision of food supplies has issued a statement to the effect that Norway is assured of sufficient flour and wheat for the present year due to the fact that so much has been imported from the United States.

Prospects for the Norwegian crop of wheat are poor, as there has been no rain to speak of in ten weeks, and cold weather with much wind has prevailed throughout the summer. In many places the farmers have suffered from the lack of hay, as much of the surplus from last year has been exported to belligerent countries at exorbitant prices.

NORWAY WILL HAVE SALARIED CONSULS
Will Send Representatives to Chicago and San Francisco.

(Correspondence of the Associated Press.)
Christiania, June 26.—The Norwegian government has decided to establish salaried consuls in Chicago and San Francisco, and to increase the salaries of the Norwegian minister and the consul general in Washington and New York. The Norwegian representatives in Chicago and San Francisco are now American citizens holding only honorary posts. The decision to put these points on a salary basis also includes the plan of sending representatives

Making a Portage on Vermilion River

Deep in the very heart of the wonderful lake and river country of Northern Minnesota lie many delightful cool retreats. Here the air is light and dry and cool. The soft winds are refreshing as they float in through the gaps between the towering pines. Fishing, boating, canoeing and bathing and excellent hotel accommodations are the pleasures of a vacation if spent in this beautiful lake and river country. Only four hours' away from Duluth, reached by Duluth & Iron Range railroad.

MOOSE LAKE HAS GREAT CREAMERY
Means \$100,000 Yearly to the Farmers of the District.

Moose Lake, Minn., July 10.—(Special to The Herald.)—A few years ago the Moose Lake creamery was forced to suspend business. It was later taken over by parties from Minneapolis, who conducted it for a while, when it was sold by them to Martin Larson, the present owner.

Mr. Larson is also buttermaker there. During the two years this creamery has been under the direction of Mr. Larson, it has developed from an institution making a few hundred pounds of butter daily to almost unbelievable proportions. The creamery has about 275 patrons, sending in cream from along all three lines of railroad. As high as seventy-eight patrons have visited the creamery in one day. There are fifty patrons at Spur geon lake and a like amount at Spur 233 on the Soo line.

Churnings are made every day and on many days there are two churnings. The average is about nine churnings a week. There are four men employed regularly and it keeps them busy continually.

Last Saturday there was made 1,600 pounds of high score butter. During last week 8,224 pounds were made. At the rate of 80 cents per pound, at which this butter is selling, it means a total of \$2,472.20 for the week's run. Between \$5,000 and \$9,000 are paid out to the farmers each month for their butterfat. The butter is sold in Duluth, Superior, and on the iron ranges and in Minneapolis. Mr. Larson has his regular customers in the different places and all of his butter is shipped direct to them.

At the rate of 8.224 pounds made last week, in one month the creamery produces \$3,296 pounds of high score butter, or 29,552 pounds in a year, which means to the farmers of this territory approximately \$100,000.

Lights and Shadows of Police Court

LEGLESS, BUT HE BROKE SPEED LAW

Jitneur, Timed By Silberstein, Going Twenty-Five Miles an Hour.

Even though Frank Paquette has no legs, and works his automobile brakes with a wooden contrivance, he did not have much trouble breaking Duluth's speed law, he admitted in municipal court this morning.

On July 3 Commissioner Silberstein timed Paquette while he drove from First avenue west to First avenue east, and said that he was going twenty-five miles an hour, two and one-half times the limit.

With three other jitneurs who violated sections of the traffic ordinance, Paquette was arrested before Judge Smallwood and pleaded guilty. Because of the fact that he was a cripple, the judge suspended sentence.

Mike Mignella, aged 35, paid a \$7 fine for driving over one street car. He was arrested last night by Officer Thompson.

Toivo Wirtanen, aged 33, forgot to look at his rear right wheel when he was driving on the highway. He also paid a \$7 fine and was warned.

Ray Ward, aged 22, was caught driving along Superior street last night by Officer P. Barber, and brought in for failure to have his rear light in working condition. He paid a \$7 fine.

MUST PAY FIDDLER.

Odanah Youths Had Their Dance and Court Collects for It.

"You were young once yourself." That was the way Frank J. Denon, a 19-year-old Chippewa Indian, answered Municipal Judge Smallwood this

morning, when the judge asked him to explain his misconduct.

Denon, with Charles Cadotte, also from the Odanah reservation, was arrested last night, charged with being drunk and disorderly.

"We came down here to have a good time, judge," said Denon, "and we went and had it."

Instead of fining the pair \$7, Judge Smallwood placed a \$7 valuation on conduct in court, and sentenced them to fifteen days at the work farm, in case they were unable to pay a \$15 fine.

CIRCUS CROWDS KEEP THE POLICE BUSY

Officers and Patrolmen Put in "Extra" Hours to Protect Citizens.

Circus day is worse for the police department than any other day before Christmas for department store girls.

At least that is what at least twenty-five members of the force believe, for they went on duty at 11 o'clock last night and were working as hard as they could to keep the peace.

Capt. A. G. Pisket probably will hold the record before the parade is over, for he went on duty before 7 o'clock this morning and has been working at headquarters, until 1 o'clock Sunday morning.

Chief McKerscher, fortified by four and one-half hours' sleep, also was "on the job" early this morning and will work through until early Sunday morning.

Some time this afternoon the twenty-five men in the 11 o'clock shift will be relieved by the force which usually goes on duty at 6 p. m.

About noon the parade route was distributed along the parade route during the busy hours this morning, to handle the large crowd and watch for pickpockets.

cago, New York and Boston on an extensive buying trip. He will be accompanied by Mrs. Labovitz.

Married in Court. Judge of Probate S. J. Gilpin officiated this morning at the marriage of Emil J. Dizard and Miss Anna C. Fredrickson. Both are residents of St. Louis county.

Protesting Child's Estate. Mrs. Ida Valind of Escanaba, Mich., today petitioned the probate court for estate of her daughter, Helen Kombski, who died at Escanaba, June 1, 1913, aged 11. The estate consists of an undivided one-third interest in a 160-acre tract of land in this county. The child's interest is estimated to be worth \$500.

Sent to Training School. Judge Smallwood this morning committed two boys to the state training school at Red Wing. One of the offenders stole a bicycle and the other purloined a quantity of tools. Both are to be held in custody until they can be taken to Red Wing Monday by Probation Officer E. E. Resche.

Invited to Duluth. The National Alliance of Theatrical and Stage Employees, which is now holding its annual convention in St. Paul, was yesterday invited to hold its 1915 conference in Duluth. The invitation was issued by Secretary H. V. Ewa of the Commercial club at the instance of C. A. Coburn of the Lyceum theatre.

Johnson & Kasper, Dentists. Have moved to suite 600 Alworth Bldg.

Closed Tonight. Gray's close at 8 o'clock Saturday, July and August. Do all your shopping in all lines before that time, and encourage other stores to close also.

Leon-Haish. Miss Ellen Leone and Fred C. Haish, both of Carlton, were united in marriage at 11:30 a. m. at St. Paul's Episcopal church. The bride was given away by her father, and only relatives of the bride and groom were present. Rev. A. W. Ryan, rector of the church, performed the ceremony.

Theater Treasury Resigns. Miss Nellie Dolg, for several years treasurer of the Lyceum theatre, has resigned her position and will leave for the East in a week or ten days.

Goes East to Buy. F. Labovitz, buyer for the People's Bargain stores of 826 Central avenue, West Duluth, and 231-232 West Michigan street, will leave tomorrow for Chicago.

APOSTLE OF CHURCH UNITY IN BIG MORAL QUESTIONS

DR. ROY B. GUILD.

Dr. Guild, who is field secretary for the Federated Churches of Christ in America, will be heard tomorrow morning at Pilgrim Congregational church, 1000 Commercial street, at 10 o'clock.

He is a guest at the home of Mr. and Mrs. W. G. Hegerd, who is working for church unity in the big moral and religious questions that do not involve creed. He says that the Inter-Church Council of Duluth is organized along the lines that he advocates.

TO TREAT ALIKE

Charitable Organizations Must Sign Agreement to Get Indorsement.

One of Leading Bodies Holding Out; Copy of Agreement.

Despite announcement to the contrary, the committee of the Commercial club on charitable organizations is prepared to furnish to people who desire to find out the standing of any organization soliciting aid, facts concerning it. It is not giving out bad or criminal information, however, the refusal to do which caused the statement to be published that the committee was making no such plan.

So far, only three organizations have been acted on favorably, and even one of these is as yet not for public consumption. The organization that is out with the committee is that of the Commercial club.

TO ACCOMPANY THE GOVERNOR

Col. Gasser and Col. Carlson Will Go to the Expositions.

State Party of Forty Will Start from St. Paul Next Wednesday.

Col. M. M. Gasser and Col. Gust Carlson of Duluth, both of Governor Hammond's official staff, will leave for St. Paul early this week to accompany the governor and party to the San Francisco and San Diego expositions. According to the arrangements which are being made, the party will be accompanied by the lieutenant governor, and will be in the party.

Several state officials will go on the trip west with the governor. It was stated by Charles Andrist, private secretary of Governor Hammond, in a communication to Col. Gasser today, that it is not known whether the lieutenant governor will go or not. It is probable that the entire staff of Governor Hammond will go as well as the wives and families of many of the party. Col. Gasser will be accompanied by his wife and Col. Carlson by his eldest daughter.

The party will leave St. Paul at 10 p. m. Wednesday and will go via the Great Northern to Seattle. They will take the more southerly route home, going by way of Salt Lake City, Omaha and other Southwest cities. The trip will last for fifteen days.

Governor Hammond seems to be one of the most popular governors in the country with the exposition officials, said Col. Gasser today. "For some time he has been besieged with telegrams and letters asking him to make the trip. He will visit both the San Francisco and San Diego expositions, and it is probable that he will make one or more addresses. Mr. Andrist is making up a list of the persons who will make the trip and this will probably be completed by Monday."

There are 500 tin mills in South Wales.

NOW IT THE TIME TO BUILD

CITY WILL USE NEW PAVING MATERIAL

Fifth Street Property Owners Select Rocmac for Surfacing.

Rocmac surfacing, a new patent paving material, will be laid on Fifth street between Twelfth and Thirteenth avenues east this summer at a cost of \$2,750, or \$1.21 a yard. The assessment against each twenty-five-foot lot will amount to \$37.

Fifteen property owners, representing 30 per cent. of the property affected, picked this grade of surfacing at a meeting with Works Commissioner Farrell in the city hall last night. The contract will be let Monday to Hillard & Julun, a Duluth concern, which submitted the lowest bid.

Promoters of rocmac paved Twenty-third avenue west between Seventh and Eighth street, two years ago, free of cost. The material has held up

NO WALLINGFORD METHODS WERE USED

Radisson Hotel Proprietor Was "Goat" in "Comedy of Errors."

Instead of revealing any J. Rufus Wallingford methods of high finance, the trial of Sam Badal on a charge of selling mortgaged property developed into a veritable "Comedy of Errors" when brought before Judge Smallwood in municipal court.

Mr. Badal, until recently the proprietor of the Radisson hotel, 219 East First street, sold his holdings to Miss Bessie Hanson some time ago. After Miss Hanson had made an

initial payment, and started counting the linen pieces, the beds and other paraphernalia, she discovered that John T. Stack, 217 East First street, was the owner of a mortgage on the property she had "purchased" and promptly swore out a warrant for Mr. Badal's arrest.

At the hearing it was shown that Mr. Stack knew of the sale to Miss Hanson and that he had O. K'd it, and that Mr. Badal was acting within his rights. The mortgage was for security on the rent only. It was finally explained satisfactorily and the prisoner was released, after Deputy Clerk W. J. Richeson had returned to him two \$500 bills, which Mrs. Badal had posted to insure her husband's freedom from the Fourth.

BOOM FOR HENRY FORD.

Illinois Republicans Link His Name With Vice Presidency.

Elgin, Ill., July 10.—Henry Ford will be invited to attend the assembly of Northern Illinois Republicans at Aurora, Aug. 7, when a boom will be launched for him for the Republican vice presidential nomination. The affair is to be a picnic for Republicans of the six counties in Northeastern Illinois and in addition to Mr. Ford, political candidates for president and governor are to be invited. Lowdown Republicans are talking of a Kane county picnic at Geneva this month.

TAXI MEN UNITE TO FIGHT JITNEYS

Organize to Win Back Some of Trade Taken By Nickel Cars.

To secure better co-operation to win back trade lately snatched by jitney buses, more than sixty taxicab drivers last night formed a protective organization at a meeting held at 421 1/2 West Superior street.

A serious decrease has been noted in the taxi business since the advent of the jitney, according to members, and this is alleged to be due to the fact that many are doing both cabbing and jitney business. Ole Olstrom was elected president of the organization and Ray Butchart, secretary and treasurer.

PRAISES WILSON FOR WAR POLICY

Senator Cummins Warns G. O. P. of the Fight in 1916.

Chicago, July 10.—Senator A. B. Cummins of Iowa, a Republican presidential possibility, commended the policy of President Wilson in dealing with the European war, and incidentally, in the course of an interview in the Congress hotel, warned Republicans they would have to do something more than nominate a national ticket next year if they were to win.

Nor was that all the Iowa senator had to say of questions and problems which are before the people just now. "President Wilson's course in handling the problems growing out of the European war has been marked by wisdom and statesmanship," the senator said. "There is no doubt the war has strengthened him with the people."

The only question about which there

RIVAL CANDIDATES ARE BOTH TO SPEAK

Hanna and McCumber to Be on Program at Stanley, N. D.

Stanley, N. D., July 10.—(Special to The Herald.)—The dedication of the new Mountrail county courthouse will take place on July 14. Governor L. B. Hanna and United States Senators

Porter J. McCumber and A. J. Gronna will speak. They are both avowed candidates for the senatorship, and their appearance on the same platform here is commanding attention.

The Mountrail county courthouse is one of the finest structures of its kind in the state, and it is expected that several thousand people will attend the dedicatory exercises.

FORMER HAWKEYE GOVERNOR ENJOYS LIFE AT 90 YEARS

Brainerd, Minn., July 10.—(Special to The Herald.)—A guest at Nisawa, the past ten days has been former Governor Horace Boies of Waterloo, Iowa, uncle of Mrs. M. K. Swartz. Although over 90, he looks to be in his seventies. In possession of all his faculties, he delights in boat and fish. In one trip he caught three pike and two pickerel. At another time he landed an 11-pound pickerel. Mr. Boies owns considerable land in Iowa and Canada. He has a home, too, at Long Beach, Cal., and an orange farm at Hemet, from a large farm in Iowa he receives an annual cash rental of \$7,000. He recently sold a section of Iowa land for \$100,000. He is a great reader and wants his daily paper wherever he goes.

SENATOR CUMMINS WARNS G. O. P. OF THE FIGHT IN 1916

Chicago, July 10.—Senator A. B. Cummins of Iowa, a Republican presidential possibility, commended the policy of President Wilson in dealing with the European war, and incidentally, in the course of an interview in the Congress hotel, warned Republicans they would have to do something more than nominate a national ticket next year if they were to win.

Nor was that all the Iowa senator had to say of questions and problems which are before the people just now. "President Wilson's course in handling the problems growing out of the European war has been marked by wisdom and statesmanship," the senator said. "There is no doubt the war has strengthened him with the people."

The only question about which there

is doubt is whether the weakness of the administration in domestic problems will overshadow the prestige gained by the successful meeting of the issues raised by this awful war.

Of Republicans believe that all they will have to do to win the national election is to nominate anybody on their presidential ticket, especially if President Wilson decides to seek a reelection, they will have to sit down and revise their estimates. At best, the campaign will be a hard fought battle.

Entered as second-class matter at the Duluth postoffice under the act of congress of March 3, 1879.

OFFICIAL PAPER, CITY OF DULUTH

SUBSCRIPTION RATES: By mail, payable in advance, one month, 35 cents; three months, \$1.00; six months, \$2.00; one year, \$4.00. Daily by carrier, city and suburbs, 10 cents a week; 45 cents a month.
Subscribers will confer a favor by making known any change of address.

When changing the address of your paper, it is important to give both old and new address.
The Duluth Herald accepts advertising contracts with the distinct guarantee that it has the largest circulation in Minnesota outside the Twin Cities.

The Herald will be glad to have its attention called to any misstatement or untrue statement appearing in its columns, editorial or advertising columns.

GOING AWAY FOR YOUR VACATION?

If you are your trip will not be complete without The Duluth Herald. Make arrangements to have it follow you. Just like a daily letter from home. Address changes as often as desired. Call the Circulation Department, 324, either phone, and Uncle Sam will do the rest.

A NEW EPOCH BEGINS NOVEMBER 1.

Big news is afloat in the world these days, but the biggest from Duluth's viewpoint is the news that hurry-up orders have come to put the new twenty-million-dollar steel plant in operation November 1 instead of next March.

Conditions that make it necessary to hasten by five months the long awaited opening of the plant are promising indeed. It is only a little while ago that hardly half the steel-producing capacity of the country was in operation. Now not only are most of the old plants in full operation, but it has become necessary to open this new one at Duluth far ahead of the time that has been figured on.

Steel prosperity is fundamental in the country at large. When steel production is active, the country is becoming prosperous.

Steel prosperity is still more fundamental in Duluth, and it will be more so in the future. The news that the demand for steel has caused the order for the unexpected opening of the new steel plant, therefore, is good news of the very highest order.

The operation of this plant will inevitably be followed by the building of other plants here. The sooner the plant is opened, the sooner these other plants are coming.

We presume there still are skeptics regarding the reality of this steel plant. If there are, we hope they will go out and stand on the hills back of the plant November 1 and breathe their lungs full of its smoke.

Thereby, perhaps, they will be brought at last to the realization that a new day, the beginning of a new and mightier epoch, has dawned upon Duluth.

Honestly, now, don't you find it easier to feel patriotic when you know the boy isn't taking a chance of getting his eyes blown out?

CONSIDER YOUR AGE IN BUYING LUXURIES.

A writer in the American Magazine, in an article entitled "When Buying Luxuries Consider How Old You Are," tells a story that ought to be very interesting to the average salaried person; though probably the suspicion that it carries a valuable lesson will be quite sufficient to cause the said average salaried person to fight shy of it. Anyway, here, in substance, it is:

A young man twenty-five years of age fell heir to twenty-five hundred dollars—an unexpected windfall that probably constituted a young fortune to one used to the meager lot of a salary.

His first impulse was very natural, and probably at least seven out of ten similarly situated would feel the same impulse. It was to spend the whole sum in a pure luxury. The story does not disclose what particular luxury it was. Very likely it was something very attractive, something that a pretty fair justification for could be built up. But to a young man in the position of this one, any luxury at all, consuming perhaps his one chance in a lifetime for independence in old age, would be a wanton extravagance.

Fortunately, the young man had a wise friend to whom he confided his intention. When the friend told him that he ought to save the money instead of spending it no impression whatever was made. Then the friend went into details.

"Here," he said, "is what you can do with that money: invest it at six per cent. That will yield you \$150 a year. Reinvest this income, and thus compound the interest annually. In twelve years your capital will double, and at thirty-seven you will be worth five thousand dollars, which will be earning you fifty dollars a month. And at sixty-one, when you will want to retire, you will have twenty thousand dollars, which will be earning you a hundred dollars a month. That is a little more than you are earning now, and you are on the point of throwing it away on a pure luxury!"

"I had aroused his financial imagination," says this writer, "to the first real work it had ever done, so far as I know. He hung over that money and invested it at six per cent."

"I told him that when he is sixty-one and has that twenty thousand dollars, maybe somebody else will give him twenty-five

hundred dollars, and if so to go out and spend it if he wants to. Money spent at sixty-one by a man of some means is not like money spent at twenty-five by a young man of no means. The man at sixty-one has comparatively little chance left for his pile to grow. In fact at sixty-one he is supposed to have his pile.

"Always when contemplating luxuries consider how old you are before buying. The price of luxuries is much higher in early life than later. It is very high in youth. If you want some comforts and a few luxuries in old age control yourself in the earlier years."

If that young man had "blown" his twenty-five hundred dollars, he would have spent not that sum, but twenty thousand dollars—an income for life of a hundred dollars a month.

Maybe every day'll be bag day by and by.

THE GERMAN REPLY.

Germany, in its reply to the American note sent in response to its answer to the original American demand, says that American vessels will not be molested by its submarines; that an agreed number of neutral passenger vessels will be allowed to carry the American flag and travel in safety; and that if that is not enough four "enemy" passenger vessels will also be permitted to engage in the trans-Atlantic traffic under the American flag—always providing none of these vessels carry munitions of war.

Save for this, the German reply is an absolute refusal to abandon or to modify the submarine campaign that reached its zenith in the record-breaking atrocity of the Lusitania. It admits that the sinking of the Lusitania was "horrible," but the blame is England's. Germany's enemies "forced" her into a war of defense, and then "forced" her into sinking the Lusitania. Besides, the Lusitania ought by rights have floated long enough after she was torpedoed to enable her passengers to escape.

BUT IT DIDN'T, and of two hundred Americans in her passenger list more than half were murdered, and Germany, far from assuming liability or agreeing to compensation, now declares: "The imperial government is unable to admit that American citizens can protect an enemy ship by the mere fact of being aboard." There is not a word of assurance that if another Lusitania, loaded with non-combatant American men, women and children, should be encountered by one of von Tirpitz's submarines, it will not share the Lusitania's fate.

The president is now considering this message. Next week the cabinet will consider it with him. Within a few days the government's mind will be made up as to the answer—if any—it shall make to this amazing document, and as to what action shall be taken.

In the meantime, the policy of restraint in utterance is wisest. The responsibility is the president's, and the more free he is left to determine his course the better. It is no time for jingoism, no time for chipping.

The situation is serious. The debate has proceeded about as far as this country can let it and keep its dignity.

If in this declaration from the Prussian ruler of Germany there is anything that can be seized upon to settle the issue while preserving America's self-respect it will be seized upon. The president is not looking for trouble.

If the potion offered by von Jagow is unpalatable and to swallow it is to sacrifice self-respect and standing in the world, it will not be swallowed. The president is not so prone to peacefulness that he is willing to humiliate his country to preserve peace.

The issue is with him, and the country is still back of him in whatever he may decide to be the government's fair and wise policy.

Those bandits who held up the Shriners in Yellowstone park might plead that they were merely doing what they could to make the pilgrimage true to historical precedent.

WAGES AND HEALTH.

General William C. Gorgas, surgeon general of the United States army and the man who turned the Panama canal zone from a spot reeking with disease to one of the healthiest places in the world, has done a poor service to those who fancy that society as a whole has no interest in such questions as wages.

Here is his startling thought which has perturbed those who like to see wages kept at as low a level as possible:

Increase the laboring man's wage from \$1.25 to \$2.50 a day, and you will lengthen the average American's thread of life by thirteen years at least.

This isn't the statement of an agitator, a Socialist or a wanton disturber of the economic peace.

It is the firm opinion of a physician who has devoted his time and thought more largely to the preservation of health than to the healing of disease, and whose judgment is approved by his enormous success.

It is a matter of food, largely. Nourishment isn't solely a matter of filling the stomach. For health, efficiency and long life a properly balanced diet is essential. A small wage will buy stomach-filling food that will satisfy hunger but will not contribute the essential elements in proper proportions. An adequate wage will not only satisfy the appetite but will afford the kind of nourishment needed for a long and efficient life.

It is not all a matter of wages, of course. Lack of proper education in the functions of food cannot be overcome by high wages. Much better can be done on small wages than commonly is done, providing the housewife knows something about dietetics. Only a simple knowledge is required,

I Am War

I am a pestilence
Sweeping the world—
Hate is the root of me,
Death is the fruit of me,
Swift is my stroke;
Blood is the sign of me,
Steel is the twine of me,
Thus shall ye know me:
I am the death of Life,
I am the life of Death,
I am War!

I am a madness
Riding the necks of men—
Champing of nations armed,
Stamping of war-horse hoofs
Charging unbridled;
Clashing of bayonets,
Flashing of swordblades,
Rumbling of cannon wheels,
Crumbing of kingdoms,
These are my harbingers:
I am the death of Law,
I am the law of Death,
I am War!

I am a harlot
Seducing the nations;
Diplomats lie for me,
Patriots die for me,
Lovers I lack not—
Cannon mouths speak of me,
Battlefields reek of me,
Widowed wives shriek of me,
Cursing my name:
I am the death of Joy,
I am the joy of Death,
I am War!

—Alter Brody in the Outlook.

knowledge which any public school ought to teach.

General Gorgas said another important thing about food:

The rich are over-eating. The poor are under-eating. BOTH ARE CONTRIBUTING TO SHORT LIVES.

It has long been recognized that the menacing growth of the group of diseases involving the heart, arteries and kidneys is largely due to an improper balance between eating and exercising. The rich and well-to-do are the chief victims of this group of diseases. General Gorgas puts it in cold blood when he says that the rich are dying untimely because they eat too much.

That the poor are dying untimely because they eat too little—or rather that they get too little nourishment from what they eat—is another angle to the problem that should make people think, and that should have an important influence on the cause of the working classes.

Now comes an Indiana girl who sues a rich man for breach of promise, but demands only five thousand dollars. He is described as a "club man," but the amount she asks for would seem to indicate that he is a bush leaguer.

THE COMMISSION PLAN IN NASHVILLE.

The city of Nashville, Tennessee, appears to be having trouble with its city government; and its city is governed under the commission plan.

Financial difficulties have been encountered that are so critical that there is talk of putting the city into a receivership, though that sort of talk probably isn't to be considered seriously. But the city is heavily in debt and has no money to pay with, while the books of its fiscal officers are described as being in a hopeless condition. Several city officials have been indicted.

But the Louisville Post draws the wrong moral from this. It says: "A number of theorists have been going about asserting that the words 'commission form' were enough in themselves to bring light out of darkness and assure any city a good government. Nashville tried it and has regretted it ever since. The experience of that city has been that government by a commission is less intelligent, more wasteful and infinitely less efficient than under the old plan."

Now if there have been theorists who declared that the words "commission form" constituted a magic phrase capable of assuring good city government automatically, they were very foolish folks, and those who believed them were as foolish. There is no magic that will secure good results in government automatically.

There is no panacea for all civic ills, and nobody's whose opinion is worth listening to ever said there was.

The Herald is not familiar with conditions in Nashville, but it is convinced of this: that a city which has had government under the commission plan will have had government under any plan.

Given a low state of public intelligence and a high state of public indifference, you will have had government under any conceivable plan of municipal control.

It may even be that conditions would be worse in such a city under the commission plan than under the old form, though we doubt it. The commission plan is compact, with centered responsibility coupled with centered power—you can't have one without the other—and it may be that where that condition is accompanied by a low community morale, worse conditions than under the old form would result. The commission plan is efficient for good where the community is intelligent and alert; perhaps it is also efficient for evil where the community is unintelligent, indifferent and neglectful.

Yet when such a community is awakened at last, the direct responsibility of the commission plan makes it easy to work out its will.

It is unfair to blame the commission plan for Nashville's plight. Of that we are certain. There is no magic in it. It is no panacea. It is only a simpler, more orderly, more compact and more efficient mechanism whereby an intelligent community

can work out its intelligent will. It cannot be looked to for anything better than indifferent results where public intelligence and public spirit are lacking; but in that it is not in the slightest degree different from any other plan of government.

How much better it would have been if Holt had sold his revolver and dynamite to the belligerents.

THE CAMPAIGN AGAINST THE SALE OF WAR MUNITIONS.

In all kindness and with the fullest consideration for the tragic delicacy of their position, it is to be hoped that German-Americans will abandon their campaign to compel congress to stop the sale of munitions of war.

It cannot possibly succeed. It can only embarrass the government, and it is likely to widen the unhappy gulf that has opened between many German-Americans and many of their fellow-Americans.

It is true that contraband of war sold by dealers in this country is going entirely to the allies. It is true that this tends to offset German preparedness, and thus helps the allies against Germany. It is possible that if this country ceased selling munitions of war Germany would thereby be enabled to whip its enemies.

But the campaign to stop these sales cannot and should not succeed, for these reasons: Because it is impossible to draw a line, since wheat and copper and spelter, which Germany has been getting from us, are quite as essential as shells; because the right of neutrals to sell munitions of war to belligerents is established and recognized; Germany's representatives at The Hague having protested against the adoption of a rule forbidding it; because Germany does not deny this right, and has not protested against this country's exercising it; because the adoption of such a rule would help nations which devote their chief energies to preparation for war, and would militate against countries which devote their chief energies to the upbuilding works of peace; because to place an embargo on the exportation of war munitions at this time, simply because Germany cannot buy from us, would in view of the universal recognition of this right constitute a move toward Germany and hostile to the allies, and would therefore be a breach of neutrality; and, finally, because the precedent, if established now, might become exceedingly embarrassing to this country later.

Suppose, for instance, this country should unhappily become involved in a war with Japan. Suppose that we needed to buy war munitions in Europe, but that because of the precedent we ourselves had established, we were unable to do so. Do we wish to give our possible enemies of the future this advantage by establishing such a precedent now?

That German-Americans should sympathize with Germany is easily understood, and it is to their credit. That a sympathy so strong and so deeply felt should blind them to the broader aspects of this issue is not at all surprising. It is the country's business to consider these broader aspects; and considering them, it will find it impossible to heed the wishes of the German-Americans that the traffic in munitions of war be stopped.

Nothing can be gained, therefore, by continuing this campaign. It is certain to fail. All it can accomplish is irritation and ill feeling. It may embarrass the government, but it cannot change its policy. German-Americans will serve their adopted country and their own cause best, therefore, by discontinuing it entirely.

TO CONFINE CHARITY TO THE DESERVING.

The committee on charitable organizations formed by the Duluth Commercial club asks that nobody hereafter give to any charitable cause except when a card of endorsement by the committee can be shown.

This is advice that should be heeded by every generous Duluth giver.

To heed it is to guard against waste of charitable effort by shutting out fakes, and thereby to increase the support of legitimate and worthy causes.

The organization of this committee forms one of the most useful public services lately set in operation. Worthy causes, as a rule, are never overburdened by gifts; and when a large share of the money available for deserving charities is absorbed by the undeserving, a monstrous and pathetic wrong is done.

It is the purpose of this committee to stop that tragic waste, and it is admirably organized for that purpose. The rest is up to the public. The plan will succeed if everybody who is in the habit of giving to charity will invariably insist upon seeing the committee's card of endorsement before giving to any charitable cause.

This does not apply to individual cases of need. For such purposes the Associated Charities is in the field; and the safest plan in relieving cases of apparent need is to get a report on them from the Associated Charities.

Before giving for the relief of unfortunate individuals, consult the Associated Charities.

Before giving to any charitable cause, consult the Commercial club's committee on charitable organizations.

At last somebody has invented a machine that makes pie—eighteen hundred an hour. Maybe the small boy is yet to come into his own.

A Legitimate Excuse.

Philadelphia Ledger: "What excuse have you for not supporting your family?" asked the judge in stentorian tones.

"I have to support an auto," exclaimed the culprit, and the judge, knowing how it was himself, gave him 14 cents for a gallon of gasoline.

The Real Progressive Will Stick to the End

Editorial in the New York Evening Post.

William Allen White's reply to Mr. McHarg's appeal for a union of the Progressives with the Republicans makes what Horace Greeley was accustomed to call "mighty interesting" reading.

And what makes it so interesting is not so much the sense that Mr. White puts into his writing, but the practical conclusion that it naturally suggests.

"Our real issue is to beat the Democrats," says Mr. McHarg; and substantially that is all he says, though he backs up his appeal with a Lincoln quotation, whose only relevance is that the words "the real issue" occur in it.

Mr. White, however, has no use for this issue, he absolutely refuses to acknowledge that "the chief end of man is to lick the Democrats and enjoy their offices forever." He does admit that two million or more of the Progressives have gone back to the Republican fold; but these were the men who didn't really know why they were Progressives.

The other two million, who stood by the colors last fall, did know. They will stay away, says Mr. White, there is nothing whatever in the Republican party as at present constituted that appeals to them, and they "don't care whether the Republicans whip the Democrats or the Democrats whip the Republicans in 1916."

Now, there is no doubt that this statement by the most notable of Western Progressives represents pretty accurately the state of mind of a large fraction of the Progressives of 1912, though it may not be as accurate as it seems.

And how will those men who followed the Roosevelt banner in 1912, in a flame of enthusiasm for a program of progressive action, and who now "don't care whether the Republicans whip the Democrats or the Democrats whip the Republicans in 1916," how will they act in the coming presidential campaign?

They are not going to stay away from the polls; they will vote against the side they dislike the most or in favor of the side they like the most. And the consequences of this vote, the arithmetic of the campaign will be important.

Those who have been imagining that in case there is no Progressive ticket in the field the Republicans will have a walkover had better be doing a little revision of judgment.

Choosing, for example, that Wilson was the Democratic candidate and that the Republican party presented a decidedly Bourbon aspect; it is quite plain that the true-blue Progressives of Mr. White's classification would vote pretty solidly on the Democratic side.

And since each of these votes would count twice as heavily against the Republican candidate as would a vote cast for a Progressive, it is plain that the falsest of the Progressives to run a ticket of their own would be a very doubtful blessing for the Republicans.

Just a Moment

Daily Strength and Cheer.

Compiled by John G. Quintus, the Sunlight Man.
My sheep hear my voice, and I know them, and they follow me.—John 10:27.
True sheep know the voice of their shepherd. It is a sick sheep that will follow a stranger. The goats will follow anybody's voice, but Jesus is the only one whose voice is safe to follow in all things. If you follow Abraham you are apt to get to lying; if you follow Moses you are apt to get to being a hypocrite; if you follow Elijah you'll get discouraged and sit down under the juniper tree; but follow Jesus Christ and you will find that you are led in the path of righteousness and peace.—D. L. Moody.

When Garibaldi was raising his army he said, "I have no money, no food, no clothing, no stores, no resources; let every man that is willing to suffer poverty, shame, hunger, disease, and death, and who loves Italy, follow me." It is the measure of our suffering that will enable us to be like Master. It has been said that when He died He left His purse to Judas, His clothes to the soldiers, His mother to John, His pardon to the dying thief, and His peace to His disciples. Some one has said, "I look for the world and I find it in the church, and I look for the church and I find it in the world." You may try all you please for the baptism of the Holy Ghost, and unless you are willing to present your bodies a living sacrifice to God, you cannot be filled with the Spirit.—D. W. Whittle.

Hope is a heavenly bird of passage, with faith and love as its wings.—L. W. Munhall.

You little think how much the life of all your graces depends upon your ready and cordial obedience to the Spirit. When the Spirit urgeth thee to secret prayer and thou refusest obedience; when He forbids thee a known transgression, and yet thou wilt go on; when He telleth thee which is the way, and which not, and thou wilt not regard it; when He leadeth thee to heaven and thou stragglest.—Richard Baxter.

Dayton, Ohio.

Never Could Lay Eggs.

Kansas City Star: Young Adolphus de Milynus was driving his own car. He was a scorcher and believed in going straight ahead. It was in the heart of York-shire.

Suddenly a terrific clucking under the wheels told him some accident had happened. He pulled up and glanced at it. Two fowls lay dead in his tracks, while another two were feeling, screeching, back to home.

"That'll be 14 shillings, please," remarked a burly man in corduroys who appeared on the scene promptly. "That's three and six apiece for the four."

"Four?" gasped Adolphus. "But I only killed two."

"That's right," agreed the fowls' owner, "but them other two will never lay a blessed egg after the fright. 'Due to the fright, I suppose.'"

The countryman shook his head as he slammed the silver into his pocket. "Partly fright," he agreed slowly, "but mainly, I reckon, it's because they ain't hens."

Would Adjust Itself.

Philadelphia Telegraph: The conversation at a recent dinner turned to the natural adjustment of things when this little story was contributed by Mrs. Pat Campbell, the well-known English actress.

Some time ago Mrs. Green called on her friend, Mrs. White, and after clutching, kissing and saying how dreadfully delighted they were to see each other, they turned to the interesting topics of the day.

"By the way," said Mrs. Green after a time, "I haven't heard anything about Eva's divorce lately. I wonder what has become of it."

"I heard a few days ago that she had dropped all proceedings," answered Mrs. White.

"Dropped all proceedings?" was the wondering rejoinder of Mrs. Green. "You don't really mean it?"

"Dropped all proceedings?" was the wondering rejoinder of Mrs. Green. "You don't really mean it?"

Saturday Night Talk

By the Editor.

The Golden Mean.
We owe the happy expression to the Latin poet Horace. It is an echo of the motto of that other classic sage: "Do nothing too much." It bids us avoid excess, ride no hobby to death, stay on the sensible side of extremes. It asks us to have an eye for proportion.

One wishes lovely woman could adopt the golden mean in the matter of fashions. Why should 30,000,000 women dress after some extreme mode at the dictate of a little coterie of tyrants in Paris or New York? Why should every skirt be "hobble" when that is the edict or as wide and flaring as gunny sacks when breadth is ordered? Why should our wives and daughters hasten to don hats as large as bushel baskets or as small as mere postage stamps when the orders go out? There is no good reason. No custom should be pressed to an absurdity. Allowing for a decent regard for harmless convention, wise people will not go beyond seemly limits.

Half the indictment against certain forms of amusement would be quashed if people could be content to enjoy them in moderation. Whether one plays ring toss or auction bridge one should not let the game get the better of him. To become dance-crazy, as thousands both young and old seem to have done, is to set right-minded people against a possible source of harmless recreation. Decent drama is a source of pleasure, but to spend, as some people do, short evenings a week, besides countless hard-earned dollars, at the playhouse is a silly and wasteful business. So easy it is for seemingly recreation to descend to vicious extravagance.

Many of our faults are but potential virtues pushed to an extreme. A proper self-esteem, for instance, is a laudable trait of character. It rallies one's powers and keeps one from discouragement. But a too great self-esteem means conceit, and that is not admirable. Shrewdness and enterprise are qualities to be cultivated—but when the shrewd, enterprising man goes so far as to verge on deceit and cruelty we cease to admire him. The calm man, conquering his worries, may become the lazy and thoughtless man; just as a proper forethought may turn to corroding care. Vices may spring from our very virtues unless we are on our guard.

Let us beware, then, of that spirit of exaggeration and disproportion that takes a right thing and makes it something wrong. The desire to possess property is one of the commonest human passions. A legitimate desire it is, but one that may pass very easily into that engrossing love of money that is the root of all kinds of evil. Three-fourths of the people who strive for wealth at all strive for it to the exclusion of the finer values of life. The lust for money, as consuming as any other lust, gets hold of them before they know it.

All around us people are being swept off their feet by the passion for wealth, the rage for pleasure, the insidious force of some growing habit. How many "moderate drinkers" to cite one example, remain "moderate" for any length of time?

The world, like fire, is a good servant but a bad master. In the noble phrase of the apostle, we are to use this world as not abusing it. To abuse it is to find sure suffering and defeat from what might yield joy and peace. When the world and the experiences of it are a savor of death instead of life to any of the sons of men it is because they have abused their opportunities. The good Lord never meant to be so. Wherefore, keep a whip hand on any appetite no matter how innocent it may seem. Do nothing too much.

THE PARSON.

Midsummer in Evanville.

As a story, to city hosts, it is safe to recommend the 1915 "midsummer number" of the Evanville, Ind., Courier. It tells the story of Evanville as it is today, with its parks, big buildings, business enterprises, beautiful homes and industrial opportunities. It tells the story not only in words, but in attractive illustrations. In this line a feature is a remarkable fifteen-column cut of the new steel and concrete city baseball park, owned and run by the municipal government. Evanville is a hustling and prosperous city, and the Courier is doing its home town an invaluable service in the circulation of such an edition as this.

A Victim of the War.

Kansas City Star: "Madam," said the tattered and torn supplicant to the benevolent lady who answered his timid rap at the door, "have you any old clothes you can spare for an unfortunate victim of the European war?"

"I think I have, my poor man! but how does this happen?" You cannot have been in this war, surely?"

"No, madam," humbly replied the sufferer, "but my wife has sent all my clothes to the Belgians."

Twenty Years Ago

From The Herald of this date, 1906.

Stockholders of the Duluth & Winnipeg railroad, holding stock to the value of \$125,000, have begun a suit in the United States court to prevent the bondholders securing ownership of the line and its effects at the sale of the road. The action is entitled John C. Hunter, William W. Spaulding, Hamilton M. Peyton, Cushman K. Davis and Joan and Burt J. Sawyer, as administrators of the estate of Andrew J. Sawyer, against the Guarantee Trust & Safe Deposit company, the Duluth & Winnipeg Railway company, the North Star Company and the company and the Safe Deposit & Trust company of Baltimore. The amount of bonds and stocks alleged to have been issued in \$4,500,000, while the cost of the road was less than \$1,500,000. It is asserted that all the defendants knew when they received their bonds that they were fraudulently issued. It is charged that William C. Van Horn, president of the Canadian Pacific, secured a majority interest in the stock and bonds on a promise that he would complete the work of construction, but that instead he purposely operated the road with intent to bankrupt it and freeze out the

SELECTS HUDSON TO REPLACE FAST CAYUSE

Indian Athlete Finds Car Adapted to Rough Western Use.

Persons Motonic, famous Umatilla Indian athlete, runner, wrestler, farmer and church member, has picked the Hudson six to take the place of his racing cayuse, the fastest on the Umatilla Indian reservation, his home, near Pendleton, Ore., according to information recently received by Fred Kleyn of the Kleyn Auto company, the local Hudson distributor.

"Western trails and roads demand something stanch and serviceable in the way of transportation," says Mr. Kleyn. "The motor car that takes the place of the tireless and sure-footed cayuse must be of more than ordinary make-up. The selection of the Hudson six by this Umatilla Indian leader is notable not only because of his selection, but also because of his own picturesque personality and history.

Less than ten years ago Motonic was the leader of the wildest bunch of young bloods on the reservation. His physical abilities made him a leader. There was no man of the three tribes who could run as fast, who could dance as gracefully, who could ride as skillfully or who could compare with him in any feat of strength or skill. Some strange tales are told of his prowess and, though some are undoubtedly exaggerated, there is no doubt that he was one of the greatest natural athletes in the world.

"His purchase of a Hudson six places him on the same level of competition with his white neighbors and like them, he is planning to drive the Panama-Pacific fair in his car. If he does, he will take his entire family and will go by way of Portland to take in the rose show."

COLE ANNOUNCES NEW BIG SIX MODEL

Early Type of Motor Still Holds Its Popularity With Autoists.

Indianapolis, Ind., July 10.—While the trend of the public demand is overwhelmingly toward the eight-cylinder car, there still remain those who have had such exceptional service out of the early type of motor and to those motorists the Cole Motor Car company is announcing its improved big six model 666.

The new big six retains all the advantages of its forerunners and boasts of a few new charms of its own. With the changes in the body design and numerous refinements it is more beautiful than its predecessors. Its attractive body lines, added luxuries, together with its powerful motor make it desirable from every standpoint.

In speaking of the new model C. P. Henderson, general sales manager of the Cole Motor Car company, said: "The Cole Motor Car company feels that its duty is to build as nearly as possible what the public wants. We have never attempted to dictate public opinion, and in our effort to comply with the wishes of motor car users we have been restrained only by the precepts of good engineering and the restrictions of reason."

"The Cole big six chassis was already developed to our satisfaction, so in the main we have left it undisturbed. Our attention was devoted chiefly to further refining it to the lines of the car and adding a little touches that lend finish and accentuate beauty. To the nicety of these details is due the charm of the new model."

PRICE SLASHING.

Chalmers Says Quality Is Too Often Sacrificed in Reductions.

"With the mechanical refinements and standardization of the motor car, has come a universal tendency toward lower price," asserted Hugh Chalmers, in referring to the reduction in selling price just announced by the Chalmers Motor company.

"The season of 1916 has dropped more surprise bombs into the lap of motordom than any preceding announcement period in the history of automobile manufacture. Some of the builders have slashed their prices mercilessly in a frantic endeavor to meet competition. In some cases this means suicide. Wholesale reduction in price too often means wholesale sacrifice of quality and the thing that the public does not want is a bargain counter automobile."

"The salesman who follows a flimsy article on to his customers knows better than to go back after a repeat order. The success of a motor car company depends on its repeat orders. Satisfied owners are the best salesmen."

"The people have become educated to the fact that it is not the initial cost that drains the pocketbook. The repeat man is the fellow it pays to dodge."

"While we are offering Chalmers cars at a price lower than ever before, we have not sacrificed our cardinal 'quality first' in order to do this. We have eliminated the middleman's profits, systematized more thoroughly our production, bought our raw materials for cash in great quantities and arranged for a quadrupled schedule of production. As a result, the consumer can buy greater Chalmers quality for less money than ever before."

STUDEBAKER'S RAPID GROWTH IN NEW YORK

The remarkable growth of the New York branch of the Studebaker corporation has already made the quarters established within the year at Fifty-sixth street and Broadway, inadequate. It had been thought that sufficient space had been provided for several years' growth, but now every square foot is required for local retail purposes, necessitating the branch store and service station elsewhere. Both will be quartered in an attractive building in Long Island city at the Degnon terminal, to be ready for occupancy this fall.

The new structure is exactly three miles from the Broadway branch by way of the Williamsburg bridge and six miles from the retail store in Brooklyn.

The plans call for a concrete building, fireproof, sprinklered, 160 feet long by 50 wide, and four stories high with a railroad siding running the length of the rear.

"In making this move, Studebaker is finding a new home in a district to which other leading automobile manufacturers have gravitated," said F. H. Rupp, the New York branch manager. "Studebaker will have a completely equipped service station and the building, located as it is, close to the Long Island railway, will be a convenience for thousands of motorists. As soon as possible the present home of the Studebaker on Broadway will be arranged for purely retail purposes."

ANNIVERSARY OF "HORSELESS CARRIAGE" WAS CONSIDERED PLAYTHING FOR RICH

"Just twenty-three years ago, Elwood Haynes started the actual construction of the horseless carriage—the little machine that gave birth to the American automobile industry," states M. W. Turner, local distributor for the Haynes light six.

"The first public appearance of the pioneer car was on the Fourth of July, 1894, when it ran for about three miles on the country roads near Kokomo, Ind., at a speed of between six and seven miles per hour. The original Haynes car was equipped with a one-cylinder motor. But the one car was built during the first season." The

pioneer car is now in the Smithsonian institution, Washington, D. C., as a national exhibit.

"In 1895, a two-cylinder Haynes was entered in the Chicago Times-Herald contest and won the first prize of \$150 for having the best balanced motor. Fifty cars were built in 1898 in spite of the warnings of advisers that the horseless carriage was only a plaything for the rich. The market did not appear to be over-supplied by the end of the year and a greater production was planned for the following season.

"The Haynes phaeton type model made a trip from Kokomo to New York in 1899 and won the distinction of being the first automobile to make a 1,000-mile trip in America. Two years later the same run was made in the record of time of seventy-three hours.

"Out of forty-four contests entered between 1898 and 1910, the Haynes cars took first place in forty-one. The grand prize was awarded the Haynes at the St. Louis world's fair. In 1907, the Haynes car made the only perfect score in the Chicago Motor club's 600 mile reliability contest in which thirty-five other cars competed.

"The Haynes cars introduced many features into the automobile industry, which are now considered as indispensable. Haynes cars were the first to use aluminum and nickel steel parts, as well as the side door entrance, the throttling carburetor, and the jump spark and magneto ignition. The new light six model now have the distinction of being the first cars to be able to travel from one to sixty miles per hour on high gear."

CURIOSITY AROUSED.

Many Eager to Know Maker of New Knight Engine Car.

Since it became known that one of the big American manufacturers was to build a Knight motor car to sell in the thousand dollar class, speculation has been rife as to who the

manufacturer is, and what the actual price of the car will be.

Charles F. Knight, inventor of the famous Knight sleeve valve motor, states that he has been literally swamped with letters from all parts of the country, requesting further information on this latest entry into the automobile field.

"During the last few weeks," says Mr. Knight, "my office has been snowed under with correspondence from interested motorists, asking for details. To me, this is positive proof of an extensive market for a Knight-motored car selling for so low a price."

"The whole trend of motor car design today is toward silence, smoothness of operation and comfort. And the sleeve valve motor is conceded by most experts to be the one logical medium through which all three of these requisites are made possible."

"Although I am not in a position to give the name of the manufacturer who will produce the new Knight car, I can state definitely that the car will contain the highest quality throughout. The low price at which it is to be sold is due to the fact that the producer has almost unlimited manufacturing facilities and has solved the all-important problem of building and marketing Knight motors in large quantities."

TWIN SIX MODEL POPULAR.

Packard Orders Exceed \$3,000,000 in Three Weeks.

Within three weeks after the Packard Motor Car company was in a position to accept orders for the new twin six model, customers' specifications for more than \$3,000,000 worth of cars had been received at the factory. These orders did not include the many options which hundreds of persons in the various cities who were awaiting their opportunity to see and ride in the demonstrators of the local dealers.

Practically all those placing orders did so without having ridden in the new car.

Vice President and General Manager Alvan Macaulay predicts that the output for the 1916 season will be disposed of by Jan. 1.

NEW RECORD FOR WOMEN.

Woman Drives From Coast to Coast in Twenty-Four Days.

In making the coast-to-coast drive—New York to Los Angeles—in twenty-four days, with a Cadillac eight, Mrs. Lillian Harris of Icebank, N. J., is considered to have set a new record for women drivers.

Carrying four other women as passengers, Mrs. Harris drove the entire distance of 4,950 miles without assistance. She reached her destination without mechanical or any other kind of difficulty. One of the things about which Mrs. Harris was particularly enthusiastic was the absence of fatigue during the tour, which she attributes to the smooth running of the car and the ease with which it was handled.

Out of the twenty-four days, there were only four on which it was necessary to go into gears lower than high, the use of the intermediate and low gears being occasioned by encountering some unusually bad roads.

After the women have visited the San Diego exposition, toured Southern California and have seen the San Francisco fair, they will begin the return trip overland in July, following the Lincoln highway.

AMERICAN AUTOS IN DEMAND IN EUROPE

With every British automobile factory engaged in turning out war munitions and cars for the allies, American-made motor cars are gaining a still firmer grip on the European market, according to George Hutton, a well-

known automobile engineer of Dublin, Ireland.

"Notwithstanding the unsettled conditions and the fact that a good many of our able-bodied men are at the front, there still continues a very brisk demand for the better grade of American car," says Mr. Hutton. "The well-built Yankee car equipped with self-starter, electric lights and other conveniences, is meeting with a tremendous demand and our only problem is securing enough cars to go around."

"It was fortunate enough to secure the first Dodge Brothers car shipped into Ireland and I have driven it over 5,000 miles, covering practically every county. This machine, with its wonderful hill climbing ability and easy riding qualities is the type of car which will sell most readily in European markets. In a long journey through the Wicklow mountains, I was able to make all of the steep grades on high gear with this car and had little trouble on the roughest of our country roads."

NEW LOCOMOBILE ARRIVES IN DULUTH

The new 1916 Locomobile has arrived in Duluth.

It is one of the handsomest and most distinguished-looking cars even seen in this city. It is not only beautiful in appearance, but is a long step in advance in the many refinements which Locomobile engineers have incorporated in the new model. The new Locomobile has low lines, presenting a very smart appearance. The running boards are low and the doors are extra wide, contributing to a comfortable entrance and exit. The rear compartment is roomy, the seats upholstered in the now famous ten-inch upholstery, giving an air of wonderful luxury and comfort, with exceptional riding qualities.

The new car has left drive, with center control, this being the accepted drive today; four speeds, a new multi-

How, and Why, —the GOODRICH "Fair-List" Propaganda now saves Car-Owners, yearly, over \$25,000,000 on Tires

THERE are 1,923,951 Automobiles now State-licensed, and running, in the United States.

Of these, 1,803,951 are Pleasure Cars—i.e., exclusive of Trucks, etc.

More than 90% of them, or about 1,623,555, use Pneumatic Tires.

Each car will wear out and replace, on average, about one Set of Four Tires per year.

Therefore, the interests of each Car-Owner as well as each Car-Manufacturer, each Car-Dealer, and Salesman, is vitally and personally affected by the price of Tires to Consumers.

Because,—Tires and Gasoline are the two big items of consumption in the operation of Motor Cars.

The Owner who used his Car 1,000 Miles less per year, than he would have done, because of "the high-price of Tires and Gasoline," received that much less return from his entire investment in the Car proper.

The potential, or prospective, Car-Owner who fails to buy a Car because of "the high cost of Tires and Gasoline,"—he who sells his Car and does not buy again because of "the high cost of Tires and Gasoline"—or he who, for the same reason, stores his Car and does not run it during a considerable part of the year, is a direct loss to

—1st—Automobile Manufacturers, as a class.
—2d—Automobile Dealers, as a class.
—3d—Garage Owners, as a class.
—4th—Lubrication & Gasoline Manufacturers, as a class.

But,—he is a greater loss to TIRE Manufacturers, and Dealers, as a class, than to any others.

Because,—Gasoline and Lubricants, for instance, can be sold to the Owners of Motor Boats, Stationary, and other Motors.

But,—Automobile Tires can only be sold, in the ultimate, to the man who OWNS a Car, and who wears out Tires through using it.

EVERY mile that each Automobile runs, means an automatic Sale of Tires to replace that mileage with new Tires.

But, all the Salesmanship, and all the Advertising, under the Sun, could not increase, by a single Tire, the total sales of Tires beyond the number of Cars owned by Consumers, and the number of Miles each Consumer runs his Car yearly.

The Market for Tires is therefore limited inflexibly, to the number of Cars running, and the Mileage which each Owner is induced to run yearly.

Therefore, we opine that to promote greater Sales, and greater use, of Automobiles, few better incentives can be offered than markedly-lowered cost, TO CONSUMERS, for Tires and Gasoline.

Just as we recognize that the only legitimate expansion open to the Tire Industry, as a whole, would be due to the Sale of more Automobiles each year to Consumers, with a greater average Mileage USE, per year, of each Car by each Owner.

That is why we favor the lowest possible price for Tires,—to Consumers, consistent with maintenance of high quality and a fair profit to Dealer and Mfr.

So this, then, is a leading reason why WE initiated, and propagated, that Goodrich "Fair-List" Movement which we publicly announced in the press on Jan. 31, 1915, and which caused practically every Pneumatic Tire Manufacturer in this Country to follow our lead and bring his prices down to a fairer level.

THIS is also the reason why some Tire Manufacturers, who could not, or would not, "meet" our BASIC prices for Pneumatic Tires (even though our "Fair-List" Propaganda obliged them to make heavy reductions off their former Lists) might erroneously suppose that "Goodrich" Tires have been cheapened in Quality, as well as in price.

Hence this explanation (to the Public, to Car-Manufacturers, Dealers, Car-Salesmen, Garages, and Tire Dealers generally) that we deem it "good business" to sell the best Goodrich Tires (of fabric construction) we have ever made, at the fairest price possible for such quality.

Hence, too, the following TEST offer to Consumers.

—We will cheerfully pay for any Goodrich Safety "Non-Skid" Tire, sold since our "Fair-List" price-reduction (announced on January 31, 1915), which when cut open shows any reduction in quality, in number of layers of Canvas, in thickness, or quality of Rubber, when compared with any other Goodrich Safety "Non-Skid" made by us, and sold at our higher prices current before the Goodrich "Fair-List" Movement.

And,—this is further to authorize any Tire-User to extend this Offer (at our expense) to any Tire Dealer, or Manufacturer.

We ask Car-Owners, and Tire Consumers, in their own interest, to see that no "implication" of lowered quality in Goodrich Tires goes unchallenged—just as we have protected their interests, for our own sake, through our "Fair-List" Propaganda.

BECAUSE of that GOODRICH "Fair-List" Propaganda, every Car-Owner who now buys any make of Tire sized 37 x 5, now saves on each set of 4 Tires, an average of about \$46.27.

—Every Car-Owner who uses 34 x 4 Tires, of any make, now saves, through the Goodrich "Fair-List" Propaganda an average of about \$26.15 per Set of 4 Tires.

Made as always—

- The same reliable Construction.
- The same dependable Service.
- Nothing whatever taken out of materials or Quality, no matter what reductions in List-Price are ever made.

—Every Car-Owner who uses 30 x 3 3/4 Tires, now saves, through the Goodrich "Fair-List" Propaganda, an average of about \$14.70 per Set of 4 Tires.

Other sizes in proportion.

The 1,623,555 State-licensed Car-Owners who use Pneumatic Tires now save about 20% of what they last year paid for ANY make and size, whether they be Goodrich or competing brands,—equal to more than \$25,000,000 per year.

And, don't forget that this giant saving to Car-Owners was never mentioned to the Public by other Tire Manufacturers until the Goodrich "Fair-List" Propaganda made it imperative that they extend the Saving to Consumers on their Tires, or lose business to the Goodrich Co.

But, notwithstanding all this,—the fact which should loom largest to TIRE-USERS is the contrast of 10% to 40% in prices, that still exists between the low price of the best Non-Skid Tires (of fabric construction) that money can buy, or the largest Rubber Factory in the World produce,—(to wit, GOODRICH Non-Skid Tires) and all other "responsible" Tires in the field.

Compare prices and see! Then, if you are not already a Goodrich User, do yourself (and us), the justice to buy at least one GOODRICH "Non-Skid" Tire.

Test that out for Quality, Mileage and Resilience against any other Tire, at any price, which you are now using.

The result of such Test will cause you to wonder why you ever paid more for Maximum Quality, Mileage, and Resilience than the Basic price of Goodrich Non-Skid Tires?

THE B. F. GOODRICH CO., Akron, O.

—SOLD IN DULUTH BY—

KELLEY HARDWARE CO.

KELLEY MOTOR & SUPPLY CO.
228 East Superior Street.

ple dry disk clutch. The closed motor bonnet, clean running boards, spare tire at the rear, and one-piece fenders give the car particularly clean-cut and smart lines.

The Locomobile is the first electrically locked car. The locking mechanism extends throughout the mechanical construction, so the car cannot be stolen when locked, except it be towed away. The brakes are very strong, so that in an emergency the car can be absolutely stopped from high speed, instead of merely slowing it down.

Among the refinements is the windshield with curved base and movable upper and lower parts.

FORD CARS USED ON RURAL ROUTES

Prompt and frequent delivery of Uncle Sam's mail depends in many sections of the country on the motor car. Before the advent of a reliable and dependable automobile people scattered through remote sections of the country had to wait long intervals for their letters, or were served by a system that was irregular and unreliable at the best.

Down in West Texas there is a mail route that illustrates this situation very nicely. From Lubbock, Tex., to the New Mexico boundary there is a 100-mile trail through a sparsely inhabited region. There are but five postoffices on this entire route. Occasionally one may see a stagecoach, but the most likely encounter is with wolves and other animals.

For two years the postoffices on this route have been served regularly by two Ford cars and during that time only two days were lost—the cause being deep snow. The Fords divide the route between them, each taking a 50-mile stretch and covering a round trip each day. The roads are bad and a portion of the route is across a sandy desert, but the Fords have kept on their schedule successfully, even carrying mail in addition to the heavy loads of mail, as the ranchers find the cars more dependable than the train. One of the Fords has covered more than 50,000 miles.

"Roughing It" in Kissel.

Arriving at San Francisco on the second leg of their transcontinental tour in a Kissel, E. H. Welch and J. H. Wise and wives of Kansas City, reported a series of delightful experiences.

"Roughing It" through the entire trip, camping at night and cooking their own food, the Welch-Wise party was so satisfied with the outward trip that they started to drive through the Northwest and then back home.

WELDING

of broken machinery, boilers, steel frames, broken automobile parts. Carbon removed from auto cylinders. Steel structures, bridges and boilers cut by the oxy-acetylene process.

PICKED UP ON "HIGH"

Being a Compilation of Happenings the Last Week Among Local Automobile Dealers and Motorists.

Many local motorists are planning a drive to Hibbing next Saturday to attend the championship automobile races on the race track there the following day. Some speed demons of international fame are to participate in the races, including such well known drivers as Louis Disbrow, "Wild Bill" Endicot, Eddie Harne and Johnny Rainey. The program includes a half dozen races, a five-mile free-for-all, one-mile and two-mile events.

Of considerable interest to Duluthans is the Governor Hammond day celebration being staged today by the Minnesota Automobile association at St. Paul. A number of local motorists are attending the festivities, which include an automobile parade and a supper at the St. Paul Auto club house at White Bear Lake.

C. H. Johnson, local agent for the Cole, drove to Virginia early this week to see the 1915 Cole car and while going about the streets there happened to see a number of local motorists attending the festivities, which include an automobile parade and a supper at the St. Paul Auto club house at White Bear Lake.

Work on the auto salesroom and garage being erected by the W. M. Pringle company for John M. Ford at 208 East Superior street is well along in completion. It is expected to be ready by the first of the month. The building will cost \$15,000.

E. J. Filtrault of the Mutual Auto company reports that the list of visiting motorists is constantly growing and that this city is fast becoming a center for tourists entering this state. Local dealers, he said, can judge this by the number of out-of-town cars that stop off at the garages for repairs or lodging.

Dr. Buckley and party of friends and W. M. Mahon motored from Duluth to Duluth, spending several hours in Duluth.

Among the Twin City motorists who drove to Duluth the last week were: E. J. Filtrault, H. J. Hagen, E. Swartwood, C. S. Hadden, L. McGinnis, H. S. Greaves and E. L. Anderson.

There are 40,258 automobiles registered in Nebraska. This is 27,000 less than there are in Minnesota.

The Mutual Auto company received word this week that the 1915 selling season for the Chalmers car was opened last Tuesday. Agents from all over the country attended a special conference called by Hugh Chalmers.

Joseph Peacha, Jr., of the Interstate Auto company was informed this week that the Franklin Automobile company has taken advantage of the option and is now retiring all stock, paying \$110 a share. The stock is in rate at \$110.

Jimmy drivers in Minneapolis have formed an organization.

It is estimated that the gasoline consumption this year will run over 1,000,000,000 gallons.

H. B. Knudsen, agent for Paige and Maxwell cars, returned yesterday from St. Paul, where he went earlier in the week.

C. H. Johnson reports the sale of two Cole cars this week and he expects the machines to arrive from the factory within a day or two.

John Halquist and John Colombo of Virginia motored to Duluth this week.

B. I. Lupp and a party from Lester, Iowa, came to Duluth last Tuesday in a machine driving up from the Twin Cities, where they spent the Fourth.

During April a Ford car was turned over every 15 seconds for the 24 eight-hour working days in the month.

Sept. 16 has been designated as the Pan-American Road congress day to be especially observed at San Francisco. A convention will be one of the features.

Another motor speedway is planned, this time at Columbus, Ohio.

Joseph Peacha received word this week that the Kuller, the general representative of the Kisselcar, has returned to this country with many interesting news items on the big war.

Mr. Gray says that American motor vehicles are being used in the field, although the work is, of course, very grilling. Mr. Gray is convinced that the war will be a long one.

Present indications point to the registering of at least 50,000 cars in Massachusetts during 1915 and the receiving of more than \$1,000,000 in registration fees from motorists.

The new automobile law in Nebraska taxes motorists \$5 yearly. Dealers are charged \$5, taxicabs \$5 and motor cycles, \$2. Of each fee, 50 cents will go to the state to pay for the license tag, the rest going into the general fund of the county in which it was collected.

Present indications point to the registering of at least 50,000 cars in Massachusetts during 1915 and the receiving of more than \$1,000,000 in registration fees from motorists.

The park is open only to such automobiles as are operated for pleasure. Motorcycles are not permitted. Tickets of passage must be obtained and paid for at the soldier station where the automobile enters the park. The fees will be: For runabouts or single seated cars, \$5; for five-passenger cars, \$7.50; for seven-passenger cars, \$10; for larger cars, \$15.

Approaching or passing riding horses, horse-drawn vehicles, hotels, camps or soldier stations. Automobiles, while in motion must not be less than 100 yards apart. Persons desiring to enter the park in an automobile must satisfy the general leading in general and particular. The machine in general and particular. The brakes and tires are in first-class working order and there is sufficient gasoline to reach the next place where it must be refueled. They must carry two extra tires.

Speed Limit Twelve Miles. Speeds must be limited to twelve miles per hour ascending and ten miles per hour descending. At no time may a car go faster than twelve miles per hour when approaching sharp curves. On open roads with straight stretches, and when no team is nearer than 200 yards, the speed may be increased to yards, the speed must be limited to twelve miles per hour. Horses must be sounded at all curves when the road is straight. No automobile will be allowed to pass while in motion going in the same direction.

When teams, saddle horses or pack trains approach, automobiles must take the outer edge of the roadway, regardless of the direction in which they are going, taking care that sufficient room is left on the inside for the passage of vehicles and animals. Teams have the right of way.

Fines or other penalties will be imposed for arrival of autos at any point before approved lapse of time in the schedule, at the rate of Fifty cents per minute for each of the first

minutes; \$1 per minute for each of the next 20 minutes; \$25 fine or ejection from the park or both, in discretion of acting superintendent of the park, for being more than 25 minutes early.

Must Park Machines. When, due to breakdowns, or accidents of any nature, autos are unable to keep going or to reach the next stopping place on time, they must be immediately parked off the road.

Particular notice is made in the tentative schedule and regulations to the fact that due to the high altitude of the park, roads averaging nearly 7,500 feet for the belt line and east, north and west entrances, the power of all automobiles is much reduced, so that about 60 per cent more gasoline will be required than for the same distance at lower altitudes. Likewise one lower gear will generally have to be used on grades than which would have to be used on other places.

The schedule makes it obligatory to leave Gardiner, at the north entrance not earlier than 6 a. m. and not later than 6:30 a. m., or not earlier than 2:30 p. m. and not later than 3 p. m. The morning autos must reach Mammoth Hot Springs, five miles away, between 8:30 and 9 a. m., and leave there at 9:45 to 10:15 a. m., or 3 to 3:30 p. m.

Automobiles for the post hotel, gray hotel and permanent camp and give the number of miles to the next station and the time at which the autos must arrive and leave the stations.

It is interesting to note how each of the twenty-five Ford assembly plants in the United States is being opened, as soon as it is opened, the center of local interest and local light-seeking. Each Ford assembly plant seems to attract visitors prearranged to see the new Ford factory in Detroit attracts all transients in the City of Straits.

Another branch road that about 4,000 guests were entertained there in the month of June. Old Folgers and Rebekahs representing 769 different loaves in Indiana.

American Trucks in Europe. P. W. Gaylor, who has been for the representative of the Kisselcar, has returned to this country with many interesting news items on the big war.

Mr. Gray says that American motor vehicles are being used in the field, although the work is, of course, very grilling. Mr. Gray is convinced that the war will be a long one.

GEN. HUERTA HELD FOR GRAND JURY

Waives Preliminary Hearing, Refuses to Give Bonds, Sent to Fort.

El Paso, Texas, July 10.—Gen. Victoriano Huerta waived a preliminary hearing on charges of conspiracy to violate the United States neutrality laws late yesterday and was held under \$15,000 bonds for the grand jury at San Antonio, Dec. 20. He declined to furnish bond and was removed to Fort Bliss, where he will be guarded by deputy United States marshals.

Gen. Ygnacio Bravo, Eduardo Caus, Jose Delgado and Enrique Corrales and J. B. Ratner waived preliminary hearing and all except Bravo furnished bond to appear with Huerta at San Antonio.

Bravo, who is 82 years old and who has served sixty years in the Mexican army, was released on his personal recognizance. The bonds of the others, which had been fixed at \$15,000, were reduced to \$5,000. The others were required to furnish bonds of \$5,000 each.

Huerta explained to J. B. Oliver, United States commissioner, that he declined to give bond and was willing that he be confined at the fort. He protested, however, that he did not wish to waive any of his rights in the preliminary hearing. He explained that by waiving his preliminary hearing he was not producing his case, which would be taken up by the grand jury at San Antonio, Dec. 20. Gen. Huerta explained that he was not willing to speak in his own defense but was satisfied by the commissioner's decision.

J. F. Camp, United States district attorney, explained to the other five defendants that there was no charge pending in his district against them and that they were free to go to where they pleased prior to Dec. 20. All remained in El Paso last night and it is probable that Ratner, who is Huerta's confidential aide, will stay here indefinitely.

Continued Before Hearing. Moundsville, W. Va., July 10.—Matt Jarrell, aged 28, was hanged at the gallows yesterday for the murder of Silas Nance, town marshal of Eskdale. Before going to the gallows, Jarrell confessed the crime.

RICH CLOTH UPHOLSTERY

Like many high priced cars the 1915 Overland, Model 83, is upholstered in cloth.

This finely-woven, worsted material has many advantages that make it preferable to imitation or split-leather, such as is used on cars of similar price.

Cloth is more comfortable—cooler in summer and warmer in winter—and it does not wear slippery.

There is no surface coloring matter to come off and mar light clothing. It makes slipcovers unnecessary.

The rich appearance of this dark grey striped cloth is set off to advantage by black leather trimming, used around the tops of the seat backs, and around the edges of the doors.

And it retains its rich appearance indefinitely, for unlike leather it will not crack or peel. And being dyed in the wool it will not fade or change color.

A light brushing will remove dust from its smooth surface, and soap and water will take out grease or oil spots.

In wearing quality this Overland cloth has every advantage as an upholstery material. The under side is waterproofed by special process. It is the sort of upholstery you will want in your new automobile.

Baseball Rowing

ZIMMERMAN IS GOING UP

Cubs' Star Makes Sensational Dash Out of Rut; Cobb Supreme.

Compton of Kaws Grabs Almost All Glory in Association.

Chicago, July 10.—Banging out twenty-one safe hits in his last thirty-six times at bat, Heinie Zimmerman of the Chicago Cubs raised himself last week from about fourth place to twelfth among the National league batters and threatens, with his average of .298, to break into the first ten. Last week his average was .254. The first ten hitters, according to averages published here today, which include the records of last Wednesday and of only those players who have played in at least half the number of games, are: Dabbert, Brooklyn, .327; Doyle, New York, .323; Miller, New York, .323; Luderus, Philadelphia, .322; Collins, Pittsburgh, .317; Groh, Cincinnati, .314; Wade Kilgore, Cincinnati, .314; Wilson, St. Louis, .302; J. Smith, Boston, .294; Saier, Chicago, .291. Robertson, New York, has attained the leadership in stolen bases with 17, but Saier still holds the lead in total bases with 143 and in runs scored with 46. Cravath, who is in eleventh place with 279, leads in home runs with twelve. St. Louis, New York and Chicago are tied for the lead in team batting at .277.

Leading pitchers, counting only those who have attained an average of .67 in fifteen or more games, are: Pierce, Chicago, won and lost; Alexander, Philadelphia, 19 and 3; Marmar, Pittsburgh, 11 and 4; Meadows, St. Louis, 6 and 3; Mayer, Philadelphia, 13 and 6; Pfeffer, Brooklyn, 8 and 4.

Cobb Still Aways Ahead.

Ty Cobb, Detroit, once more has established a 400 game record in the big league. Today's averages show him leading the batters of the American league with .401, setting the pace for base stealers with 51 thefts and in runs scored with 47 and Detroit, his team mate, shares second place with Jackson, Cleveland, at .333, but Crawford leads in home runs at 146.

Fourier, Chicago, is fourth with .332. Then come Chicago's pitcher, Ed Walsh, .311. Three New Yorkers, Calhoun, Caldwell and Pincus, are tied with Oldring, Philadelphia, for home runs with 4 each. Chicago leads in club batting with .267 and Detroit is next with .264.

Leading pitchers are Faber, Chicago,

won 15 and lost 4; Scott, Chicago, 11 and 3; Foster, Boston, 9 and 4; Daus, Detroit, 12 and 6; Fisher, New York, 10 and 6.

Stage Tops Federals.
Lee Magee, the Brooklyn manager, still sets the batting pace in the Federal league with .325. Then come Campbell, Newark, .323; Kauff, Brooklyn, .322; Plack, Chicago, .321; Eastern, Kansas City, .320; Duncan, Baltimore, .320; Walsh, Baltimore, .319; Yerkes, Pittsburgh, .318; Den, St. Louis, .314; Rousch, Newark, .308; Kauff leads in stolen bases with 23 and in runs scored with 43. Walsh has most total bases, 125, being tied with Chicago's Buffalo and Kautsky. Pittsburgh, for home runs leadership at 8. Brooklyn leads the clubs in batting with .273 and Chicago is next with .264.

With eight straight victories to his credit, George McConnell, Chicago, leads the pitchers of the Federal league with 13 won and 5 lost. The other leaders are: Allen, Pittsburgh, 9 and 5; Pinn, St. Louis, 9 and 4; Cullop, Kansas City, 12 and 6.

Compton Heads Association.
Compton, Kansas City, stays in front in the American Association with .342, leading also in total bases with 142, in runs scored at 63, and in home runs with 8. Kelly, Indianapolis, won 11 in stolen bases with 31. Next to Compton, the leading batters are: Reel, Milwaukee, .341; Reddock, St. Paul, .337; Southworth, Cleveland, .333; Louisville, .327; Crandall, Indianapolis, .322; Clemons, Louisville, .322; Mulsawitt, Columbus, .322; Charley, Minneapolis, .320; Chappelle, Milwaukee, .319; Indianapolis leads in team hitting with .284 and Kansas City is next with .275. Leading pitchers are: Tinkle, Indianapolis, won 11 and lost 1; Burk, Indianapolis, 11 and 4; Northern, Louisville, 14 and 6; Brenton, Cleveland, 9 and 4; Delhi, Kansas City, 12 and 6.

Grabham, St. Louis, is the leading slugger in the international with an average of .348. Buffalo leads in batting with .347, followed by Montreal, leading pitcher with 7 won and 1 lost, and Des Moines, leading pitcher with 15 won and 4 lost.

SHOOTERS TO COMPETE
Annual Tournament of the Northwestern Gun Club Will Be Held Sunday.

The sixth annual tournament of the Northwestern Gun Club will be held on the club grounds tomorrow, and it is expected that a number of outside shooters will be here to compete. The club has a list of 1500 hung up, and it is expected that a number of outside shooters will be here to compete. The Western trap, fifty-yard bird, will be shot at. Manufacturers agents will be allowed to shoot for targets only. The division of money will be made on a percentage system. Dinner will be served on the grounds, the tournament being scheduled to begin at 9 o'clock Sunday morning.

There will be ten events on the day's program.

THE GOOD JUDGE OFFERS TO HELP
JUDGE, I TOOK IT AND HE SNATCHED IT BACK. I WAS JUST GOING TO TELL HIM ABOUT THE REAL TOBACCO CHEW.

I FEEL SORRY FOR HIM. HE GIVES YOU TELL HIM HE GIVES YOU A CHANCE.

SOME folks have tried so many kinds that they can hardly believe that there is a Real Tobacco Chew.

A user of ordinary tobacco needs to get the taste and comfort of the Real Tobacco Chew. Then he knows for sure that he has found the tobacco he's hunted for half his life.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

THE REAL TOBACCO CHEW IS NOW CUT TWO WAYS!! W-B CUT IS LONG SHRED. RIGHT CUT IS SHORT SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it cost less in the end, since on perpetual Wilding trophies for the New Zealand championship singles for both men and women.

One small chew takes the place of two big chews of the old kind.

(Notice how the salt brings out the rich tobacco taste.)

WEYMAN-BRUTON COMPANY, 50 Union Square, New York City

YOUNG GOLF STAR EXPECTED TO BE ONE OF "TRULY GREATS"

WILLIAM HAGEN.
William Hagen is the young professional golf player who played in the open championship. He is classed as one of the very greatest players in America and a player who is bound to improve. Hagen is the professional coach of the Rochester, N. Y., Golf club.

agents will be allowed to shoot for targets only. The division of money will be made on a percentage system. Dinner will be served on the grounds, the tournament being scheduled to begin at 9 o'clock Sunday morning.

TENNIS STAR TO LECTURE
Dwight Douglas, Professional Crack, Will Stop Off in Duluth.

Dwight Douglas, Pacific coast champion professional tennis player, will come to Duluth Tuesday and Wednesday to lecture on the game of tennis. He will give lessons in tennis playing to the Duluth players Tuesday and Wednesday as well as giving an illustrated lecture on the line points of the game at the main house of the boat club on Tuesday evening. Douglas is captain of the tennis department of the boat club, is responsible for securing the services of the instructor, who is chiefly responsible for the Pacific coast country.

Mr. Douglas is on his way to the East and his visit here will mark the first visit of a professional star of his prominence. It is believed that the visit of Douglas will create an even greater interest in the game of tennis in Duluth than ever before.

SPORT GENERALLY IS AT STANDSTILL
Athletics Dropped in Austria-Hungary for the Present Time.

New York, July 10.—Advices received from Austria-Hungary by members of the American Olympic committee indicate that athletics and sport generally are at a standstill in those countries. Rifle shooting and football, played by youths too young to bear arms appear to be the only forms of competition in progress.

Racing, track and field athletics, swimming, fancy and competitive skating, skiing, tennis and cycling have all been dropped for the time being at least. Fencing and shooting have ceased to be sports and are now regarded as serious business. The latter has become very popular and rifle ranges are being opened in the country. Even for the war the government began to encourage training in rifle shooting in the schools and the war office afforded special facilities in this direction. The tennis and football schools are open, but the best instructors have gone to the front, although there are plenty of pupils, chiefly young officers.

GREAT SHOWING BY LELAND STANFORD
Should Prove Formidable Opponent for Eastern Colleges Next Year.

New York, July 10.—Eastern college oarsmen are still discussing the remarkable showing of the Leland Stanford crew at the intercollegiate regatta. In finishing within a second and a fifth of Cornell, the winner, the Polo state crew surpassed any previous record made by a Pacific coast or middle Western crew. The crew, which was rowed in sixteen regattas on the Hudson between 1899 and 1914, in these years the Budgers finished second four times; third twice; fourth four times; fifth three times; and sixth three times. Their closest finish was in 1914 when Wisconsin was but one and a half seconds behind them in the winning eight.

Stanford's best appearance at Poughkeepsie was in 1912 when, as winners of the Pacific Coast championship, the crew competed and finished last. At that time Frank L. Gueren, coach of this year's eight, was the coxswain. In 1913 and 1914 the University of Washington crew won the Pac Western title and represented the Pacific coast at regattas at Poughkeepsie, taking third place the first year and fifth in 1914. The average position of these Western crews in races on the Hudson are as follows: Stanford, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, 1949, 1950, 1951, 1952, 1953, 1954, 1955, 1956, 1957, 1958, 1959, 1960, 1961, 1962, 1963, 1964, 1965, 1966, 1967, 1968, 1969, 1970, 1971, 1972, 1973, 1974, 1975, 1976, 1977, 1978, 1979, 1980, 1981, 1982, 1983, 1984, 1985, 1986, 1987, 1988, 1989, 1990, 1991, 1992, 1993, 1994, 1995, 1996, 1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022, 2023, 2024, 2025, 2026, 2027, 2028, 2161, 2162, 2163, 2164, 2165, 2166, 2167, 2168, 2169, 2170, 2171, 2172, 2173, 2174, 2175, 2176, 2177, 2178, 2179, 2180, 2181, 2182, 2183, 2184, 2185, 2186, 2187, 2188, 2189, 2190, 2191, 2192, 2193, 2194, 2195, 2196, 2197, 2198, 2199, 2200, 2201, 2202, 2203, 2204, 2205, 2206, 2207, 2208, 2209, 2210, 2211, 2212, 2213, 2214, 2215, 2216, 2217, 2218, 2219, 2220, 2221, 2222, 2223, 2224, 2225, 2226, 2227, 2228, 2229, 2230, 2231, 2232, 2233, 2234, 2235, 2236, 2237, 2238, 2239, 2240, 2241, 2242, 2243, 2244, 2245, 2246, 2247, 2248, 2249, 2250, 2251, 2252, 2253, 2254, 2255, 2256, 2257, 2258, 2259, 2260, 2261, 2262, 2263, 2264, 2265, 2266, 2267, 2268, 2269, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279, 2280, 2281, 2282, 2283, 2284, 2285, 2286, 2287, 2288, 2289, 2290, 2291, 2292, 2293, 2294, 2295, 2296, 2297, 2298, 2299, 2300, 2301, 2302, 2303, 2304, 2305, 2306, 2307, 2308, 2309, 2310, 2311, 2312, 2313, 2314, 2315, 2316, 2317, 2318, 2319, 2320, 2321, 2322, 2323, 2324, 2325, 2326, 2327, 2328, 2329, 2330, 2331, 2332, 2333, 2334, 2335, 2336, 2337, 2338, 2339, 2340, 2341, 2342, 2343, 2344, 2345, 2346, 2347, 2348, 2349, 2350, 2351, 2352, 2353, 2354, 2355, 2356, 2357, 2358, 2359, 2360, 2361, 2362, 2363, 2364, 2365, 2366, 2367, 2368, 2369, 2370, 2371, 2372, 2373, 2374, 2375, 2376, 2377, 2378, 2379, 2380, 2381, 2382, 2383, 2384, 2385, 2386, 2387, 2388, 2389, 2390, 2391, 2392, 2393, 2394, 2395, 2396, 2397, 2398, 2399, 2400, 2401, 2402, 2403, 2404, 2405, 2406, 2407, 2408, 2409, 2410, 2411, 2412, 2413, 2414, 2415, 2416, 2417, 2418, 2419, 2420, 2421, 2422, 2423, 2424, 2425, 2426, 2427, 2428, 2429, 2430, 2431, 2432, 2433, 2434, 2435, 2436, 2437, 2438, 2439, 2440, 2441, 2442, 2443, 2444, 2445, 2446, 2447, 2448, 2449, 2450, 2451, 2452, 2453, 2454, 2455, 2456, 2457, 2458, 2459, 2460, 2461, 2462, 2463, 2464, 2465, 2466, 2467, 2468, 2469, 2470, 2471, 2472, 2473, 2474, 2475, 2476, 2477, 2478, 2479, 2480, 2481, 2482, 2483, 2484, 2485, 2486, 2487, 2488, 2489, 2490, 2491, 2492, 2493, 2494, 2495, 2496, 2497, 2498, 2499, 2500, 2501, 2502, 2503, 2504, 2505, 2506, 2507, 2508, 2509, 2510, 2511, 2512, 2513, 2514, 2515, 2516, 2517, 2518, 2519, 2520, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 2623, 2624, 2625, 2626, 2627, 2628, 2629, 2630, 2631, 2632, 2633, 2634, 2635, 2636, 2637, 2638, 2639, 2640, 2641, 2642, 2643, 2644, 2645, 2646, 2647, 2648, 2649, 2650, 2651, 2652, 2653, 2654, 2655, 2656, 2657, 2658, 2659, 2660, 2661, 2662, 2663, 2664, 2665, 2666, 2667, 2668, 2669, 2670, 2671, 2672, 2673, 2674, 2675, 2676, 2677, 2678, 2679, 2680, 2681, 2682, 2683, 2684, 2685, 2686, 2687, 2688, 2689, 2690, 2691, 2692, 2693, 2694, 2695, 2696, 2697, 2698, 2699, 2700, 2701, 2702, 2703, 2704, 2705, 2706, 2707, 2708, 2709, 2710, 2711, 2712, 2713, 2714, 2715, 2716, 2717, 2718, 2719, 2720, 2721, 2722, 2723, 2724, 2725, 2726, 2727, 2728, 2729, 2730, 2731, 2732, 2733, 2734, 2735, 2736, 2737, 2738, 2739, 2740, 2741, 2742, 2743, 2744, 2745, 2746, 2747, 2748, 2749, 2750, 2751, 2752, 2753, 2754, 2755, 2756, 2757, 2758, 2759, 2760, 2761, 2762, 2763, 2764, 2765, 2766, 2767, 2768, 2769, 2770, 2771, 2772, 2773, 2774, 2775, 2776, 2777, 2778, 2779, 2780, 2781, 2782, 2783, 2784, 2785, 2786, 2787, 2788, 2789, 2790, 2791, 2792, 2793, 2794, 2795, 2796, 2797, 2798, 2799, 2800, 2801, 2802, 2803, 2804, 2805, 2806, 2807, 2808, 2809, 2810, 2811, 2812, 2813, 2814, 2815, 2816, 2817, 2818, 2819, 2820, 2821, 2822, 2823, 2824, 2825, 2826, 2827, 2828, 2829, 2830, 2831, 2832, 2833, 2834, 2835, 2836, 2837, 2838, 2839, 2840, 2841, 2842, 2843, 2844, 2845, 2846, 2847, 2848, 2849, 2850, 2851, 2852, 2853, 2854, 2855, 2856, 2857, 2858, 2859, 2860, 2861, 2862, 2863, 2864, 2865, 2866, 2867, 2868, 2869, 2870, 2871, 2872, 2873, 2874, 2875, 2876, 2877, 2878, 2879, 2880, 2881, 2882, 2883, 2884, 2885, 2886, 2887, 2888, 2889, 2890, 2891, 2892, 2893, 2894, 2895, 2896, 2897, 2898, 2899, 2900, 2901, 2902, 2903, 2904, 2905, 2906, 2907, 2908, 2909, 2910, 2911, 2912, 2913, 2914, 2915, 2916, 2917, 2918, 2919, 2920, 2921, 2922, 2923, 2924, 2925, 2926, 2927, 2928, 2929, 2930, 2931, 2932, 2933, 2934, 2935, 2936, 2937, 2938, 2939, 2940, 2941, 2942, 2943, 2944, 2945, 2946, 2947, 2948, 2949, 2950, 2951, 2952, 2953, 2954, 2955, 2956, 2957, 2958, 2959, 2960, 2961, 2962, 2963, 2964, 2965, 2966, 2967, 2968, 2969, 2970, 2971, 2972, 2973, 2974, 2975, 2976, 2977, 2978, 2979, 2980, 2981, 2982, 2983, 2984, 2985, 2986, 2987, 2988, 2989, 2990, 2991, 2992, 2993, 2994, 2995, 2996, 2997, 2998, 2999, 3000, 3001, 3002, 3003, 3004, 3005, 3006, 3007, 3008, 3009, 3010, 3011, 3012, 3013, 3014, 3015, 3016, 3017, 3018, 3019, 3020, 3021, 3022, 3023, 3024, 3025, 3026, 3027, 3028, 3029, 3030, 3031, 3032, 3033, 3034, 3035, 3036, 3037, 3038, 3039, 3040, 3041, 3042, 3043, 3044, 3045, 3046, 3047, 3048, 3049, 3050, 3051, 3052, 3053, 3054, 3055, 3056, 3057, 3058, 3059, 3060, 3061, 3062, 3063, 3064, 3065, 3066, 3067, 3068, 3069, 3070, 3071, 3072, 3073, 3074, 3075, 3076, 3077, 3078, 3079, 3080, 3081, 3082, 3083, 3084, 3085, 3086, 3087, 3088, 3089, 3090, 3091, 3092, 3093, 3094, 3095, 3096, 3097, 3098, 3099, 3100, 3101, 3102, 3103, 3104, 3105, 3106, 3107, 3108, 3109, 3110, 3111, 3112, 3113, 3114, 3115, 3116, 3117, 3118, 3119, 3120, 3121, 3122, 3123, 3124, 3125, 3126, 3127, 3128, 3129, 3130, 3131, 3132, 3133, 3134, 3135, 3136, 3137, 3138, 3139, 3140, 3141, 3142, 3143, 3144, 3145, 3146, 3147, 3148, 3149, 3150, 3151, 3152, 3153, 3154, 3155, 3156, 3157, 3158, 3159, 3160, 3161, 3162, 3163, 3164, 3165, 3166, 3167, 3168, 3169, 3170, 3171, 3172, 3173, 3174, 3175, 3176, 3177, 3178, 3179, 3180, 3181, 3182, 3183, 3184, 3185, 3186, 3187, 3188, 3189, 3190, 3191, 3192, 3193, 3194, 3195, 3196, 3197, 3198, 3199, 3200, 3201, 3202, 3203, 3204, 3205, 3206, 3207, 3208, 3209, 3210, 3211, 3212, 3213, 3214, 3215, 3216, ACTIVITIES OF THE WEEK IN DULUTH'S SOCIAL WORLD

Week's Social Calendar

TUESDAY.

Lecture tea given by Mrs. E. Frank Barker, 2401 Lake avenue south, for Miss Ethelyn Abbott of Grand Rapids, Mich.

WEDNESDAY.

Wedding of Miss Ruth Borge and Alfred Norman Lynne of Elbow Lake at the home of the bride's parents, Mr. and Mrs. H. P. Borge, 623 Tenth avenue east, at 1:30 p. m.

Oatka "lark" at 7:30 p. m., followed by mid-week dance.

Afternoon bridge and dinner-dance at the Country club.

THURSDAY.

Semi-monthly dinner-dance at the Kitchi Gammi club.

FRIDAY.

Lecture-tea given by Mrs. E. Frank Barker of 2401 Lake avenue south for the members of the Twentieth Century club.

Wedding of Miss Hazel Irene Johnston and Herman Joseph Appel at the home of the bride's parents, 925 1/2 East Sixth street, at 4 p. m.

Dance at the main house of the Boat club.

Superior Girl Will Be Bride of New York Man

MISS ALMA HOPKINS.

The engagement of Miss Alma Hopkins of Superior to Charles W. Kitchell of New York, was announced at 4 p. m. given Thursday afternoon by Miss Hopkins for Miss Lucy Nightingale at Duluth, whose wedding to Kenneth

John Huss

Sermon by R. Edward Sayles
FIRST BAPTIST CHURCH
Sunday Night at 8.
SPECIAL MUSIC BY CHOIR

At 8 o'clock, in the lodge room, 203 Temple building. An advanced study class in "The Study of Karma" will meet tomorrow morning at 10:45 o'clock.

A sacred concert and lecture, "The Church and State," by Rev. Hugh A. Floyd, will be given Sunday night, July 18, at St. Michael's Catholic church, Superior street and Fifth.

The program which is being arranged by Miss Theresa Lynn will include vocal numbers by Mrs. A. Desjardins, Miss Belle La Vague, Mrs. Frank Staudacher, Charles Young, J. F. Lonn, E. Blomberg, J. E. Costa, Carl Van Hoven and the male quartet of the Sacred Heart cathedral, a violin selection by Edward Dillon and a cornet number by T. J. Bernhardt.

Miss Lynn and Miss Grace La Vague will be the accompanists.

In the women's tennis doubles at Oatka yesterday Miss Dorothy Moore and Miss Virginia Moore defeated Miss Julia Marshall and Miss Katherine Abbott, 6 to 3 and 6 to 3. Miss Roberta Ritchie and Miss Josephine Cotton defeated Miss Mary Winton and Miss Mary Winton, 6 to 0 and 6 to 0.

The results in singles yesterday were:

Miss E. L. Schmidt of 2218 East First street entertained at dinner last night at the English Inn. Covers were laid for:

Messrs.—Anna Bronaugh, Berta Schmied, Stella Boyd of Winton.

Messrs.—Mrs. L. Mintum, Leo Schmidt, Harrison Wall, Johnson.

Mrs. Charles M. Rice of 1515 East Second street entertained at a luncheon of thirty-six covers at the Kitchi Gammi club yesterday in honor of Mrs. Henry Marshall of Svertholm, a mound of maiden hair fern and pink peonies centered the length of the table.

Theosophical Society
The Duluth lodge of the Theosophical society will hold its regular lodge meeting for members only Thursday evening.

Less Cooking in Warm Weather.
There is one way of simplifying housekeeping which has only beneficial effects upon the inmates of the home. It has to do with the food we eat and our methods of preparing it for consumption.

At this season it is particularly easy to set a table that will satisfy the different tastes and appetites contained in a family without resorting to a stewman, the baked dish and the cook range.

A great amount of nutritious food that does not require cooking can be had at any season of the year, but more of course now when gardens are yielding up their supply of fresh vegetables.

It is not until the summer months such a diet is vastly more healthful than the one in which roasts and joints, soups and stews have a leading part.

If one must have meat, it is much easier even with that to broil or roast than to cook it in any other way.

From the bountiful variety of fresh vegetables and fruits. Some of these

vegetables need absolutely no cooking. Take lettuce, tomatoes and cucumbers, which require very little in the way of preparation.

It is foolish also to spend much time concocting elaborate desserts during the warm days which we are soon to have. The berries that are now on the market and those to follow shortly are too delicious and too soon out of market for the housekeeper to bother with much pie and pudding.

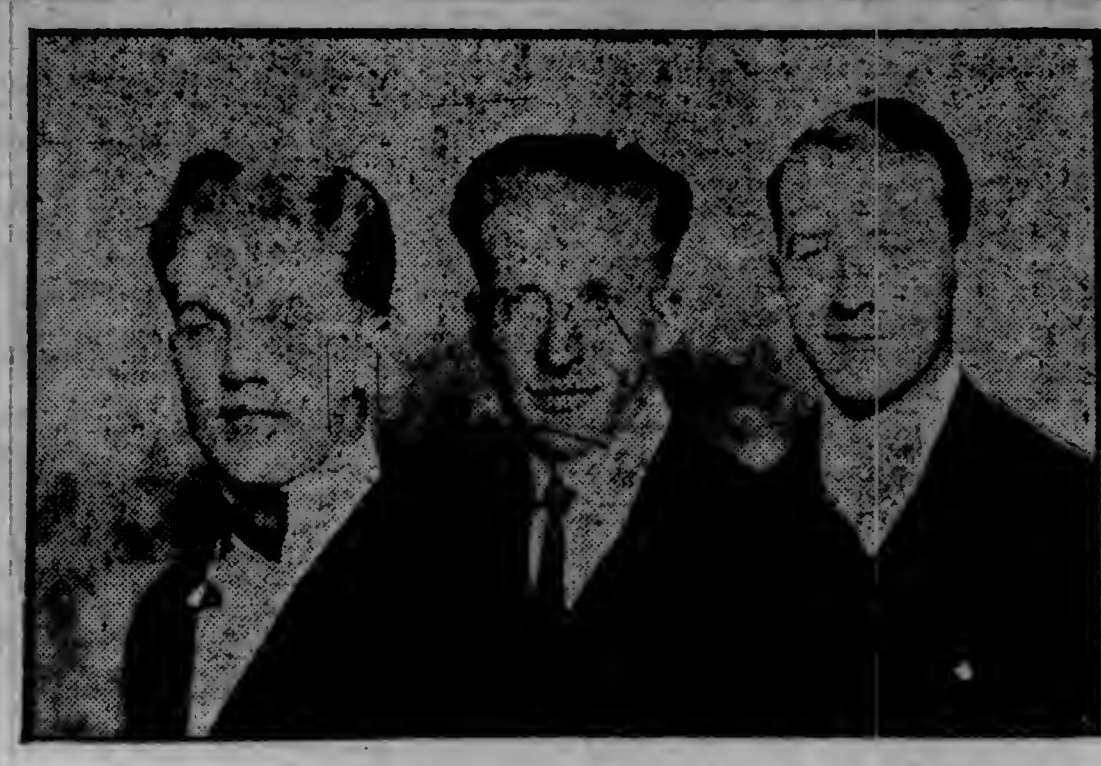

Then we have pineapples, luscious watermelons and cantaloupes and many other fruits that are enjoyed by all and are without question the most healthful eating at this time of the year.

It is too bad to miss these good things, as so many do, simply because they have been accustomed to the rich puddings and pastries that take a considerable time in preparation and are more or less injurious to the stomach after they have been consumed.

One should eat with a practicality through a summer with practically no cooking, and I have no doubt but that there would be a great improvement in the health of the entire family if the idea was followed.

Breakfast might consist of fruit, a raw cereal with milk or cream, raw eggs, in milk and bread and butter. A green salad at noon with plenty of bread and butter, fruits, nuts and raisins and another raw egg beaten up, if in need of a hearty lunch, and a variety of vegetables with weak or chop or fish for dinner could be finished with fruit or cake.

Oatka "Larks" Are Attracting Record-Breaking Crowds to Boat Club Branch

THE AGONY "QUARTET".—Photo by McKelvie.

The first Oatka "lark," that was held Wednesday night, attracted so many more persons than had been expected that the wives of two of the boat club officers went into the kitchen and made sandwiches and a fee for the picnic. The program was given by Miss Myrtle Hobbs, Miss Esther Gomborg, Gustav Jackson and the Agony "quartet," which will follow the "lark" at the next week the hour's program, from 7:30 to 8:30 o'clock, will consist of baritone solos by George Sufel, with Mrs. Floyd M. Fuller as accompanist, and numbers by the Robinson string orchestra of a band-mandolin, guitars and banjos. If the weather is fair the musical program will be given on a big boat if it rains the program will be held on the porch. The Esther Gomborg orchestra will play for the dancing, which will follow the "lark."

Mrs. Donna Riddle, Flavin will sing at one of the "larks" this summer.

The announcement of an engagement of interest in Duluth and Superior was that of Miss Winifred Emily Barton, daughter of Mr. and Mrs. James Barton of Superior, to Raymond Walter Higgins of Duluth, which was made by the bride's mother at a tea given Thursday afternoon at the home of the bride's mother, Mrs. George H. Quigley of Cleveland, and Miss Frances Specht, sister of the bride, who will be a bride of this summer. The date of Miss Barton's wedding has not been announced.

Miss Harriet Frances Shannon, daughter of Mr. and Mrs. Charles Shannon of Muskegon, Mich., and Harry Erick Sleepcock of this city were married Tuesday afternoon at 5 o'clock by Rev. Philip H. Kiley at the rectory of the Sacred Heart cathedral.

Mrs. Harry L. Cummings of Omaha, sister of the bride, was an out-of-town guest.

PERFECT BEAUTY

The fashion of the present day requires that the complexion of the well-groomed woman shall be clear and of snowy whiteness. The regular use of

GOURAUD'S ORIENTAL CREAM

will bestow the charms that are so admired. Gouraud's Oriental Cream is a liquid powder, far surpassing the dry powders that have to be applied so frequently to gain the desired effect.

It whitens, softens and clears the skin. It is absolutely free from grease and consequently does not encourage the growth of hair.

NEW YORK

Thesophical Society

The Duluth lodge of the Theosophical society will hold its regular lodge meeting for members only Thursday evening.

Peggy Peabody's Observations

Less Cooking in Warm Weather.
There is one way of simplifying housekeeping which has only beneficial effects upon the inmates of the home. It has to do with the food we eat and our methods of preparing it for consumption.

At this season it is particularly easy to set a table that will satisfy the different tastes and appetites contained in a family without resorting to a stewman, the baked dish and the cook range.

A great amount of nutritious food that does not require cooking can be had at any season of the year, but more of course now when gardens are yielding up their supply of fresh vegetables.

It is not until the summer months such a diet is vastly more healthful than the one in which roasts and joints, soups and stews have a leading part.

If one must have meat, it is much easier even with that to broil or roast than to cook it in any other way.

From the bountiful variety of fresh vegetables and fruits. Some of these

vegetables need absolutely no cooking. Take lettuce, tomatoes and cucumbers, which require very little in the way of preparation.

It is foolish also to spend much time concocting elaborate desserts during the warm days which we are soon to have. The berries that are now on the market and those to follow shortly are too delicious and too soon out of market for the housekeeper to bother with much pie and pudding.

Then we have pineapples, luscious watermelons and cantaloupes and many other fruits that are enjoyed by all and are without question the most healthful eating at this time of the year.

It is too bad to miss these good things, as so many do, simply because they have been accustomed to the rich puddings and pastries that take a considerable time in preparation and are more or less injurious to the stomach after they have been consumed.

One should eat with a practicality through a summer with practically no cooking, and I have no doubt but that there would be a great improvement in the health of the entire family if the idea was followed.

Breakfast might consist of fruit, a raw cereal with milk or cream, raw eggs, in milk and bread and butter. A green salad at noon with plenty of bread and butter, fruits, nuts and raisins and another raw egg beaten up, if in need of a hearty lunch, and a variety of vegetables with weak or chop or fish for dinner could be finished with fruit or cake.

Tuesday and will spend a week here with parents.

C. H. Knott, formerly of this city and a graduate of the Bemidji high school, and who is now a student for the ministry at Macalester college at St. Paul, spent Tuesday in the city on route from his home at Spear, where he spent a short vacation at Crookston.

Members of the Fourth Ward of the Methodist church held their regular monthly business meeting in the basement of the church Tuesday evening. After the business session games were played and lunch served.

Alvin Olson, who last week severely injured his foot on the spike of a pine pole, while jumping on the City of Bemidji boat from the bridge at the outlet, is rapidly improving.

Left Hutton of Jamestown, N. D., who has spent the past few weeks in Bemidji as the guest of friends and relatives, left Friday evening of last week for St. Paul, where he will spend two weeks before returning home.

Y. M. Emmert, instructor in agriculture in the Buffalo, Minn., high school, spent several days in the city looking over the judicial ditch lands and may possibly locate here.

Herbert A. Larson of Denver, Colo., chief of the Indian officers of the United States, arrived Saturday of the week here on official business.

Pete Peterson, formerly of this city, now of the county auditor's office at Thief River Falls, spent Monday in Bemidji.

Marble

Marble, Minn., July 10.—(Special to The Herald.)—Miss Ruth Lise went to Grand Rapids Saturday evening and spent the Fourth with Mrs. W. Betts.

Ed Logan was called away Saturday by the death of his nephew at Duluth.

Mr. and Mrs. G. Prescott and family motored over the iron range on Monday.

Mrs. Ed Logan came home from Duluth Monday evening.

Mr. and Mrs. C. H. Dockery have as

THE HERALD'S

PARCEL POST SERVICE

Directions for Ordering and Shipping by Parcel Post:

Any article advertised here is available to any part of the United States, if not over 20 pounds in weight nor more than 72 inches in length and girth combined. Parcels of 50 pounds can be sent through local, first and second zones (second zone limit 100 miles). If the article you order is very valuable it may be insured or accorded special delivery service on payment of the usual fees. Such valuable articles will be insured upon request against loss.

When ordering shoes, rings, hats, dresses, waists, coat suits or anything that requires

a perfect fit, be careful and give your correct size. Duluth firms will be very careful to give you just the size you order.

When ordering dress goods, silks, colored goods or any article where a particular color is wanted be certain and specify the exact shade, and merchants will see that you get what you order.

By conforming to these simple rules your orders will be sent out the same day received and in many cases will be delivered by the postman direct to your home the following day.

Parcel Post Rates

Parcels weighing four ounces or less are available at the rate of 1 cent for each ounce or fraction of an ounce, regardless of distance. Parcels weighing more than four ounces are available at the following pound rates, a fraction of a pound being considered a full pound.

Insurance on Parcels

A valuable parcel may be insured for 5 cents on a valuation up to \$25 and up to \$50.

C. O. D. Service

The sender of a parcel on which the postage is fully prepaid may have the price of the article and the charges thereon collected from the addressee on payment of a fee of 10 cents in the amount to be collected does not exceed \$100. Such a parcel will be insured against loss without additional charge, in an amount equivalent to its actual value, but not to exceed \$50.

The person to whom the package is addressed will not be permitted to examine the contents of a C. O. D. parcel until it has been received for and all charges paid. C. O. D. parcels will not be accepted when addressed to the Philippine Islands.

Special Delivery

The postoffice department has arranged that upon payment of 10 cents additional any parcel post package will secure immediate delivery.

GARY LAND COMPANY
202 Palladio Bldg., Duluth, Minn.

DESPITE HOLIDAY, WEEK HAS BEEN BUSY ONE IN REALTY

Steel Plant Announcement Expected to Bring Revival in Interest.

East End Residence Sold—New Division of Exeter Farms.

Considering that the week was broken by a holiday, a good movement was reported in realties during the last few days. The business continued to be monopolized by residential properties and building lots, mainly in the new sections of the city.

Now that it has been definitely announced that the Minnesota Steel company's plant would be pushed to completion so as to be ready to turn out steel billets on Nov. 1, real estate men are counting upon a revival of a period of activity in the near future. It is believed that this latest development will lead to a substantial investment inquiry and the closing up of some important deals that have been held in abeyance is counted upon to start the ball rolling. Operations are continuing in West Duluth properties and in the steel plant districts are looking forward to a special movement in them and a marked upturn in values. It is thought that bargain hunters will not lose any time in getting busy and in that it is felt that the present ease of the money market will prove a potent factor.

East End Residence Sold.
A feature of the week was the sale of the W. A. Eaton home at Second street and Twenty-first avenue east to Caroline W. Merriam at a consideration of \$2,000. With a frontage of 100 feet on the avenue, the property is regarded as having been disposed of upon a reasonable basis in view of its location. The Little & Nolte company represented the seller and the Pulford-How company the purchaser in the transaction.

Another deal in high-class residential property was put through by the Field-Frey company in a sale for Alex Gordon of Baltimore, Md., to A. P. Barnes of a corner lot with a frontage of 250 feet on the Hawthorne road, Congdon park. The consideration was \$4,400. Stryker, Manley & Buck represented the seller in the transaction. The Field-Frey company also took earnest money on two large acreage tracts.

The Harris Realty company sold for John V. Seton to Katherine Walsh, a house and lot on the upper side of Fifth street, between Fifth and Sixth avenues east. The consideration was \$4,000.

J. D. Howard & Co. reported the sale of 160 acres near Palmer's siding. St. Louis county. The purchaser proposes to settle upon the property.

The A. A. Fiedt company sold to William Schumann, fourteen lots in Gray's addition, adjoining Kenilworth park at Park street, between Fifth and Sixth avenues east and Sixth street at \$1,200.

The Alliance Real Estate company has placed under place Exeter Farms second addition upon the market in a short time. A popular feature was the company's proposition that all but a few of the 450 tracts included in the original plan have been disposed of and a large colony of settlers has been established there. A commodious passenger bus has been put to work to make regular trips to Exeter Farms from the third of the street car tracks at Lester Park.

Continued good inquiry for building lots in Homewood park was advised by the Whitney Ward company, a number of sales having been put through during the week. This property is located above the boulevard, between Fifth and Tenth avenues east.

The Little & Nolte company sold to David H. Wright, house and lot No. 4210 West Fifth street at \$1,500.

A. W. Kuehn, president of the Gary Land company, reported steady outside inquiry for Gary lots, forecasting a substantial movement in them in the near future.

The N. J. Upham company had a busy week, resulting in several sales. These included a house and lot in the Chester park district; a lot in Waverly park and two tracts in Home Acres.

Good News Business.
Stryker, Manley & Buck reported a very satisfactory business during the month of June. They closed up the following deals: The Atlas Investment company to F. E. McQuade, 76 feet at the northwest corner of Fifth street and Twenty-sixth avenue east; five lots on the southwest corner of Second street and Hawthorne road, for Alexander Gordon to Arthur P. Barnes. (Field-Frey company represented the purchaser in this deal.) Fifty feet on Garfield avenue, including a brick building containing four flats, for Mary Housfeldt to John M. Stephens; two lots in Waverly park, lot 25, block 2, for Ida E. Norton to Mrs. John T. Fugh. (Mrs. Fugh expects to erect a house upon this lot at once), and lot 2, block, to Robert Magie; lot 15, block 9, altered plat of London Park, for Mrs. Howard T. Abbott to T. J. Davis; fractional block 1, Sterling division, for Frances Hees Wright to W. Gage Baldwin; twenty-five feet on East First street, for Clarence C. Whitting to Robert A.

Casson; also some lots in Ingleside Park.
In addition to this, on June 5, Stryker, Manley & Buck, representing the owner, Alexander Gordon, and the N. J. Upham company as auctioneers, sold fourteen lots on First street between Twenty-eighth avenue east and Hawthorne road. This sale was something unusual in Duluth, but it passed off very successfully, the purchasers securing some very choice bargains in residence lots, many of which will be built upon soon. They also report having received offers on several pieces of property, all of which has been very satisfactory to them.

The following transfers were recorded during the week with the register of deeds:
Ida M. Eaton et al. to Caroline Wilson Merriam, lots 1, 2, blk. 5, New Endowment division, 8,750.
Hannah Cret et al. to John Johnson, part blk. of blk. section 2, 31-12, 801.

REAL ESTATE NEWS

A black and white aerial photograph showing a town layout. A wide, straight street runs vertically through the center of the image. On either side of this street, there are numerous rectangular buildings, likely houses or small commercial structures, arranged in rows. The buildings are mostly two or three stories high. The street is flanked by sidewalks or paths. In the background, there are hills or mountains. The overall scene depicts a planned urban environment.

—Photo by Gallagher

twice the number of workmen that could be accommodated in the Model City at present, and the number to be employed at the steel plant is variously estimated at from 2,000 men up. These will have to be housed at Gary, New Duluth, West Duluth and other suburbs.

REPLY OF THE UNITED STATES TO GERMAN NOTE LIKELY TO BE IN THE NATURE OF ULTIMATUM

NO WORD FROM SHIPS WARNED BY WIRELESS TO BEWARE OF BOMBS

Policy Will Be Defined After
Long and Careful
Deliberation.

Will Express Intentions of
Government If Demands
Are Not Met.

Lansing Will Receive Ger-
man Ambassador a
Little Later.

Washington, July 12.—The situation between Germany and the United States has taken on such a serious and critical character that the policy of the American government will require lengthy and deliberate consideration, that it may have the firmness which the circumstances require.

This was the statement made today in high official quarters. Secretary Lansing, after taking several days to examine the German reply, may go to the cabinet on the morning of the 13th to confer with President Wilson. The original plan, it was explained, was for the president and Mr. Lansing to confer, and then have the secretary of state draft a note to be submitted to the cabinet on the president's return to Washington. Now the belief is that the president and Mr. Lansing, working independently, will prepare memoranda and confer after their ideas have matured. A definite (Continued on page 5, fourth column.)

DOUBLE CRIME NEAR BAUDETTE

Man and Wife Found Dead;
Perhaps Murder and
Suicide.

Baudette, Minn., July 12.—(Special to The Herald.)—A Sheriff Dundas has gone to the home of John Trueter, where it is thought a murder and then a suicide was committed.

The body of the woman and of Trueter, a nearby indicated that a quarrel was responsible for the claim that the place and their bodies were found by neighbors.

HUSBAND CALLED HER OLD WOMAN; KILLS HIM

Quincy, Ill., July 12.—Giving as her reason that he called her "old woman," Mrs. Marie Moore Wileage, aged 36, is in jail facing a charge of murder for shooting her husband, Elmer Wileage, aged 36, Sunday afternoon. Mrs. Wileage made an ineffectual attempt at suicide after the shooting, but succeeded only in slightly wounding herself.

GEORGE PASCUAL OROZCO FORFEITS \$7,500

Mexican Commander Fails to Answer Charges of Conspiracy to Violate United States Neutrality Laws.

El Paso, Tex., July 12.—Gen. Pascual Orozco, who on July 2 eluded Federal and civil officers having him under surveillance, failed to appear in Federal court today to answer charges of conspiracy to violate United States neutrality laws. His bond of \$7,500 was declared forfeited.

Gen. Marcelino Caraveo, Frank and the Alderete, also Mexican military leaders, who are preliminary hearing and were held under reduced bond to the Federal grand jury.

Carranza Troops Repulsed.
Washington, July 12.—Repulse of 3,000 Carranza troops at Cuernavaca, Sonora, was announced today by the Villa agency. Gen. Hernandez Villa, commander at Tiedras Negras, telegraphed that Carranza troops, telegraphed that Carranza had been driven off toward Lampazos.

Conditions Bad at Capital.
Washington, July 12.—Chief dispatches reached the state department from Mexico City dated before the occupation of the capital by Carranza forces, described food conditions as almost intolerable, but officials believed the situation either had been relieved

TO GIVE ALL SQUARE DEAL

Attorney General of Iowa
Takes Hand in Old
Murder Case.

Will Investigate Treasure
Chest and Killing in
1868.

Des Moines, Iowa, July 12.—Attorney General George W. Cosson took personal charge today of the investigation of the so-called Bedford murder and treasure chest cases, and will go to Taylor county today to be present tomorrow at the hearing of the four aged men, charged with the murder of the wealthy cattleman and his son in September, 1868.

Sumner that Mrs. Maria Horter of Quinman, Mo., the state's chief witness against Samuel Scrivner, Bates Huntman and John and Henry Dammwood, had disappeared from her husband by a long distance call from her husband to the local authorities, who said she would be at Bedford tomorrow to give her testimony.

Attorney General Cosson made it plain that he was entering upon the investigation with the intent of being fair to both sides. He called attention to the fact that the arrests of the men at Bedford were made upon (Continued on page 5, fourth column.)

LIVELY FIGHTING IN TURKISH ARMENIA

Several Encounters Said to
Have Resulted Favorably
to Russians.

Tiflis, Trans-Caucasia, Monday, July 5, via Petrograd, July 12, and London.—Reports from the various fronts in the Russo-Turkish campaign indicate that lively fighting has occurred recently north and south of Van. In the Trans-Caucasia, fifty miles west of Kars, a Turkish force of 30,000 men which was concentrated to the east of Tiflis, near Van, is being hard pressed by the Russians.

Organized massacre of Armenians in Bitlis is taken as an indication that the Turks are retreating from that point. The Turks distributed 40,000 rifles among Kurds in Mush valley for use against Armenians. Notwithstanding massacres and evidence that Armenians are resisting bravely, they have been killed recently by 160 Armenian volunteers from America.

Howth Head and Baron
Napier Laden With Mules
for Allies.

Letter Received at New Or-
leans Says Explosives
Were Placed on Board.

New York Officials Investi-
gating Alleged Conspiracy
of Bombmakers.

New Orleans, La., July 12.—No word has come today from the British steamships Howth Head and Baron Napier. The Howth Head was today believed to be off the Florida coast and expected to call at Norfolk for coal.

Two Ships Warned.
Washington, July 12.—Navy department officials today awaited responses from the British steamships Howth Head and Baron Napier, laden with mules for the South Atlantic coast, to a warning wireless to them to watch out for bombs in their holds. Both vessels sailed from New Orleans July 9, the Howth Head for Dublin and Belfast via Norfolk and the Baron Napier direct for Avonmouth.

The warning was flashed out broadcast over the sea from the Arlington wireless station last night following the receipt by Secretary Daniels of a telegram from New Orleans newspaper stating that a letter to that paper from a person who signed himself "local train following the limited and (Continued on page 5, fourth column.)

WASHOUT CAUSES WRECK OF TRAIN

Nine Cars of Southwest
Limited Leave Track;
No One Injured.

Chillicothe, Mo., July 12.—Nine of the ten cars of Chicago, Milwaukee & St. Paul railway train No. 26, known as the "Southwest Limited," left the track as a result of a washout at Chillicothe, near here, early today. No one was injured. All the cars remained upright. The train was proceeding slowly because of a heavy rain that prevailed early today and had just crossed a small culvert when the accident occurred. The passengers were transferred to a local train following the limited and proceeded to Kansas City.

Charges Unjustified.
Washington, July 12.—Charges proposed by railroads east of the Mississippi and north of the Ohio for placing cars on certain industrial tracks were pronounced unjustified today by the interstate commerce commission. The additional charge on the industries named, and not upon others, the commission says, would result in discrimination.

GERMAN TROOPS MAKE FIERCE NIGHT ATTACKS ON THE ALIENS WITHOUT APPRECIABLE GAINS

MAY SUCCEED GEN. FRENCH IN
FRANCE IF LATTER RETIRES

GEN. SIR HORACE SMITH-DORRIEN.

Gen. Sir Horace Smith-Dorrien, the "hero of Mons," and the man who won the crossing of the Aisne, is being mentioned as the man most likely to succeed Gen. French in command of the British forces in France should Gen. French retire.

MURDERS WOMAN THEN KILLS SELF

Bemidji Man Slays Thief
River Falls Girl in
North Dakota.

Park River, N. D., July 12.—(Special to The Herald.)—Insane with jealousy, T. G. Mol, said to hail from Bemidji, Minn., on Sunday shot and killed Miss Alma Gutterun of Thief River Falls, Minn., with whom he was infatuated, where both were employed, then turned the weapon upon himself and soon died.

Before killing her, Mol forced the woman to sign a statement shouldering part of blame for the double crime. Mol also wrote several notes, pleading for the forgiveness of God, his employer and his relatives.

Saturday Mol had attempted to kill the girl by choking her, but was frustrated by the approach of neighbors.

Charges Unjustified.
Washington, July 12.—Charges proposed by railroads east of the Mississippi and north of the Ohio for placing cars on certain industrial tracks were pronounced unjustified today by the interstate commerce commission. The additional charge on the industries named, and not upon others, the commission says, would result in discrimination.

IN SALARY AND I WISH YOU
WOULD TAKE A COUPLE OF
WEEKS VACATION
WITH FULL PAY IN
ADVANCE—

GENERAL LULL IN THE ACTIVITY OF TEUTONS ON GALICIAN FRONT

Austria Says Goal of Cam-
paign Has Already Been
Attained.

Recapture of Lemberg and
Establishing Offensive
Positions Was Object.

Austro-Germans Prepar-
ing for Operations in
Other Quarters.

Austrian Army Headquarters in Galicia, Sunday, July 11, via London July 12.—The relative subsidence of activity on the part of the Teutonic allies during the last week may be explained by the fact that the goal set for the Lemberg campaign already has been attained. This was the recapture of the city and the securing of strong defensive positions to the eastward and northward. These positions have now been secured along the line of the Zlota Lipa and Bug rivers, and the ridge to the northward of Krasnik.

Counter-Offensive.
The Russians attempted a counter-offensive from Lublin against the Austro-German positions north of Krasnik, bringing up heavy reinforcements for this purpose. Owing to this movement the Austrian troops, originally selected, withdrew to the ridge, where they have been successfully resisting all Russian attacks. They feel secure in their present positions and it is believed (Continued on page 5, third column.)

JOPLIN MINERS RETURN TO WORK

No Settlement Made; Men
Go Back Under Old
Wage Scale.

Joplin, Mo., July 12.—A strike of nearly 5,000 lead and zinc miners, which began here two weeks ago, ended today when every mine in the district resumed operations. There was no settlement. The men went back to the mines and asked for their places at the old wage scale. The miners have not asked recognition for their new formed union.

The commanding officer of the Guerrero said the trains and steamer Bonita would be fired upon because they have been used by the enemy in the transportation of troops. He agreed not to open fire on the other part of the city. Many foreigners and foreign property would have been endangered by a bombardment.

The plan for the general bombardment was only prevented after Admiral Howard and the French, German and British consuls called upon the Carranza commander on July 11. Carranza made a vigorous protest in the name of humanity. They made the trip from the cruiser Colorado in the admiral's barge.

The time for the bombardment had been set for 6 o'clock Monday morning, but the Guerrero commander agreed not to open fire upon the trains and the Bonita until 6 o'clock Monday night.

The Guerrero arrived here Saturday and immediately a blockade was declared. A schooner which attempted to enter port soon afterwards was stopped and ordered to put up its guns. Its passengers had been permitted to land. A protest against the blockade was made by Admiral Howard and the foreign consuls.

SUMMARY OF THE WAR NEWS

Heavy fighting in several sectors of the front in France has resulted in change of ground at one important point where the Germans won a victory. They recaptured the cemetery at Souchez, the possession of which has long been contested.

German headquarters report a surprise attack near Altkirch, Alsace, resulting in the capture of a French position along a 600-yard front. The capture ultimately resulted voluntarily to their old line of trenches, the official statement says, taking some prisoners with them.

German attacks which followed violent cannonading in the Woerwe region resulted in the capture of a small village near Cambes, but declares they were soon driven out.

In the British parliament, Premier Asquith declared that a discussion of the shell controversy and the differences between the minister of munitions, David Lloyd George, and the former minister of war, Viscount Haldane, would be detrimental to the best interests of the nation. He declined to satisfy demands of parliament who submitted questions.

Several successes along the Austro-Italian front are reported by Italian army headquarters, in the districts

BOMBS AND POISONOUS GASES USED

Teutons Occupy Cemetery
Near Arras on Morning
Attack.

General Activity Occurs All
Along the Western
Front.

Desperate Battle With
Hand Grenades Southeast
of Neuville St. Vaast.

Paris, July 12.—The French war department today issued the following statement:

There was great activity during the night upon various portions of the front. In the sector of Arras the enemy, after having launched a large number of asphyxiating projectiles, attempted towards midnight, to the south of Souchez, an attack which failed. A second attack about 2 a. m. permitted him to occupy the cemetery and some sections of the trenches immediately adjacent.

A very desperate battle with hand grenades took place in the closely situated trenches to the southeast of Neuville St. Vaast without appreciable gain on either side.

On the plateau to the north of Oise (region of Quenoyvillers and Neuveville) the bombardment on both sides was particularly violent. In the Argonne there was fighting with bombs and mines in which our artillery joined.

In the Woerwe the enemy violently cannonaded Presses en Woerwe with projectiles of all calibers, and attempted several attacks, one near Saulx en Woerwe, the others in the forest of Apremont at Vaux Ferry and the Cow's Head. They were everywhere repulsed.

In the Vosges the Germans occupied a mine in the proximity of our positions to the southwest of Allierville, then delivered a strong attack with several companies, which was thrown back with important losses. We made some prisoners.

German Statement.
Berlin, July 12, via London, 5:06 p. m.—The German army headquarters (Continued on page 5, second column.)

RUSSIAN TROOPS TO BE SENT TO STRAITS

Big Steamships Are Being
Rapidly Transformed
Into Transports.

Manila, July 12.—Persons who have arrived here from Saigon, capital of French Cochinchina, report that all vessels belonging to the Messageries Maritimes which have been engaged in Far Eastern traffic are being transformed into transports to carry Russian troops to the Dardanelles. Whenever a vessel of the Messageries fleet reaches Saigon, it is said, the passengers are transferred and the large force of carpenters works at top speed to make the necessary alterations. The ships are then sent to Vladivostok to take on troops.

Russia probably would benefit more than any other nation from the forcing of the Dardanelles and the fall of Constantinople, but there have been previous reports of an authoritative nature to the effect that Russian contingents would be sent to the Gallipoli peninsula to assist the allies in the operations there.

TELLS TALE OF GREAT CRUELTY

Mrs. Amelia Nordtton Relates Harrowing Story in Divorce Trial.

An unusual tale of extreme cruelty was related by Mrs. Amelia Nordtton, aged 35, mother of seven, when she took the witness stand in Judge Dancer's division of the district court this morning to testify in the divorce action she has brought against her husband, Perry Nordtton, aged 38. Nordtton was in court with his attorney contesting the case.

The Nordttons were married in Duluth on March 25, 1900, she said. She claims that as early as January, 1901, he began to mistreat her, treating her in a manner which she described as "a cruel and inhuman manner."

When two of the children died in 1908, she claims, he appeared to be pleased and expressed gratification over their death. The last straw was last September when she was sick. He told her, she claims, he would bury her in a pile of coal. She left him as soon as she was able to be on her feet again.

Naley's planked jumbo whitefish None better, 417 West Superior street.

Holt Buried in Texas.
Dallas, Tex., July 12.—Frank Holt, the man who shot J. P. Morgan, confessed to placing a bomb in the national capitol and later committed suicide, was buried here yesterday. Mrs. Holt and her two children were present at the service, as was also her father, Rev. O. F. Sensenbagen.

WEATHER—Partly cloudy weather tonight and Tuesday.

DULUTH BERTILLON EXPERT AGAIN PROVES UNCANNY MEMORY FOR FACES

Saw Picture of Fugitive Year Ago in Superior; Recognizes Man From Passing Street Car and Arrests Him.

About a year ago Gustav Lahti, superintendent of the Police Bureau of Identification, on a visit to Superior, picked up a circular bearing a picture of a man wanted for jail-breaking at Geneva, Ill.

This proved the undoing of Martin Joyce, age 26, for Sunday afternoon while riding east on a Superior street car, Lahti saw Joyce walking along the sidewalk.

He rang the bell and dismounting at the next corner waited until Joyce reached him, when he tapped him on the shoulder and said: "I think I want you."

Lahti's prisoner was the man who had broken from the Illinois jail a year ago, and whose picture was on the circular which the officer happened to glance at carelessly while in Superior a few days after Joyce broke jail.

"It is one of the most remarkable cases of identification work which ever has come to my notice as a police officer," said Capt. A. C. Fickett.

Chief R. D. McKerscher, wired Elgin, Ill., authorities Sunday that Joyce was being held and an officer now is en route to Duluth.

Lahti's prisoner was the man who had broken from the Illinois jail a year ago, and whose picture was on the circular which the officer happened to glance at carelessly while in Superior a few days after Joyce broke jail.

COURTS GIVE BACK FORTUNE

Judgment Filed Saturday Marks End of Long Legal Battle.

Widow of Detroit Man Regains Half Million in Mines.

When a certain judgment against the Mooswa Mining company and others was docketed in district court Saturday afternoon, the final chapter had been written in the long story of how Marie A. Solon Ortmann, widow of the late Charles L. Ortmann, wealthy Detroit resident, had regained a \$500,000 fortune which she had allowed to slip through her fingers.

The case came on for trial before Judge Cant and was decided by him in November, 1913. Subsequent litigation, however, kept the matter hanging fire until recently. The case has never been appealed to the supreme court.

The suit was brought against the Mooswa Mining company, James Swan, a Detroit attorney and others, for the recovery of land which was at one time a part of the Ortmann estate.

Charles L. Ortmann, died eighteen years ago in Detroit, leaving valuable mineral interests on the Mooswa range. It was claimed that Swan, acting as administrator for the estate, sold the property for the ridiculously low price of \$1 an acre to his family physician, Dr. Frederick Steinbrocher, who conveyed it to the Mooswa Mining company, in which Swan, Steinbrocher, the late Judge Morris Hornum of Detroit and Col. E. E. Parsons of New York, were former Detroit bankers, each held an equal interest.

Rudolph Ortmann of Chicago, Edward Ortmann of Portland, Stephanie Ortmann of New York, and Marie Ortmann of Greenwald, Va., children of Charles L. Ortmann's first marriage, were also parties to the action.

MAY RENT COURT ROOM AT HIBBING

County Board Considering That and Other Matters at Meeting.

Action on the matter of renting courthouse quarters at Hibbing, pending the erection of a county building there, may be taken this afternoon at the semi-annual meeting of the county board. The commissioners, as a committee of the whole, visited Hibbing on Friday last and conferred with the village officials with reference to securing quarters in the village hall. Up to recently the village made no charge for the use of the hall rooms in the building by the county.

The commissioners will also discuss the Pike lake park proposition. Among other matters to come before the board is the matter of the independent school district No. 64 in township 56-17. The petitioners desire to discontinue the independent school district and become a part of the so-called county district.

SCHEMED TO DEFAUD.

President of "Million-Dollar Corporation" Arrested in St. Louis.

St. Louis, Mo., July 12.—George H. Montgomery, shoe fitter in a local factory and president of a firm incorporated in South Dakota at \$1,000,000, was arrested by Federal authorities here today on a charge of promoting a scheme to defraud. Montgomery said the main office of the Montgomery Shoe Company of America, his "million-dollar corporation," was in his rooming house here.

Montgomery was indicted during the last session of the Federal grand jury. Government officials say the total assets of his company are represented by a valuation of \$800,000 for the trade mark, "Open Eye Brand Shoe," and \$400,000 for Montgomery's services.

The company's literature, according to Federal officials, said the capital stock was fully paid up at \$100,000 for 100,000 shares. Montgomery was locked up in lieu of a \$2,500 bond.

TAKE OLSON'S ASSAULT.

Beltrami County Man Who Shot Another Is Under Arrest.

Beltrami, Minn., July 12.—(Special to The Herald.)—Charles Carlson, who shot Joseph Olson because he said Olson was to blame for his dyspepsia, was arrested here this morning. Carlson succeeded in eluding the sheriff's posse on the next step in the fight to save his life.

HEAVY DAMAGES ASKED OF CITY

Injury to Two-Year-Old Child Basis of Demand.

Joseph Szybczynski, a bottler, employed by the Filgas Brewing company, wants \$10,000 damages from the city for injuries sustained by his 2-year-old daughter, Rosa, when she fell through a sidewalk near the Tenth street bridge on Fifth avenue east on June 14.

A notice to that effect, with the claim for damages, was filed with City Clerk Walter Borgen this morning and will be presented by him to the city commissioners at tonight's council meeting. A similar statement was filed several days ago.

Mr. Szybczynski, who lives at 605 East Tenth street, through his attorney, alleges that his daughter stumbled on a break in the sidewalk and fell through the bridge, sustaining severe injuries about the head, shoulder, face and arms, from which she still is suffering.

Other matters to come before the council are of a routine nature. Several small contracts for paving, sewer and grading work will be let, and several appropriation ordinances will be advanced.

MEXICANS SAID TO HAVE KIDNAPED AMERICAN

El Paso, Tex., July 12.—It was reported to Federal authorities today that Castulo Padilla, an American citizen, has been kidnaped by Mexicans and is being held as prisoner somewhere in Juarez. An investigation is being made. Three Mexicans and two Americans in an automobile are said to have appeared at Padilla's farm near the international boundary line Friday night, handcuffed him and carried him into Mexico. Padilla is an old man who has lived on his farm forty years.

Gen. Tomas Ornelas, commander of the garrison in Juarez, denied that Padilla was a prisoner in Juarez. He professed to know nothing regarding the alleged kidnaping.

Becker's Council in Conference.

New York, July 12.—W. Bourke Becker, Martin T. Stanton and John St. Johnston, counsel for Charles Becker, conferred here today to decide on the next step in the fight to save their client's life. An announcement of their plans was expected later in the day.

SECURE TICKETS AT HERALD OFFICE

ROADS NEEDED MORE THAN PARKS IS CLAIM OF FIFTY-EIGHT FARMERS

Petition County Board Not to Spend Money for Pike Lake Property or to Change Route of Road.

Branding the movement to change the route of the Pike lake road and establish a county park on the shores of Pike lake as a scheme to "make land speculators' investments more profitable," fifty-eight farmers, most of them residing in Grand Lake and New Independence townships, have registered a protest against such use of the county's money.

When the county board meets this afternoon for its semi-annual session, a petition protesting against the use of the county's money in establishing a park at Pike lake will be read. The members of the board, as a committee of the whole, visited the proposed park site last week but postponed taking any action on the matter at their regular monthly meeting.

Roads More Important.
The farmers object to the park on the grounds that it is a luxury which

the county cannot well afford. They point out that the ever-increasing demand for new and better highways is far more important than spending money for such a purpose.

The protest is signed by Louis P. Larson and fifty-seven others. It is as follows:

"To the Honorable Board of County Commissioners, St. Louis county, Duluth, Minn.

"Gentlemen: We, the undersigned residents and taxpayers of the county of St. Louis do hereby protest: First, against the county's money being used for establishing a park at Pike lake, for this reason. We consider it an injustice to the taxpayers that have not secured roads that are in a passable condition. As you well know, all the money that can be collected by fair taxation, barring other necessary expenses, will not be enough to put them in proper shape for years to come. Then, why expend money for luxuries for those who are fortunate enough to live close to the city of Duluth, and have good roads at the expense of others? Our motto is: 'Necessities first, and luxuries afterwards, providing we

can afford them. We sincerely hope that this will be your motto, too."

"Second, we are strongly opposed to the road being changed from its present location along the lakes to the outlet of the lake. Most of the signers of this protest do not live within twenty miles of Duluth and very few of us are fortunate enough to own an automobile. We have to use horses for driving and hauling our farm products to Duluth. At the outlet of Pike lake is the only comfortable place in warm weather where our horses can get a rest by a cooling breeze from the lake. If we are to have a road leading to the outlet, our horses have had for years past been used for the sake of making land speculators' investments more profitable."

"Out of the total of 4,941,672 tons shipped down the lake during June here received at Lake Erie ports. The receipts at the various Lake Erie ports during June were as follows: Buffalo, 621,263; Port Colborne, 15,727; Erie, 42,075; Conneaut, 126,044; Ashland, 84,627; Fairport, 523,842; Cleveland, 868,392; Lorain, 696,283; Huron, 26,785; Sandusky, 126,292; Huron, 26,785; Toledo, 87,125; Detroit, 46,684; total, 4,941,672 gross tons.

"Cleveland ranked third in the amount of ore received during the month, Conneaut being first, and Ashland, second.

Compared with 1914, when the total tonnage for the year amounted to 49,000,000 tons, the shipments this year to July 1 show a decrease of 4,000,000 tons from those for the first six months of 1914. A greater loss, it is expected, will be shown on August 1, as the July 1915 shipments amounting to 8,201,416, were the greatest on record.

"The increased tonnage has been met principally by the stevedores and independent mining interests not having as yet been hard pressed by orders, though indications that the business will improve. Similarly the gain has been principally in Mesabi range shipments, the forwarding from the old ranges going on about at the same rate as last year.

"The following were wind and weather conditions on the Great Lakes at 7 o'clock this morning, as reported by the weather bureau:

Portage—(Lake Superior)—Southwest, foggy, ten miles.
White Fish Point—(Lake Superior)—Southwest, cloudy, four miles.
Plum Island—(Lake Michigan)—Northeast, foggy, two miles.

MARINE NEWS HENRY FORD TO ENTER SHIPPING AND MINING; IMMENSE PROJECT

Plans Owning Mines, Transporting Ore in Own Ships to Detroit, Thus Lowering Price of Autos; Also Sending Machines to Europe in His Own Craft.

A new entrant into the ore and freight carrying business on the Great Lakes, and one who is expected to prove as strong financially as any of the interests now engaged in those lines, is announced from Detroit in the person of Henry Ford, automobile manufacturer.

According to the report vessels bearing the name Ford will before long be carrying ore down the lakes to Ford furnaces at Detroit while other vessels will be carrying Ford machines through the Welland canal and unloading them on foreign shores.

Such a venture on the part of Mr.

Ford, it is said, would eventually result in a lowering in the cost and selling price of his product.

It is reported further that Mr. Ford is contemplating the leasing or buying of iron ore mines so that he will control every process in the manufacture of autos from the mining of the raw material to the selling of the finished product.

Such a venture on the part of the multi-millionaire automaker would, it is said, soon be reflected in a reduction in the price of the finished product. According to the report Mr. Ford will mine the ore from his own mines, haul it in his own vessels to Detroit, melt it down in his own furnaces for use in his factories. Then loading his machines on his own vessels at Detroit he would ship them to all parts of the world to be disposed of at prices which could be met by foreign competitors in their own markets.

"We expect in this," Mr. Ford is quoted as saying, "to have our own fleet of boats carrying ore to our own furnaces and carrying our machines through the Welland canal to foreign countries. I do not know yet if I have many boats on my fleet will contain."

With his plans matured, it is said, the Detroit manufacturer would be able to eliminate most of the profits in the mining, carrying and unloading of the ore that now find their way into the pockets of the middlemen in those industries.

GREAT LAKES SHIPYARDS MAY BUILD OCEAN FREIGHTERS

That the shipyards on the Great Lakes may have contracts before long to build ships for foreign countries is one of the possibilities that have recently developed.

G. A. Tomlinson, president of the Superior Shipbuilding company, and a director of the American Shipbuilding company, said today that there has been a good deal of inquiry from foreign countries for ships to be constructed in the shipyards of the Great Lakes. So far, he said, no contracts have been made, but he declared that

he would not be surprised to hear of contracts for such construction in the very near future.

"Europe," said Mr. Tomlinson, "is very badly in need of ships to carry freight and supplies, and the fact that vessels of that size are being sunk almost every day is depleting the supply, so that some provision must be made for ships to take their places, particularly after the war will have closed. It is almost certain that the Great Lakes shipyards will be utilized for such purposes and it will not at all be surprising if such work should start soon."

FORTY MILLION TON SEASON

Total Ore Shipments This Year Expected to Be Large.

Shipments of ore down the lakes during the first six months of 1915 have run 13,716,707 tons ahead of the shipments for the same period in 1914, according to figures just issued.

Of this increase June contributed 2,455,000 tons, during June just closed the mines are credited with forwarding 6,005,091 tons against 5,502,367 tons for the same month last year. The shipments for the first six months of 1915 were 13,601,243 tons against 9,224,118 tons for the same period last year.

Out of the total of 6,005,091 tons shipped down the lakes during June here received at Lake Erie ports. The receipts at the various Lake Erie ports during June were as follows: Buffalo, 621,263; Port Colborne, 15,727; Erie, 42,075; Conneaut, 126,044; Ashland, 84,627; Fairport, 523,842; Cleveland, 868,392; Lorain, 696,283; Huron, 26,785; Sandusky, 126,292; Huron, 26,785; Toledo, 87,125; Detroit, 46,684; total, 4,941,672 gross tons.

Cleveland ranked third in the amount of ore received during the month, Conneaut being first, and Ashland, second.

Compared with 1914, when the total tonnage for the year amounted to 49,000,000 tons, the shipments this year to July 1 show a decrease of 4,000,000 tons from those for the first six months of 1914. A greater loss, it is expected, will be shown on August 1, as the July 1915 shipments amounting to 8,201,416, were the greatest on record.

"The increased tonnage has been met principally by the stevedores and independent mining interests not having as yet been hard pressed by orders, though indications that the business will improve. Similarly the gain has been principally in Mesabi range shipments, the forwarding from the old ranges going on about at the same rate as last year.

ATTEND STATE CONVENTION.
Epworth League Sends Two Delegates to Minneapolis.
W. H. Hancock, Jr., and Halmer Waigert, both of the Epworth League society of the M. E. church, left for Minneapolis Saturday night, where they will represent the Duluth societies at the state convention of the Epworth League which began yesterday at Lake Minnetonka.

An excellent program has been arranged for the convention, and many social features will be given. Lake Minnetonka is now at its best, and a large number of delegates are expected to attend the meetings.

CAPITALISTS BACK OF EUROPEAN WAR
Neither God or Common People in It, Declares Socialist.

That the present war in Europe is only the result of the actions of capitalists, and not God nor the common people, and that Socialism would abolish all war, was the theory advanced yesterday by Frank Miller of St. Paul, at a meeting of the Jewish Socialist local in Chester park.

"It is sometimes said that the war had to come," said Miller, "People contend that it is an act of God, or the beginning of the millennium. It is neither that nor did it come, because the people wanted the war. It is

nothing but a fight between capitalists for money and power, with people as tools."

May Meyers spoke in Yiddish. He urged a general uplift of the workingmen, saying that the treatment they now receive at the hand of capitalists must be remedied. He urged stronger organization as a means of securing fair treatment from employers.

About 200 people were present, and pledged themselves to join the organization. It was announced that an international Socialist picnic, with all the locals of the city would be held early in August at Fairmont park. The local will celebrate its first anniversary on Aug. 12.

Badger Takes Life.
New Richmond, Wis., July 12.—Edward Vandenberg, 23 years old, single, committed suicide by shooting through the temple with a target rifle at the home of his parents in the town of Hammond.

CONCLUDING SESSIONS OF ENDEAVOR SOCIETIES

Chicago, July 12.—Concluding sessions of the fifth world's convention of the Christian Endeavor societies were held today. Tonight a big "purpose meeting" will bring the convention to an end. The 16,000 delegates attending the meetings will express the purpose they desire to carry out during the two years, before the next convention in New York City.

Women Voting in Helena. Helena, Mont., July 12.—This city is voting today for mayor and two commissioners under the commission form of government. The women are voting for the first time in the city's history. Lincoln, who is running against Mayor Edward C. Day, all candidates run non-partisan.

Sale of School and Other State Lands

State of Minnesota, State Auditor's Office.

Notice is hereby given that on August 18, 1915, at 10 o'clock a. m. in the office of the County Auditor at Duluth, St. Louis County, in the State of Minnesota, I will offer for sale certain unsold state lands and also those state lands which have reverted to the state by reason of the non-payment of interest.

Terms: Fifteen per cent of the purchase price must be paid at the time of sale. The balance of purchase money is payable in whole or in part on or before forty years from date of sale; the rate of interest on the unpaid balance is four per cent per annum, payable on June 1 in each year.

Appraised value of timber, if any, must also be paid at about two weeks. Lands on which the interest is delinquent may be redeemed at any time up to the hour of sale, or before resale to an actual purchaser.

All mineral rights are reserved by the laws of the state. All lands are sold subject to any and all ditch taxes thereon.

Not more than 320 acres can be sold or contracted to be sold to any one purchaser.

Agents acting for purchasers must furnish affidavits of authority. Appraisers' reports, showing quality and kind of soil, are on file in this office.

Lists giving legal descriptions of lands to be offered may be obtained of the State Auditor or the State Commissioner of Immigration at St. Paul, and of the County Auditor at above address.

J. A. O. PREUS, State Auditor, D. H., July 12, 1915, 26, Aug. 2, 1915.

APPARATUS IS RECEIVED

Duluth's Three Playgrounds Will Be Well Equipped.

Physical Efficiency Tests Will Be Given Duluth Boys.

Three units of playground apparatus were received by Mayor W. I. Prince this morning and will be installed in the three recently-established playgrounds at once.

Each unit consist of two swings, one pair of rings, a climbing ladder, a climbing pole, and two sets of horizontal bars," said Director J. R. Batchelor.

A unit will be placed in each playground, and arranged so that they can be used at any time, as the apparatus is needed.

Physical efficiency tests for Duluth youngsters will be started by Director Batchelor this afternoon, and boys are priming themselves so that they can qualify as athletes.

Ten athletic events are staged, arranged so that every muscle of the body is brought into play, and the boy receiving a mark of 80 per cent or more in the ten tests is given an official badge.

For these tests the boys are divided into three classes: the first including youths under 10, the second those between the ages of 10 and 14, and the third from 14 to 18.

Various other "stunts" for those participating in the playground have been planned by Director Batchelor. Tomorrow afternoon Fairmont bench will be the scene of the second "swimming" lesson.

Mr. Batchelor will take charge of as many boys as can be present, and act as official "chaplain" while they are given instructions in the swimming.

Eighteen boys formed the first class and double that number are expected Tuesday.

A municipal marshmallow roast, probably the first one in Duluth's history, is on the program for Wednesday night.

Armed with clean sticks to be used as roasting forks, the boys and girls will assemble early in the evening, and collect marshmallows. Mr. Batchelor's direction and the marshmallows, which the city will furnish.

CITY BRIEFS

Wedding and Social Stationery.

Phonograph, M. J. Stewart company.

Dr. Connor Recovering. Dr. H. J. Connor, Duluth, formerly of Superior, who was taken suddenly ill by hemorrhages of the bowels yesterday while visiting in Superior, is reported to be greatly improved today.

The hemorrhages have been checked and the patient is declared to have recovered from his critical condition. Dr. Connor practiced medicine in Superior many years and moved to Duluth a few months ago. He is now at his residence in this city.

Good Dressers Rejoice. Good suits, good suits, good coats—now half.

Get Gearing Contract. A contract for grading work on Regent street between Forty-sixth and Fifty-third streets, was awarded to J. D. O'Connell on his bid of \$23,150.

Commissioner Farrell of the public works department, opened bids Saturday and announced that the contract would be let at the council meeting tonight.

Going Away? Get Ready. Good styles in good suits and good coats, now half, at Gray's. Don't delay.

Josephine and Adams Period Furniture. For bedroom, living room and dining room. Entire new stock just unpacked at Cameron furniture salaried, Fall (1915) 2112 West Superior street. Special low (mid-summer) prices prevail.

In City for Road Hearing. Senator Fred D. Vibert and J. A. Mattice, of Minnesota, arrived in Duluth this afternoon by auto for the purpose of attending the county board meeting held today. Tonight a big "purpose meeting" will bring the convention to an end.

The 16,000 delegates attending the meetings will express the purpose they desire to carry out during the two years, before the next convention in New York City.

Women Voting in Helena. Helena, Mont., July 12.—This city is voting today for mayor and two commissioners under the commission form of government. The women are voting for the first time in the city's history.

Lincoln, who is running against Mayor Edward C. Day, all candidates run non-partisan.

EXCURSION SEASON HERE

Popular Herald Boat Rides
Again Offered Duluthians
and Guests.

Purpose Is to Give Pleasant
Outings at Lowest
Possible Cost.

The long-awaited Herald excursion season is here.

There have been several preliminary excursions, but the real season opened today.

For years The Herald excursions have been the standard summer outing for Duluthians and their guests. They have been run under the auspices of The Herald, which originated the plan, and the object has not been to make money, but to give the most enjoyable trips possible at the lowest possible price.

The chief attraction to Duluth visitors and The Herald trips have offered an ideal and an inexpensive way of entertaining summer visitors and showing them the sights of the city. They also offer pleasant outings to Duluthians who want to get on the water for a few hours, take the family along, and not spend more than they can afford for.

This year the two big excursion boats, the Chicago and the Columbia, have been engaged for the summer excursions. They are steel boats, built especially for the excursion business, and are unequalled for this purpose by any boats on the upper lakes. They have ample deck room, comfortable seats and the kind of accommodations needed for one-day trips. They are both new boats, safe, staunch and speedy.

The same policy will be kept in view by the management of the excursions this year. Overcrowding of the boats will be carefully guarded against and the aim will be to make the trip one that will advertise the city with the summer tourists.

Both boats left for Fond du Lac this morning at 9 o'clock with the first crowds of the season. The passengers will spend the day at Fond du Lac, returning early this evening.

Tomorrow the first popular lake trip to Two Harbors will be taken. The Columbia will leave the Fifth avenue dock at 9 a. m., returning to Duluth at 6 p. m.

Wednesday the trip to Port Wing on the south shore will be taken. These three excursions will be repeated every week during the summer. Tickets for them are on sale at The Herald office.

**MINNESOTA DAY AT
EXPOSITION JULY 22**

Governor Hammond Will
Attend and Make an
Address.

St. Paul, Minn., July 12.—(Special to The Herald.) Governor Hammond was today notified that July 22 will be Minnesota day at the Panama-Pacific exposition. Governor Hammond will make an address on the occasion of a western trip of interest. A special car and diner will be provided for the governor and his family.

**SULTAN OF TURKEY
IS REPORTED DEAD**

Young Turks Hiding News
for Fear of Compli-
cations.

Paris, July 12.—La Liberté says the idea of the sultan's death has been received the following note vied by the censor.

"News from Athens and Sofia advises us that the sultan has been dead several days and that the Young Turks are hiding the news fearing political complications."

"WATER'S FINE" AT NEW CITY BATHING BEACH; MANY CHILDREN AND GROWN-UPS ENJOY DIP

"WATER'S FINE! COME ON IN!"

—Photos by McKenzie.

ROWBOATS PATROL THE BEACH.

The popularity of the beach at Grassy point is assured. Yesterday afternoon hundreds of children and many grown-ups took advantage of the ideal weather to take a "dip" in the waters and splash around on the beach.

The sandy beach makes the spot an ideal one for bathing purposes. The crowds began gathering at the point early in the day, and until late in the evening.

STEEL PLANT WORK RUSHED

Sunday Work Begun; La-
borers Asked to Move
to Gary.

More Men Employed; Selec-
tions Are Made With
Care.

No time is to be lost by the management of the Minnesota steel plant in rushing the construction of the big installation to completion. More than half of the crew worked all day yesterday and on Saturday evening many of the single men working at the plant, who are boarding in West Duluth, were asked to move to Gary or New Duluth in order that they might put in the evening on the job.

Several additional men were put to work this morning. These were principally skilled laborers, machinists, bricklayers and electricians. Common laborers are carefully questioned before being employed. These questions relate to their fitness in taking instructions from the "boss" and their ability to take care of themselves and avoid accidents.

The company is making every effort to reduce the number of personal injury cases. Signs are posted at every entrance leading to any dangerous place warning the men to look before stepping. Similar signs showing a large red spot, in the center of which are the words "Danger, Look Out" or "Danger, Keep Off" are on engines, cars, movable trucks and machinery.

FELT TOO HAPPY.

Thorval Johnson Wanted to Shake
Hands Even With Strangers.

Thorval Johnson, aged 48, felt very happy yesterday afternoon. His happiness is said to have been due to the fact that he had imbibed too freely. His joy was such that he wanted to shake hands with everyone that he met. When he insisted on shaking hands with a woman whom he did not know, at Central avenue and Ramsey street, the police interfered. Officer Anderson took him in tow and placed a charge of drunkenness against him. In police court this morning Judge Lanners let him go with a suspended sentence.

COSTS BALL FAN \$5 TO THROW CUSHION

The practice of throwing cushions at the close of ball games at the ball park must stop according to an edict of the police. Offenders hereafter will be arrested, they say.

Yesterday afternoon John Muskin, 22, began throwing the cushions about one then struck a police officer. He held up his hand to signal Muskin to stop which warning was disregarded. Muskin was arrested and put up \$5 bail for his appearance in the West

FOUR BURGLARIES IN ONE AFTERNOON CHARGED AGAINST ACTIVE YOUNG MAN

Bert Newman, Run Down By
Police, Laden With Booty;
Part of Property Ident-
fied; Made Rich Hauls of
Jewelry and Clothes; Be-
lieved a Drug Fiend.

Four burglaries in an afternoon is the record of Bert C. Newman, aged 23, who was arrested Saturday night at 9:30 o'clock as a suspicious character before any of his crimes had been reported to the police.

All records for fast criminal work in Duluth were smashed by this wholesale burglar, who is believed to have completed his day's work between 3 o'clock in the evening and 9 o'clock the same night. He claims that he arrived in Duluth from Minneapolis early Saturday morning.

Lost His Silverware.
Half an hour after O. A. Peterson reported that his house at 3208 West Third street had been robbed of silverware valued at \$20. Officers Le Beau and Davidson saw Newman making the rounds of several West Michigan street pawnshops with a bundle under his arm.

He said the officers first, however, and darted into a nearby alley. The two patrolmen gave chase and caught him after a short run. The bundle contained silverware which Mr. Peterson identified as his, as well as a quantity of razors, scissors, rings with the stones pried out, shirts, shoes and a suit of clothes.

John Wabler of the Cholette hotel, 217 West Michigan street, identified the suit, but Newman stoutly maintained that it was his until Wabler's bound over to the grand jury.

In addition there are several actions to be investigated in which charges have been made of introducing liquor into Indian territory.

SEEKS RELAXATION FROM OFFICIAL DUTIES

Cornish, N. H., July 12.—President Wilson played golf this morning and sought relaxation from the press of official duties which have kept him busy for the last few days. On the way to the golf course he rode on the front seat of the automobile with the driver and appeared absorbed in deep

card was found in one of the pockets of the coat. The burglar then admitted that he sold a raincoat which he found in Wabler's room.

Newman left his own suit in Wabler's room after shaving with his victim's razor and helping himself to toilet accessories on the bureau.

In the lining of the discarded coat were two pawn tickets, one issued by a shop in Memphis, Tenn., and one by a place in Calumet, Mich. They were receipts for pawned jewelry on which about \$50 had been realized, and bore the name "Bert Carl Newman."

Mr. Peterson was the second victim to report to police. He stated that a burglar entered a basement window when the family was absent and after beating in the kitchen door with an ax had ransacked the silverware closet. He did not visit the second floor, and was believed to have been frightened away.

The third victim was Robert E. Wentz, 132 Third avenue west. Mr. Wentz didn't know what time the burglar had visited him, but knew that he was "out" two shirts, a razor, a pair of shoes and three pairs of hose. Newman was wearing the shoes when arrested.

The fourth, and so far as police know this afternoon, the last of Newman's enterprises was F. A. Hathaway, one of the department retailers at the Y. M. C. A. Two razors, a strap, two pairs of scissors and some slippers were missing. Mr. Hathaway telephoned the police this morning.

"We have recovered some scissors," said Capt. A. G. Flasket. "You'd better see if they are yours."

The scissors in question were found in Newman's bundle and proved to be in Newman's possession. Police say that Newman was under the influence of drugs at the time of his arrest. He was arraigned before Judge W. H. Smallwood in municipal court this morning on a charge of second degree burglary, was bound over to await the action of the next grand jury. Bail was fixed at \$500.

Dedicate Northgate Church.

Northgate, N. D., July 12.—(Special to The Herald.) Less than two years old, this place Sunday witnessed the dedication of a splendid new Presbyterian church, with Governor L. B. Hanna and President B. H. Kroeze of Jamestown college as the speakers.

Dies at Age of 105.
Marshfield, Wis., July 11.—William Seabrook, 105, was found dead in his bed at the Wood county poor farm. He had eaten a hearty supper the night before and retired in apparently good health.

COURT WILL OPEN TUESDAY

Federal Officials Will Arrive
From St. Paul in
Morning.

Case Against Italian Editor
Will Be Probed By
Grand Jury.

Federal officials will arrive in Duluth tomorrow morning for the opening of the July term of the United States district court. The grand jury will be given its instructions and the court calendar will be gone over and the cases set for the opening sessions.

United States Attorney Jacques, Assistant United States Attorneys Dickey and Oakley, Clerk of the Court Spencer and others will be on hand in the morning and Judge Page Morris will preside.

Capt. Thomas H. Presnell, the veteran deputy clerk of the Federal court, will be absent on account of illness, and he will be missed by the officials who have been accustomed to seeing him at his desk for many years. He is still at the hospital, and his condition has not changed greatly since his illness began. Mr. Spencer of St. Paul will be at the office and Miss Neff will also be present to assist in the work at the clerk's office.

The calendar includes a long list of cases, and if none of them continue the term will undoubtedly be a long one. It is planned, however, to complete the term in July, and Judge Morris will then go on his annual vacation. For many years he has solicited August for his vacation.

The grand jury will have a number of cases to investigate. One of the most widely discussed cases for investigation will be that of Vincenzo Cimino, editor of the Courier, an Italian publication of Duluth. The editor is charged with having used fraudulent methods to secure money to promote his newspaper. Attorney Jones and McKnight, who are defending Cimino, argued that their client was the victim of religious prejudice. Cimino was

YOUNG MAN GUN VICTIM

Two Harbors Youth Fatally
Shoots Himself at Home
Saturday Evening.

Friends Believe Death Acci-
dental But Authorities
Think Differently.

Two Harbors, Minn., July 12.—(Special to The Herald.)—A young man, Anton Erickson, aged 21, was shot Saturday evening by the announcement he had shot and killed himself in the Erickson home on Tenth avenue about 7 o'clock with a twelve-gauge shotgun loaded with buckshot. Whether it was an accident or suicide is not definitely known, but there is a difference of opinion.

The authorities after investigating the tragedy claim it was a case of suicide, while many friends of the young man claim that it was an accident. The charge entered the lower right side of his face and went upward, head off. His friends claim that it would have been almost impossible for him to place the gun in his mouth and pull the trigger unless he had some one else arranged on the trigger. There was no evidence of any such thing. Father and son had been talking of taking a trip out in the woods and friends think that the boy had taken the gun down to clean it in preparation for the trip and the accident followed.

Was Alone at Time.
The tragedy took place in the living room of the Erickson home. There was no one else in the house at the time, his father having gone out just a few minutes before to get some milk in the cellar. He had not been out of the house for some time when he heard the report of the gun and returning found his son dead in the sofa, where he had evidently been sitting when the gun was discharged. The authorities were immediately notified and the remains were taken to the Johnson undertaking parlor.

It is believed by many that the boy was somewhat deranged and probably had some physical ailment besides as he had made a visit to a doctor for a week Saturday evening. His work associates claim that he has been acting queerly for some time, but he was naturally of a quiet disposition and his activities were considered with any degree of seriousness.

Saturday afternoon father and son, who were batching, came home from work as usual. The father was going down shortly after he arrived home to get some milk in the cellar, and about an hour, returning he found his son dead in the sofa, where he had evidently been sitting when the gun was discharged. The authorities were immediately notified and the remains were taken to the Johnson undertaking parlor.

Young Erickson was a clean living, well known and made a friend of everyone who came into contact with him. He was a regular attendant at the Presbyterian church services and was a member of the choir.

The funeral was held this afternoon from the Presbyterian church and was officiated by the Rev. J. H. Castren. Interment was made in the Two Harbors cemetery.

ELY-TOWER ROAD

MUCH IMPROVED

Highway Between Two

Cities Is Made More

Passable.

Ely, Minn., July 12.—(Special to The Herald.)—About twenty men teams worked Saturday improving the road between here and Tower, long in a very unsatisfactory condition, and it is now more passable. Arrangements were made to have the road cut down, which was especially bad in the Soudan, which is full of holes. The only bad place on the highway.

Much Work Done.

Much work has been accomplished on the Ely road. Many holes have been graded down, and short cuts have been made. It is planned now to underlay materialize, a number of the dangerous railroad crossings will be abolished.

A large sum of money is being expended to put the road in first-class condition, as it is one of the most traveled by motorists.

VIRGINIAN IS TO BE

BURIED ON TUESDAY

Lampas of Embarras officiating, with interment in Greenwood cemetery. Mr. Castren had been in the employ of the Oliver Iron Mining company for a number of years as watchman at its 14,000 feet level. He was a son of Rev. David Castren of the Finnish Apostolic church of this city. He leaves a brother, Oscar Castren of Eveleth, and the immediate members of the family, his wife and one son and two daughters. The children are Ferdinand, who is employed in the First National bank of this city, and Lillian and Lola at home. He also has numerous other relatives on the range.

SCHOOL TRUSTEES GET INDORSEMENT

Coleraine and La Prairie
Officials Chosen at
School Election.

Coleraine, Minn., July 12.—(Special to The Herald.)—The annual school election of Independent school district No. 2 was held Saturday under the new law which permits large districts to establish several voting precincts in the same district. Alexander King of Coleraine and A. M. Siler of La Prairie were candidates for re-election. The district is divided into four precincts, and the election was held at four of the six voting places, and were chosen by a vote of 100 to 0.

Mr. King received a total of 639 votes and the unanimous vote of his home precinct and Mr. Siler 590 votes. The election was held at four of the six voting places, and were chosen by a vote of 100 to 0.

Re-election Indorsement Considered.
The election of Messrs. King and Siler is a splendid indorsement of the present policy of the board of education. Mr. Robertson's candidacy was in no sense a protest against the existing system of schools, but a desire to have Calumet represented. Since that part of the school district is ably represented by D. M. Verducci of Marble Lake, the electors strongly expressed their preference to leave the representation as at present.

The annual school meeting will be held at the Greenway school in Coleraine, Saturday, July 17, when the election returns will be canvassed.

GOOD SWIMMER IS DROWNING VICTIM

Charles Finski Loses Life
Sunday in Swan
Lake.

Hibbing, Minn., July 12.—(Special to The Herald.)—The first summer resort work as usual in the Northern Minnesota occurred yesterday afternoon when Charles Finski, aged 27, tipped over in the lake near the shore. He was an excellent swimmer, it is believed, and was in the water for some time before he was rescued. He was a native of Finland and was a member of the Finnish Apostolic church.

HIBBING READERS GROWING STEADILY

Increase During the Past
Twelve Months Shown in
Library Report.

Hibbing, Minn., July 12.—(Special to The Herald.)—Increase in circulation of 13,324 books, or 37.3 per cent of the number of books loaned last year, is shown in the annual report of Miss Stella Wiley, librarian to the board of trustees of the public library. There were 10,744 more non-fiction books loaned during the year 1914 than in 1913. The total number of books loaned was 13,324.

By adding new books to the shelves each month, during the year 2,300 new copies have been listed. Because of contagious disease and other reasons 383 books were withdrawn from the shelves. The library now has a total of 2,246 books.

Due to interest in the war, reading of periodicals has been furthered extensively. One hundred and thirty-two periodicals were received during the year. During the year, 1,345 new borrowings were registered, bringing the total number of cards out to 3,035. The circulation averaged 7.7 loans per capita of the population of Hibbing per capita of the population of Hibbing.

Several extensions were made in the library work. The library has an exhibit at the St. Louis county fair, which was furnished in the form of a reading room. A attendant was placed in charge to encourage examination of books and to distribute book lists.

Books to Locations.
Borrowing cards have been issued to night school students, while Miss Wiley has sent several boxes of books out to different locations for use by those who can not conveniently come to the library. These have been loaned from schools, stores, postoffice and other locations. The library has also been the scene of club women activities here. As many as twenty-five meetings have been held during the year, including story hour, club meetings, committee meetings, etc. The library has also been the scene of club women activities here. As many as twenty-five meetings have been held during the year, including story hour, club meetings, committee meetings, etc.

GOTCH MAY COME BACK

Humboldt Wonder Said to
Be Willing to Wrestle
Joe Stecher.

Chicago, July 12.—Frank Gotch, wrestling champion of the world, will come back.

There is only one condition to the Humboldt gladiator's string that he attaches to his retirement of several years ago—the financial conditions must be "proper," which is the word he uses himself in a telegram.

Gotch will accept any match with an American star, but says he does not care to wrestle any foreigners.

The offer to come back is aimed squarely at Joe Stecher, the plowboy from Nebraska, who won the American title last Monday night in Omaha from Charley Cutler, was all that ranked Gotch out of the quiet of his Iowa home.

He saw the young fellow flop Cutler as easily as he would a sack of grain, and immediately he intimated that he might reconsider his retirement and return for one more whirl at the game. He was asked in a wire if he still considered wrestling Stecher or anybody else, and this is his reply in part:

"If proper inducements are offered I might accept a match with some American, possibly Joe Stecher, but no foreigners. Bout would have to be pulled off inside of ninety days."

R. S. PATRICK NOT TO PLAY IN STATE GOLF TOURNEY

Business Makes It Practically Impossible for
Present State Champion to Represent North-
land Club in Title Play on Minikahda Links—
Duluth Has No Chance With "Pat" Out.

BY BRUCE.

R. S. Patrick, Northland club golf crack and holder of the Minnesota state golf championship, will not enter the state tourney at Minikahda next month to defend his title against Harry Legg, Dudley Mudge, Drake Lightner, et al.

This announcement comes from Mr. Patrick himself. One of the long and tenuous arms of war has reached out and stuck an intruding hand into the due to the worries and cares that have been conjured up by the grim monster that is devastating Europe, that Mr. Patrick, the first and only state golf champion that Duluth has ever produced, that the Northland star will not be able to play.

Only recently Mr. Patrick returned from a business trip to New York. He is expected to be called East on business within a short time. Early in the season the Northland crack showed surprisingly good form, turning in a score close to the par of the course for 18 holes. Since that splendid display of golf, the more commendable because of the early season effort, "Pat" has had little opportunity to approach the top of his game.

Cares and responsibilities and labor have been multiplying in his business by the war, and with little opportunity to play, the man the Northland club was depending upon to bring the state title back to the Head of the Lakes once again, has definitely decided to remain out of the state tournament.

Will Him Tournament. Patrick's remaining out of the state tournament will naturally somewhat dim that event. Followers of golf over the state were looking forward with eager interest to a repetition of the growing struggle between Patrick and Harry Legg. There is no Duluth golfer who can take the place of "Pat," and with the Northland star out of the running the hope of the Duluth club for the state championship goes glimmering.

For the would like to play for Duluth and for the Northland club," said Mr. Patrick, "but conditions make it practically impossible for me to enter the state tournament. I have had little opportunity to play this year and see little

the opportunity to get out on the links between now and the date of the tournament. I would like to have another try at the title running and feel that I could, under different circumstances, defend the title that I was fortunate to win last season. But unfortunately business responsibilities have given me no choice in the matter.

With Patrick out of the running it looks like a narrowing of the title lines down to Legg, Mudge and Lightner, with young George Piper as a dark horse, unless some new player rises to shake the dogs by its fair white throat and treat the state tourney to a thorough overhauling.

D. B. C. PLAYERS WIN CONTEST

Northland Club Is Defeated
at Tennis By 5-to-1 Score.

On the Oatka courts Saturday afternoon the tennis team of the Duluth Boat club defeated the players of the Northland club by the score of 5 to 1. The D. B. C. players winning four singles and one double contest, to the one double match won by Northland.

Lauren Kennedy and Mac Washburn, representing the boat club, won the feature match of the day from the Fraker brothers. The Northland players took the first set, 6 to 2. Kennedy and Washburn coming back and taking the next two sets, 6-4, 7-6. It was a looking good tennis all the way through, with the outcome of the game uncertain right up to the end. Dickerman and Davis of the country club defeated Walter Kennedy and Jack Thompson of the boat club in the one game won by the Northland players, 6-4, 7-5.

Thompson of the boat club won from Dickerman in the singles, 6-2, 7-5; Walter Kennedy defeated Davis of the Northland club, 6-4, 6-4; while Mac Washburn defeated Charles Fraker, 6-1, 7-6 and 6-1, while Lauren Kennedy won from Walter Fraker, 6-4, 6-1.

Alder, pitching for the Duluth-Edison baseball team, won his own game Saturday when doubling in the last half of the ninth inning, the electric workers defeating the Duluth Street Railway team by the count of 8 to 7. In the double header, the Duluth Board of Trade team and the Canadian Northern railway team, the main men won by the initial game by the score of 7 to 5, the railroaders winning the second game by the score of 16 to 11.

SAILORS PUT IN BUSY DAY

Joyetta, Feather and Yaqui
Winners in Boat Club
Races.

The Joyetta won first place in the B class sailing races of the Duluth Boat club, held over the triangular course on St. Louis bay, Saturday afternoon. Bramstad sailed the Joyetta, while

Hogard called the Allegro into second place and Trux coaxed the Dixie into third.

Dr. Frank Lynam's Father won the race in the A division of the 28-foot boats, the Sea Gull won. James at the tiller finishing in second place. Roth's Scud finished in the back.

In the B division of the 28-foot class boats Yaqui, sailed by Thompson, won, with Waldron's sailing, the Bushes into second place. The Agwindie, Curry finished last.

The wind was light and fluky, causing some bother along different stretches of the course.

OUTSIDERS HIGH GUNS

Many Take Part in North-
western Gun Club's
Shoot.

Dr. Allen of Staples Is High
Amateur—Brainerd Pro-
fessional Leads.

At the shoot of the Northwestern Gun club, held yesterday at the club grounds, near the Rice Lake road, Dr. F. H. Allen of Staples, Minn., was first amateur high gun with a score of 143 out of a possible 150; F. S. Novotny of St. Paul was second with 142, and Fred Richter of Minneapolis and Fred McKay of Vineland, Wis., tied for third place with 139 each. George Trent, Sr., of Brainerd, Minn., was first professional high gun with a score of 145, the highest of the shoot. Other professionals and their scores were as follows:

WE-KE-MA-WUP TRIBE WILL HOLD POW-WOW

Will Celebrate Tuesday
Night at Close of Mem-
bership Campaign.

Tomorrow evening, We-Ke-Ma-Wup tribe, No. 17, L. O. B. M. will hold a big celebration, marking the close of their big membership contest, by which means fifty-five palefaces were initiated into the order in the last six months. Sides were chosen on Jan. 1 by Captains E. Mosher and C. B. Mc-Neeley, the side captained by Mr. Mosher winning. The big dog feast on Tuesday evening will be in charge of the two captains and a big time is promised.

On next Sunday, July 19, will occur the big annual picnic of all Twin Ports Red Men, given by Ojibwa tribe, No. 6, Mesaba tribe, No. 26, Okoboji tribe, No. 14, Gitchee Gumbes tribe, No. 7, and We-Ke-Ma-Wup tribe, No. 17. The picnic will be held at Lake Nebagamon and on the program are dancing, boating, races for all and a grand Indian war dance, which was a big feature last year.

The Twin Ports Red Men have a ball game scheduled with Lake Nebagamon and also one between Duluth and Superior Red Men. The train leaves Soo depot at 8 a. m.

BIG INCREASE IN JAPANESE ARMY

Plan to Create Military
Force of Twenty-Five
Divisions.

(Correspondence of the Associated Press.)
Tokio, June 11.—Having received authority from the diet, the government is already making preparations for the creation of two additional divisions in the army. They will be located in Korea, one at Seoul or Pingyang, and the other at Ransan. This strengthening of the army, which has been a thorny political question for several years, is a great victory for the army influences of which Marshal Prince Yamagata is the head. The announcement by Count Okuma, the premier, and Gen. Okuma, minister of war, that the increase was but the beginning of a plan to create a military force of twenty-five divisions, has concentrated attention here upon military expansion. The plan to gradually augment the army until it reaches twenty-five divisions was read made ten years ago and is supposed to have had the sanction of Emperor Meiji. The plan was to be carried out was not fixed, but the recent announcement of the ministers is interpreted to mean that the work will go forward. The present Japanese army consists of eight regular divisions and one division of household guards. The pending increase has been justified by Count Okuma on the ground that the actual condition in the world do not permit Japan to neglect her defense program. On the other hand, the expansion of Japanese influence in Southern Manchuria and in

THE TURKISH CIGARETTE

No other cigarette ever had a Record like MURADS.

Of all high-grade cigarettes—15 cents to 25 cents—MURADS are the most popular, MURADS are the greatest sellers.

Why? Why? Why?
Not by chance! Not by accident!

But because the Turkish tobaccos that go into MURADS cost more than the tobacco that goes into any other 15 cent cigarette, or any 20 cent cigarette, or many 25 cent cigarettes.

No cigarette you can buy at any price comes to you with

DAMAGE IN LONDON BY ANTI-GERMAN RIOTS

(Correspondence of the Associated Press.)
London, June 20.—The damage done during the series of anti-German riots in London shortly after the sinking of the Lusitania amounted in all to about \$1,350,000, according to statements made in court here.

Best cup coffee on earth at Haley's.

CANADIANS ARRANGE TO MAKE MUNITIONS

Ottawa, Ont., July 12.—Canadian manufacturers met here yesterday to arrange a program for the manu-

facture of ammunition, which will be submitted to the representative of the British munitions committee, who is expected here from England early this week.

In addition, the sum of about 20,000,000 yen will be required to maintain the two divisions pending the completion of their organization. The amounts to be disbursed range from 241,000 yen in 1915 to 7,000,000 yen in 1921. After 1921 the amount required for the maintenance of the divisions is estimated at about 7,000,000 yen a year.

Governor-General Terauchi has always considered the extra forces necessary for the safety of the country, and it is largely through his perseverance that the present expansion has been brought about.

The creation of two army divisions will require the expenditure of about 12,000,000 yen (\$600,000) from the national treasury extended over seven years, and beginning with the expenditure of 477,000 yen in the current year,

NEWS OF THE NORTHWEST

CROPS FINE IN DAKOTA

Conditions in Flickertail State Reported Generally Ideal.

Hail Damage Possible, But Menace of Dry Hot Winds Removed.

FARGO, N. D., July 12.—(Special to The Herald).—Outside of certain parts of three or four Red River valley counties where the precipitation has been excessive, the crop conditions in North Dakota are of a nature that makes the farmers rejoice.

West of the Missouri the crops are a trifle late, as a result of tardy seeding, but otherwise it would be difficult to imagine more favorable conditions.

Between the Missouri river and the Red River valley the conditions are more nearly ideal. The grain is farther advanced and makes a slightly better showing.

Over the state there are many winter type fields practically ready for harvest, and in other localities the crop is rapidly ripening and is now a rich golden yellow.

Wheat in the Red River valley is waist high, with long heads, the plant of a rich, dark green and most vigorous. Because of the cool spring the grain appears to have stood better and the stand is unusually fine.

Barley is heading out and many of the earlier fields already show evidences of maturity. Corn is advancing greatly as a result of the recent warm weather and intermittent showers, and the potatoes are coming along in splendid shape.

The farmers have fears of possible hail storms and damage by rust, but no great menace that annually threatens North Dakota is now which would endanger the crop from that source.

While excessive rains have damaged the crops of individuals in certain localities, the general precipitation has made such favorable conditions elsewhere that the local damages have been more than offset.

West of the Missouri river conditions were never so generally good since 1904.

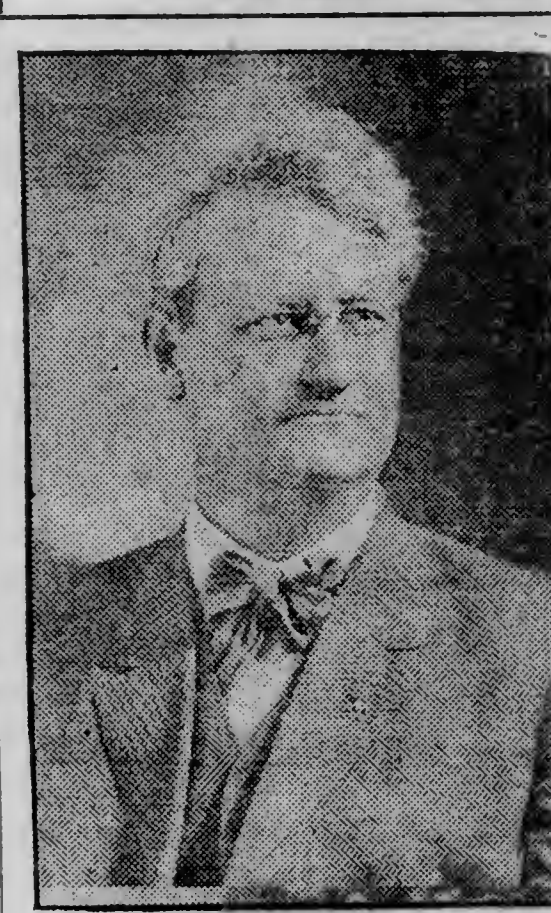

REFERENDUM LAW TO BE ATTACKED

North Dakotans May Beat Law Aimed to Bring Settlers to State.

FARGO, N. D., July 12.—(Special to The Herald).—Citizens of North Dakota will soon test the validity of the application of the referendum to three measures enacted at the last legislative session. Legal actions are to be instituted to make the bootlegging bill and the immigration bill immediately effective, regardless of the fact that these two measures with the terminal elevator mill tax repeal bill all three appear to have received a sufficient number of signatures to refer them to the people at the next general election.

Of the fifteen measures against which the referendum was invoked only these three received a sufficient

IS APPOINTED SECRETARY OF N. D. REGENTS' BOARD

CHARLES BREWER.

Bismarck, N. D., July 12.—(Special to The Herald).—Charles Brewer of Fargo, one of the well-known newspaper men of the state and present secretary of the state game and fish commission, has been appointed by President Lewis E. Crawford of the state board of regents, secretary for the board, at a salary of \$2,500 per year.

Col. Brewer, as he is known among his friends, is a graduate of the University of North Carolina, is 47 years old, and is also a graduate of the newspaper school, having been connected with several of the well-known papers in this state. He has lived in the state for the past twenty-four years and has served in several official capacities.

The board of regents, under a new law, has charge of all higher educational institutions.

George F. McPherson, a newspaper man of Bismarck, probably will succeed Mr. Brewer as secretary of the North Dakota game and fish board of control, under appointment from the board.

number of signatures, according to Secretary of State Hall.

Bootlegging Bill Safe.

The attorneys appear inclined to believe the legal proceedings against the bootlegger bill will be less likely to succeed than against the immigration, because those behind the referendum for the bootlegger measure had the complete bill printed and signed and took other precautions to comply with the provisions of the referendum law that appear to have been overlooked or disregarded by the men behind the referendum on the immigration measure. The latter was printed on the petition only by title and not in full form.

Incidentally the entire referendum law will also be attacked and it is claimed there are a dozen or more reasons why it is invalid, and if knocked out by the supreme court none of the measures will be held up.

There is an especial interest just now in the immigration measure. Many attorneys express confidence in the success of an action to knock out the referendum on the measure.

RED RIVER LAND DEAL.

Iowan Buys Three and One-Half Sections for \$177,600.

CANADIAN NORTHERN SETTLES DIFFERENCE

Reaches Agreement With Foley Brothers Over Large Sum.

St. Paul, Minn., July 12.—After waiting nearly three years and undergoing considerable anxiety and trouble, Foley Bros., railroad contractors of St. Paul, have effected a settlement of their claim against the Canadian Northern railway for work amounting to nearly \$5,000,000.

Timothy Foley, president of the company, said that on the basis of the settlement, but admitted it has been made and a part of the money paid. He expressed well satisfied with the agreement.

The company began work in 1911, east of Port Arthur, Ont. When it was completed, the money of the company and its stock was tied up. The firm placed a lien on the road, which has stood for about a year.

BUYING GOPHER LANDS.

New Settlers Continually Arriving in Vicinity of Karlstad.

Karlstad, Minn., July 12.—(Special to The Herald).—Land adjoining Karlstad and Strandquist has seen a large influx of settlers this year, between thirty and forty, where he was engaged in the business. There has been a considerable land has been sold, and there will be a great many more settlers coming in before fall.

The latest settler to arrive was E. W. Leeter and family from Tulecia, Ill., where he was engaged in the implement business. He bought 400 acres of wild land east of Karlstad, where he is now living in a tent until he can get a house built. He intends to put a tractor to work breaking his land. Charles Harsela of Minneapolis is another new settler east of town who is breaking his land with a tractor.

SAVED BY SWIMMING.

Grand Forks Men Reach Shore After Motorboat Swamps.

Grand Forks, N. D., July 12.—(Special to The Herald).—Four local men had narrow escapes in the waters of Lake Minn. when their motor boat swamped.

The occupants of the boat, E. F. Burdick, secretary of the board of education; Harry E. Butler, superintendent of the Washington grade school; Arthur Deubenbury, pastor, Hal-land, university students, were each able to swim to shore, and were rescued by the lifeguards who were on duty at the time, although two of them were in pretty bad shape for some time.

AUDITOR PREUS SPEAKER.

Will Address Polk County Picnic at East Grand Forks.

East Grand Forks, Minn., July 12.—(Special to The Herald).—The Polk county community picnic, to be held at East Grand Forks, Minn., will attract hundreds of farmers and their families from all sections of the county. State Auditor Preus will speak at the picnic, which will be held at Marquette July 13, 1915.

The celebration had two phases, that of Sunday in which the congregation of St. Ignace joined in celebrating this important stage in the career of their pastor, and that of Monday in which the clergy of the Copper country and of other parts of the diocese of Saint Paul, Marie and Marquette participated.

Rev. Dr. Rezek, a native of Austria, was educated for the priesthood in Canada, but was ordained at Marquette by the late Bishop Verlin and has spent the entire twenty-five years of his ministry in the Upper peninsula diocese. After his ordination he was rector at Menominee for a short time and then held his first pastorate at Mackinac Island. He was afterward pastor at Gladwin, Mich., for two years at Menominee before coming to Houghton.

COPPER MAGNATES GO TO ONTARIO, MICH.

Ontario, Mich., July 12.—John D. Ryan, president of the Anaconda Copper company, James MacNaughton, general manager of the Calumet and Hecla company, and Rudolph Agassiz, president of the Calumet and Hecla Mining company, came here from the Copper country for a short visit last week in Mr. Ryan's private car to the Anaconda. The trip was made via the Mineral Range railroad.

Jilted Man Hangs Self.

Marquette, Wis., July 12.—John Schier of Oconto Falls was found in the power room of the paper mill there with a small rope around his neck hanging from a nail in the wall. His suicide was due to the fact that he was jilted.

PENINSULA BRIEFS.

Calumet—Word has been received here Saturday that the Ladies Aid Society of the Methodist Episcopal church met on Sunday afternoon and evening. Mrs. R. O. Bust, vice president, Miss Wallace, second vice president, Mrs. E. Hendricks, secretary, Mrs. J. B. Holman, treasurer, Mrs. Thomas Harper, Crystal Falls, and Mrs. J. B. Holman, Crystal Falls, were present.

Baraga—A priest's retreat was given last week by Rev. George Hill, L. L. D. of Duluth, Minn., at the Catholic mission, Holy Name church, Assiniboia, where he was engaged in the business. There were thirty-eight in the retreat, and the laterals, cost \$25,000, according to a statement presented by the board of public works to the council. This is nearly \$7,000 less than the estimate.

Calumet—A decrease in receipts of the Calumet, Hancock, Lake Linden and Grand Range postoffices for the fiscal year ending July 1 has resulted in a decrease in the salaries of the postmasters. The Hancock and Calumet salaries have been cut from \$2,500 to \$2,200, while the Grand Range salary has been reduced from \$1,800 to \$1,700. The reduction of the Hancock salary is from \$1,800 to \$1,700.

IN ALL OUR NEIGHBORHOOD

There is Hardly a Woman Who Does Not Rely Upon Lydia E. Pinkham's Vegetable Compound.

Princeton, Ill.—"I had inflammation, hard headaches in the back of my neck and a weakness all caused by female trouble, and I took Lydia E. Pinkham's Vegetable Compound with such excellent results that I am now feeling fine. I recommend this Compound and praise it to all. I shall be glad to have you publish my letter. There is scarcely a neighbor around me who does not use your medicine."

—Mrs. J. F. JOHNSON, No. 4, Box 30, Princeton, Illinois.

Experience of a Nurse.

Poland, N. Y.—"In my experience as a nurse I certainly find Lydia E. Pinkham's Vegetable Compound is a great medicine. I wish all women with female troubles would take it. I took it when passing through the Change of Life with great results and I always recommend the Compound to all my patients if I know of their condition in time. I will gladly do all I can to help others to know of this great medicine."

—Mrs. HORACE NEWMAN, Poland, Herkimer Co., N. Y.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

If you want special advice write Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

the state board of education in Lansing last week, Supt. E. A. Jeffers of the Adams township public schools, was elected the vice president. Dr. Thomas Nadai of Olivet, was named president, Frank Cody of Detroit, treasurer, and Fred L. Keeler, superintendent of public instruction, was elected secretary.

Calumet—Calumet again is infested with hordes of mendicants, beggars and fakirs. Some time ago the announcement went forth that restrictions would be placed on beggars but the mandate apparently is being disregarded. The complaint is directed at the itinerant beggar, who makes this section his headquarters.

Hancock—Charles Carlson died at his home on Summit street July 7. He was 64 years of age and had made his home in this city for the past twenty-one years. He is survived by his wife and four children, the latter being Carl, Olive, Louise and Edna, all at home. The funeral was held Sunday afternoon.

Negaunee—A telegram was received here July 8 by Mrs. E. Devey of a Jackson location from her husband who was a member of the party of sixty-five men who left here two weeks ago for Norway to sink a shaft for the Longyear & Hodge company, saying that the entire party had arrived in Christiania, Norway, safely.

Shelbyville—Funeral services were held Sunday for Andrew Fredine, who died July 7, aged 67. For the last ten years he had been in the employ of the property of the Breitung Mining company at Negaunee. He was survived by four daughters and two sons.

DAKOTA BRIEFS.

Sioux Falls, S. D.—The following officers of the South Dakota Veterinary association, held their annual convention at the Hotel Madison, Sioux Falls, S. D., July 10-11. President, Dr. J. E. Lindsey, Milbank; vice president, Dr. J. E. Lindsey, Milbank; secretary, Dr. J. E. Lindsey, Milbank; treasurer, Dr. J. E. Lindsey, Milbank.

Sioux Falls, S. D.—Mrs. S. George, charged with forging a money order at Sioux Falls by United States Marshal Taubman, who arrested her at Sioux Falls, S. D., pending action in her case she is held in the county jail.

Bismarck, N. D.—The question of city of Bismarck, N. D., whether it will be considered by the state railway commission in Bismarck on the basis of the hearing held on that date.

Sioux Falls, N. D.—Albert Monson has received notice from the postoffice department at Washington, that his bid for decorating the Devils Lake federal building has been accepted.

Sioux Falls, N. D.—The funeral of Mrs. Elsie Johnson, aged 71 years, who died at her home Sunday, July 11, was held at the Swedish Lutheran church Sunday afternoon, July 12. She was one of the best known citizens of Fargo and is survived by a husband, four children, Mrs. John Johnson, wife of John Johnson, and Mrs. John Johnson, wife of John Johnson.

WISCONSIN BRIEFS.

Milwaukee—Herman Pletsch, aged 82, an old Milwaukee settler, died July 9 at his home, 2923 Chestnut street. He was a native of Germany and had been in the city for several months. His widow and six children survive. Mr. Pletsch was born March 12, 1832, in Namslau, Schlesien, Germany. In 1847 he came to Milwaukee, engaging in the cooper's business for himself.

Janesville—Henry Robertson, waiting trial for forgery, attempted to escape from jail here Sunday and at the same time to deliver three fellow prisoners. The sheriff discovered several bars in the man's cell which had been sawed through, and prevented the jail delivery.

La Crosse—Charles Blackley, aged 24, son of Mr. and Mrs. W. H. Blackley, gave his life in the service of Great Britain in the war according to a brief message received by his parents here. Washington.—The annual meeting of the directors of the Washburn Loan and Building association was held Wednesday at which the following officers were elected: President, N. M. Ocasar; vice president, N. M. Ocasar; treasurer, A. I. Lien; secretary, L. N. Clausen.

Madison.—The senate killed the Pools bill, thereby declining to play a part in Milwaukee's fight over the kind of milk with which the city is to be supplied.

Beloit.—The annual convention of the Wisconsin Federation of Young People's Societies, held at St. Paul's Lutheran church will be held July 31, Aug. 1 and 2.

when he suddenly "regained his memory" in Kenosha, was arrested in Chicago Friday on a charge of contributing to the dependency of his child. He admitted to the Chicago police that he was married, but asserted he could remember none of the circumstances.

Racine—Lorena Schroeder, 13 years old, was instantly killed and Howard Rolfsen, 15 years old, suffered internal injuries, when the car the boy was driving turned turtle near North Cape.

Vashburn—John Walsh, attorney for the Federal Trade bureau, still continues to gain from the effects of his recent operation in Washington and since coming home has been feeling real well. He has received many letters and telegrams from his prominent associates in the East, all expressing a deep interest in his case, and wishing his speedy recovery.

Sheboygan—Miss Mary Novak, 20 years old, probably will lose her left foot as the result of a motorcycle accident Thursday night. She was riding with Otto Jahn, when the machine collided with a buggy.

Rhineland—Chauncey Vaughn, a lineman employed by the Rhineland Power company, was electrocuted while repairing a high tension wire. Eleven thousand volts passed through his body, which had to be removed from the top of a pole by the fire department.

Baraboo—Thirty-five Wisconsin university engineering students who have been in camp at Kirkland, Devils Lake, about six weeks practicing field work, have broken camp. The outing ended with a banquet at which Prof. L. Smith, the instructor, was toastmaster.

MINNESOTA BRIEFS.

International Falls—Miss Mary Stone has arrived from Duluth and will make her home here with her father, John Stone. They have rented the apartment in the Bacon flats which have been occupied by Senator Nord and family.

Fisher—S. Kinnman of Grand Forks, while in the vicinity of Fisher, had a unique experience with a wild dog. The sound of the car frightened the animal from its hiding place by the side of the road, and Mr. Kinnman says the dog described a half circle about the car for half a mile, disappearing in the brush.

Blackduck—Mrs. Hannah Henjum, wife of Andrew Henjum, died of the death was peritonitis, following appendicitis.

Mahometen—Jake Knutsen, a former resident of Mahometen, who moved to Crookston, Minn., a few years ago, and now with the Canadian troops in England, O. M. Johnson.

land getting ready to go to the front. Northome—Israel Bergstrom of Duluth, general agent of the National Life Insurance company, spent last week looking over Northome and making the acquaintance of people. He reported that E. J. Gjerdahl, deputy county auditor, had been appointed county agent for his company, and that later an agent might be appointed for this end of the county.

Red Lake Falls—The date of Red Lake Falls' centenary, the first event of the kind ever held in the city, is Sunday, Aug. 1, and will continue for five days.

Bemidji—Work on remodeling of the Minneapolis, Red Lake & Manitoba railway depot is now well under way, and when completed Bemidji will have another modern and up-to-date railway station.

St. Hilare—O. Aaberg, cashier of the new Farmers' State bank, moved here with his family from Anita, N. D. They will occupy the Kolstad residence across the river until suitable quarters can be had on this side.

Red Lake Falls—The postoffice at Terrence will be discontinued. The order of the postoffice department fixes July 21 as the last day of the service. After that date the patrons of the office will be served from the Red Lake Falls office. Most of the business will doubt have the convenience of rural mail delivery.

Stillwater—Capt. Stephen Hanks of Albany, N. Y., a pioneer river pilot, the man who ran the first raft down the Mississippi and St. Croix rivers from Stillwater, is in the city, the guest of his son, Martin W. Hanks, at the summer home of the latter down on the Point at South Stillwater.

Rosau—Foster Peterson of Jadis, son of Oliver Peterson, accidentally lost an eye last week. Mr. Peterson was doing some blacksmithing when a splinter of iron flew from the anvil and penetrated the eye, necessitating its removal.

Halluk—Ole Bragelin, a pioneer resident of Kilton county, died at the home of his sister, Mrs. Mathilda Scupple of the town of Thomson, July 3. He was a sufferer from several months' tuberculosis. He went to the Canadian Northwest a couple of years ago when the intention of taking up a claim, but shortly after arriving there he was taken sick and was forced to return. He was single and 59 years of age. His remains were interred in the Bethlehem cemetery east of Haddock.

Fosston—At the annual meeting of the Farmers' Elevator company held here the following board of directors was elected: E. G. Eklund, Drenck (Crookston), Carl Engstrom, A. J. Volden and O. M. Johnson.

MYSTERY SHROUDS WAR SITUATION THE EAST

PACKAGE FREIGHT LINES ON THE GREAT LAKES MAY BE OPERATED AS ONE FLEET BY NEW COMPANY

PICTURESQUE STEAMER CHOCTAW CUT IN TWO BY WAHCONDAH; ALL ON BOARD SAVED

W. J. Conners Will Neither Deny Nor Confirm Rumor of Steamship Activities.

Says Wilson Is Country's Idol and Bryan Is "Through."

Arrives With Party on Private Yacht; Entertained By G. A. Tomlinson.

W. J. Conners, nationally known as "Fingy" Conners, former member of the national Democratic committee, and also former chairman of the New York state Democratic committee, multimillionaire, one of the largest labor employers in the United States, owner of two newspapers in Buffalo, his home, and one of the most romantic and picturesque figures in American industrial life, arrived in Duluth early today in his private steam yacht, the Mary Alice.

Mr. Conners came to Duluth on a pleasure trip. With him are Charles H. Heald, president of the Mutual Steamship company; H. Maguire, general manager of the Lehigh Valley railroad; H. Noble, assistant to Mr. Heald; G. W. Lehigh, a retired business man of Buffalo; Mrs. Conners, her daughters, Alice and Ruth, and Mrs. Maguire.

While ostensibly Mr. Conners came here on a pleasure trip, it is believed that while in Duluth the Buffalo capitalist will give close and scrutinizing attention to every detail of the lake package freight business. There are rumors that Mr. Conners is going into the lake steamship business after the railroads and steamship lines are divorced, and that he will head a great corporation to take over all the existing lines. These rumors Mr. Conners would neither deny nor confirm.

"After the lake steamship business there may be a lot of persons adding to this region," said the Buffalo capitalist. "I might be one of those."

One rumor runs that Mr. Conners declared that he would be willing to (Continued on page 10, third column.)

PRESIDENT IS STUDYING NOTE
Executive Carefully Considering Phases of Latest German Reply.

Cornish, N. H., July 13.—President Wilson devoted his attention today to a detailed study of the situation growing out of the receipt of the latest German note on submarine warfare. After a game of golf with Dr. Cary T. Grayson he retired to his study at Harlakenden house with the official note of the note.

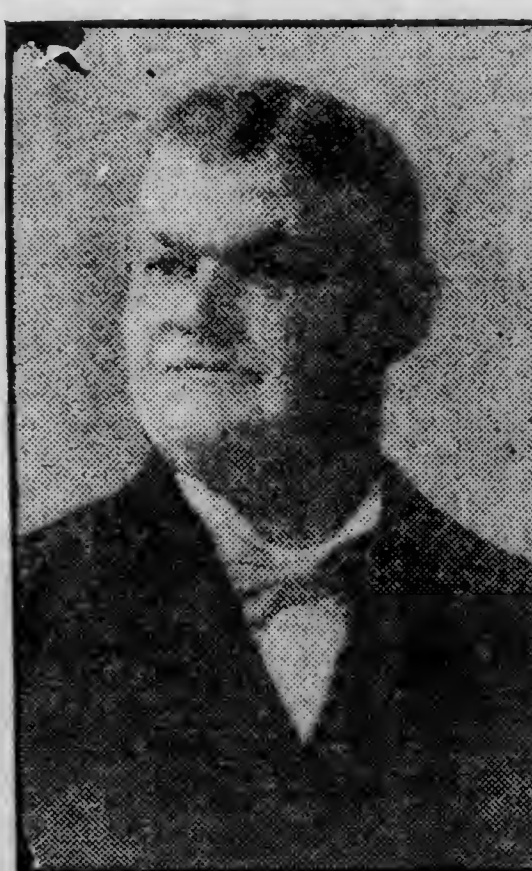

The president gave instructions that he be left undisturbed. He did not pay as much attention as usual to the morning mail from Washington.

No plans were made this morning for President Wilson's return to Washington, and there was every indication that he intended remaining here several days longer. By the time he goes back to Washington, it is expected that he will have the next step in the American policy mapped out in a general way in his own mind.

Paris, July 13.—The loss of the Souchez cemetery and adjacent trenches by the French, which was indicated in the French official statement of yesterday, while regrettable, does not affect the principal defenses in this region, according to French military writers. It is a warning, however, says Col. Rousset in the Petit Parisien, that will not be neglected.

The Germans visibly are redoubting their efforts to capture the French fortress of Verdun. After the fall of Argonne, they are trying by concentric attacks in the Woivre district to obtain the most accessible parts of the citadel by attempting to establish batteries with the idea of reaching the city. The out-works, however, in the opinion of the French military officers, are solidly guarded and are equipped with all means for reply.

MAY HEAD COMPANY TO TAKE OVER PACKAGE FREIGHTERS

W. J. CONNERS
OF BUFFALO.

GIVES BEST TO AMERICA

Belgian Artist Presents a Van Dyke to the United States.

Token of Appreciation for What Has Been Done for Belgium.

Toledo, Ohio, July 13.—As a token of appreciation for what the people of the United States have done for Belgium, Charles Leon Cardon, artist and collector of Brussels, has presented to the people of this country the most celebrated painting in his collection. It is Van Dyck's sketch for his picture "Saint Martin Cutting Mantle and Sharing it with a Poor Man." This information has just been received from Brand Whitlock, American minister to Belgium, by Marshall Shepley of Toledo. Mr. Shepley, Mr. Whitlock says that in Mr. Cardon's home on the Quai Au Bois a Bruler, in Brussels, there are the remains of two generations of artistic appreciation and that the St. Martin painting is the prize picture of the collection.

In the letter of presentation Mr. Cardon says in part:

Debt of Gratitude.
"The Belgians have contracted to (Continued on page 10, third column.)

Cleveland-Cliffs Company's Boat Sunk in Heavy Fog.

Hit By Canadian Boat Which Is Also Badly Damaged.

Crew Picked Up and Taken to Sarnia on Wahcondah.

Port Huron, Mich., July 13.—Capt. Charles Fox and crew of the coal steamer Choctaw of the Cleveland-Cliffs Iron company, which was cut in two off Presque Isle in Lake Huron during fog Monday morning, are safe in port at Sarnia, Ont., opposite here, where they arrived today aboard the steamer Wahcondah, of the Canada Steamship lines, Ltd. The Choctaw sank immediately after collision with the Wahcondah. The latter's bow was punctured and she received a large hole in her side. It is said, but water tight compartments kept her afloat. According to the report of Capt. D. F. Cornet of the Wahcondah, the Choctaw sank so quickly some of the crew could not reach lifeboats, and were compelled to jump overboard. The lake was comparatively calm, however, and they succeeded in keeping afloat until rescued by boats from the Canadian vessel. The loss of the Choctaw and her cargo is estimated to be at least \$125,000, while the damage to the Wahcondah will amount to several thousand dollars.

The Choctaw was 260 feet long with a beam of 38 feet and a depth of 23 feet. She was built in 1892. The members of the crew left for their homes today.

ST. PAUL PUBLISHER FOUND DEAD IN BED

St. Paul, Minn., July 13.—(Special to The Herald.)—R. E. Steiner, 55 years old, of St. Paul, editor and publisher of the Twin City Guardian, was found dead in his room this morning. He failed to awaken when his wife went to call him for breakfast. Heart disease is thought to be responsible.

Clergy at Montreal.
Montreal, July 13.—In the presence of Cardinal Beugin of Quebec, twenty-five bishops and many hundreds of priests and lay delegates from all parts of the dominion, the Canadian Eucharistic congress will be opened tonight for its two-day session at Notre Dame church.

A BOMB EXPLOSION NOBODY OBJECTS TO.

There is a surplus of \$694,647 in the treasury of the grand lodge while subordinate lodges have net assets of \$25,515,732.

The grand lodge of Elks opened its session today with the election of officers. James R. Nicholson of Boston was grand exalted ruler, succeeding Raymond Benjamin of California. W. F. Schind of Milwaukee was elected grand leading knight; William Low, Saginaw, Mich., grand loyal knight; E. L. Ingersoll, Seattle, grand lecturer; Thomas E. Donahue, New London, Conn., grand tyler; and Charles Black, Oklahoma City, grand inner guard. Fred C. Robinson, Dubuque, and Charles A. White of Chicago were re-elected secretary and treasurer, respectively.

Los Angeles, Cal., July 13.—The Benevolent and Protective Order of Elks is in a flourishing condition both as to finance and membership, according to reports submitted today at the annual session of the grand lodge of the order.

Fred C. Robinson, grand secretary; Charles A. White, grand treasurer, the board of grand trustees and the committee on auditing made their reports. During the year ending April 1, 1915, 43,085 new members were admitted to the order, bringing the total membership to 442,658. There were 16,228 members dropped from the rolls; 232 expelled; 7,843 resigned and there were 4,701 deaths. "There is net increase in membership was 14,081. Ten new lodges were added bringing the total to 1,325.

INSTALLED GRAND EXALTED RULER OF THE ORDER OF ELKS

JAMES R. NICHOLSON.

ORDER OF ELKS IN FINE CONDITION

Total Membership in United States Is Now 442,658.

Los Angeles, Cal., July 13.—The Benevolent and Protective Order of Elks is in a flourishing condition both as to finance and membership, according to reports submitted today at the annual session of the grand lodge of the order.

Fred C. Robinson, grand secretary; Charles A. White, grand treasurer, the board of grand trustees and the committee on auditing made their reports. During the year ending April 1, 1915, 43,085 new members were admitted to the order, bringing the total membership to 442,658.

HEAVY RAINS HOLD WITNESS

State's Chief Reliance in Murder Case Fails to Appear.

Hearing of Four Aged Men Charged With Crime Continued.

Bedford, Iowa, July 13.—The failure of Attorney W. W. Bulman to arrive here with Mrs. Maria Collins Porter, the state's chief witness, resulted in a continuance of the hearing of the four aged men held in connection with the murder of Nathaniel Smith, the Missouri cattleman, in September, 1888, until 7 o'clock tonight. Bulman and Mrs. Porter were said to be driving across country from Hopkins, Mo., and are supposed to have been cut off by the floods due to the heavy rains yesterday. The four defendants will be given separate hearings.

Uncertainty as to what would be the course of the so-called double murder and treasure chest cases prevailed here today, but had no appreciable effect on the crowd which gathered from all over this section.

Attorney General Coe and his assistants, the Taylor county prosecuting attorney and attorneys for the four aged men charged with the murder of Nathaniel Smith, the Macdon, Mo., cattleman, who, with his son, was killed by Taylor county outlaws in September, 1888, were ready for any turn the case might take.

The possibility that the defendants might waive to the grand jury appeared to have made no difference in the interest of the crowd. W. W. Bulman, the Chariton county attorney who has had an important hand in the investigation, was expected to arrive with Mrs. Maria Collins Porter, the Gullman, Mo. woman, who was a girl of 14 when she witnessed the scenes following the alleged murder of the cattleman and his son. She was prepared to go on the stand to tell her story.

Other witnesses were on hand, including Samuel Anderson, who plans for a civil suit against the defendants to recover a fourth interest in the alleged \$50,000 treasure, and his brother.

The defendants in the case are Bates Huntman, Samuel Scribner and John and Henry Damewood.

TRIED TO KILL THE KING OF BULGARIA
Death Sentence for Two Charged With Attempted Assassination.

London, July 13.—Death sentence has been passed on two men who were charged with attempting to assassinate King Ferdinand of Bulgaria, says the Daily Mail's Sofia correspondent. This is the first news received in London that any attempt had been made on the life of the Bulgarian king.

Italians Leave for War.
Charlestown, W. Va., July 13.—Mine managers here estimate that several thousand Italian reservists have left the Kanawha coal county during the past month to join their regiments in Italy. Many of them are trained mechanics, electricians and linemen.

ATTEMPT TO HOLD UP BRITISH AMBASSADOR

Six Men Stopped Auto in Which He Was Leaving Morgan's Home.

New York, July 13.—Sir Cecil Spring-Rice, British ambassador, was riding in an automobile which six men attempted to hold up on the night following Frank Holt's attack on J. P. Morgan, on July 3 last. It was revealed here last night, as a result of a complaint made to the police.

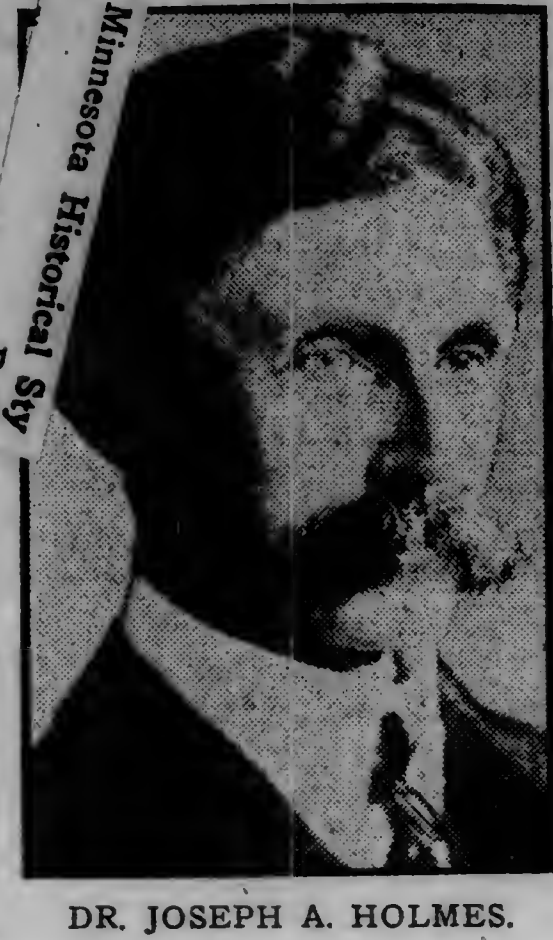

James Patterson, a chauffeur for Mr. Morgan, who was driving the car, notified the authorities, the police, and the British ambassador had left the Morgan home in Glen Cove for a visit to the home of Willard D. Straight in Green Valley, L. I., when the men, who in an automobile, attempted to hold up the ambassador, were stopped by the police, attempted to stop the Morgan machine. Their machine stood along the roadside, Patterson, however, increased his speed and caused the men to jump aside. In an instant they were in their car and dashing in pursuit of the ambassador, but were outdistanced.

Coincident with this news come reports through Petrograd that Field Marshal von Mackensen's army has been strongly reinforced and that it will soon resume active operations.

Resumption of heavy assaults by the Germans in the Woivre region in France is interpreted by Paris military observers to mean that the failure of recent attempts to break through to Verdun by way of the Argonne is being followed by a similar effort in this new direction.

Through Mittele and Athens, Paris has received a report that the result of another battle on the Gallipoli peninsula the forces of the Entente allies have advanced 200 yards.

WAS MARTYR TO CAUSE OF SAFETY AMONG MINERS OF UNITED STATES

DR. JOSEPH A. HOLMES.

SAFETY FIRST HIS SLOGAN

Dr. Holmes, Who Originated National Movement, Is Dead.

Was Director of the United States Bureau of Mines.

Washington, July 13.—Dr. Joseph A. Holmes, director of the United States bureau of mines, who died in Denver early today, was regarded by his associates as the father of the bureau of mines, which, by a campaign of education and experiment, has largely reduced the death toll among the underground workers. He also was accredited with making "safety first" a national movement. He took it for the slogan of the mine bureau's work and it sprang to all phases of industrial activities.

The saddest part of it all, said Dr. J. M. Patterson, acting director of the mine bureau today, "is that Dr. Holmes was a victim of overwork and his devotion to his duties in behalf of the safety of the million miners in the United States. His constant insistence on going where only his trained rescue crews should go, and sharing the dangers that should have gone only to more robust men, seriously affected his health. Dr. Holmes was a martyr to the cause of safety among the miners, and his name is added to the honor roll of bureau rescuers who have given up their lives to the cause."

ATTEMPT TO HOLD UP BRITISH AMBASSADOR

Six Men Stopped Auto in Which He Was Leaving Morgan's Home.

New York, July 13.—Sir Cecil Spring-Rice, British ambassador, was riding in an automobile which six men attempted to hold up on the night following Frank Holt's attack on J. P. Morgan, on July 3 last. It was revealed here last night, as a result of a complaint made to the police.

James Patterson, a chauffeur for Mr. Morgan, who was driving the car, notified the authorities, the police, and the British ambassador had left the Morgan home in Glen Cove for a visit to the home of Willard D. Straight in Green Valley, L. I., when the men, who in an automobile, attempted to hold up the ambassador, were stopped by the police, attempted to stop the Morgan machine. Their machine stood along the roadside, Patterson, however, increased his speed and caused the men to jump aside. In an instant they were in their car and dashing in pursuit of the ambassador, but were outdistanced.

Coincident with this news come reports through Petrograd that Field Marshal von Mackensen's army has been strongly reinforced and that it will soon resume active operations.

Resumption of heavy assaults by the Germans in the Woivre region in France is interpreted by Paris military observers to mean that the failure of recent attempts to break through to Verdun by way of the Argonne is being followed by a similar effort in this new direction.

Through Mittele and Athens, Paris has received a report that the result of another battle on the Gallipoli peninsula the forces of the Entente allies have advanced 200 yards.

According to an Athens dispatch to a London newspaper, the kings of Greece, Roumania and Bulgaria are soon to meet in conference at Athens.

The attitude of Roumania toward the two groups of belligerents is again widely under discussion.

According to statements made by correspondents on the side of the Entente allies, she has been given a month to accept or reject Austria's offer of territorial compensation for active military assistance or friendly neutrality.

Further German advances in the vicinity of Souchez where the cemetery was captured from the French early on Monday, are reported in the official statement from Berlin. The Germans claim to have pushed their positions forward across the cemetery along a width of 600 yards and captured the Calvaire House on the road to Arras. The French declare a violent attack by German troops in the Labyrinth was beaten off.

Hard fighting continued in the Woivre region, where the Germans are believed to have resumed the drive at Verdun. The French report had made considerable gains and annihilating at Apremont, Regneviller and in Leprieu forest. The Germans claim to have broken up with heavy losses four French attacks on Leprieu forest positions.

MACKENSEN STRANGELY INACTIVE

Apparently Making No Effort to Resume Advance on Warsaw.

Believed Brilliant German Commander Is Planning Coup.

Reports Concerning Austro-Hungarian Reverse Are Contradictory.

London, July 13.—Contradictory reports regarding the extent of the Austro-Hungarian reverse at Krasnik, in Southern Russian Poland continue, some even claiming that the Austro-Hungarians are contemplating a general retreat, but the mystery of the situation is the persistent silence maintained by Field Marshal von Mackensen, who apparently is making no effort to resume the German advance on Warsaw.

Petrograd reasons this inaction of the Germans as being due to the fear of Field Marshal von Mackensen that his left flank would be exposed while the Austrians were on the defensive, but some fear is expressed by London observers that the brilliant German military commander is planning an unexpected coup.

Reinforcements May Have Arrived. With German troops at Souchez, where the French advances had threatened the town of Lille, ready to displace the arrival on the western front of the long expected, teutonic reinforcements, but evidence still is lacking of any concerted offensive on either side along the battle front in France and Belgium.

Germany and Austria-Hungary, according to dispatches from the Balkan states, are using every diplomatic resource to induce the neutral states to join military forces with the central powers. (Continued on page 10, second column.)

GERMANS THREATEN THE ROUMANIANS

Will Lose Teuton Friendship If They Pursue Present Course.

Copenhagen, July 13, via London.—The Deutsche Tages Zeitung, a copy of which was received here, charges the Roumanian government with shutting its eyes to the transport of munitions to Serbia, while refusing to allow the German and Austria to do anything to Turkey. The article threatens that unless this attitude is speedily changed, Roumania will lose the opportunity of maintaining friendly relations with Germany.

Given Month to Decide.
London, July 12.—Roumania has been given a month in which to accept or reject an offer of territorial compensation for her activity or neutrality, according to the Times Balkan correspondent in a dispatch dated at Sofia last Saturday.

The correspondent says the Austrian government on the eighth presented a note to the Roumanian government offering Roumania for the neutrality of Bukovina and Austria to the River Sereth as her northern boundary, together with various concessions to the Roumanian inhabitants in the dual monarchy, including the foundation of a university at Bressa (Kronstadt).

In consideration for her active military assistance, Roumania would receive the whole of the Roumanian portion of Bukovina to the River Pruth and also an extension of territory along the north bank of the Danube to the Strigolova, including Mehadia, while Austria-Hungary would undertake to conquer Bessarabia and transfer that province to Roumania as a permanent possession.

Fulfillment was guaranteed by Germany and a month was given for a reply. The note further intimated that the central powers regarded malice difference between the Austrian and Russian proposals to Roumania as the substitution of Bessarabia with a million inhabitants for Transylvania with 2,000,000.

AUTO-MEN ON BRIEF VISIT

Maxwell Sales Force of Zone 4 on Steamer South American.

Holding Talk-Vacation En Route After Successful Season.

When it comes to unique "vacations" the field men of zone 4 of the Maxwell Motor Sales corporation deserve the banner, and the manner of their taking it simply goes to show the live-wire proclivities of the crowd. They are passengers on the steamer South American, which came in at an early hour this morning and got out before noon, and their spare time on board is spent discussing sales plans—some vacation!

But L. A. Roberts of Detroit, special representative of the company, who is accompanying the party, explained it. "You see," said Mr. Roberts this morning, "the boys wanted to have an outing, where they could relax, but they realized that they could not 'let down' right in the middle of the season. They knew that if they started out individually to seek rest they would talk shop anyway, and rather than risk boring several hundred people to death by talking shop in which the steamer was not interested, they decided to take a chance on talking each other to death; so here we are."

The result is, the members of the party declared, that they are enjoying the lake trip and the conversation, and in the meantime the exchange of ideas is expected to be more valuable.

Incidentally, Mr. Roberts is not only "hooked up" with the Maxwell people, but he was formerly in the newspaper game. In the front office—his graduation into the auto business was easy and natural, for he was a circulation man in the newspaper. He also circulated a lot today and in the limited time he had saw a horde of people and got acquainted.

The full party of zone 4 met in Chicago last Friday and left that city on Saturday to take the steamer, on their return, go to Detroit to attend the week's convention of the Maxwell sales force of the Maxwell company, which will open there for the week of the 18th.

See Duluth on High. When the Maxwell crowd chartered a fleet of Maxwell cars and took in the city with a rush, for they did not have a great deal of time. Mr. D. Paine of Detroit, supervisor of the zone, said that the members of the party regretted they had not had more time to see Duluth, for what they saw of Duluth has left the impression that they are making a good view of a very beautiful city. Mr. Paine declared that he is coming back one of these days and take his time about looking over Duluth, for he has seen last enough of what his appetite. Similar views were expressed by others of the party.

Concerning the members of Zone 4, Mr. Roberts said under the leadership of Mr. Paine, had a most successful year and were sold out in Maxwell cars in their territory in May. The feeling general among them is that there will be great sales results after the announcement has been made of the wonderful features of the 1916 model.

The party consists of the following: William D. Paine, Detroit, supervisor of the zone; B. E. McConaha, Indianapolis, assistant supervisor; D. W. Habel, B. A. Ruppert, B. W. Fuhr, L. A. Hann, B. B. Weddekink, Indianapolis, district salesman; H. C. Hely and C. A. Smith, assistant district salesmen; A. J. Krus and I. O. Taft, assistant district salesmen; B. H. Hankins, assistant district salesman at Memphis; W. W. Withers of Nashville, C. A. Swenson and Stevens of Indianapolis and J. M. MacKenzie of Detroit, salesmen, and Mr. Roberts.

Members of the Duluth board of trade were deeply interested this morning in a report emanating from Montreal to the effect that Canada's entire season's crop of wheat and oats may be taken over by the British government.

It is said that the present trip of Sir Robert Borden, the Canadian premier, to London was made with a view to discussing prices and terms to govern the transaction with members of the British government. This action is said to have been proposed on account of the forcing of the Canadians having taken longer than had been at first estimated, and the consequent indefinite holding up of the Russian crops from the markets.

Local grain men concede that this action the part of the British government would have an exceedingly bearish effect on the American grain markets through placing a restriction upon exports until such time as the Canadian supplies should have been distributed.

S. H. Jones received a wire from Chicago this morning attributing the break in the wheat market there just before the above yesterday largely to the possibility of an arrangement as forehanded is now being made between the Canadian and British governments.

SCHOOL BOARD ENJOINED

Proceedings Started to Hold Up Grand Forks Building.

Grand Forks, N. D., July 13.—(Special to The Herald.)—Application for a writ of injunction to restrain the construction of a \$20,000 high school, and the enforcement of a court yesterday afternoon and night was fixed as the date for the hearing.

That the board has proceeded irregularly in its plan for the school work is the charge made. The suit involves contracts held by the Grey Construction Co. and all the building and the H. H. Plumbing company of St. Paul.

NEW SYSTEM FOR SUPPLIES

One Storeroom and One Purchasing System Are Planned for City.

Council Would Do Away With Slipshod, Wasteful Methods.

One storeroom and one purchasing system for supplies used in every division of the city government, as proposed by Works Commissioner Bert Farrell, will become a reality within the next few days.

During the special session this morning Commissioners Farrell, Voss and Merritt discussed the new plan, and agreed that it would result in the saving of thousands of dollars, when followed for any length of time. Mayor Finney and Commissioner Silberstein were not present.

"Our present system of requisitions, and orders of the city clerk, is wasteful and slipshod," said Commissioner Farrell. "The idea of buying a teaspoonful of this and a sackful of that is obviously a bad one, and has resulted in the loss of a great deal of money in the past."

Storeroom in Old Armory. Commissioners agreed to go ahead with the plan, and a storeroom will be fitted up in the old armory at Second avenue east and First street at once.

"It would cost about \$25,000 to put my plan on the right basis at once," said the works department head, "and the council members are not willing to go as far as that at this time. We will spend \$2,000 or \$3,000 for equipment, however, and put in this storeroom, with the paraphernalia we now have in our various storerooms."

"When we get all our machinery together at the armory, and have it checked in in its own place, the workmen will be compelled to check out in, and will be held responsible for equipment which they use belonging to the city."

"I want to be in a position so that when a workman breaks a shovel, he will bring in the pieces and get credit for the piece—so we are sure that everything which goes out comes back."

"This plan also calls for a purchasing agent. Think of a firm doing a \$1,500,000 business annually which buys its supplies a dollar's worth at a time. A good purchasing agent would be a big step towards economy."

Better Services and Prices. "Not only will we get the benefit of bulk buying, and the resultant lower prices and discounts, but also we will be able to get our goods with dispatch. Half of the time we are holding up parts of paying work because supplies don't get here on time, and all that means money to the taxpayer."

Commissioner Farrell's original plan is based with the view of having all accounts go through the auditor, and will help make impossible any future payment of the same bill twice.

Commissioners Merritt and Voss expressed themselves as being in favor of the plan, stating that it would be the means of establishing a much more efficient system.

AMENDMENT TO BUILDING ORDINANCE

An amendment to the building ordinance which will allow Louis Hammer, owner of the Auditorium, to install a garage in the basement of the structure, was read to the council at the council meeting last night. Mayor Finney was the author of the amendment.

Under the present ordinance it is unlawful to keep an automobile, with the gasoline and oil tanks, below an assembly hall," said the mayor, "and this amendment will merely bring the code up to date."

One of the main floor of an assembly hall shall be elevated above the sidewalk level for more than fifty feet when the seating capacity of the hall is 200 or thirty feet when the hall seats 500 persons and for more than eight feet when the capacity is 1,000 persons.

"No gasoline, kerosene or explosive oils shall be allowed on the premises except gasoline in auto supply tanks."

STREET RAILWAY WILL HAUL ROCK

Rock for resurfacing work on streets in Lakeside and West Duluth will be hauled from the crusher at Thirteenth avenue west and Superior street to its destination by the Duluth Street Railway company.

Commissioner Farrell secured prices for hauling from railway company officials, stating that the railway would be a contract covering the work was passed at last night's council meeting.

Hauling from Thirteenth avenue west to Fifteenth avenue west will bring a price of 38 cents a yard, while the charge to Lakeside will be 48 cents a yard.

SEARCH FOR MISSING SON IS IN VAIN

After scouring Minnesota and Wisconsin for weeks, in an attempt to locate George A. Olson of Forest Lake, Minn., Duluth police this morning were compelled to shatter the hope of the boy's parents when a letter was sent to notify them that the search had been in vain.

Dec. 9, 1914, Olson left Forest Lake for Duluth, from where he intended to go into a lumber camp for the winter. Although previous to that time he had written home every few days, not a word has been heard of him since.

Carl G. Mainberg, an official of a Forest Lake bank, who is in charge of the search work, recently wrote City

Summer Rash Washed Away

In two seconds you can stop that irritating itch from summer rash by poison, bites, hives, prickly heat, pimples, skin troubles that come with sultry weather. Just a few drops of our mild, soothing wash, D. D. D. Freckleson, will give you instant relief.

Costs just 25c for a generous trial bottle to prove it. All druggists sell D. D. D. The druggist who will give you instant relief or your money back. Also about D. D. D. Soap.

Wm. A. Abbott, druggist, 205 West Superior St., 212 East Second St., Duluth, Minn. Also at 220 North Thirteenth Avenue east.

GRAND FORKS FAIR WILL BE BIG ONE

Grand Forks, N. D., July 13.—(Special to The Herald.)—The North Dakota state fair will open here a week from today, and officials of the association are confident they will have one of the biggest shows the state has yet seen.

The opening day will be Grand Forks and governor's day, with Governor Hanna in attendance, and this city celebrating it as a holiday. The old settlers also will hold a reunion that day, and Governor Hanna will address them.

One of the strongest features of the fair this year will be the cattle department. The entries in this department include the heads of B. W. Aylor, Grandin, N. D.; James H. Scott, Forest River, N. D.; Samuel Fletcher, Rogers, N. D.; Carlson Bros., Erskine, Minn.; A. Candor and Livy Johnson, Coganwell; George A. Smith, De Smet, S. D.; Jean Duluth farm of Duluth; S. Currie, Park River; Mrs. C. H. Moen, East Grand Forks; M. L. Enright, J. D. Bacon and Richards Bros., Grand Forks.

Horses and Other Stock. The draft horse barns are already certain of being filled to capacity, and additional stalls are being provided. Thirty new sheep pens, and twenty-five additional swine pens, are being constructed this week to house those exhibits.

This year's machinery show will be smaller than usual, because of the agreement between machine companies to refrain from exhibiting at fairs. Automobiles, however, will take up much of the space previously given over to farm machinery.

In the matter of entertainment, the association has arranged a five-day racing card, automobile races, auto polo, carnival features, etc.

MORTGAGE TAX LAW IS TO BE TESTED

Fargo, N. D., July 13.—(Special to The Herald.)—The supreme court has granted an order to show cause against the state tax commission and the Cass county commissioners to prevent the placing of \$20,000,000 worth of mortgages on the Cass county assessment rolls. The order is returnable Sept. 10. The action was initiated on the petition of Henry Amerland, a local real estate man.

Recently the tax commission certified this list to the local commissioners, asserting the mortgages were held by residents of Cass county and should be on the list, subject to a 2-mill tax.

NORTH DAKOTA W. C. T. U. STATE MEETING CALLED

Carrington, N. D., July 13.—(Special to The Herald.)—The official call for annual convention of the North Dakota W. C. T. U. has been issued by Mrs. Elizabeth Preston Anderson, the president. Sept. 23 to 27 are the dates, and the gathering will be held in Valley City.

Mrs. Culla J. Vayhinger, president of the Indiana W. C. T. U., has been secured as the convention speaker.

WEST FAVORS PEACE.

More Adequate Defense Also Desired, Says Spanish War Veteran.

George J. Sherman, past department commander of the Minnesota United Spanish-American war veterans, re-

turned to Duluth yesterday after a Western trip of almost five months. According to Sherman, the general sentiment expressed in the West is decidedly in favor of peace, although most persons favor an increase in the national defense system. He declared that everyone was willing and ready to stand behind President Wilson in the defense of the nation's leader saw fit to do in reference to the protection of the United States. Almost everyone was strongly in favor of stronger national defenses, Mr. Sherman said.

30 at Crookston Monday. Crookston, Minn., July 13.—(Special to The Herald.)—Yesterday was the warmest summer day of the season, the thermometer registering 90 degrees in the sun at 2 o'clock, with the barometer going up, which indicates dryness, although the weather man predicts showers.

AUTO MEN ON BRIEF VISIT

Maxwell Sales Force of Zone 4 on Steamer South American.

Holding Talk-Vacation En Route After Successful Season.

When it comes to unique "vacations," the field men of zone 4 of the Maxwell Motor Sales corporation deserve the banner, and the manner of their taking it simply goes to show the live wire proclivities of the crowd. They are passengers on the steamer South American, which came in at an early hour this morning and got out before noon, and their spare time on board is spent discussing sales plans—some vacation!

But L. A. Roberts of Detroit, representative of the company, who is accompanying the party, explained it. "You see," said Mr. Roberts this morning, "the boys wanted to have an outing, where they could relax, but they realized that they could not 'let down' right in the middle of the season. They knew that if they started out individually to seek rest, they would talk shop anyway, and rather than risk boring several hundred people to death by talking shop in which the listener was not interested, they decided to take a chance on talking each other to death; so here we are."

Conversation is Great.

The result, the members of the party declare, that they are enjoying the lake trip and the conversation, and in the meantime the exchange of ideas is expected to be most valuable.

Incidentally, Mr. Roberts is not only "hooked up" with the Maxwell people, but he was formerly in the newspaper "game" in the "front office," and his graduation into the auto business was easy and natural for he was a circulation man and a member of the International Circulation Managers' association, and autos being circulation themselves, it is not surprising that Mr. Roberts is in the latter business.

He also circulated a lot today and in the limited time he has had a horde of people and got acquainted.

The field men of zone 4 met in Chicago last Friday and left that city on Saturday on the steamer to take the lake trip and afford them a rest on their return, go to Detroit to attend the week's convention of the entire sales force of the Maxwell company, which will open there for the week of the 18th.

See Duluth on High.

When the steamer docked this morning the Maxwell crew chartered a fleet of Maxwell cars and took in the city with a rush. They did not have a great deal of time, W. D. Paine of Detroit, supervisor of the zone, said that the members of the party regretted very much that they did not have a longer stay, but they said they saw Duluth has left the impression that they are making a good view of a very beautiful city.

Mr. Paine declared that he is coming back one of these days and so he has time looking over Duluth, for he has seen just enough to give him a good idea of the city.

Concerning the members of Zone 4, Mr. Roberts said this morning: "These men, under the leadership of Mr. Paine, had a most successful year and were sold out in Maxwell cars in their territory in May. The feeling general among them is that there will be great sales results after the announcement has been made of the wonderful features of the 1916 model."

The party consists of the following: William D. Paine, Detroit, supervisor of the zone; B. F. McConaha, Indianapolis, assistant supervisor; W. H. Babel, St. A. Kupperheimer, N. F. Fuhr, L. A. Hamman, E. E. Weddekink, Indianapolis, district salesman; H. C. Eley and C. A. Smith, assistant district salesmen at Indianapolis; A. J. Winters, C. O. Tarr, assistant district salesmen at St. Louis; A. E. Wingert, assistant district salesman at Nashville; 2nd Lt. H. H. Hanning, assistant district salesman at Memphis; W. W. Withers of Nashville; C. A. Sweeney and O. L. Stevens of Indianapolis and J. M. Keonzie of Detroit, salesmen.

MAY TAKE OVER ENTIRE CROP

England May Buy All of Canada's Wheat and Oats.

Members of the Duluth board of trade were deeply interested this morning in a report emanating from Montreal to the effect that Canada's entire season's crop of wheat and oats may be taken over by the British government.

It is said that the present trip of Sir Robert Borden, the Canadian premier, to London was made with a view to discussing prices and terms to govern the transaction with members of the British government. This action in said to have been proposed on account of the forcing of the Canadians having taken longer than had been at first estimated, and the consequent indefinite holding up of the Russian crops from the markets.

A local grain man conceded that this action on the part of the British government would have an exceedingly heartening effect on the American grain markets through placing a restriction upon exports until such time as the Canadian supplies should have been distributed.

S. H. Jones received a wire from Chicago this morning attributing the break in the wheat market there just before the close yesterday largely to the possibility of an arrangement as foreshadowed above being made between the Canadian and British governments.

SCHOOL BOARD ENJOINED

Proceedings Started to Hold Up Grand Forks Building.

Grand Forks, N. D., July 13.—(Special to The Herald.)—An injunction against the local board of education to restrain the construction of a \$200,000 high school, was made in the district court yesterday afternoon and a writ was issued as the date for argument.

That the board has proceeded irregularly in its plan for the high school work, is the charge made. The suit involves contracts held by Gregory Construction company of Watertown, S. D., and the Healey Plumbing company of St. Paul.

NEW SYSTEM FOR SUPPLIES

One Storeroom and One Purchasing System Are Planned for City.

Council Would Do Away With Slipshod, Wasteful Methods.

One storeroom and one purchasing system for supplies used in every division of the city government, as proposed by Works Commissioner Bert Farrell, will become a reality within the next few days.

During the special session this morning Commissioners Farrell, Voss and Merritt discussed the new plan, and agreed that it would result in the saving of thousands of dollars, which would be allowed for any length of time. Mayor Prince and Commissioner Silberstein were not present.

"Our present system of requisitions, and orders of the city clerk, is wasteful and slipshod," said Commissioner Farrell. "The idea of buying a couple of spoons of this and a sackful of that is obviously a bad one, and has resulted in the loss of a great deal of money in the past."

Storeroom in Old Armory.

Commissioners agreed to go ahead with the plan, and a storeroom will be fitted up in the old armory at Second avenue east and First street at once.

"It would cost about \$20,000 to put my plan on the right basis at once," said the works department head, "and the council members are not willing to pay as far as that at this time. We will spend \$2,000 or \$3,000 for equipment, however, and put in this storeroom with the paraphernalia we now have in our various storerooms.

"When we get all our machinery together at the armory, and have it checked and in its own place, the workmen will be compelled to check out and in, and will be held responsible for equipment which they use belonging to the city."

"I want to be in a position so that when a workman breaks a shovel, he will bring in the pieces and get credit for the pieces—so we are sure that everything which goes out comes back."

"This plan also calls for a purchasing agent. Think of a firm buying a \$1,500,000 business annually which buys its supplies a dollar's worth at a time. A good purchasing agent would be a big step towards economy."

Better Service and Prices.

"Not only will we get the benefit of bulk buying, and the resultant lower prices and discounts, but also we will be able to get our goods with dispatch. Half of the cost of holding up parts of paying work because supplies don't get here on time, and all that means money to the taxpayer."

Commissioner Farrell's original plan is based with the view of having all accounts go through the city auditor, and will make it impossible any future payment of the same bill twice.

Commissioners Merritt and Voss expressed themselves as being in favor of the plan, stating that it would be the means of establishing a much more efficient system.

AMENDMENT TO BUILDING ORDINANCE

An amendment to the building ordinance which will allow Louis Hammel, owner of the Auditorium, to install a garage in the basement of the structure, was read to commissioners at the council meeting last night. Mayor Prince was the author of the amendment.

"Under the present ordinance it is unlawful to keep an automobile, kerosene and oil tanks, below an assembly hall," said the mayor, "and this amendment will merely bring the code up to date."

It provides that: "No portion of the main floor of an assembly hall shall be elevated above the sidewalk level for more than fifty feet when the seating capacity of the hall is 200; for thirty feet when the hall seats 400 persons and for more than eight feet when the capacity is 1,000 persons."

"No gasoline, kerosene or explosive oils shall be allowed on the premises except gasoline in auto supply tanks."

STREET RAILWAY WILL HAUL ROCK

Rock for resurfacing work on streets in Lakeside and West Duluth will be hauled from the crusher at Thirteenth avenue west and Superior street to its destination by the Duluth Street Railway company.

Commissioner Farrell secured prices for hauling from railway company officials and his resolution awarding the contract to the Duluth street railway was passed at last night's council meeting.

Hilling from Thirteenth avenue west to Fifty-seventh avenue west will bring a price of 88 cents a yard, while the charge to Lakeside will be 48 cents a yard.

SEARCH FOR MISSING SON IS IN VAIN

After scouring Minnesota and Wisconsin for weeks, in an attempt to locate George Olson of Forest Lake, Minn., Duluth police this morning were compelled to shatter the last hope of the boy's parents when a letter was sent to notify them that the search had been abandoned.

On Dec. 8, 1914, Olson left Forest Lake for Duluth, from where he intended to go into a lumber camp for the winter. Although previous to that time he had written home every few days, not a word has been heard of or from him since.

Carl G. Malmberg, an official of a Forest Lake bank, who is in charge of the search work, recently wrote City

Summer Rash Washed Away

In two seconds you can stop that irritating itchy from summer rash, itchy poison, bites, hives, prickly heat, pimples or any skin troubles that come with sultry weather. Just a few drops of the milky, soothing wash, D. D. D. Prescription, will give you instant relief.

It costs just 25¢ for a generous trial bottle to prove it. All druggists sell D. D. D. but we offer the first full size bottle on the guarantee that it will give you instant relief or your money refunded. Ask also about D. D. D. Soap.

Wm. J. Alt, druggist, 295 West Superior St., 335 East Second St., 101 West Fourth St., 330 North Thirteenth Avenue east.

J. M. Gidding & Co.

Clerk Walter Borgen, and later, the police department.

GRAND FORKS FAIR WILL BE BIG ONE

Grand Forks, N. D., July 13.—(Special to The Herald.)—The North Dakota state fair will open here a week from today, and officials of the association are confident they will have one of the biggest shows the state has yet seen.

The opening day will be Grand Forks and governor's day, with Governor Hanna in attendance, and this day celebrating it is a holiday. The old settlers also will hold a reunion that day, and Governor Hanna will address them.

One of the strongest features of the fair this year will be the cattle department. The entries in this department include the herds of B. W. Aylor, Grandin, N. D.; James H. Scott, Forest River, N. D.; Samuel Fletcher, Rogers, N. D.; Carlson Bros., Erskine, Minn.; Walter J. Hill, Northgate, Minn.; R. A. Candor and Livy Johnson, Cogs-well, George A. Smith, De Smet, S. D.; Jean Duluth farm of Duluth; S. Currie, Park River; Mrs. C. H. Moon, East Grand Forks; M. L. Enright, J. D. Bacon and Richards Bros., Grand Forks.

Horses and Other Stock.

The draft horse barns are already certain of being filled to capacity, and additional stalls are being provided. Thirty new sheep pens, and twenty-five additional swine pens, are being constructed this week to house those exhibits.

This year's machinery show will be smaller than usual, because of the agreement between machine companies to refrain from exhibiting at fairs. Automobiles, however, will take up much of the space previously given over to farm machinery.

In the matter of entertainment, the association has arranged a five-day racing card, automobile races, auto polo, carnival features, etc.

Crosby Home Burns.

Crosby, Minn., July 13.—(Special to The Herald.)—The home of John Makinen in Central Addition No. 2

ARE PINNED UNDER CAR

Five Occupants of Car Miraculously Escape When It Overturns.

Falling over an embankment and landing upside down with its wheels spinning in the air, an automobile, owned by John Raaflaub of Superior and carrying five passengers, pinned them to the earth yesterday afternoon without injury to any of them.

At the time of the accident Mr. Raaflaub, with his wife, 14-year-old daughter, 6-year-old son and John Keppel, Great Northern conductor, was sightseeing.

A tire blew out while the party was in the upper end of Congdon park, near the Vermilion road, and after repairs had been made, it was started up suddenly and backed over a steep cut, turning in the air.

One edge of the tonneau struck a stump and kept the machine from striking any of the occupants, but they were all pinned to the ground and were extricated with difficulty.

"It was a most miraculous escape," said Mr. Keppel this morning. "I do not see how it possibly could have happened that way if no one was even scratched except myself, and all I received was a lump on the head."

The car, still turned turtle near the road, is practically undamaged.

WORK OF BEAVERS FLOODING FARMS

Marquette, Wis., July 13.—A colony of more than 300 beavers engaged in building dams in preparation for their coming winter in the Athelstane district on the Wausaukee river, in Marquette county, are responsible for the flooding of several farms, rendering one land twofold and the Wisconsin game warden's department is asked to give relief.

A state law protects the animal dam builders, but the farmers are demanding that the game warden's department has agreed to help the farmers out of the dilemma.

The beavers have built three dams, one a quarter of a mile long. Efforts made to destroy the dams by hand but as fast as they are torn down the industrious animals rebuild them. The state, by destroying the dams, will try to convince the beavers that they must locate elsewhere on the stream.

MAKE STEEL IN 112 DAYS VANDALISM IS CHARGED

Foremen at Big Plant Hold Meeting and Receive Instructions.

Boys Smash Windows and Break Into Vacant Houses.

Will Employ 3,000 Men When Plant Is in Operation.

How to begin turning out steel at the end of 112 days and the work that each foreman and his crew will have to do were fully outlined at a meeting held by the foremen of the Minnesota steel plant yesterday afternoon. Each detail necessary to place the big plant in operation was gone over and each foreman instructed in what was expected of him and his gang of men.

"It has all been worked out and the steel will be made on the date set," said one of the foremen last night. "But very few more men will be needed to complete the job, and the work that will be taken on will likely be skilled laborers. Everything is being rushed and record time made in getting the plant in shape. It is probable that the plate mill may be ready to operate on Nov. 1."

At least 3,000 men will be employed on the start when the plant begins operation, according to officials. This will be in addition to a large construction crew that will be employed probably for another year in order to complete other departments of the mill such as the rail mill, rod mill and structural steel mill.

Only a few additional men were put to work this morning. The passenger train on the Northern Pacific giving service to the plant is still crowded to capacity with workers both morning and evening. Slow time is being made by the train owing to the inability of one conductor to collect all of the tickets between West Duluth and the clubhouse, where all of the men get off.

IS SURPRISED BY HER FRIENDS

MRS. OLIVE CARSON.

Mrs. Olive Carson, 101 North Sixty-fourth avenue west, was guest of honor at a surprise party at her home given in honor of her birthday Thursday. She was presented with a number of handsome presents. There were thirty guests. Games and music featured the evening's entertainment.

Will Camp at Ironton.

A party of West Duluth young people left this morning for a two weeks' camping trip at Ironton. The party will camp there for two weeks. The camp will be located near the west of Grassie point. Those in the party are: Misses Marie Haney, Bronson, Anne, and Robert O'Brien, Charlotte Bethune of Proctor, Elaine Brett and Mrs. Riley Baker. Mrs. Baker will chaperone the party.

Leave for Fishing Trip.

Five West Duluth men left yesterday for a few days' fishing in some of the streams of the state near Grand Rapids, Minn. The trip is being made by two automobiles. Those in the party are William Du Vall, Chris Tracey, Louis Schriener, Sterling Rodgers and L. Stevenson. They will return home Friday.

Dies at Sanatorium.

Emil Carlson, aged 23, died yesterday afternoon at the Nopeming sanatorium following an illness of several months of tuberculosis. The body was brought to Filistrault's undertaking rooms pending arrangements for the funeral. His only known relative is a sister, Miss Stella Carlson, living at Worcester, Mass.

Monthly Luncheon.

The business men of the West end will hold their monthly noon luncheon at 1 o'clock tomorrow afternoon at the Rex hotel. It is expected that about forty will be present. Matters of interest to this end of the city will be taken up at the meeting.

West Duluth Briefs.

The Ladies Aid Society of the Asbury Methodist church will be entertained tomorrow afternoon at the home of Mrs. J. S. Rollins, 25 South Sixty-first avenue, North Fifty-eighth avenue west, has left for Western Minnesota where she will spend the summer vacation.

Mrs. P. J. O'Toole and son, Joseph, 2802 West Seventh street, have gone to St. Paul to attend the funeral of Mr. O'Toole's brother, Thomas Lar-kin, who died at Superior.

The Sunday school of the West-minster Presbyterian church will hold its annual picnic Thursday at Fairmount, Minn.

The Royal League councils of West Duluth will hold a business meeting this evening at the West Duluth Commercial club rooms. Plans will be made for the picnic to be held on July 25.

Watch repairing, Hurst, West Duluth.

DOG DEFIES AUTO AND IS NOT KILLED

Police Capture Canine and Hold It for the Owner.

One lesson was not sufficient to teach a big pup to be careful. Last evening a dog ran barking and yelping in front of a big automobile and the chauffeur obligingly ran over him. The wheels did not even break a bone. An officer ran to the scene, expecting to be called on to shoot the dog, but as he approached the animal gave a jump and ran off. Nothing had happened.

A half hour later the dog was again at his favorite pastime, that of barking and baying at wheels of motor vehicles. This time he was run over by a cycle, the animal bit Harry W. Libbey, 428 W. Third street, on the leg. The dog was picked up shortly afterwards and taken to the pound. Unless it is owned and paid the required license fee and the state ten days before the primary dog, the animal will be shot.

SIMONSON IS GIVEN SUBSTANTIAL PROMOTION

L. A. Simonson, 2102 West Superior street, has been signally honored by the Mutual Life insurance company for which he has been district manager in Duluth for the last seven years. He has received an appointment to become superintendent of agents for the district embracing Northern Wisconsin and Northern Minnesota.

It was the intention of the company to remove Mr. Simonson from Duluth and place him in a similar capacity in Northern Wisconsin with headquarters in Superior. Mr. Simonson refused this offer because he believed Duluth to be the best city in the Northwest. The offer was then extended to include the Northern Minnesota district.

Mr. Simonson has been with the company for thirteen years. He was appointed district manager for the company in Duluth. His official duty will be to visit the agents in the district and see that they are properly instructed in their duties.

Before assuming his duties Mr. and Mrs. Simonson will spend a two or three day trip to the city of Duluth. They will leave for there tomorrow.

Farewell Party.

A farewell party was given last evening in honor of Miss Irene Ross who is leaving for the home of her sister, Mrs. G. Lammi, 18 South Sixty-fifth avenue west, the entertainment. The guests were: Mr. and Mrs. G. Lammi, Misses L. A. Simonson, Barbara Janoski, Elizabeth Ostlund, Anna Swanson, Mary Janoski and Alle La Berry, and Messrs. Arthur George Sand, Elmer Carlson, Jack Burdick, Edward Johnson, William Johnson, Hjalmer Nevela and Eugene Belgier.

Yeomen Plan Outing.

Plans for the annual picnic to be held by Non-Excellent homestead No. 4276, Brotherhood of American Yeomen, will be made at a meeting of the general committee to be held following the meeting of the lodge at Gilley's hall tomorrow evening. The picnic will be held on Sunday, Aug. 29, at Grassy Point.

To Be Sure There Are

other good things in this world besides money, but it generally takes money to get them.

It isn't all money and it isn't all fame—it's neither all head nor all heart—it's an honest purpose—a kind heart and diligent application to business that makes the man.

The love of money is a vice—the right use of money is virtue. To use it you must have it and to have it there is no surer way than to save it through our SAVINGS DEPARTMENT.

PAMPHLETS LAW REPEAL PASSED

Wisconsin Assembly Votes on Measure Without Comment.

Madison, Wis., July 13.—Not a word of commendation or condemnation marked the passage of the Hansen bill in the assembly today for the repeal of the election pamphlets law. This bill repeals the law which directs the secretary of state to send pamphlets to candidates for office to every voter in the state ten days before the primary and before the election.

The assembly passed the Dickie bill giving state aid to rural school teachers, killed the Crosby direct marketing bill, and the bill to license all butter and cheese makers in the state, and received a resolution from Assemblyman Carl Hansen directing the attorney general to recover money spent by the inspection investigating committee on investigations outside the state.

FIFTH BURGLARY IS REPORTED

As Bert C. Newman, age 35, was en route to the county jail yesterday afternoon, under \$500 bail for committing four burglaries in an afternoon, A. M. Doran, entered headquarters to report a burglary which also proved to be Newman's work.

"Five in an afternoon," said Capt. A. G. Plakett, mopping his brow. "Bew! I'm glad all crooks are not like that fellow Newman."

Newman is the man who arrived in Duluth Saturday morning and who was arrested Saturday evening about 9 o'clock by Officers Le Beau and Danielson as a suspicious character.

When searched, police found stolen articles traceable to four different places which had been burglarized in the four hours before Newman's arrest.

Mr. Doran, who is a clerk at the Spalding hotel, stated that his room at the Lenox hotel, had been entered, and a razor and hat taken. Newman was wearing the hat, and the razor was in his pocket.

The four other victims were: John Wabler, Cholette hotel, 917 West Michigan street; O. A. Peterson, 3208 West Third street; Robert E. Wentz, 122 third avenue west, and F. A. Hathaway, Y. M. C. A. department secretary.

Important to Health During Hot Weather

Summer Conditions Contribute in Various Ways to Constipation.

At no time should people be more careful of the condition of their bowels than during the hot weather. Constipation should be guarded against especially, as many serious, and often fatal, diseases are traceable to neglect.

Some people find that certain fruits have a laxative effect, but this cannot always be depended upon; a mild laxative-tonic that will act gently, yet positively, without griping or shock to the system, is far preferable. A combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin is highly recommended as being easy and natural in its action, pleasant to the taste and certain in its effect. A dose of this excellent remedy at bedtime will restore normal activity in the morning, carrying off the heaviness and bloating. Salts, purgatives and cathartics should be avoided as they upset the entire system, and at best afford but temporary relief.

Dr. Caldwell's Syrup Pepsin is not expensive and can be obtained in any drug store for fifty cents a bottle. For a free trial bottle write to Dr. W. B. Caldwell, 453 Washington street, Monticello, Ill.

"Can't Be Beat For the Athlete."

NORWEGIAN CABLE SERVICE DELAYED

(Correspondence of the Associated Press.)
Christiania, June 20.—The telegraph service between Norway and the United States, which is limited to the lines by way of England, has become so unsatisfactory as to be a matter of grave annoyance to Norwegian business. It sometimes takes as much as a week for the exchange of messages by cable and sometimes the cablegrams disappear altogether. In addition to the delays caused by the British censorship and the crowded condition of the trans-Atlantic cables, there is trouble because of the breaking of two direct cables between Norway and England.

Department has been seeking guarantees that the work of the cable repair ship should not be interfered with by the German warships, but has been unsuccessful. Through the efforts of the Great Northern Telegraph company in Copenhagen, the government has been able to use a cable via West Jutland and Newcastle directly to London, but this has not solved the difficulties about which the Norwegian business concerns complain.

Dallas Wants Convention.
New York, July 13.—William F. McCombs, chairman of the Democratic national committee received yesterday from Dallas, Texas, an offer of \$100,000 as a cash contribution to the funds of the national Democratic committee should the 1916 convention be held in that city. Dallas also pledges a collection of \$25,000 persons and adequate accommodations for both delegates and visitors.

HE APPEALS TO THE GOOD JUDGE FOR HELP

JUDGE, I WANT DAMAGES. THEY KICKED ME OUT JUST BECAUSE I SAID THERE WAS NO SUCH THING AS THE REAL TOBACCO CHEW.

SOME men have tried so long to find tobacco that would satisfy them, that they are naturally a little skeptical when they first hear of the Real Tobacco Chew.

But once they get the good tobacco taste they want to help other men. That's why they tell one another about it.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end. The taste of pure, rich tobacco does not need to be covered up. An excess of florice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

((Notice how the salt brings out the rich tobacco taste.))

SALE OF LAKE BOATS FOR OCEAN TRAFFIC AROUSES CONTINENT-WIDE COMMENT

Service and Water Rates

Questions at Issue, Says Railway Veteran; Declares Independent Boat Lines Cannot Be Run at Profit.

The sale of lake boats to interests that will take them to the Atlantic coast for coastwise trade is arousing continent-wide comment these days, and in no place more than in Duluth for the boats that are already sold and those which it is claimed will yet be sold, are the package freighters, and these are of much importance here. It is claimed that the railroads are so disposing of their boats because the interstate commerce commission has decreed that the boat lines and the railroads must divorce their interests by December, and the railroads are thus trying to dispose of their property in the most advantageous manner.

One of the most important utterances of the commission, as far as it is concerned, is the statement of Frederick D. Underwood, president of the Erie railroad, in a recent interview with the New York Times, that the Erie railroad is not in a position to operate its boats at a profit.

There is no authority who knows the Great Lakes trade better than Frederick D. Underwood, president of the Erie railroad, and his statement is of much importance. He has been operating and managing vessels since he was 18 years old. How long a period that is few people other than those who know him, he never tells. However, he has been in the business for forty-five years. Mr. Underwood is being asked what the effect of the decision forbidding the Erie railroad to continue operation of its Great Lakes boats will be. He answers in his own vigorous and direct way after expressing a hope that he will not have to be quoted.

"So an old railroad man talked," he advises. So the 'old railroad man' is being quoted.

There are just two questions at issue. First, were the water rates fair to the public, and second, were the lines giving adequate service? Well, the commission itself fixed the rates, and if the rates were too high it would have lowered them. That disposes of the first question. As for the second, the vessels have been in the lake season the vessels have been in the lake season the vessels have been in the lake season.

Independent Lines.

Shipping's Rise and Fall.
The shipping business is a romance. As a boy, I saw boats running from St. Paul to the Gulf. All the prospectors and miners were in the river bank. Along came the railroads. They took the boats out of the water. If a traffic man goes after business he routes it as the shipper wants. It has not cost him a cent to collect freight for the boats. After Dec. 1 he will be right after that freight for the railroads only.

Gradual Decrease in Cars.
The West end is the popular district for the jitneys. Fully two-thirds of the jitneys in operation are running through this territory, with its westernmost point at Thirtieth avenue. The popularity of the small carrier is gradually waning. On Sunday, which is the latest day for which actual figures of the number in operation were obtainable, there were only seven cars running. The smallest number that has operated any one day in nearly a month.

Zion Notes.

The Ladies' Aid Society of the Zion Norwegian Lutheran church, twenty-fifth avenue west and Third street, will meet in the church tomorrow afternoon. The board of trustees will meet in the church tomorrow evening. Rev. J. M. Nervi will conduct mid-week services Thursday evening. The young people's society will entertain at the church Friday evening. The church will have a social program at the church Friday evening.

Bethany Notes.

The biggest feature of the week in the activities of the Bethany Swedish Lutheran church was the Sunday school picnic to be held Thursday at Fond du Lac. The officers, teachers and children will meet at the church at 8:30 o'clock and march to the dock at the foot of Twenty-first avenue in order to take the excursion steamer at 9 o'clock. An all-day program has been planned for the children by the Sunday school officers.

The Luther league will hold a business meeting this evening in the church parlors. The election of officers will be the principal business of the evening. Every member is expected to attend.

The Martha society will meet in the church parlors tomorrow afternoon at 2 o'clock. The society will conduct a social program in the church tomorrow evening.

West End Briefs.

Rev. G. Hammarköld, D. D. of New York city, will preach at both services at the St. Peter's Episcopal church, Twenty-eighth avenue west and First street. He will speak in English at the forenoon service and Swedish at the evening service. Miss Lillian Ryan, 2723 Railroad street, left yesterday for a ten days' vacation at Grand Lake, Minn. Miss Elsie M. Pearson, 4207 Gilliat street, is expected to entertain the members of the Parthenon society at a social program at her home this evening. Miss Pearl Johnson, 2209 West Third street, has left for a ten days' trip down the Great Lakes.

GIVE WOMEN 'GUESTS' WORK

County Board Takes Quick
Action on Woman's
Council Plan.

Will Start Laundry at Jail;
Washing for Public
Institutions.

Women inmates of the county jail who are spending most of their time in idleness and confinement will have an opportunity for wholesome and healthful exercise if a movement which has been started by the Woman's Council has a successful termination.

According to Mrs. C. F. McComb, wife of Dr. McComb, coroner, who appeared before the county board yesterday as a representative of the Woman's Council, the women prisoners of the jail now while away their spare hours in "quarrelling and smoking cigarettes." She spoke in favor of establishing a laundry department in the jail where laundry work for public institutions could be done.

The same matter also came before the board in the form of a communication from the Woman's Council, urging the establishment of the laundry.

The letter stated that the following resolution had been passed:

Resolved, that the board of county commissioners be requested to furnish means to provide work and healthy exercise for the women inmates of the county jail. The Woman's Council therefore suggests that suitable equipment should be immediately installed in the basement of the county jail, so that all, or a greater part of the laundry work of the public institutions could be done by the inmates under the supervision of a competent person appointed by the county commissioners.

The resolution was also endorsed by W. H. Smallwood, municipal judge; E. McGee, chief of police, and John G. Ross, humane agent.

Mrs. McComb said that she had taken the matter up with Sheriff John R. Meining and that he was heartily in favor of the plan. She declared that there were from ten to twelve women in the jail at all times.

Quarters Too Small.
T. H. Little, commissioner from the Second district, chairman of the jail committee, declared that the jail was overcrowded and that the quarters available were too small to have a laundry installed there. He expressed an opinion that the present quarters available were too small to have a laundry installed there.

PLAYGROUND ATTRactions.

Director Arranges for More Features
for Young Folk.

To stimulate an increase in the attendance at the Duluth playgrounds, added recreational attractions are planned by J. R. Batchelor, director

of the playgrounds organization. Swimming lessons will be held at the new city bathing beach, and marshmallow roasts will be given in Fairmount park in the evenings. The formal opening of the playgrounds will be held tonight at Chester park. There will be an address by Mayor Prince, to be followed by a band concert and a general play festival. A class, including thirty-six boys, will receive lessons in swimming from Mr. Batchelor this afternoon. Tomorrow evening the marshmallow roast, one of the few municipal affairs of its kind ever held in Duluth, will undoubtedly afford enjoyment for several hundreds of recreational seekers. The marshmallows will be supplied by the city.

COUNCIL RETURNS TO AFTERNOON SESSIONS

No More Night Meetings
Will Be Held Unless
Asked for.

With less than a "corporate guard" in attendance at the council meeting last night, city commissioners decided to return to the afternoon meetings during the warm weather.

Mayor Prince announced upon the conclusion of the meeting that hereafter the council would convene at 3 p. m. Mondays, except when there was a request for a night meeting.

Since the fireworks accompanying the Jitney light paled to a sputter and then went out entirely, the attendance has dwindled. Last night the attendance was the smallest since the new council instituted night sessions.

"We are very willing to hold night meetings whenever there is a request for them," said the mayor. "Any time citizens have business they cannot discuss with us in the daytime we will call a night session."

EDISON TOO HELP NAVY

Electrical Wizard to Head
Advisory Board of
Inventors.

Accepts Position at the Re-
quest of Secretary
Daniels.

West Orange, N. J., July 13.—Thomas A. Edison has accepted an invitation from Secretary Daniels to head an advisory board of civilian inventors for a bureau of invention and development to be created in the navy department. His acceptance will go forward at once to Washington, where the new plans await word from the man "who can turn dreams into realities."

Mr. Daniels' idea of utilizing the inventive genius of Americans in and out of the military and naval service, to meet conditions of warfare, shown in the conflict on land and sea, in Europe, is outlined in a letter written last Wednesday, asking Mr. Edison whether, as a patriotic service, to his country, he would undertake the task of advising the proposed bureau. The plan is to have several men prominent in special lines of inventive research, associated in the work.

Among the major problems to be laid before the investigators, the secretary mentioned submarine warfare, adding that he felt sure that with Mr. Edison's wonderful brain to help them, the officers of the navy would be able "to meet this new danger with new devices that will assure peace to our country by their effectiveness."

Praise for Edison.

"I have been waiting for some time," Mr. Daniels said in his letter, "to write you expressing my admiration at the splendid and patriotic attitude you have taken, as reported in

the public press, in refusing to devote your great inventive genius to warlike subjects except at the call of your own country. Such an attitude on the part of our citizens is one that should be an inspiration to our young men and a lesson in the pre-emptive right of one's own country. The best that its citizens have to offer is the best of themselves."

"I have deferred writing you, however, because, at the time, I wanted to take with you another matter to which I have given a great deal of thought—a matter in which I think your ideas and mine coincide. If an interview with you recently published in the new York Times was correct, there is a very great service that you can render the navy and the country at large, and which I am encouraged to believe from a paragraph in Mr. Marshall's interview, you will consent to undertake."

Department of Inventions.

"One of the imperative needs of the navy, in my judgment, is machinery and facilities for utilizing the natural inventive genius of Americans to meet the new conditions of warfare as shown abroad, and it is my intention, if a project can be established, of the earliest moment, a department of invention and development, to which all ideas and suggestions, either from the service or from civilian inventors, can be referred for determination as to whether they contain practical suggestions for us to take up and perfect."

"We, of course, receive many suggestions, but our only way of handling them at present is to leave them to various bureaus already over-crowded with routine work, and it is not always possible to give the necessary attention to propositions that are not so definitely worked out as to make them immediately available for the service."

"Ideas which contain the germ of improvement, cannot always find the attention they deserve, as there is at present no adequately equipped department to which to send them for study required."

"In addition, our naval officers, particularly those at sea, are in a position to note where improvements are needed and to devise ways in which these improvements can be made. They have, however, neither the time nor the special training nor, in many cases, the natural inventive turn of mind needed to put these ideas to definite use. If they were sent to a bureau to be worked out, I am sure we would get many improvements from this source alone."

General Plan of Organization.

"I have in mind a general plan of organization, the details of which is still very hazy as to details, but which, in a general way, meets so far as the navy is concerned, with your ideas of such a department for the government in general. I want to use such facilities for experimental and investigation as we have under the direction of men particularly selected for ability shown in this direction, to whom would be referred all suggestions of new devices sent into the department, and who would work out such ideas to a practical point."

"I feel that our chances of getting the public interested and back of this project will be enormously increased if we can have at the start some men whose inventive genius is recognized by the whole country, and whose recognition is of sufficient importance to bring to his attention, on a regular basis, all the ideas and suggestions recognized by all of us as the one man into realities, and who has at his command, in addition to his own, the world for such work."

"What I want to see, is if you would be willing, as a service to your country, to act as an adviser, to you to take such steps as seem to you to be of value, but which we are not, at present, equipped to investigate and to use your own magnificent facilities in such investigation. If you feel

it worth while? So clearly have you shown your patriotism and your unselfish loyalty to your country's interests that I feel justified in making this request."

New Engine of Warfare.

"We are confronted with a new and terrible engine of warfare in the submarine, to consider only one of the things which I have in mind, and I feel sure that, with the practical knowledge of the officers of the navy, with a department composed of the keenest and most inventive minds that we can gather together, and with your own wonderful brain to aid us, the United States will be able, as in the past, to meet this new danger with new devices that will assure peace to our country by their effectiveness."

"If you feel that you would be willing to do this, I would like, a little later, when my plans are somewhat more matured, to consult with you to the details of the organization proposed so that I can make it as effective as possible."

"With you, it might be well to associate a few men prominent in special lines to inventive research, and I would like also to consult with you as to who should be the heads of the various departments, and if you are not able, for any reason, to do this, I will frankly hesitate to undertake the matter at all. Should you feel like accepting the task, however, I know the relief which the country will feel in this trying time at the announcement that you are aiding us in this all important matter."

"If you could let me know as early as you may, how you feel about this, I would appreciate it, as everything depends upon your answer and I think we cannot be too expeditious if we are going to take this matter up at all."

Edison Accepts.

In an announcement that he would gladly accept Secretary Daniels' invitation, Mr. Edison said he believed the proposals so important that it should be attended to now, at a time when the war in Europe was bringing before the public the importance of encouraging and developing ideas and inventions of Americans—especially officers and men of the army and navy. "The United States is far behind in these matters," said Mr. Edison. "I believe it is highly important for a board of civilians, made up of engineers from leading industries to be formed for the purpose of looking into the feasibility of ideas developed by young men. While all these things are being done, it is feasible, at least they will have the benefit of expert judgment and advice."

Society & Women's Clubs & Music & Drama

Hark, Hark! The Lark, the Lark. This is the song of enthusiastic boat club members interested in the mid-week larks which are being held every Wednesday evening at the Oatka branch of the boat club. At the first of these frolics which was held last week hundreds of members attended and more than 300 depended upon the cafe there for their dinner swamping the department, but this week extra service has been arranged for and a number of large picnic parties have been planned. A suggestion that those who are planning picnic parties notify the club house in advance is made that they may be prepared to serve everyone.

Dinner will be served early at the cafe at the main house that those having dinner there will have time to paddle down in time for the hour's program which begins at 7:30 o'clock. George Suflet will be the soloist for the evening with Mrs. Floid L. Fuller playing his accompaniments. His numbers are "Trust" by Cadman; aria from "The Bohemian Girl"; "Rolling Down to Rio" by Edward German. He will sing from the porch of the club house.

Prof. Robinson's orchestra will play the rest of the program from a float which will be anchored between the club house and the canoe float. The members of this orchestra are: Prof. Robinson, piano; J. H. O'Leary, mandolin; August Kehl, mandolin; and Robert Kehl, guitar. Their numbers for the evening include, grand march, "Jolly Sailors"; Spanish Schottische Waltz; Golden Wedding Waltz; overture to "Poet and Peasant"; Serenade, March of the King and Queen and other popular numbers.

Bridal Dinner

George-Lynn Wedding Party Will Be Entertained.

One of the social events of this evening will be the bride's home which Mr. and Mrs. H. E. Borge will give at their home, 623 Tenth avenue east, for their daughter, Miss Ruth Kolling, and Alfred Norman Lynn of Elbow Lake, Minn., whose wedding will take place tomorrow at 1:30 o'clock at the bride's home and the other members of the wedding party. Pink peonies will be used in decorating the dining room and table and center will be laid for 24. Besides Miss Borge and Mr. Lynn and the immediate family the guests included: Mrs. L. Lynn, and the Misses Agnes and Edna Lynn of Elbow Lake, mother and sister of the groom; Mr. and Mrs. George Peterson, Misses Grace Alice and Harriet Wilfred Peterson, John and Miss Nora Hansen, one of the bridesmaids, and Benjamin Sampson, one of the ushers.

Miss Borge has been the honor guest at a number of pretty affairs during the last two weeks. Yesterday afternoon Mrs. Edwin Ramsdell of 4711 West Sixth street entertained at a bachelorette party at which twelve guests were present. Wild iris and daisies decorated the room. Saturday afternoon Miss Anna Brown of 727 Fourth street entertained informally and Saturday evening Miss Ethel Bishop and Miss Ruth Kolling entertained at home. Sunday morning 1402 East Fourth street for Miss Borge, a pink and white color scheme of pink and white decorations and the guests included: Mesdames: H. P. Borge, G. Landon, H. R. Elbert, E. H. Brommond, George N. Peterson.

At Patrick Home

Informal Dinner Given for Visitor. Thirty-six members of the youngest set were guests of Mr. and Mrs. Fred A. Patrick at an informal dinner party at their home, 1000 Park street, in honor of their niece, Miss Frances Patrick of Marengo, Ill., who is visiting them for a few weeks. Luncheon in pretty clusters decorated the room.

At the Clubs

Luncheons, Bridge and Dinners. Mrs. Louise D. Praker of 45 Kent road entertained at a luncheon this afternoon at the Northland Country club at which covers were laid for eighteen. The table decorations were of Queen Anne lace and California Poppies.

Tomorrow afternoon the usual afternoon bridge party and the dinner at the club tomorrow night promise to attract many parties. The Thursday night dinner and dance at the Kitchi Gammi club also is being included in this week's social plans.

For Miss Abbott

Japanese Tea and Musicals. Miss Ethelyn Abbott of Grand Rapids, Mich., who is visiting friends in Duluth, was the guest of honor at a Japanese tea given this afternoon by Mrs. E. Frank Barker at her Japanese tenement, 50 Market street, on Park Point. Mrs. Barker talked on "Japanese," the knights of the sword and Japanese knights and their ideals and Miss Abbott sang a Japanese song, "Mamiko." Assisting the hostess were Misses Alta Hallock, Myrtle Hobbs, Alice Olson, Frances Borge and Sadie Gindoff.

Saturday afternoon Mrs. Barker will entertain the members of the Saturday club and Mrs. O. A. Oredson will assist by reading translations of some poems.

GOURAUD'S Gives that snowy white complexion which fashion requires the well groomed woman to possess.

ORIENTAL CREAM At Druggists and Department Stores.

P. W. C. A. Secretary Resigns; Will Be Married in September

At the monthly meeting of the executive board of the Young Women's Christian association, which was held today at the home of Mrs. W. A. McGonagle following a pretty luncheon served to the board members, the resignation of Miss Bertha Rowles, general secretary of the association, was received. Miss Rowles will leave Duluth Sept. 1 for her home at Popkewick, Kan., where she will be married in the fall, but by the girls of the association and they will make their home there.

Miss Rowles came to take charge of the local association two years ago this month and her work has been highly commended and appreciated. Her going is regretted not only by the board, but by the girls of the association.

Covers were laid for twenty-four at the luncheon this noon and bowls of garden flowers were used in decoration.

to be given in Japanese by Mrs. Barker. Acute on Wednesday afternoon of next week Mrs. Barker will be hostess to the board members, officers and chairman of the Twentieth Century club.

Musicals. Miss Abbott will again be honor guest at a musicale which Mr. and Mrs. John Olson and Miss Alice Margrethe Olsen, with whom she is visiting, will give tomorrow evening at their home, 623 East Fifth street.

Heard in Recital

Duluth Visitor Presents Play for Invited Guests. Miss Gay Zenola MacLaren, who is a Duluth guest this summer, delighted a party of guests at the home of her sister, Mrs. Sidney MacLaren, last night in her recital of "Daddy Long Legs," the Jean Webster play which has been so widely successful. Her distinction of characters was real and human and her interpretation of the private recital thoroughly enjoyed the opportunity of hearing the artist.

Miss MacLaren presents such plays as "The Man of the Hour" and "Within the Law" and is now preparing "The War Brides" to take to the MacLaren's repertoire, which will begin in Florida early this autumn.

Normal School Students See Boat Loaded at Ore Docks. Students of the summer session of the Duluth state normal school today enjoyed an inspection trip to the MacLaren's ore docks, where they saw freight cars being loaded for their trip down the lake.

Mrs. Haley Hostess. Mrs. Charles P. Haley of 2401 East Second street has invited guests to an afternoon party at her home tomorrow afternoon.

Rimber-Smith. Word has been received here of the approaching marriage of Miss Iva Rimber-Smith, 113 Superior street, to a Duluth, formerly of Aurora, which will take place on Wednesday, July 21, at Aurora.

For Miss Forrester. The Cathedral Sodality entertained at a picnic supper at Lester Park last evening in honor of Miss Octavia Forrester, a bride of this month. She was presented with a bouquet by the members of the sodality. There were eleven present.

On Park Point. Mr. and Mrs. James Vallier of 702 Park Point entertained the following guests at a dinner party last evening at their home:

Misses—Gertrude Johnson, Ida Potter, Violet Le Roy, Stanley Potter, Paul Hendrum, Kenneth Peterson, Harold Borge-son.

Church Meetings. The regular monthly meeting of the Irving Memorial Society of the Lake-side Presbyterian church will be held this afternoon at 2 o'clock at the church parlors.

Dancing Party. Miss Edith Dight of 100 East Superior street will entertain at a dancing party this evening at the Northland Country club in compliment to her guest, Miss Shannon Webster of Worcester, Mass.

Guests at Inn. Among the week-end and Sunday guests at Island Lake inn were: Mr. and Mrs. E. Potter, Miss Helen Steele, Miss Mary Musser of Lancaster, Pa., Catherine Heikel of Columbia, Pa., Helen Potter, Leonora Jamison of Spokane, Mabel Klossky, F. K. Crippen, Robert Cribbing, Mrs. A. Johnson, Mr.

Personal Mention. Mrs. John V. Rowles of Popkewick, Kan., is visiting her daughter, Miss Bertha Rowles of the Granville apartments for ten days.

Mrs. A. K. Kerr and Miss Vivian Kerr of 623 Pitt street, and Dr. and Mrs. F. C. Kerr, 119 Superior street, will leave tomorrow for a trip down the lake on a freighter.

Mr. and Mrs. J. Harold Prantz of N. Y. will arrive here tomorrow to visit Mrs. Prantz's mother, Mrs. John McLeod of Hunter's Park.

Mr. and Mrs. G. Ashley Tomlinson of 314 Hawthorne road returned yesterday from a week's trip to Cleveland, Ohio.

P. H. Drummond of Saginaw, Mich., is in Duluth on business for a few days this week.

Mrs. John B. Higgins of St. Louis, Mo., is visiting her parents, Mr. and Mrs. A. C. Higgins.

Miss Edna Munn will make her debut as a prima donna before a Duluth audience next week.

Miss Munn has been heard in Duluth as a prima donna before a Duluth audience next week.

MISS BERTHA ROWLES.

and Mrs. F. S. Colvin of Biwabik, Mr. and Mrs. J. S. Johnson of Biwabik, Mr. and Mrs. James Pole, Lois Wunder, Mr. and Mrs. W. C. Garfield of Biwabik, Mabel Carmichael of Biwabik, Mr. and Mrs. F. R. Curtis, Mr. and Mrs. J. E. MacGregor, Mrs. M. B. Reilly, Mrs. M. B. Reilly, Mrs. William Bradley and John Boone.

Luncheon. Mrs. Charles H. Munger of 2330 East First street will entertain at a small luncheon party on Friday afternoon at her home.

At Lester Park. Women who formerly were members of the Orange lodge, although the order does not now exist, yesterday held their annual picnic at Lester Park. About 150 women met there for the day and a lunch was served at noon.

Dinner Party. Mr. and Mrs. Howard T. Abbott of 222 East Superior street have invited guests to a dinner party at the Kitchi Gammi club on Thursday evening of this week.

Picnic Postponed. The picnic which was to have been held by the members of the West Duluth W. C. T. U. at Fairmont park on Sunday has been postponed from a month.

Seen in the Shops. Among the new fads this season are the braided rugs which are like our grandmothers used to make. Made of the Turkey rug wool, crocheted or knitted, they are as attractive as can be. Inch-wide strips of new outing flannel are also used for these rugs as well as those made of braided tapes sewed together in pretty forms.

One of the latest fads is showing a number of these rugs in attractive design as well as some made on a contract basis through which the rug is pulled. Cross-stitch patterns may be followed as well as those made of braided tapes.

The same department was showing a number of Italian straw, in sizes convenient for shopping, for sewing or for card and table use. They are covered with a number of them are covered with dainty embroidered linen or crocheted covers.

AMUSEMENTS TONIGHT'S ATTRACTIONS. LYCEUM-Baldwin Players in "The Grand Vaudeville and Photoplay. REX-Photoplay, "Always in the Way."

COMEDY SKETCH AT GRAND. Excellent Bill of Vaudeville and Pictures Opens Engagement.

A clever comedy sketch in which Mr. and Mrs. Allen are the leading players heads the new bill at the Grand theater for the first part of the week and large crowds enjoyed the excellent playing and witty dialogue of this sketch. The title of the playlet is "She Had to Tell Him" and the interesting situations and mingled fun and pathos make an ideal combination.

Frank Rogers is a "gentleman of color" and has a coking good act with excellent monologues and some good songs well put over.

Gray and White in comedy singing, talking and dancing act delight their audiences during twenty minutes.

Lockhart and Ledy in a brave attempt at "Suicide" offer a lot of acrobatic thrills with a good sprinkling of comedy.

Earl Metcalf, who is remembered in Duluth as a member of the old Mack-Leone Stock company at the Lyceum, stars in a photoplay feature, "The Faith to the Rainbow." There is also a Billy Reeves comedy film, "A Safe Investment" and a number of other interesting films.

Today and tomorrow the eighth installment of "The Diamond From the Sky" will be given as an extra attraction.

Theater Gossip. Miss Edna Munn will make her debut as a prima donna before a Duluth audience next week.

prima donna in "The Little Cafe" and she has already signed a contract to sing the title role in "The Only Girl" next season. This is a Victor Herbert opera, and is expected to be one of the big musical successes of the coming season. Since she returned to Duluth for her vacation, Mr. Baldwin has been negotiating with her and has secured her services for at least one week, and possibly several more. If arrangements can be made for suitable attractions Miss Munn will remain with the Baldwin company for one or two additional weeks. Rehearsals for "Madame Sherry" began yesterday. It is a comedy with music, and a full fledged musical comedy of the original production having had a chorus of but eight young women.

"The Squaw Man" is this week's bill.

"Always in the Way" is the title of the current photoplay at the Rex. It is a film production of the famous song which ten years ago was so widely sung and rehearsed.

Two acts of "Always in the Way" are laid in Africa and three acts in the New World. "MADE INTO YOKO," and combined PHOTOPLAY, a remarkably heart interest story. Charles K. Harris, a masterhand at compelling tears, has achieved his noblest work in the screen story "Always in the Way," playing at Rex tonight.

Current events, showing the latest happenings all over the globe—the French expeditionary corps at Alexandria, and a new regiment of Alpine chassours passing through Nice, France, form part of the latest war pictures.

THE OPEN COURT

(Readers of The Herald are invited to make free use of this column to express their ideas on the topics of general interest, but discussions of sectarian religious differences are barred. Letters must not exceed 300 words—the shorter the better. They must be written on one side of the paper only, and they must be accompanied in every case by the name and address of the writer through whose good will they are published. A signed letter is always more effective, however.)

WAR PREPAREDNESS AND THE MEN WHO FIGHT

To the Editor of The Herald:
On Wednesday evening, July 7, I gave a short talk on the preparedness of this nation for war to an audience of 150 people at the Y. M. C. A. hall, 23 Lake avenue north, and while all those who were present were not Yeomen, they were the class of people who would make up the armies of the United States, and who would have to carry the burden of war, from the fighting of it on down to the hardships and burdens of war debts and heartaches, which is the inevitable result of war. The women who were present were the mothers, sisters and daughters of those who would be drafted for service in time of war. They are to be considered. The men who were present, with hardly an exception, would be eligible. Then tell me, where could you get sentiment from any class that would tell a true story of the desires of the American people.

We have an abundance of patriotic people who are ever ready to go forth to protect this nation against any real wrong inflicted by another country, but to place the chip on their shoulder, they do not consider it necessary, and do consider it inconsistent for a nation which talks so much of peace to start expending millions of dollars in preparation, or in placing chips on the United States' shoulder, which in sentiment is equal to a dare to other countries to endeavor to do anything without consulting the United States first. We claim to have a government of, for and by the people, and yet the people have any more to say in deciding to go to war in the present European conflict? No, not a bit of it. We, the common people, have but little more to say under our boasted democratic form of government than we will or will not do than the people under the rule of Johnny Bull, Emperor William or any of the crowned heads of Europe.

The people who do the world's work, and would have to fight the battles in war, have no voice. They are good for nothing, only cannon-fodder. They are of so little use on earth, it matters but little if a few hundred thousand of them are killed. There are thousands more idle to take their place in the laboring arena. Those who have taken part in the preparedness talk would not go to war this day, if war was declared.

We do not need preparedness more than we have. I am proud to reiterate the statement that the women are against war, and we have proven it quite well. Yours very truly,
P. F. HAROUFF,
Duluth, July 10.

DULUTH'S BAND.

To the Editor of The Herald:
In Friday night's Herald I read of one of our worthy and prominent citizens who had made a liberal donation to the band at Newburg, Mich. Why, I wonder, far from home. We have in Duluth one of the best bands in the state that is on the verge of dwindling away, from lack of interest and support by the public. Why not give them the financial support in return for a series of concerts that the public would enjoy?

I might suggest that a person having money to donate might erect a bandstand and seats at our new city park at Twelfth avenue and the lake. A couple of years ago The Herald, realizing the great benefit and pleasure derived from band concerts, went so far as to pay for concerts. MUSIC.
Duluth, July 11.

BIBLES IN COUNTY JAIL.

To the Editor of The Herald:
Will you kindly allow me a little space in your paper to express my hearty thanks to the good people who have so kindly responded to my request for Bibles for the jail. Some time ago The Herald kindly permitted me space in the paper to make this request of the Christian people for the prisoners at the county jail. While securing the jail yesterday to hold service I was very much pleased to find a dozen new Bibles awaiting contribution in the cells by the McCollum Bible class of the Lakeside Presbyterian church. You may realize the good you are doing by this work when I tell you that as I walked over the cells I found one man sitting reading an old Bible which someone sent me.

HEALTH TALKS

By WILLIAM BRADY, M.D.

Passing of the Pesthouse

A recent epidemic of smallpox which caused considerable alarm, the health department of a Western city announced through the press that . . . all contacts had been vaccinated and there need be no further alarms.

The health department was right. The epidemic ceased right there. But there was one peculiar thing missing. It appeared that the health authorities felt confident that the vaccination of all "contacts"—that is, persons who had been exposed to the disease—was quite sufficient. Evidently they had no fear of the disease being carried in the air. No particular effort was made to vaccinate all persons to leeward of the infected houses.

Yet most communities still maintain a "pesthouse" or isolated building where cases of smallpox are marooned. Why? For no reason at all. There is absolutely no tenable proof that smallpox can travel through the air. Isolation of the infected individual is necessary and wise just as in other contagious diseases, but it is inhuman and unnecessary to bundle the victims off to a poorly equipped and poorly managed shack in the country.

In Paris and other enlightened cities smallpox is successfully and safely treated in the same hospital with measles, scarlet fever, erysipelas and other contagious.

What is good sanitation in Paris is good sanitation in America.

Every outbreak of smallpox can be traced to reckless, ignorant or surreptitious commerce between the original importer of the infection and the subsequent cases. There is no need of

Dr. Brady will answer all questions pertaining to health. If your question is of general interest it will be answered through this column. If not it will be answered privately. Address all letters to Dr. William Brady, care of The Herald. All questions will be answered, whether they come from people residing in Duluth or outside, provided they comply with the rules here stated.

some time ago to give them. There are now about twenty Bibles in the lower cells. I hope the upper floor of prisoners will also be supplied with good people and get at least one Bible in each cell.
Duluth, July 12.

ALDEN J. BLETHEN
HAS PASSED AWAY
One of Best Known Journalistic Figures of the Pacific Northwest.

Seattle, Wash., July 13.—Col. Alden J. Blethen, nearly twenty years editor and publisher of the Seattle Times, and one of the best known journalistic figures in the Pacific Northwest, died at his home here late yesterday. He was 69 years old.

Col. Blethen had been in poor health for several months and was confined to his bed more than two months. His death had been expected hourly for the last week.

Alden J. Blethen was born in Knox, Mo., Dec. 17, 1846, and was a graduate of Wesleyan university and Bowdoin college. He was principal of the Abbott family school at Farmington, Me., four years; studied law, was

admitted to the bar in 1873, and opened an office in Exeter, N. H., where he practiced law until 1880.

He then removed to Kansas City, and purchased an interest in the Kansas City Journal, of which he was manager four years.

In 1881 he went to Minneapolis and acquired an interest in two daily papers, serving as editor of the Tribune and manager of the Journal until 1888, when he sold his share in both papers. Col. Blethen repurchased the Tribune the following year.

Late in 1889, the Tribune building was destroyed with a loss of seven lives and in 1890 Col. Blethen erected the new Tribune building. In the financial panic of 1893 Col. Blethen who was interested in banking as well as the newspaper business, suffered loss of his entire fortune.

Purchased Seattle Paper.
Col. Blethen's relatives in Seattle in the summer of 1896 saw possibilities in the Evening Times, which was in financial straits, obtained funds and purchased the paper, which, under the direction of Col. Blethen and his sons, became a valuable property. Besides the Times Col. Blethen owned much real estate in Seattle. He had planned construction of a home for the Times to be a model newspaper office, and some work had been done on the site.

The building is to be completed on Col. Blethen's original plan. Col. Blethen gained his military title on the military staff of Governors Nelson and Clough of Minnesota.

The amount of Col. Blethen's estate is not exactly known. Several years ago, he refused an offer of \$1,000,000 for the Times. He owned considerable real estate, residence and business and tide land, with some bank stock. He also had made investments in the East. He left no will.

Still Seek Park Bandits.
Livestock men of Mount July 13.—Search for the two bandits who held up and robbed five teams of fifty tourists, Minn. National park last Friday will be continued indefinitely, according to Col. L. E. Brett, superintendent of the park. The United States marshals at Wyoming, Montana and Idaho have been furnished with descriptions of the men. Soldiers on guard the park visited many camps in pursuit of the bandits, but without results.

CROPS STILL LOOK WELL

Corn Later on Account of Rains But Coming on Finely.

Reports Indicate That the Farmers Are Raising More Alfalfa.

St. Paul, Minn., July 13.—(Special to The Herald).—The second installment of July crop reports was received by Fred D. Sherman, commissioner of immigration, yesterday and is as follows:

Hay crop coming fine and all small grains are above average. Potatoes and corn are a little backward, but sunshine will bring them up fine.—C. M. Johnson, reporter.

Des Moines County.
The exceedingly heavy rains in June, the grain crop look excellent. The only crop which is a little backward is corn and spring wheat. They will bring it out all right.—J. H. Hay, reporter.

Watonwan County.
Corn is later than usual on account of the heavy rains, but we look for a fine crop. A splendid crop of hay and small grains is expected. The last five years tilling and ditching has been going on very rapidly so the enormous rains we have had this season, has not done us any serious damage and very little water seen in the low places.—C. N. Sonneyson, reporter.

Cook County.
The outlook for crops here is good and are in fine shape now. All the alfalfa planted is doing well. There is lots of grass everywhere where there is not too much timber.—Charles J. Johnson, reporter.

Lee Qui Parle.
Corn is backward on account of the heavy rains in June. There are some alfalfa fields in this county and they are in fine shape. About one-third of the farmers have patches of it and are planning larger fields for next season.—Theodore Christianson, reporter.

Earth County.
Crops in Blue Earth county are looking fairly good. Winter wheat is an excellent crop. Potatoes, sugar beets and all other such crops are in excellent condition and promise a large return. Corn is very late, but if the present good weather continues, it will be a fair crop. There is a great deal of alfalfa raised in this county. The first cutting has been made and it is an excellent crop and there will be much more seed this season.—George Atchison, reporter.

Crop conditions in Lyon county are very fair. Small grain is in good condition. Corn is late on account of other years, is by no means a failure and there is a large acreage of corn than ever before. Some of the farmers are experimenting with alfalfa with considerable success.—Tom Davis, reporter.

Hubbard County.
Hay and small grain looks good and promising good yields; potatoes are very good. Corn is late on account of wet, cool weather. Alfalfa is ready for cutting and is doing well. The most was last year's seedling.—J. H. Nixon, reporter.

Traverse County.
There is a very large acreage of alfalfa fields in this county and they are in fine shape. The second cutting will be ready for cutting in a week or so. Crop conditions are excellent.

Neenah County.
There is a very large acreage of alfalfa fields in this county and they are in fine shape. The second cutting will be ready for cutting in a week or so. Crop conditions are excellent.

Neenah County.

cellent. Corn is coming along fine in some fields and in others it is backward, but with good corn weather, we ought to have a fair crop.—F. W. Murphy, reporter.

Crow Wing County.
Corn is later than usual due to the cool and wet weather. What alfalfa there is here is ready for the first cutting and looks good. Potatoes good about an average acreage.—Frank Hanley, reporter.

Big Stone County.
The small grains are in an excellent condition. Corn is, of course, backward, although there are a number of fields that were almost knee-high on the Fourth. Considerable alfalfa, clover and timothy fields throughout the county are fully convincing from appearances, that such feed will thrive to great advantage to the farmer.—L. A. Kearcher, reporter.

Sherburne County.
All crops are looking very good with the exception of corn, which is backward. Rye is a good crop. Alfalfa is rather in the experimental stage yet in our county, however, some is being sown every year and seems to do well where tried.—Charles W. Cater, reporter.

Scott County.
All crops are in splendid condition with the exception of corn which is in poor condition on account of the continued cool weather, but sunshine from now on will bring it out all right.—J. A. King, reporter.

HERALD NEWSIES' ANNUAL PICNIC
Chartered Car Carries Youthful Merchants to Lester; Glorious Day.

The annual picnic of The Herald newsboys and carriers was held at Lester Park today, a chartered car carrying the delighted youngsters to the suburb picnic grounds.

Throughout the entire day they enjoyed the hospitality offered. The hot, dusty city was completely forgotten in the revelries in the beautiful park, the weather contributing its important part, and the boys declare that it was one of the best days that they ever enjoyed.

A long and interesting program of exciting events kept the newsboys and carriers busy all day. The water polo team won the prize and the refreshing, green woods that were full of never ending pleasures for the boys, who are usually too busy to take advantage of trips to the woods.

WHO WROTE BIBLE?
Pastor White Discusses Question at Bible Chautauqua Tent Service.

Last night at the Bible chautauqua tent service, Pastor Stemple White, Seventh Day Adventist, spoke in answer to an oft propounded question, "Who wrote the Bible?" Reading the answer from II Peter i, 21, "Holy men of old spake this saying, being moved by the Holy Ghost," Mr. White briefly canvassed the sixty-six books of the Bible to their authors, names and contents.

More copies of the Bible were sold in a recent year than 100 of all the other leading books in this country. It has been estimated that to be made of the languages and dialects of the earth, and is the very basis of all that is best in art, literature, music, poetry and architecture, and yet, strange to say, is little read, being long, indeed, who have read it through even once. When we remember that the volume of the book witnesses to the Son of God, from whose birth in human flesh all time reckoned, the importance of the book of good tidings should be all the more recognized as that of our counsel rather than to be made a repository of keepers.

"Jesus likened the Old and New Testaments to God's two faithful witnesses."

BAD COMPLICATION RESPONDS QUICKLY TO AKOZ TREATMENT

Mrs. T. O. Viken of 1205 Eighth street, Superior, after suffering three years with rheumatism and stomach trouble, found quick relief by using Akoz, the new California mineral rival of radium.

"I suffered for three years with gas on the stomach, rheumatism and other complications," said Mrs. Viken. "I have experienced much relief during the brief time I have taken the Akoz mineral water and am relieved of the distress of gas of the stomach after eating."

"My rheumatism is also better. The swellings are reduced and the pain relieved. My case was a very serious one. I took treatment in a sanitarium and tried the bake oven treatment."

neither of which effected a cure. There seems to be wonderful activity in Akoz in both the mineralized water and the compound. My circulation was stimulated to a very marked degree. The rheumatism caused magnetic sensations. I shall continue the Akoz treatment, both internally and externally, as I believe it has great merits. I cheerfully recommend it to all."

Ako is not a patent medicine. It is a natural mineral that has proven very effective in the treatment of rheumatism, stomach, kidney and bladder trouble, piles, eczema, catarrh and other ailments.

Ako is sold at the Lyceum pharmacy and all other leading drug stores, where further information may be had regarding this advertisement.

nesses, and the Prophet Zechariah wrote of them as the two olive trees, or sons of oil, that stand by the Lord of the whole earth. Jesus fully indorsed the work of Abel, Noah, Abraham, Lot, Moses, Elijah, Isaiah, David, Daniel and Jonah. Let it always be remembered that it was the holy scriptures of the Old Testament that the apostles preached, for the New was not then in existence. Matthew, Mark, Luke and John record the life of Jesus, His death and resurrection, and the Acts of the Apostles simply record the wonderful progress of the heralds of the cross, who, with Paul, preached none other things than what Moses and the prophets did say should come. Paul's letters were written to churches of his own planting, largely, and James, Peter, John and Jude then follow with brief epistles, all of which is rounded out by the Revelation of Jesus Christ, which is the divine timetable of human events in the New Testament. Genesis starts its Exodus through the book, and blossoms out in full Revelation.

Mr. White will speak tonight on the question, "Who are the angels? What is their work?"

Two Trawlers Sunk.
London, July 13.—The Grimby trawlers Hanton and Syria have been sunk by German submarines in the North sea. The crews of the vessels were landed at Grimby.

Drink Schlitz in Brown Bottles

and you consume much the same food, in a different form, as the cereals served on your breakfast table. Both contain energy producing properties.

Physicians and scientists are urging greater precaution to protect the purity of such a health-giving beverage as beer.

Schlitz Was the First in America

to recognize this necessity. Hence the Brown Bottle, which keeps Schlitz pure and wholesome from the brewery to your glass. Schlitz in Brown Bottles costs no more than light bottle beer.

HIGHWAY IS LEGALIZED

County Board Will Construct Much Wanted Cloquet-Saginaw Road.

After listening to the appeal made by Senator Fred D. Ciolek, and Secretary H. V. Eva of the Commercial club, for the establishment of a road which will furnish the Saginaw and Grand Lake districts in St. Louis county with a direct outlet to Cloquet and other points in Carlton county, the county board yesterday afternoon at its semi-annual session passed a resolution legalizing the so-called Cloquet-Saginaw road.

The road legalized by the board is seven miles in length, starting from the southeast corner of section 35 in 50-17 on the county line and running north seven miles. The proposed highway is about one mile west of the Crosby road which was legalized three years ago as a toll road but which was never built.

Frank J. Libby, a settler in section 35-17 appeared before the board and asked the board to legalize the road which he had been using for several years. The board granted his request.

Bids for the construction of two and one-fourth miles of the judicial highway which will furnish the owners of industrial and Solway township and the town of Solway with a direct outlet to the St. Louis river north of Cloquet, was taken at the board. The county auditor was directed to advertise for them yesterday afternoon.

The board also passed a resolution to traverse the line between St. Louis and Carlton counties from the south-west corner of the town of Solway to the St. Louis river north of Cloquet. The board also passed a resolution to traverse the line between St. Louis and Carlton counties from the south-west corner of the town of Solway to the St. Louis river north of Cloquet.

NO MONEY FOR PLAYGROUNDS

Park Proposition for Pike Lake Rejected By County Board.

St. Louis county has no money on hand to spend in establishing parks and playgrounds on the shores of numerous lakes within its boundaries, and until the county becomes more prosperous and a few laws are changed the county park board will have to do without their parks.

This was the consensus of opinion among the county commissioners yesterday afternoon at their semi-annual session, when the matter of buying land for a park at Pike Lake was brought up for consideration. After a short discussion the project was killed.

"I move you that the matter be tabled," Commissioner Kauppi suggested. "Lay it over for life," put in Commissioner Penttila from the Seventh district.

"It is a poor idea to plan on spending the county's money for parks when it is needed for roads," declared Vice Chairman O'Neill of Chisholm. "If we start anything like that we will get our foot in a hole."

John Jackson, a farmer residing about twenty-five miles out of Duluth, on the Pike Lake road, appeared as spokesman for the fifty-seven settlers who had a protest against the establishment of a park at Pike Lake. He said that the settlers had no money to spend on a park and that the county had no money to spend on a park.

S. Mortved, who owns a ten-acre site at Pike Lake best available for public park purposes, offered to sell the tract for \$5,000. He refused to split up the tract and sell one acre.

Charles E. Adams, attorney for the board, advised the commissioners that the county had no authority whatever under existing laws to condemn any land for this purpose. He also stated that the present laws permitted the county to acquire by gift or purchase but one acre for park purposes.

The commissioners took no action with reference to the proposed change in the route of the Pike Lake road where it swings around the south-western end of the lake. In all probability no change will be made.

"Yours truly," S. D. WORKS, Commissioner.

State Insurance Commissioner Tells Where Reductions Come.

While some advances have been made necessary under the new law affecting insurance rates, on the whole there has been a reduction, according to S. D. Works, state insurance commissioner.

The Herald recently published an account of the reduction in fire insurance rates and has since received several letters of inquiry as to why the rates should be higher. It is now a schedule now in operation made by the state insurance commissioner.

The Herald in reply is as follows: "Duluth, Minn. Gentlemen: Your letter of recent date received. I beg to advise you that the rates should be higher. It is a schedule now in operation made by the state insurance commissioner."

The Herald in reply is as follows: "Duluth, Minn. Gentlemen: Your letter of recent date received. I beg to advise you that the rates should be higher. It is a schedule now in operation made by the state insurance commissioner."

DOOKS BEAT THE BILLS IN NINTH ROUND RALLY

Final Game of the Series
Won By a 4-to-3
Score.

Huggins Invincible to Ninth
When Sox Gather
Four Blows.

Our side turned and bit the enemy in the neck after it looked as if the Sox and our reactions were the portion of the Dooks. We won, 4 to 3, staging a spurt in the ninth frame that netted our side three runs and the game.

Huggins was mounding for Fort Bill and looked every inch an easy and confident winner until the opening of the tumultuous ninth. Four nicks and three scores completed the ruin of Huggins and gave the crown of victory to Poston, who relieved Steneval Jackson in the eighth, after Kucke was sent in as pinch hitter for Eddie.

The Fort Bills did some hefty bludgeoning and played some great ball, as did the Dooks, but in the final round a first prize bone by Hewitt, who had replaced Sullivan in left, put the axids under his own team and meritedly assisted in the local cause.

We came in to the ninth with the score of 3 to 1 against us. Kirkham singled a short T. L. to center, Shroeder cracked one that was too hard for Weidel to handle. Williams singled over second counting Kirkham. Wolfe went out, Huggins to Daney. Morse lofted a short fly to Hewitt in left and that individual stood with the ball and dumbly observed Shroeder hike for home, finally throwing for the plate after the Tenth was nearly there. This bone was tipped up the count and then Paw Paw Sweley immediately proceeded to bust one over first and victory was kissed on its alabaster brow.

Two singles and a sacrifice gave Fort Bill one in the third. In the fifth Wines and Weidel doubled, gathering another run. In the sixth Sullivan singled and was brushed home by Fortier's two-base slap. That ended the scoring for the invaders. In the home eight we secured our first marker. Weidel erred on the offering of Morse. Sweley singled Morse to third, an infield out counting him.

over the entries for the tryouts, which will be held on Stag field, University of Chicago, next Saturday.
Smith, the University of Michigan sprinter, Diamond, the Maroon quarter-mile runner, the University of Chicago, considered the best of half-milers in this section, and Myers, the Dipsy mile runner, who broke the conference record last month, are the college men considered practically sure to go on the running squad.
Muckie in the weight events and Stiles in the broad jump are University of Wisconsin men expected to go.

NATIONAL LEAGUE

Dodgers 3; Cubs 2.

Brooklyn, N. Y., July 13.—The speeding Superbas made it four straight from the Chicagoans and their eighth consecutive victory by winning yesterday's game, 3 to 2. Smith kept the hits well scattered, What's error led in Chicago's run, Cravath and fourth, Smith helped to win his own game in the eighth, and the right field wall for two bases, scoring Steneval and coming home himself on Myer's single. Score: R. H. E.
Dodgers..... 3 2 0 0 0 0 0 1
Cubs..... 2 1 0 0 0 0 0 0
Batteries—Adams, Pierce, Lavender and Bresnahan; Smith and Miller.

Cards Double on Braves.

Boston, Mass., July 13.—St. Louis defeated Boston twice yesterday by the scores of 2 to 1 and 4 to 2. The second game went eleven innings. The visitors won the opening game by the score of 2 to 1. In the first inning, when a pass, two singles and an error by Gowdy netted two runs. In the eighth, St. Louis scored a pass, a sacrifice and two singles gave the locals two runs and the game. Score: R. H. E.
St. Louis..... 2 0 0 0 0 0 0 1
Boston..... 1 0 0 0 0 0 0 0
Batteries—Adams, Pierce, Lavender and Bresnahan; Smith and Miller.

Pirates Take Two.

Philadelphia, July 13.—Pittsburgh won both games from Philadelphia yesterday, the scores being 4 to 2 and 2 to 2. The home team made a rally in the ninth inning of the opener, when Becker hit a home run, Cravath and Niehoff singled and Whitted sacrificed. Cooper took McGraw's place and gave Ludrus a pass, but Burns hit a liner to Vioz for a double play. In the second game Mameaux was ineffective except in two innings. Hinchman made four doubles and a single in eight times at bat. Score: R. H. E.
Pittsburgh..... 4 2 0 0 0 0 0 1
Philadelphia..... 2 2 0 0 0 0 0 1
Batteries—Mameaux and Gibson; Chalmers, Rixey and Burns.

Reds Shut Out Giants.

New York, July 13.—After losing eight straight games to New York, Cincinnati failed yesterday and took the last game of the present series, 6 to 0. Dale, who was knocked out of the box early in the series, came back strong and pitched a masterful game. Manager McGraw of New York and Players Smith and Pettit were ordered out of the field by Umpire Ryan for protesting against decisions. Score: R. H. E.
Cincinnati..... 0 0 0 0 0 0 0 0
New York..... 6 0 0 0 0 0 0 0
Batteries—Dale and Winger; Mathewson, Schauer and Meyers.

AMERICAN LEAGUE

Yankees 7; Indians 4.

Cleveland, Ohio, July 13.—With Cleveland leading, 4 to 2, in the eighth inning yesterday, poor fielding allowed New York to go in the lead, while some hard hitting enabled the visitors to increase the score and win, 7 to 4. Fisher, who relieved Fieb in the fourth, held Cleveland to three hits, two of which were scratches. Score: R. H. E.
Cleveland..... 4 2 0 0 0 0 0 0
New York..... 7 4 0 0 0 0 0 0
Batteries—Harstad and O'Neill; Fieb, Fisher and Sweeney.

Senators 5; White Sox 3.

Chicago, July 13.—Manager Rowland's courtesy cost Chicago at yesterday's game, Washington winning the final contest, 5 to 3. The third inning Gandil wrenched his ankle swinging at a ball and Rowland permitted Williams to finish Gandil's turn at bat and allowed Gandil to resume his position in the field.
In the fifth inning Gandil made a double, which sent the winning run across the plate after two men were

DULUTH vs. VIRGINIA
Ladies' day today. Come, see the best ball club Duluth has ever had.

substituted, but the rule has been made sufficiently drastic to enable a recourse for a club in such a case is to appeal to the National commission for its reinstatement.
After the meeting, President Tener said that this was the first of regular monthly conferences of the league, which, at his suggestion, would be held until the end of the playing season. He considered that such sessions were necessary for an interchange of ideas and the discussion of affairs in general for the welfare of the league, just as in other big business enterprises.
President Caffery announced that the new Boston grounds would be dedicated for the inaugural game during the latter part of August.
When asked if the club owners had discussed the Federal league or its repli:

Red Sox 15; Tigers 12.

Detroit, Mich., July 13.—Boston defeated Detroit, 15 to 12, yesterday in a miserably played, "see-saw," ten-inning game. The Red Sox earned less than half their runs, the Tigers' eight errors being costly. Ravanshaw was the chief offender with three fumbles and a wild throw.
After Boston had knocked Covalack off the mound in the first inning, bunting four hits with three Detroit errors for five runs, the Tigers combined hits with passes in the second and third innings. In the second, they scored three runs on a single and three singles in the tenth gave Boston the winning tally. Detroit scored four runs and Boston five. Score: R. H. E.
Boston..... 15 0 0 0 0 0 0 0 1
Detroit..... 12 1 2 0 0 0 0 0 0
Batteries—Leonard, Foster, Penneck, Shore, Collins and Thomas; Cady, Cox, Alekzie, Bofang, Stuen, Debus and Baker.

AMERICAN ASS'N.

Saints 9; Hoosiers 2.

St. Paul, Minn., July 13.—St. Paul won its ninth straight victory yesterday by defeating Indianapolis in the third game of the series, 9 to 2. It was the association's seventh successive defeat. Burk was hit hard in the first two innings. The Saints scored six runs in the first and three in the second. Score: R. H. E.
St. Paul..... 9 2 0 0 0 0 0 0 0
Hoosiers..... 2 1 0 0 0 0 0 0 0
Batteries—Burk and Gossett; Steele and Glenn.

Spiders 3; Kaws 2.

Kansas City, Mo., July 13.—One of Cleveland's runs was earned errors figuring in the first two and Kansas City lost 2 to 2 yesterday. The locals threatened to score in the eighth but with a man on third, Gebel, a Batteries—Adams, Pierce, Lavender and Bresnahan; Smith and Miller.

Colonels Win at Last.

Minneapolis, Minn., July 13.—Pitcher Middleton broke the Minneapolis winning streak by shutting out the home team 1 to 0 in a ten-inning battle. His own team played on a bunt, turned into a double play pulled him out of hole in the last half of the tenth inning. Score: R. H. E.
Minneapolis..... 1 0 0 0 0 0 0 0 0
Colonels..... 0 0 0 0 0 0 0 0 0
Batteries—Middleton and Clemons; Harper and Sullivan.

FEDERAL LEAGUE

Brooklyn 9; Buffalo 4.

Buffalo, N. Y., July 13.—Brooklyn won the last game of the series here yesterday, 9 to 4. The Buffalo pitchers were ineffective in the early stages, the visitors gaining a nine-run lead by the sixth inning. Hal Chase scored Buffalo's only run when he tripled to center in late on a wild pitch. Score: R. H. E.
Brooklyn..... 9 4 0 0 0 0 0 0 1
Buffalo..... 4 2 0 0 0 0 0 0 0
Batteries—Bluejacket, Walker and Simon; Ford, Marshall and Lafitte and Blair.

NATIONAL FIXES

PLAYER LIMIT

Twenty-One Includes Suspended But Not Disabled Players.

New York, July 13.—At a special meeting of the National league, held at the headquarters here yesterday, the rule making the player limit twenty-one for club, which remained in abeyance since it was proposed last December, was the club's "disabled" players. No player under suspension will be included in the list of "disabled" players, for whom other players can be

FIVE SENIOR EIGHTS WILL START IN BIG REGATTA

Grand Rapids, Peoria, Lincoln Park, St. Paul and Duluth Will Contest; Five Senior Fours Will Also Meet; Preparations Being Made for Running Big Water Show That Will Include Canoe and Motor Races.

BY BRUCE.

Grand Rapids is going to send a senior eight up here to the Northwestern International regatta—so is Peoria, ditto Lincoln Park, Chicago, likewise the Minnesota Boat club, and then there will be the grand senior eight of the Duluth Boat club.

That will make five senior eights lined up at the stake boats awaiting the starting gun. Back in the years of history of Northwestern rowing the records will show no such an imposing field of entrants as promise to start in the derby event of the two-days' racing of the local regatta.

Not so long ago followers of rowing here, and the members of the senior crew as well, were morosely bemoaning the fact that there would be no competition in the rowing show, that is to be staged on the St. Louis bay course, July 23 and 24.

Now there is a hesitation in the onward march of optimism, a taking stock of our own resources, and a careful calculation of just what may transpire.

Duluth's famous senior four, unbeaten and called the world's fastest by competent judges of rowing form, will likely be opposed by four other crews. There will be five senior starters as well as five senior eight entrants.

Great Sculling Races. Walter Hoover, Northwestern junior and senior sculling champion, the gallant lad who in workmanlike manner took the measure "Snakey" Culver at Kenora last year, as well as running away in the junior event, will be opposed by scullers from Lincoln Park, Peoria, possibly Grand Rapids, and by Art Oeman of the home club.

Jimmy Ten Eyck has decided to start the Syracuse varsity stroke against Hoover. This will be the first time the boys have ever rowed against each other in the sculls, and the contest should be a grand one.

Duluth will start a senior eight and four, as previously stated, and will, in addition, probably start two junior eights, two junior fours, and possibly two junior fours. Duluth will also have one or two men in all of the sculling events.

Grand Rapids is surely coming with a senior eight. Just how many other entries the Michigan club will make, isn't definitely known. Detroit is not going to send any.

Big Show Promised. The regatta, long up in the rosy mist of promise as the biggest water show that has been staged in the West in years. There will be canoe races, swimming events and motor races to fill out the program of the two days of great rowing contests.

Work on connecting telephone wires at the starting buoys will be begun within a few days. Connection will be made with the grand stand and a system of signals will be established, so that the spectators will know the exact second the crews are sent away and the progress of the race at each quarter of a mile of the mile and a quarter course.

Down at the starting end of the course will be boomed off in order that the meddlesome launches will be able to interfere with the race. There will be a regular regatta and it is going to be run in a regular manner, from what the officials say.

The Official Program. On Friday, July 23, the regatta will come in the order named—Junior eight, junior single, senior four, banister four, senior double, and a beautiful break on his curve. It is probable that a lapstreak event will also be rowed. On Saturday, July 24, usually the last event of the regatta, is placed first because St. Paul desires to enter some of its sweep men later in the day.

On Saturday, July 24, the events will be rowed as follows: Senior eight, senior single, junior double and junior four. There will also probably be a race between the veterans of the Minnesota Boat club and the veterans of the Duluth Boat club.

Julius H. Barnes of Duluth will be the referee of the regatta, while Harris Trux of the Duluth club will be the clerk of the course. The other officials of the two days' racing have not been appointed as yet.

The price of tickets for the two days of racing is \$2. Boat club officials report that the reservations for grand stand seats are going with a rush. It begins to look now as if Duluth will stage not only the biggest regatta in years, but that a great crowd, including visitors from many cities of the Middle West, will witness the races.

BLANCHE OFF TO SANDUSKY

Poet Pitcher Leaves for Home; Virginia Comes for Series.

Henry Clay Blanche, poet, pitcher and philosopher, has shaken the dust of Duluth from his feet. Hank sailed on the rail route last night for dear old Sandusky, Ohio, regarding which other poets have strung their lyres and sung romantic verses.

Back to Bonsetter Reese, Henry has a stick in his back and several other complaints that he is just naturally dying to get the proper diagnosis of. The best pitcher in the league, then went west and then became worse. That should be up nibbling at the pay check, but the large league seems pursued by a jinx. In shape, this boy is unbeatable; out of shape, he goes long and wins the majority of his games.

Blanche has for several years had more "stuff" than any pitcher showing his wares in these parts. He has won four series and has a beautiful break on his curve. Unfortunately for Blanche, he went to the International league in a

Thinkers Chew "PIPER"

Famous inventors, scientists, doctors, lawyers, statesmen—thinkers in all lines—are "PIPER's" earnest friends.

Once a man starts chewing "PIPER" he finds more tobacco satisfaction and joy. Get a plug today and see what a pippin of a proposition "PIPER" proves.

PIPER

Heidsieck

Chewing Tobacco—Champagne Flavor

It's that delicious tang to "PIPER"—the famous "Champagne Flavor"—that pleases so many thousands of men.

This reliable taste mingles on the tongue with the natural, mellow sweetness of the ripest, richest, carefully selected tobacco leaf.

"PIPER" is the highest type of chewing tobacco in the world—as pure as a pure food, wholesome and satisfying.

Send 10c and your tobacco dealer's name, and we'll send a full-size 10c tin of "PIPER" and a handsome leather pouch FREE anywhere in U. S. Also a folder about "PIPER." The tobacco pouch and mailing will cost us 20c, which we will gladly spend—because a trial will make you a steady user of "PIPER."

Sold by dealers everywhere, in 5c and 10c tins—no matter how wrapped to preserve the "PIPER" flavor.

LAKEVIEW LODGE, NO. 281

GERMAN NOTE WILL BE CONSIDERED BY CABINET NEXT WEEK

PRESIDENT TO RETURN

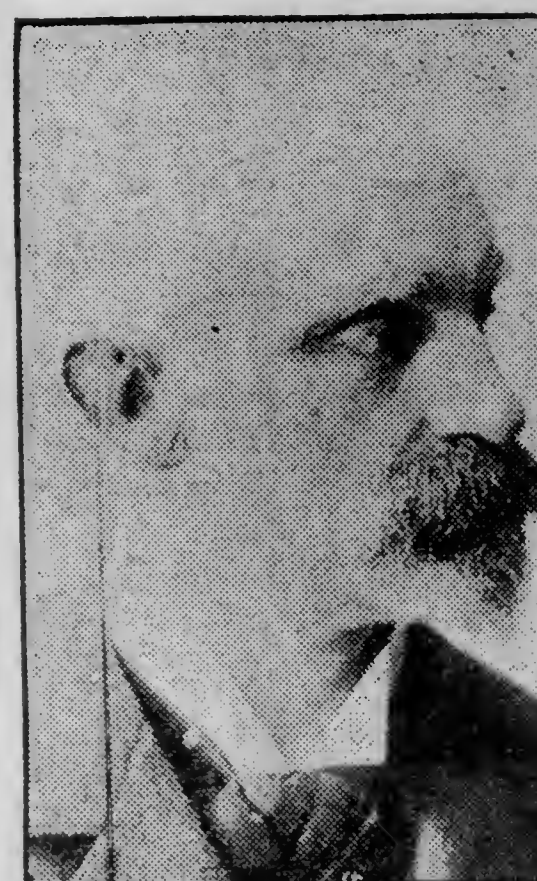

Is Giving Matter Deliberate Consideration at Summer White House.

Will Consult With Secretary Lansing to Gain His Ideas.

No Developments Expected Before Meeting of Advisers Tuesday.

Washington, July 14.—Pending the return of President Wilson from Cornish, N. H., it was believed here today there would be no further developments in the situation that has arisen between Germany and the United States over German submarine warfare. The supposition is that he will be in Washington the last of the week and that the subject will be considered at Tuesday's cabinet meeting.

NEW PICTURE OF DUKE OF GENOA, ACTING AS REGENT OF ITALY

DUKE OF GENOA. This is a new photograph of the duke of Genoa, the regent of Italy while the king is at the front. He is a democratic and simple natured and an admiral in the Italian navy.

WRIGHT TO JOIN BOARD

Famous Aviator Willing to Help in Advisory Capacity.

Hudson Maxim Also Anxious to Assist If Invited.

New York, July 14.—Orville Wright, who was among those suggested by Secretary Daniels as possible members of the proposed civilian advisory board of inventors and technical experts, was quoted here today as saying that he would accept membership in the board if invited. He said that he had received no such invitation as yet.

"I have had talks with Thomas A. Edison and with army and navy officers who realize the necessity of preparing an adequate air as well as sea fleet," said Mr. Wright. "Army and navy officers agree that we should have from 1,000 to 1,500 aeroplanes for immediate duty. The board undoubtedly will be a good thing if the members who are doing it are very efficient and some of them are wonderful engineers. There is no doubt that they know what they are doing. I do not think an outsider would tell them what to do and how to do it. The work of the proposed board should be confined to suggestions."

Hudson Maxim, whose name also was suggested to Mr. Daniels, said he would be glad to serve on the new board. "It is a mighty good idea," said Mr. Maxim. "I do not know how the power."

ORDER AGAIN RESTORED IN MEXICO CITY

Carranza Forces Have Occupied Capital for Several Days.

Wireless Station to Be Built to Insure Constant Communication.

Food Supplies Being Carried to City on Special Trains.

Washington, July 14.—Gen. Carranza has ordered erection of a wireless station at Chapultepec to insure constant communication between Mexico City and Vera Cruz. American Consul Silliman at Vera Cruz so reported today after having been in direct communication with the Brazilian minister in the capital.

Fresh supplies, chiefly corn, are arriving in the city, Mr. Silliman added, and Gen. Carranza has announced that he will give supply trains preference over troop trains entering the city. At a conference yesterday between the Carranza forces and representatives of the Carranza forces full guarantees of protection were given, with the notice that there would be severe punishment for any infraction of the order. Consul Silliman also confirmed other dispatches from Mexico City that Gen. Carranza had captured the waterworks, which had been cut off by the Zapata forces evacuating the city.

Evacuates Aguas Calientes. Another message to the state department said Gen. Villa evidently had evacuated Aguas Calientes, the forces which had been in conflict with Gen. Obregon's troops near that point proceeding northward. Communication between Mexico City and Aguas Calientes, the dispatch added, was expected to be established soon. There were no advices on the reported capture of Queretaro by Villa troops.

Gen. Carranza will issue an amnesty decree to Mexicans who return today received this dispatch from Carranza.

"With reference to the occupation (Continued on page 11, second column.)"

OLD WARSHIP NOW IN MERCHANT SERVICE

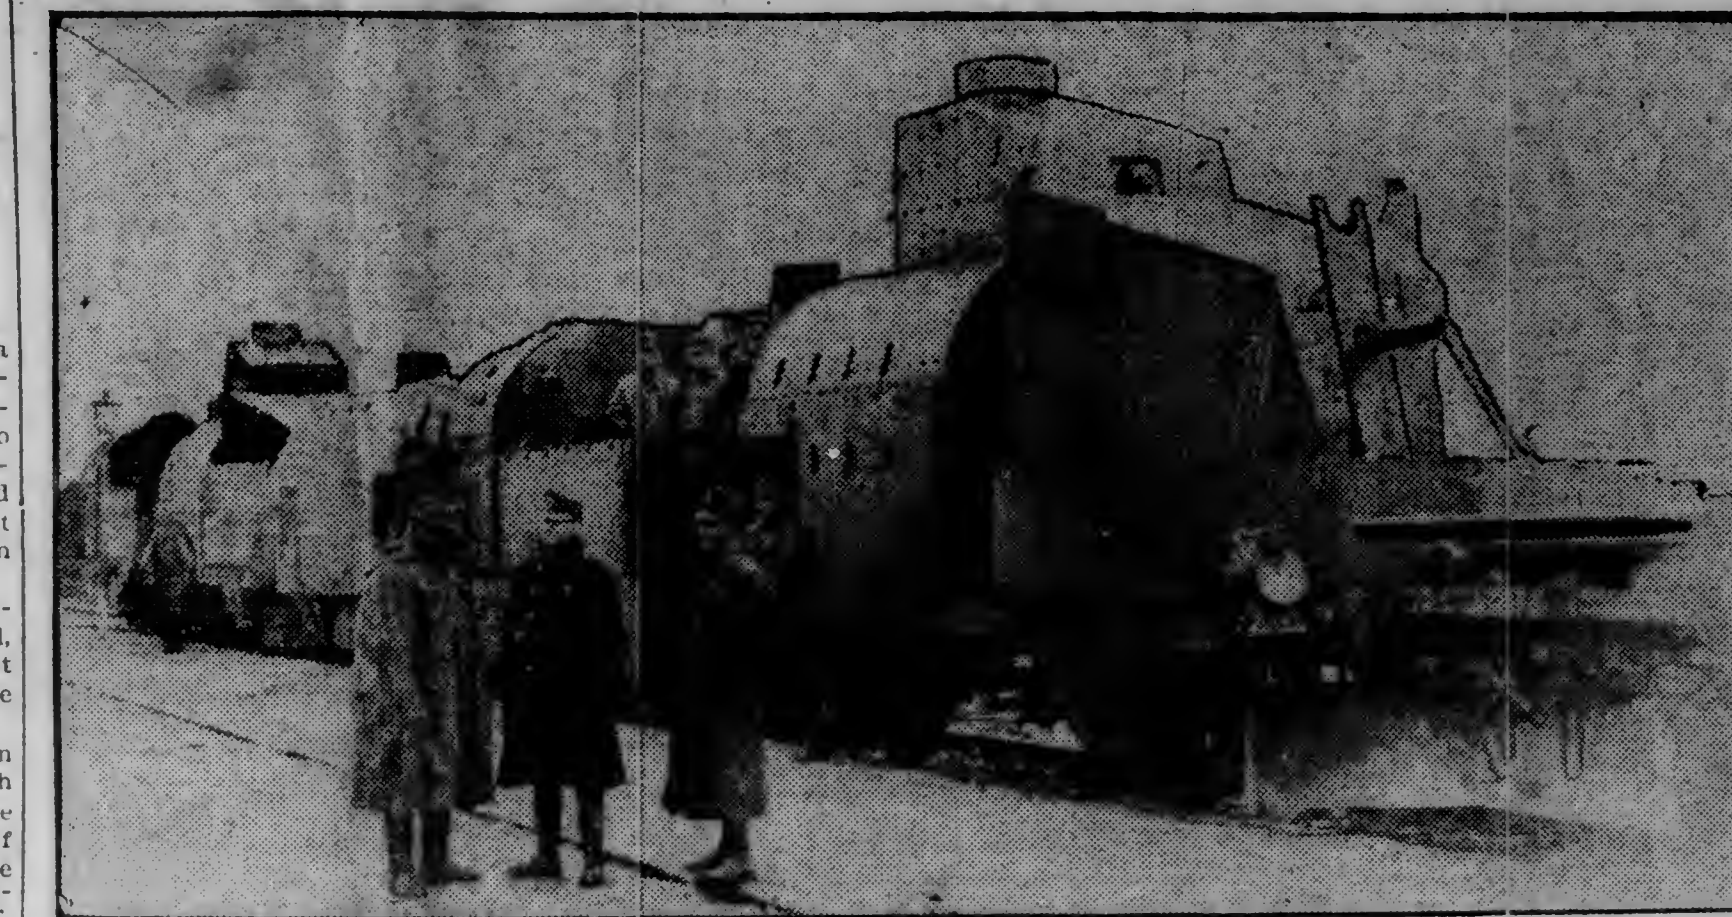

Pelican, British Ship Built in 1877, Reaches New York.

New York, July 14.—Another odd looking ship forced into the merchant service by the insistent demand for more vessels, reached here today with the arrival of the steam bark Pelican, formerly the sloop of war Pelican of the British navy. Recently a motorship for submarines and a converted whaler were among the vessels pressed into the service to reach New York for cargo.

The Pelican was built in 1877 by the British admiralty. She is of the same class as the ship Condor, aboard which Lord Charles Beringford acquired fame at the attack on Alexandria. The Pelican, too, was in that engagement. She is now the property of the Hudson Bay company and comes here for cargo for Great Britain.

ITALIAN TROOPS CAPTURE TWO MILES OF AUSTRIAN TRENCHES; RUSS AWAIT MOVE BY TEUTONS

ARMORED TRAIN PROVES EFFECTIVE IN GALICIA

AUSTRIAN ARMORED TRAIN. This is a photograph of an Austrian armored train in use in Galicia—Armored Trains Have Played an Important Part in the War.

ADVANCE IN POLAND STILL HANGING FIRE

For More Than Week Austro-Germans Have Been Inactive.

Fresh Ammunition and Reinforcements May Start Activities.

Fighting on Western Front Still Progressing at Many Points.

Geneva, Switzerland, July 14, via Paris.—The Italians have captured two miles of Austrian trenches in the Carnic Alps, according to a dispatch received today by the Tribune from Villach, an Austrian town on the River Drave, fifty-two miles northwest of Laibach.

The Alpine troops, these advices say, dragged their artillery to the heights near Roskofel, which is situated at an altitude of 6,000 feet.

The Italians also are said to have captured two important ports south of Gorizia.

Avant Move by Teutons. London, July 14.—For more than a week now the Austro-German offensive in Galicia and Poland has been hanging fire, while the Russians, their counter-attack back on a more advantageous line in the heights to the north of Krakow, apparently are awaiting the next move of the Teutonic forces.

Fresh ammunition and reinforcements may bring a sudden revival of activity in this war theater, but meantime the western front, by reason of the uncertainty as to which side plans a general offensive, will offer the

(Continued on page 11, fifth column.)

STRIKE AT ARMS PLANT UNSETTLED

Manager Says Trouble Is Due to Work of German Sympathizers.

Bridgeport, Conn., July 14.—The strike situation at the plant of the Remington Arms company, where union organizations are disputing matters of jurisdiction and which threatens, unless settled, to involve several thousand iron workers in the city and to tie up shipment of war munitions, was due to a standstill today.

Labor leaders present in the city did not look for any important developments pending word from Samuel Gompers, president of the American Federation of Labor, who has been asked to intervene in the trouble, or the mass meeting of machinists set for Friday night, when the question of a general strike in the city will be taken up.

Labor leaders declare it is purely a matter between the unions and not due to outside influence.

Med. Walter W. Fenfield, U. S. A., retired, head of the arms company, expresses the belief that the difficulties are due to the work of German sympathizers who wish to hinder the shipment of war munitions.

"There is not the shadow of a doubt," he said, "that this whole thing is the work of Germans or German sympathizers. I am not speaking from hearsay or suspicion. I have good reasons to know just what I am talking of."

BERLIN VIEWS SPENT YEARS ON COMMENT EXCAVATING

Papers Say But Little Owing to Conflicting Reports.

Believe Unfavorable Expressions Are Purposely Printed in London.

Berlin, July 14, via London.—The conflicting reports of the reception of Germany's note to the United States government concerning Germany's submarine warfare, still keep a majority of the afternoon newspapers from commenting on it. Exceptions to the rule are the Kreuz Zeitung, the Tages Zeitung and the Borsen Zeitung, which express the belief that British and French news agencies have purposely selected unfavorable editorial expressions from the American newspapers for the sake of the effect they will have in Great Britain and France.

The Kreuz Zeitung says: "Regarding (Continued on page 11, fourth column.)"

SPENT YEARS EXCAVATING

Farmer Tells of Digging for Buried Treasure on Farm.

Trial of Four Men for Ancient Murder Well Under Way.

Bedford, Iowa, July 14.—Samuel Anderson, whose attempt to obtain a part of a \$50,000 treasure, said to have been buried near Slam, Iowa, forty-seven years ago, led to the arrest here last week of four Iowa farmers charged with the murder of Nathaniel Smith, a wealthy cattleman, and his son, in 1868, was the first witness today at the resumption of the hearing in the Slam murder and treasure case.

Anderson told of coming into possession of the farm near Slam, on which the murders were committed and on which the money, said to have

THAW SANE, SAYS JURY

Verdict Returned After Less Than Hour's Deliberation.

Deputy Attorney General Sums Up Case for the State.

New York, July 14.—Harry Kendall Thaw, the slayer of Stanford White, was declared sane by a jury in the supreme court after about an hour's deliberation at 3:45 p. m. today.

New York, July 14.—Harry K. Thaw may know by tonight whether he is to be set free as the outcome of his nine years' fight to prove that he is sane, or whether he is to be sent back to the Matteawan asylum as insane.

In summing up the case of the state, Deputy Attorney General Frank Cook sketched the life of Thaw from the time of his birth until he was deported from Canada after his escape from the state hospital for the criminally insane at Matteawan.

He recalled to the jury Thaw's infirmities, his declared insanity and then went into the details of his early life. He told of an alleged attempt to stab a fellow student at Harvard university, of his alleged fight in an all-night New York restaurant in which he was hit on the head with a water can.

Insane All the Time. "Thaw was insane during all this time," Mr. Cook went on. "He was insane" (Continued on page 11, fourth column.)

LYNCHING REPORTS NOT CONFIRMED

Atlanta, Ga., July 14.—Reports that a mob would attempt to take Leo M. Frank, serving a life sentence for Mary Phagan's murder, from the state prison farm at Milledgeville and lynch him have not been confirmed by developments. Three companies of state militia were held in readiness at Milledgeville to protect Frank if necessary, but today the militiamen were permitted to return to their homes.

SUMMARY OF THE WAR NEWS

The German thrust at Verdun has resulted in an important gain of ground, according to the current official statement from Berlin. On the Argonne the Germans report having captured French positions along a front of a mile and four-fifths, the gains extending to a depth of three-fifths of a mile. The hill known as S.S. also was taken, the statement says.

The latest French official statement claims that German attacks in the Argonne were definitely stopped. After a heavy bombardment the Germans attempted the recapture of the trenches near Fliers taken by the British on July 5, but were easily repulsed, according to the Paris statement.

Reports of an Italian victory in the Carnic Alps with two miles of Austrian trenches captured have been reported by a Geneva newspaper.

Figures given out in Berlin show the sinking of forty-three merchant vessels by German submarines during the month of June, the tonnage of destroyed shipping, including sinking craft, totaling 125,000 tons.

The battle line in France is furnishing for the moment the only news of pronounced military activity. The German struggle for Verdun is regarded by observers on the side of the entente allies as an earnest, with results on both the Argonne and the Woivre. Latest French reports record a check for the German crown prince in his attacks in the former region.

Almost complete silence veils the situation in the eastern war theater. Petrograd reports no engagements in Southern Poland or Eastern Galicia, and both Vienna and Berlin declare conditions in this territory are unchanged.

Rome reports the situation along the Adriatic front unsettled. A brief official statement only chronicling a raid by Italian airplanes on a large Austrian camp in the neighborhood of Gorizia, which is declared to have been successful. The latest Austrian statement says there have been several artillery engagements and that an infantry attack was repulsed near Medjugorje.

German engineers are strengthening the defenses of Constantinople on a huge scale, according to advices through Ritzhaus received in London.

CANADIANS DISPLAY GREAT GALLANTRY

Many Individual Exploits of Heroism Among Members of First Ontario Battalion, Almost Annihilated.

Ottawa, Ont., July 14.—Individual exploits of heroism and gallantry among members of the First Ontario battalion, which as previously reported was all but wiped out in the action on June 15, last, near La Bassée, in Northern France, are related in an account by Sir Max Aitken, the Canadian record officer at the front cabled from London and given out here last night. The battalion, lost in killed and wounded nearly 500 men, including twenty officers.

The battalion suffered its greatest losses in its attempt to take a fortified German trench known as "Stony Mountain," says the account. This fight followed the battle of "The Orchard" up to which time the losses were very heavy.

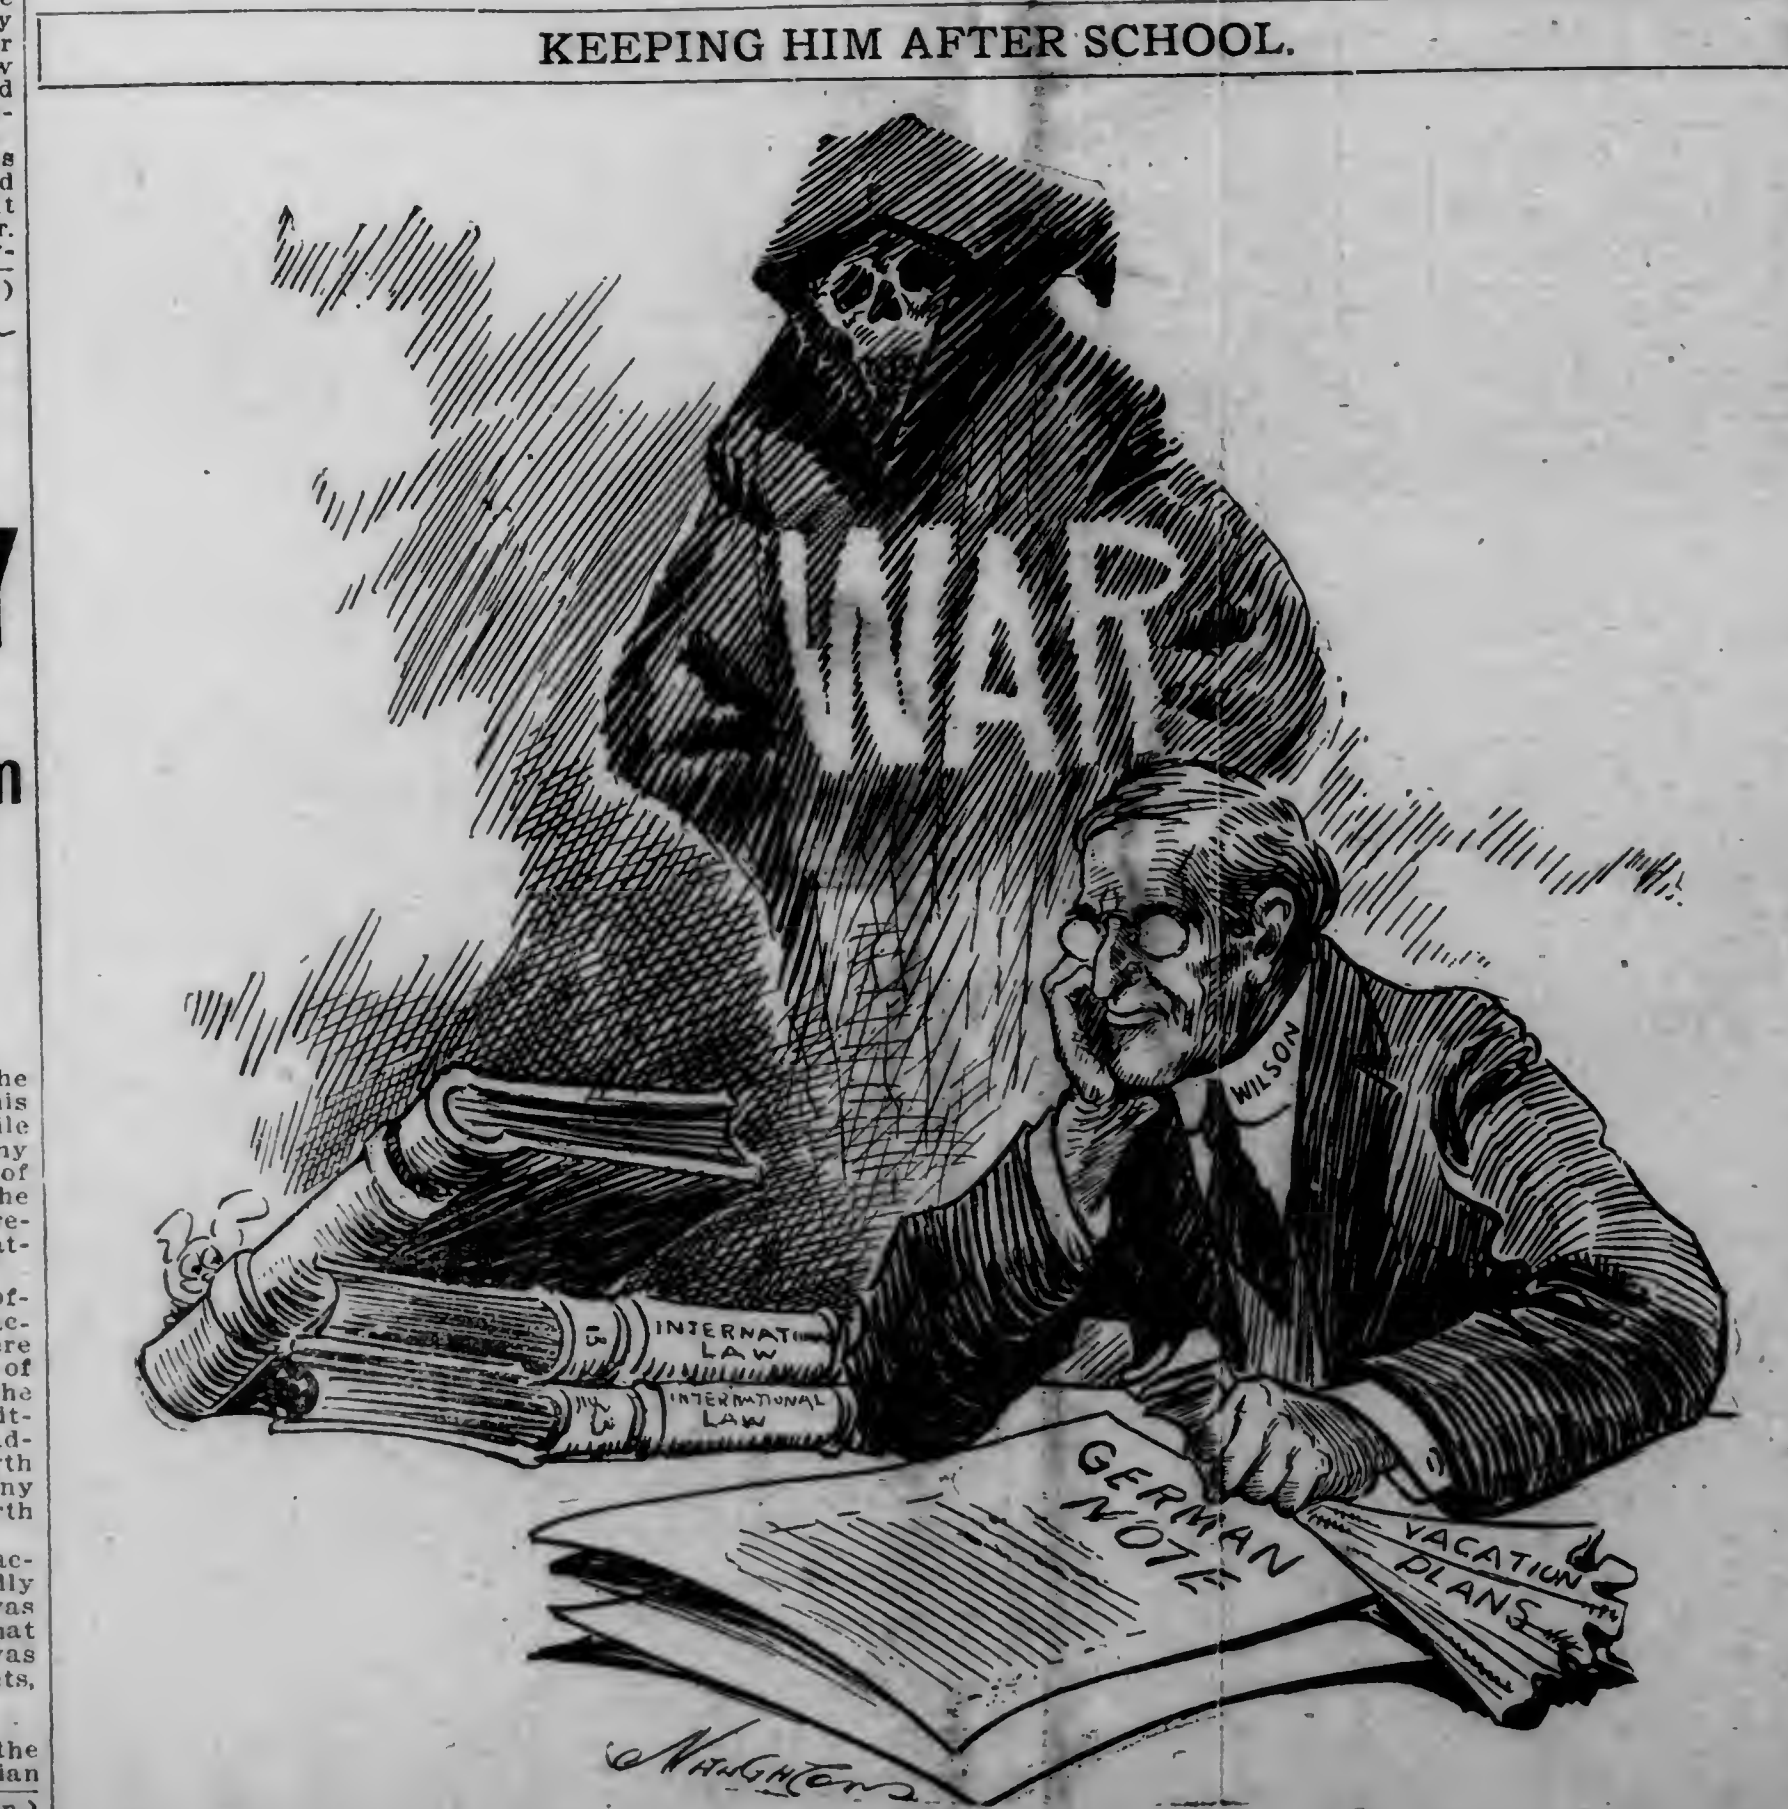

"Out of twenty-three officers who went into the action at Stony Mountain," Sir Max says, "only three missed death or wounds. They are Col. Hill and Lieuts. S. A. Creighton and T. C. Sims."

Met Withering Fire. "Stony Mountain," the account continues, "the Canadians met withering fire from this strongly fortified German line. While attempting to hold a line before 'Stony Mountain' the Canadians ran out of bombs and volunteers were sent to the rear to bring up more bombs and reinforcements from the Third battalion."

"The loss of virtually all of our officers hampered the fight," says the account. "The volunteers who were bringing forward the supplies of bombs and men were killed and the supply died out with them. The British division had been unable to advance on the left owing to the strength of the fortified position at 'Stony Mountain' and the German line north of that fort."

"The enemy meanwhile had been accumulating strong forces, and finally the remnant of the battalion was forced to evacuate all the ground that had been gained. The withdrawal was conducted through a hail of bullets, and cost us heavily."

Detained to Secure Plank. At the outset of this fighting, the record officer says, the First Canadian (Continued on page 11, second column.)

CONFERRING ROSE CROIX DEGREES

Scottish Rite Volunteer Officers Will Work With Midsummer Class.

The work of conferring Scottish Rite degrees on the "midsummer class" by volunteer officers will be resumed tomorrow night at the Masonic temple, at which time the eighteenth degree will be worked. The class only recently finished the work in the Lodge of Perfection degrees, and twenty-nine candidates were given them. Now the A. T. C. Pierson chapter of Rose Croix, No. 2, is giving the Rose Croix degrees to those of the class who have elected to proceed.

The "midsummer class" idea originated last year. Formerly work was dropped for the summer, but a set of volunteer officers offered to do the work during the summer months on those who wished to take the degrees, and a class was formed. It was so successful that another class was

formed this year, and the work continues right through the usual vacation period. Much interest is taken in this degree work, as it is almost entirely in the hands of the younger members of the rite, and serves as a school for officers for the future as well as giving an opportunity to those who find it difficult to get the time to take the work with the regular classes.

The officers are urging members of the rite to attend the meeting tomorrow night and subsequent meetings in large numbers.

About 2,750,000 acres of land in Great Britain are devoted to woods and forests.

YOUTH WILL PLEAD GUILTY

M. Hughbanks Brought From Winona on Federal Charge.

Admits Plotting With Accomplice to Steal U. S. Mail.

Following action by the Federal grand jury, Maurice Hughbanks, 23 years of age, a Madison boy accused of being implicated in a plot by means of which United States mail was fraudulently secured from the Winona postoffice, will plead guilty in court here tomorrow morning before Judge Page Morris. Hughbanks is now held here, and has told the Federal officers that he would enter a plea of guilty. The grand jury in return returned an indictment against him.

Hughbanks was brought to Duluth by Chief of Police Huelo of Winona. Previous to this Hughbanks and Donald Moran, Samuel Washley at St. Paul, for a preliminary hearing. They waived examination and were bound over to the grand jury. John Moran, a saloon keeper of Madison, was present at the hearing and furnished \$500 bail for his son, who was released. Moran will await action of the Federal grand jury at Winona next November.

Otto Fisher, according to the charge, received a message from his mother a few days ago containing information that she had mailed a letter containing a \$5 bill. Moran and Hughbanks it is alleged plotted to secure the letter. The money was extracted, it is claimed.

Moran admitted the crime to the Winona police, but contended that Hughbanks was the real plotter. The Winona police, as a result of inquiry, were advised that Hughbanks' record is bad.

SHRINEDOM'S FAMOUS GOAT IS 'SPOILED'

Lil' Arthur Has Become Too Fat and Prosperous to Serve as Mascot.

And temple members, on their way to the imperial council meeting of the Nobles of the Mystic Shrine at Seattle, recovered their canon from Medinah temple of Chicago, but have not been able to take along Lil' Arthur, the official goat of the temple.

Lil' Arthur became a glutton and got so fat that his legs would not hold him. The shrine men in Chicago, however, he couldn't stand prosperity. Since he was returned to Add by the last temple that he had been over one it was—he has been looked after carefully, being furnished a sufficiency of food, but that does not oblige that it is a question as to whether he will ever be of much use as a mascot again.

Lil' Arthur is the most famous goat in Shrinedom. He has been in history have over had greatness thrust upon to the extent that Lil' Arthur has. He was originally brought from Birmingham, Ala., by J. Harry Lewis of St. Paul for the purpose of illustrating the fact that Tom P. Bradley, then potentate of Add, had "gotten Lewis' goat." Arthur has been stolen so often by Shriners from other temples that he scarcely had time to get acquainted with his home town.

He has been over a very large part of the world, and at every imperial council meeting for the past few years has been featured by his presence and the chief interest of all temples seemed to be as to which would steal him last. He was taken by Osmen temple of St. Paul, when that temple went to the Panama canal to initiate a large class of eligibles who lived in the canal zone, some years ago; and since then Lil' Arthur has served as mascot for Nile temple of Seattle when its members went to Manila, P. I., to initiate members there.

No clearance sales like the Oak Hall. Best values always.

BOARD OF PUBLIC WELFARE FAILS

Measure to Combine State Departments in Wisconsin Lost.

Madison, Wis., July 14.—The administration plan of combining the state board of health, board of correction, dairy and food commission, weights and measures department and oil inspection department under one board of public welfare failed in the senate today. The bill was non-concurred in, 15 to 10.

The senate then engaged in a debate over the printing bill proposing to reconstitute the board by giving its duties to a board consisting of the governor, superintendent of public property and state auditor appointed by the governor. To get light on the subject the senate called W. W. Powell, secretary of the board of public affairs, to tell it of the investigation which unearthed thousands of old books and reports in the basement of the capitol.

Under the Cunningham bill passed by the senate today the automobile license money will be returned to counties for repair of country roads after about 35 cents of each \$5 license fee is taken out to pay the cost of administering the registration law. At present the counties get 75 per cent and the state the rest.

Hanson Bill Killed. The senate killed the Hanson bill, amending the corrupt practices act by a vote of 15 to 11. It took less than one hour today to send the Stempel liquor license bill in amended form to the assembly. The amendment, limiting the application of the law to the city of Milwaukee, was incorporated by a vote of 38 to 18, and in that form the bill was passed.

By repeated roll calls the assembly overruled all dilatory tactics on the measure. The bill was recalled from the governor's desk three weeks ago because he refused to give it official signature in the original form. Over the opposition of Assemblyman Fred Erick, the rules were suspended today by a vote of 38 to 27.

The assembly reconsidered the vote by which it killed the Albers bill to reduce taxes on Wisconsin life insurance companies. The Mortensen bill to abolish the office of state claim agent was debated an hour and then laid over until tomorrow.

DIVORCES HIM SECOND TIME

Mrs. E. J. Butchart Again Freed From First and Third Husband.

He Left Her One Week After They Were Re-united.

Try, try again seems to have been the unsuccessful motto of Mrs. Josie Butchart, 34, who yesterday afternoon in district court secured a divorce from Edward J. Butchart, 35, her first and third husband. The decree was granted by Judge Dancer.

Broken in health and spirits and so weak that she had to be assisted to the witness stand, Mrs. Butchart nearly broke down as she related to the court the unhappy story of her married life. She is now and has been for several weeks confined in St. Mary's hospital.

The Butcharts were first married June 15, 1900. The first year or so of their married life was happy. Then Edward J. Butchart grew cold towards her and when the leaves began to turn in the fall of 1904 he disappeared. Later she learned that he had gone to Missoula, Mont. He refused to return to her. Three years passed. In 1907 she tired of waiting and turned to the divorce court for a decree of separation.

The case was tried before Judge Engeln, who granted her a divorce after she had related how her husband had deserted her. The court granted her the custody of her son, Lenius Edward Butchart, now 15.

Three years later, she married G. A. Bergstrom. The wedding took place in this city on Dec. 17, 1910. Mr. Bergstrom died April 13, 1913, leaving her a widow. One year later she ran across her first husband and a reconciliation was effected. She decided to give him another trial.

The second marriage with Butchart took place on April 22, 1914. Mrs. Butchart was doomed to disappointment, for scarcely a week had elapsed before she was again a deserted wife. Butchart left her on May 1, 1914, and has never shown up since. He was served with divorce papers at Missoula recently.

Mrs. Butchart has been ill for several weeks. The trial of the divorce action was postponed several times owing to her inability to appear in court. The court granted Mrs. Butchart the right to resume her former name, that of Mrs. Bergstrom.

JURY REPORT EXPECTED

Federal Investigating Body Looking Over Thirty-five Cases.

The Federal grand jury, which is now in session at the government building, is expected to make its first report either late this afternoon or tomorrow morning. Thirty-five cases are up for investigation.

The jury went into session yesterday forenoon, and has a varied line of cases to look into. The criminal calendar is rather light, although there are charges involving violation of the inland liquor, drug, counterfeiting and postal laws.

GOVERNOR AND PARTY OFF TO THE EXPOS

St. Paul, Minn., July 14.—(Special to The Herald.)—Governor Hammond, accompanied by members of his staff and a number of friends, will leave St. Paul tonight in two special cars for a

Western trip to include the two expositions in California. The party will be gone two weeks. Stops will be made at most of the large Western cities.

NEBRASKA WOMAN IS AUTO VICTIM

Brakes Give Way Going Down Hill Near Menadahl, N. D.

Walhalla, N. D., July 14.—(Special to The Herald.)—Mrs. Harold E. McCondon of Lincoln, Neb., was killed last night when the automobile in which she was riding turned turtle. Mrs. McCondon, with her husband and Jim Denney, who was driving the car, were on their way to Menadahl and while descending a hill the car was traveling at thirty-five or forty miles an hour the brakes gave way and the machine rolled into the ditch, throwing the occupants out.

Neither Mr. McCondon nor the driver was injured, but a trunk, which was being carried in the car, together with a surveyor's outfit, struck Mrs. McCondon on the side of the head and she was found dead by her husband.

Cyril Craig died at St. Mary's hospital last night after a two weeks' illness following an operation. Mr. Craig was a former Calumet man. He had been connected with the Standard Oil company here since the first of the year, and was 19 years of age. The body will be taken to Calumet tonight over the South Shore line for burial. Those who will accompany the body are Mr. and Mrs. A. R. Craig, parents; Bessie, a sister; Miss Douglas and Carl G. Winkler and wife.

The city man works, and slaves, and saves—yet seldom has but little ahead. If his salary should stop for a month or so, he would be in stringent circumstances. He dare not lay off, not only because he cannot afford to lose his pay, but because he dare not bring down the bosses' displeasure.

IT IS WORTH WHILE

to get out of the salary rut—to become a free and independent worker, and to know that no matter whether the times are hard you have a plot of ground all your own—where you can produce enough from the soil for your living—raise chickens, pigs, have a cow or two—and get away from rent. You cannot do this all at once, but the time to start is right now at Exeter Farms.

SUNDAY JULY 25th

OPENING SALE

EXETER FARMS

—SECOND DIVISION—

TO LOCATE COLONY.

Plans on Foot to Bring Lithuanians to Red River Valley.

Crookston, Minn., July 14.—Between 200 and 400 Lithuanian families will be located on government homesteads in this locality before another year according to Alex Kozlowski and Andy Sobaltin, agents for the families who arrived here yesterday and inquired for directions at the United States land office.

The agents will also visit Baudette, Williams and Warroad and will go over the land that may be entered upon. If it is possible a colony will be formed.

F. J. Kwiatkowski, a real estate dealer of Pittsburgh, Pa., has charge of the move in that city and has been in correspondence with Register P. M. Ringdahl, of the local land office for some time past.

Upon being told that the land to be looked over would probably be covered with water, because of the high waters and the lack of drainage on the government lands, the agents shrugged their shoulders and said that the fact made no difference. Their people

Furs Stored and Insured

It is advisable to place orders early so that we can devote more time to their execution and have the garments finished when desired. The new styles are in now.

CHANGES IN STOCK COMPANY.

Five of Baldwin Players Will Leave Duluth for Other Fields.

Five members of the Baldwin stock company will close their engagement with the organization following the performance Saturday night.

Miss Anne Bronaugh will return to Winnipeg to rejoin the stock company there. Harry L. Minturn will go to Chicago to prepare for a vaudeville engagement next season. Miss Margaret Lotus will return to New York to take a vaudeville engagement. Mark Billson will leave for Chicago and William Mortimer will go to New York.

Walter S. Baldwin has been in New York for the last week arranging for new plays and some new faces for the company.

INCREASE IN STAMP SALES

Duluth Postal Receipts for Fiscal Year Show Substantial Gain.

Good Indication of City's Growth; War Hits Money Order Business.

Despite the depressing effects of the European war during the last year, the reports from the various departments of the Duluth postoffice for the fiscal year ending June 30, make an excellent showing with the exception of the money order business. Receipts for stamps for the fiscal year of 1915 show an increase of \$8,144.96 over the receipts for 1914, while the postal savings accounts show an increase of \$18,631. The money order business, especially foreign money orders, has been hit hard and more directly by the war than any other line of business in the office. The stamp receipts are considered an excellent indication of the growth of a city.

Postmaster William E. McEwen was well pleased that there had been no greater falling off in any line with conditions so anomalous as these. The early stages of the war money order business was cut off entirely for a period, because of the disrupting of the postoffice service in these countries. Especially was this true during the fall and early winter when money is circulated freely from agricultural districts. Many foreign-born laborers in the United States also are the pluck of industrial depression last season and were unable to send money to relatives across the water. Many factors combined to cut down receipts at the money order business.

Stamp Sales Grow.
The stamp sales were very gratifying, however, the increase being liberal, during the year just closed the receipts for stamps and other matter in this department amounted to \$430,080.25, while those of the previous year were \$422,162.29.

The increase in postal savings receipts partly offsets the falling off in the money order department, many who were unable to send money abroad having deposited it at the postal savings bank.

During the last year there was deposited, \$155,825, while during the previous year the deposits were only \$177,196. The total amount remaining on deposit at the postoffice was \$191,367, while but \$178,048 was on deposit at the close of the previous year. There was an increase of eighty-one accounts opened during the year, the number now being 1,042. The number of deposits increased by 280.

At the West Duluth station there were 214 depositors with a balance remaining to their credit amounting to \$38,248, as compared to \$28,548 at the same time last year.

During 1915 the total number of domestic money orders issued was 3,986, against 3,715 the year before. The amount of these orders for 1915 was \$702,972, against \$728,188 the year before.

The number of international money orders for 1915 was 8,189, amounting to \$144,895.09, against 13,244 amounting to \$382,236 for the previous year.

Oak Hall Midsummer Clearance sale now on.

AMUSEMENTS

TONIGHT'S ATTRACTIONS.

LYCEUM—Baldwin Players in "The Squaw Man."
NEW GRAND—Vaudeville and motion pictures.
REX—Photoplay, "One of Our Girls."
ZELEDA—Photoplay.

Theater Gossip.
Harry L. Minturn, leading man of the Baldwin Players at the Lyceum, complains that he has a "bad case of the blues."

The stock company actors and actresses, are frequently heard to complain of bad parts, but seldom of good ones. "It's a fact," said Mr. Minturn, "that in one or two of the scenes in this week's play, the grief of Jim Carston gets a little the best of me. Every actor, I think, tries to put himself in the place of the character he is acting to portray. I think the role of Jim Carston is one of the most gripping drama in modern drama, and it carries you away when you begin to play it. Several times I have delivered my lines up and had trouble delivering my lines. Then I had to remind myself that it was only a play. When a play gets to an audience like 'The Squaw Man' does, you can rely on the fact that 'it's good' to the actor too. The spectators can sit out in the auditorium in the dark and get himself in hand, and the actor has to go through with it."

"The Squaw Man" is generally conceded by Baldwin company patrons to be one of the best productions the company has given in Duluth.

Next week the company will make its first venture into musical comedy, and Miss Edna Murray will appear as the prima donna in "Madame Sherry."

Headline the present bill which closes with today's performances at the New Grand. Mr. Allen have scored hits.

The biggest hit of the season at that popular playhouse. Assisted by their company of players, the Allens are presenting a comedy sketch, "She Had to Tell Him," which can best be described as a vaudeville cocktail with sparkling and brilliant dialogue and clever timing.

Frank Rogers, colored ventriloquist; Gray and White in songs and dances; and Lockhardt and Ledy in a thrilling and sensational acrobatic diversion.

The seventh chapter of "The Road from the Sky," a three-act drama, "The Path to the Rainbow," featuring Earl Williams; one of the Billy Reeves comedies, "A Safe Investment," and a thrilling detective story, "The Vindiction," complete the bill.

Tomorrow the bill changes entirely and is a double headline bill featuring Nick Hufford and the Lockhardt Sisters, singers, dancers and comedians, and the great Ark trio of Japanese wonder workers.

Paddock and Paddock, society dancing and chatter, and Jerome and Mack in "Bits of Vaudeville," are also featured on the program.

Charlie Chaplin heads the photoplay program in "Getting Acquainted." The Silent W. A. Vitaphone special in two reels and all-star cast; one of the "Helen Hayes" stories, "The Whirlwind Limited"; the Hearst-Selig News of events and two comedies complete the bill.

The fascinating, youthful star, Hazel Dawn, whose unusual screen successes in "The Curse of the Cat," "Hazel Dawn Our Girl," and "AT THE RECK" recently attracted the attention of the Famous Players film company to induce her to devote all her time to a series of important photoplays—will be at the Rex tonight and tomorrow in an elaborate photo-production of Ronald Macdonald's story of a love affair amidst the intrigues of high society, two men as the bottom.

OVER 5,000 CHILDREN ACT AS AN ESCORT

March With Body of Archbishop Quigley to Chicago Cathedral.

Chicago, July 14.—Five thousand children marched slowly under the dripping trees of North State street today, escorting the body of Archbishop James Edward Quigley from the archiepiscopal residence to the cathedral of the Holy Name.

Hundreds of adults were turned away from the cathedral to make room for the children, whose welfare was the chief interest of the late churchman's life.

At the cathedral solemn pontifical requiem mass was celebrated. The body will lie in state until midnight. The funeral will be held tomorrow. Cardinal Gibbons, Papal Delegate Bonzano and many other church dignitaries are expected to attend.

The cardinal and the papal delegate already are here for the ceremonies. Other distinguished churchmen in attendance are Archbishop Ireland, Hanna, Blank, Gleason and Moellers. Among the bishops who will attend the funeral is the Right Rev. Father Joseph F. Bush, St. Cloud, Minn.

The first of three impressive local funeral services over the body of Archbishop James Quigley was held yesterday in the Holy Name cathedral. Among the throng which witnessed the ceremony were church dignitaries from all parts of the United States and Mexico.

Pontifical requiem high mass was celebrated by Bishop A. J. McGavick, while more than 100 archbishops, bishops and priests assisted within the cathedral.

More than 10,000 persons lined the streets outside the railway station when the archbishop's body reached Chicago. Other thousands watched the funeral cortège as it passed through the streets on the way to the cathedral.

One Killed, Two Hurt.
Gallons, Ohio, July 14.—Miss Louise Westerman, 18, was killed, and Miss Nova Jenkins, 16, and Pinkey Boyd, 20, were badly injured when Boyd's automobile turned turtle near here late last night. Miss Westerman was driving and ran into a ditch while passing another machine. Robert Marsh, the fourth occupant of the car, was uninjured.

Liberty Bell at Seattle.

Seattle, Ohio, July 14.—The liberty bell arrived here today and was met by a detachment of marines and soldiers and two bands. Patriotic exercises were held up to 2:30 p. m. when the bell was to leave for Tacoma, Wash.

Dainty Bridal Gifts IN STERLING

PARK KEEPER WATCHES HIS PRECIOUS PEONY BEDS UNTIL MIDNIGHT TO GUARD AGAINST VANDALS

THOMAS CAMERON AND HIS PEONY BED.

Fearing night raids on his precious peony beds, Thomas Cameron, keeper of Portland Square, has voluntarily added the duties of night watchman to his job and is on the lookout for vandals after midnight almost every day.

Duluth's only "formal" park is Portland Square, situated between Tenth and Eleventh avenues east and between Fourth and Fifth streets. Many observing Duluthians, who delight during a sweltering day to take advantage of this cool recess, are inclined to wonder at the excellent condition in which the lawns, flower beds, trees and num-

erous shrubs are invariably kept. To many, however, who are more familiar with the park, the reason is very clear, and the reason is Mr. Cameron.

There is naturally a great temptation for the "kids" of the neighborhood, as well as many of the "grown up" visitors to become too intimate with the flower beds. It is for this reason that the late visitors to the park find Mr. Cameron carefully guarding his precious "bosoms" even as late as midnight. Mr. Cameron's peonies are considered by him as his greatest treasures. He has been a faithful

keeper of this pretty little park continuously for eighteen years, and, according to Harry Cleveland, city park manager, he has never failed to keep it in the best of condition. But a short distance from the heart of the city, its carpet of emerald velvet is a sight to refresh any tired eye. He has brought the park to its present stage of beauty from a mere vacant block, and has required very little help from the city in doing so. Mr. Cameron has literally a "speaking acquaintance with every leaf or blade of grass on the plot," according to Mr. Cleveland.

JAILED AS "DRUNK," INJURED MAN DIES

Stefano Horskow, Hit During Row, Fractures Skull on Pavement.

Grand Forks, N. D., July 14.—(Special to The Herald.)—Ed Campbell, aged 35, faces possible prosecution on the charge of manslaughter, as a result of the death yesterday of Stefano Horskow, aged 50, who was killed in a drunken row.

That Campbell felled Horskow with a blow from his fist, is the claim made by the authorities. Horskow hit the cement walk with the back of his head, fracturing the skull.

First Taken to Jail.

For eight hours after the affair, Horskow occupied a cell in the city jail, where he had been placed as a "drunk." It wasn't till Horskow's failure to regain consciousness that a physician was called, and the man's actual condition determined.

FRIENDS BID COL. POTTER GODSPEED

Dinner Given Popular Army Engineer Before Departure for West.

A number of friends and former inmates of Col. C. H. Potter, who was, for several years, United States engineer in charge of the Duluth district, gave a dinner last evening in his honor at the Kitchi Gammi club. Col. Potter is, at present, United States engineer in charge of the St. Paul district, but will leave next week for Portland, Or., where he has been transferred and will have charge of three districts on the North Pacific coast. He spent yesterday afternoon and last evening in the city, and this morning left for Coosasset for a final official visit on government work being done in the Mississippi river there.

The affair last evening at the club was informal and delightful. It was a farewell to the colonel, who was very popular while in Duluth. At 10:30 o'clock the party broke up with goodbyes to their guest. There was no formal speech-making, but anecdotes and reminiscences were indulged in, some of the most interesting being stories of West Point, of which academy Col. Potter, Maj. E. D. Peck, United States engineer here, and J. H. Harding, assistant general manager of the Oliver Iron Mining company, are graduates. Brief addresses were also made by Col. Potter, Mr. Harding,

ing, T. W. Hugo, Maj. Peck and R. B. Knox. Those present were: Col. Potter, W. E. Richardson, J. H. Harding, A. C. Weiss, George W. Buck, T. W. Hugo, P. A. Patrick, R. B. Knox, Clarence Coleman, Charles A. Marshall, B. W. How, W. W. Walker, W. A. McGonagle, Maj. Peck and William Harrison.

CAR TURNS TWICE; DRIVER NOT INJURED

Drayton, N. D., July 14.—(Special to The Herald.)—Harold Long clung to the steering wheel of his automobile when it veered off a road west of here, turning over on a high grade. Twice the machine rolled over on the embankment and still Long clung to the wheel. Finally the machine brought up against the opposite side of the ditch, with Long still at the wheel, and entirely unhurt. The car was slightly damaged.

Buy your summer suit now at big savings at the Oak Hall Clearance sale.

HAIL DAMAGE HEAVY.

Later Reports Confirm Earlier Advances From Forest River, N. D.

Grand Forks, N. D., July 14.—(Special to The Herald.)—More complete reports from the Forest River district, where heavy hail losses occurred, indicate that the damage was widespread and severe.

Between forty and sixty farmers lost very heavily, the grain hit being in unusually fine condition.

In the town of Forest River, over 200 windows were broken by the storm, the hail stones running from the size of walnuts to the size of eggs.

NORTH DAKOTA HAS MANY NEW DOCTORS

Grand Forks, N. D., July 14.—(Special to The Herald.)—Nineteen new physicians were admitted to practice in North Dakota by the state medical board yesterday, as follows: Roscoe

C. Pryse, Dawson, N. D.; P. O. C. Johnson, Glenwood, Minn.; Walter C. Aylen, Fargo; Charles H. Aylen, Drayton, N. D.; J. H. Bantley, John R. Terrill, Devils Lake; Simon W. Meizer, Kensington, Minn.; Walter F. Flanagan, Golden Valley, Minn.; Mark Mizner, Bowman, N. D.; J. O. Arrason, Bismarck, N. D.; M. A. Karterman, Taylor Springs, S. D.; A. E. Bratrud, Warren, Minn.; H. C. Knapp, Libanon, N. D.; B. Grace, Zealand, N. D.; C. E. Raver, Grand Forks; P. O. Robinson, Mayville, N. D.

Haley's planked jumbo wall-eyed pike. 417 West Superior street.

LOTTERY WINNING IS NUCLEUS OF FORTUNE

Grand Forks, N. D., July 14.—(Special to The Herald.)—Fifteen thousand dollars won in a lottery, while living here over twenty years ago, formed the foundation for a fortune for David Manorgan, now of Winnipeg, who is here this week for the first time in eighteen years.

Employed as a pattern maker in a local foundry Manorgan purchased a lottery ticket for \$1. He was hard at his work one day when a fellow laborer brought him news that he had a lucky number and a few days later, Manorgan had \$15,000 in cash.

Manorgan started a grocery store in Minneapolis. It was not a success and he went to Winnipeg where he became interested in real estate; today he is wealthy.

McKenzie County Grows.

Watford, N. D., July 14.—(Special to The Herald.)—McKenzie county shows a big increase in population during the last five years. The population shown by the state census, just completed, is 5,618. Five years ago the population was 5,730, according to the Federal census, an increase of nearly 70 per cent.

Woman Hurt Near Oakes.

Oakes, N. D., July 14.—(Special to The Herald.)—Mrs. A. L. Edmunds was seriously injured in an automobile accident south of here, when, with her husband and others, she was thrown into the ditch and under the car as the machine plunged from the roadway.

BERG URGES LAND BUYING

Former Secretary of State
Sees Great Opportunities
in This District.

Predicts Bumper Crop—
Conditions Same as
in 1905.

"Buy Northern Minnesota land" is the advice of Andrew Berg, former secretary of state of Minnesota, and also a former member of the drainage commission of the state.

Mr. Berg is here today, being registered at the Hotel. "The land in this part of the state offers greater opportunities than land in the southern part of the state," he said. "It is open for ensilage and put it into beef. It will give the farmer a greater return on his investment."

Land in this part of the state cannot fail to grow in value. Good roads are going to have a great deal to do with the improvement of farming conditions here. The idea that Northern Minnesota is not a good farming district is rapidly being dispelled."

Speaking of crop conditions, Mr. Berg stated that Minnesota would produce the greatest crop since 1905.

"I have been over a large part of the state," continued Mr. Berg, "and have found conditions excellent. Many persons believed that we have had too much rain. I do not. Conditions were almost like those of the present year in 1905—the year that wheat was plied along the sidings at Warren, Argyle and other towns of the state; because the rain could not handle it. I remember it well, as I was on the state drainage board and was making an inspection of ditching in the northern part of the state."

"If we do not get scorching weather during the maturing crop period, I promise that the crop will be a bumper one. I feel absolutely confident of this, for, as I say, conditions during the big crop season of 1905 were precisely similar to weather conditions of the present season."

MORE BOMB THREATS.

Writer of Letter Says Two Have
Been Placed in Boston.

Boston, July 14.—An afternoon paper announces the receipt of an anonymous communication in which the writer, describing himself as a German spy, states that two bombs have been placed in the state house and another in the custom tower and that they will explode "about Friday." Also the governor is to be killed, according to the message, which was crudely lettered with a lead pencil.

It was turned over to the police, who recently examined a similar threat against the custom house without determining whether the writer was a crank or a practical joker.

DULUTH, MINNESOTA

HERALD NEWSBOYS, 500 STRONG, ENJOY ANNUAL PICNIC AND SPORTS PROGRAM AT LESTER PARK

IN LINE FOR LUNCH.

"HOT DOGS" AND ICE CREAM.

Newsies—500 of them—munched crackjack and candy, ran races, played baseball and performed a hundred and one other antics yesterday to contribute to the success of the big newsboy picnic ever held in Duluth.

It was The Herald's annual reunion of its army of newsboys and carriers. The big picnic was staged this year at Lester Park. Two chartered street cars carrying most of the crowd, arrived at the park at 8:30 o'clock yesterday morning. One of the cars started from West Duluth, picking up the West end "bunch" at Nineteenth avenue west. The downtown boys boarded another car at Eighth avenue west.

The first event was a baseball game between the carriers and the newsboys. It was the carriers' game from the start, but as batting rally in the fifth inning nearly gave the newsies a victory, and the pitchers' heart failure. In this eventful frame, the street vendors brought in eight runs and tied the score 12 and 12. The carriers, however, managed to put another across in their half and pulled the game out of the fire. The lineup and scores:

Northwestern International Rowing Association, over St. Louis bay course
JULY 23 and 24
Champion, Crews of America in Twelve Races.

FUNERAL OF MISS LIBBIE CAMPBELL

MISS LIBBIE CAMPBELL.

The funeral of Miss Libbie Campbell, who died Monday evening, will be held tomorrow afternoon at 2 o'clock from the home of her sister, Mrs. Louis J. Baker, No. 1 Osborne flats, Rev. J. A. McGaughey, pastor of the Second Presbyterian church, will officiate. Interment will be in Forest Hill cemetery.

Miss Campbell is survived by her father, C. D. Campbell of St. Paul, who was a member of Garfield Circle No. 4, Ladies of the G. A. R.

Oak Hall Midsummer Clearance sale now on.

QUICK WORK BY DULUTH SLEUTHS

Find Youth Wanted in Minneapolis After Two Hours' Search.

Less than four hours after Minneapolis police asked Chief R. D. McBercher to look for one Louis Carr Ferrario, age 15, wanted on a large charge, Detective James Derrick of the Mill City force was on route to Duluth, where his man was being held for him.

Detectives Herman Toewe and J. L. Bradley needed less than two hours in which to find Ferrario, working with the description furnished by Minneapolis officers.

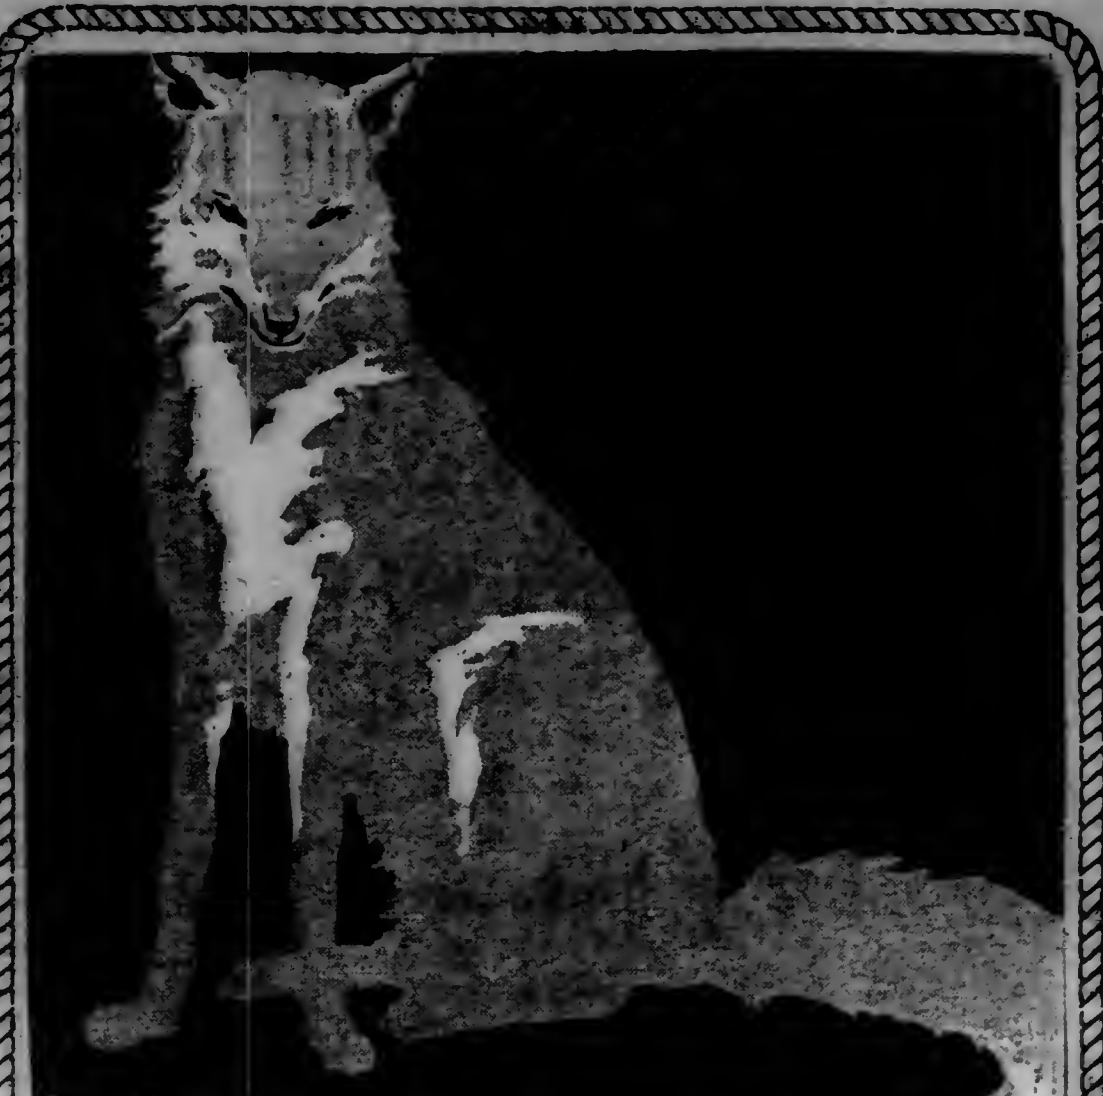

Ferrario, while employed as elevator boy at the Beaufort hotel, Minneapolis, is alleged to have stolen a bag containing papers representing several hundred dollars from a guest. A bag, believed to be the one stolen, was in the boy's possession when he was arrested here, but the papers were gone.

"I thought they weren't worth anything, and tore them up," he is said to have told Detective Toewe. Detective Derrick returned to Minneapolis with his prisoner this noon.

BECKMAN FUR FACTORY

16 EAST SUPERIOR STREET

The Largest Exclusive Fur House in the Northwest

According to complete returns from Monday's election made available today: The vote was: Dry, 738; wet, 694.

Goodhue county went wet by a vote of 3,326 to 3,663, according to complete unofficial returns, making a total vote of about 1,200 larger than that cast last November.

GERMANY'S FINANCIAL SITUATION FAVORABLE

Berlin, July 14, by wireless to Sayville.—A conference in Berlin of the finance ministers of the several German states approved the presentation of the president, Dr. Karl Helfferich, by heart failure and soon died.

Calto, N. D., July 14.—(Special to The Herald.)—After he passed by the caisson containing the body of Miss Elmer Anderson at her funeral, Utah 7. Foney of this place was stricken by heart failure and soon died.

Couch Hammocks

Our No. 21 Couch Hammocks, with brown covering, heavy canvas ends and back support of wood; covered with khaki; the frame parts are made of steel with heavy wire supports under the couch pad. All parts of the frame are heavily bolted making it a strong and well-built couch hammock for the low price of \$4.00

Our next best swing is made of better grade covering and with a very soft filler. It has 13 springs at each end—this feature with the soft pad makes it a leader and our price on this is \$7.00

Our very best couch hammock is made like our \$7.00 model, except that it has a pillow attachment that reclines to three positions; the first position for sleeping; the second and third angles for reading or resting sitting up. It also has feet to rest on when used on the porch floor or in the house as a bed couch. This feature and the pillow rest make it the finest of all hammock couches, and the price is only \$10.00

Iron Stands for Couch Hammocks \$3.00 extra
Canopies for the Couch Hammocks \$3.00 extra

Kelley
118 & 120 WEST SUPERIOR ST. DULUTH, MINN.

THE OPEN COURT

Readers of The Herald are invited to make free use of this column to express their views on the topics of general interest, but discussions of sectarian religious differences are barred. Letters must not exceed 200 words—the shorter the better. They must be written on one side of the paper only, and they must be accompanied in every case by the name and address of the writer though these need not be published. A signed letter is always more effective, however.

JITNEY BOUND BY NO

ROUTES OR SCHEDULES

To the Editor of The Herald:

We have carefully perused the protest to the jitney as expressed by "A Taxpayer," the worthy champion of the Duluth street railway, clerks' and drivers.

History has taught us that every step of progress has been marked with superstition and protest from some fossil who, like the heathen Chinee, would even follow in the footsteps of his forefathers. The dearest town in the state is the one whose population consists largely of retired farmer taxpayers who are fighting each and every improvement and are ever willing to follow in "the footprints of that calf."

We rejoice that Duluth has but few of such taxpayers. We are glad that our people are wide awake progressive Americans who are capable of grasping the steady advance of civilization and willing to profit by it.

We wish to inform said taxpayer that the Duluth street railway is not only hampered by its shortness of rails, but also by its inability to accommodate the Duluth public. Its service power is found in by its tracks and by its dividends which prohibits further extension. The jitney knows no bounds in its service to the public. There is not a square inch in the limits of Greater Duluth to which we will not gladly deliver our patrons, nor are we jeopardizing our service with the fine distinctions of line schedules.

We wish also to ask said taxpayer if he has or if he can get a car. He has a piece of property valued at \$600 on which more taxes is being paid than on the little old tin jitney.

—THE JITNEY DRIVER.

Duluth, July 13.

"FAT MAN'S RACE"

SHOULD BE ABOLISHED

To the Editor of The Herald:

In our fourth of July observations at grocers', butchers', clerks', lodges and other places, we are used to having a fat man's race.

We have all enjoyed the spectacle of seeing a bunch of heavyweights line up at the mark, bluster and brag and go waddling away at the crack of the gun, each doing his best to dislodge the fellows. In my ignorance I used to laugh as hard as anyone, and thought it good sport.

Far be it from me to appear in the role of kill-joy at this late date without good and sufficient reasons.

A man who is fat enough to be a candidate in a race of this character is not in good health, regardless of what popular opinion holds to the contrary. If anyone doubts this assertion, let him consult the records and ask the opinion of any life insurance agent or medical examiner. A fat man, fat enough to attract attention as such, is not considered a good risk, and if a policy is granted him at all, it is at greatly advanced rates. The fat man who has applied for insurance knows this to his sorrow.

Fat people generally are especially subject to apoplexy and affections of the heart and kidneys. Their blood pressure is often dangerously high, and sudden unlooked-for exertions may increase the blood pressure to a point where the blood vessels cannot stand the strain and they burst; this results in hemorrhages. If it happens to occur in the brain, apoplexy or paralysis follows.

No man past 40 who is carrying around a surplus of fat has any business to even run for a street car, if by so doing he reaches his destination breathless, perspiring and "all in." I look forward to the day when the fat man's race will be abolished.

—Yours Truly,
Cicquet, Minn., July 13.

MERE MONEY MATTERS.

To the Editor of The Herald:
The Panama canal shows an excess of operation for the first year. This has been a record for the canal, and it is a record for the canal. The canal has been in operation for the first year, and it has been a record for the canal. The canal has been in operation for the first year, and it has been a record for the canal.

The Causes of Insanity

INSANITY is a preventable disease. Many people think that it is a disgrace to have a case of insanity in the family, and so it is, but not more so than it is to have a case of typhoid fever or whooping cough in the family.

War is the foremost factor of insanity. War removes the healthiest stock from the community and brings desolation, poverty, alcoholism and disease into the community. War taxes, pensions, army and navy budgets are but the nominal cost of explosions of the national temper, the upkeep of institutions for the insane must be figured in the expense.

Alcoholism, propagated by every second licensed by the state, is second only to war as a cause of insanity. Not only does it lead directly to mental disease, but it indirectly predisposes to mental and physical deterioration through heredity. Children of alcoholic parents are notoriously liable to be epileptic, imbecile or insane.

Tobacco, particularly in the form of cigarettes, has often been accused, but never convicted, of being a cause of insanity. True, authentic tests have proved that tobacco in any form reduces physical and mental efficiency, and employers are the first to realize this, but the cigarette habit is rather a symptom than a cause of mental defect—without all due consideration for the hosts of professors and brain workers who indulge in the habit.

Syphilis is the third great factor. This cause of insanity, too, we regret to say, is propagated indirectly by municipal regulation. Also it is aided by alcohol.

Drug habits—opium, morphine, heroin, cocaine, acetaldehyde (migraine tablets, headache remedies, pain-killers and sedative bracers) furnish many victims to the insane hospitals.

Overwork, worry, sorrow and other alleged causes of mental breakdown are really insignificant factors, if factors at all. A right-living person, with a fair start in life as regards heredity, can withstand extremes of tribulation which a defective or diseased person cannot cope with. Such causes of insanity figure chiefly in the romances of fiction—along with "brain fever," which is nothing but a vulgar germ disease and not a natural effect of great emotion or sorrow.

The only difference between preventing insanity and preventing typhoid fever is that you have to start sixty years before you were born to prevent insanity.

BILLIONAIRE WIFE IS IT!
I am 43 years old, of plethoric type, office work, health fine, except a bilious attack every little while, then I throw up some bile and get better. Can you suggest a diet or something?

Answer—Overeat for a week and your digestion rebels against the strain. Result, loss of appetite, vomiting, headache, feed badly all over, and repeated vomiting will bring up bile, if your liver is a good liver, so that is no sign bile causes the illness. Join the Milk Club, eat less, drink more (water), exercise a little.

Feeding the Baby.
For those who have a baby to feed we have a letter of suggestions which will be sent on request. If stamps are enclosed, we will send you a stamped addressed envelope is furnished.

ENGLISHMAN ON NOTE.

Dr. Spurgeon Gives His Views on Latest From Germany.

Grand Forks, N. D., July 14.—(Special to The Herald.)—Dr. William Spurgeon, a noted English lecturer who is touring the United States, in an address here last evening, discussed the new German note to the United States.

"If the latest German note satisfies the demands of the United States, then I do not understand Uncle Sam," said the speaker.

"Eight months spent in England, during the last winter season, has given Dr. Spurgeon an insight into war conditions, and he declares himself confident in the belief that the Entente allies will win."

"Germany knew full well what the consequences would be when he consented to Austria's unreasonable demand upon Serbia. The war has been in preparation for twenty-five years; it didn't happen, but is, instead, the

UNEQUAL VALUATIONS.

North Dakota Tax Commissioners Trying to Equalize Them.

Williston, N. D., July 14.—(Special to The Herald.)—State Tax Commissioner H. H. Steele maintains the western counties of the state are being unjustly taxed.

Comparing valuations in the western counties of the eastern counties, Commissioner Steele finds the western counties are assessed from 20 to 40 per cent more and will urge changes to equalize this condition.

At Grand Forks Commissioner P. Packard of the state board has been working with the city council in establishing a more equitable assessment, it being claimed that city is assessed out of proportion to the balance of the cities of the state.

EDITORS ARE PREPARING FOR JUNKET TO NORTHERN MINNESOTA IN AUGUST

Special Trains Will Bring Them Here and Carry Them on Visit to Mesaba Range; Will Have Entire Day on Lake, Bay and River; Elaborate Entertainment Planned; All Editors in State Invited; Northern Minnesota Editorial Association Is in Charge.

The official program of the Northern Minnesota Editorial association, which will have its annual outing in Duluth and Mesaba range, Aug. 7 and 8, will soon be out, but without waiting for that it may be said that the editors will have the most enjoyable trip they have ever taken.

Special trains will be nothing to them, for there will be three or four of them and they propose to visit the ranges in style, after seeing Duluth more thoroughly than any body of visitors has seen it in many years.

In view of the fact that President Asa M. Wallace of Sauk Center and A. G. Rutledge of Minneapolis, but for close to a century, Cas Lake and Bemidji, have charge of the arrangements, it is taken for granted that everything will come out as planned and that even the weather will behave. "Doc" has been secretary-treasurer since the first year of getting together and the making and arranging of successful outings has come to be a matter of routine with him. He is the only member of the association who has attended every meeting and outing.

He knows everybody by his or her first name and can tell just how you nearly missed that special on the out of eighteen-hundred, and other intimate details of each and every trip since. A "fall-down" is foreign to his nature; in fact he does not know just what it is.

All Editors Invited.—The outing is not for members of the Northern Minnesota Editorial association or for the members of any association alone. The whole tribe of scribes in the state is invited, and questions are asked to affiliation, race, creed or previous condition of service. Minnesota's editorial editors want every editor in the state to be present if it is found possible, and arrangements have been made for what is likely to prove the best outing that any editorial party has yet taken in Minnesota. It is also desired to impress on everybody concerned that this outing is in charge of the Northern Minnesota Editorial association and that the state association has nothing to do with it.

Those who can will assemble in the Twin Cities on Thursday evening, Aug. 5, and that evening at 11 o'clock a special train will take them to Duluth. Others, who are not able to take the train will be met at the Spaulding hotel, and the forenoon of Friday will be spent in registering, getting acquainted, looking up rooms and selling the coupon book. The evening will be all expenses, including a special train to the range. The coupon book will not include rooms and meals, but that is about the only exception.

See Duluth by Trolley.—That afternoon will be spent in a trolley ride, through the city, and so forth. There will be a banquet in the evening at the Commercial hotel.

On Saturday there will be an all-day trip to the Mesaba range. The editorial party will leave Duluth early in the morning for a trip up the St. Louis river. The trip will be made at the steel plant, which will be inspected. The trip is especially interesting at that time, for the risk of the steel-making period on the river is under way. The trip will be served at Fond du Lac, and will have an opportunity of seeing the Jay Cooke park. The return trip will be made late in the afternoon, and a dinner at 6 o'clock, the party will have a four or five-hour trip on the lake.

Visiting Mesaba Range.—On the next day, Sunday, the trip to the Mesaba range will be made in a special train, and arrangements will be made by the commercial club of Virginia and Hibbing for elaborate luncheon. The start for the range will be made at 10 o'clock, and the first stop will be made at Virginia, where luncheon will be served. The trip will be made at 10 o'clock, and the first stop will be made at Virginia, where luncheon will be served.

Mr. Rutledge says that he expects a large crowd from the southern part of the state, as he already has assurance from many. The Duluth office is being taken care of by George D. McCarthy, assistant secretary of the Duluth Commercial club.

Origin of Association.—The Northern Minnesota Editorial association is the outgrowth of a meeting held at Park Rapids on Aug. 8, 1908, when nine publishers of papers in the vicinity of Park Rapids organized the Great Northern Editorial association. Officers elected at that time were: Rudolph A. Lee, Long Prairie, president; J. J. Courtwright, Bertha, leader (subsequently publisher of the Staples Headlight, now retired from active newspaper work); secretary, J. D. Harnden, Park Rapids; treasurer, Subsequent meetings and officers were:

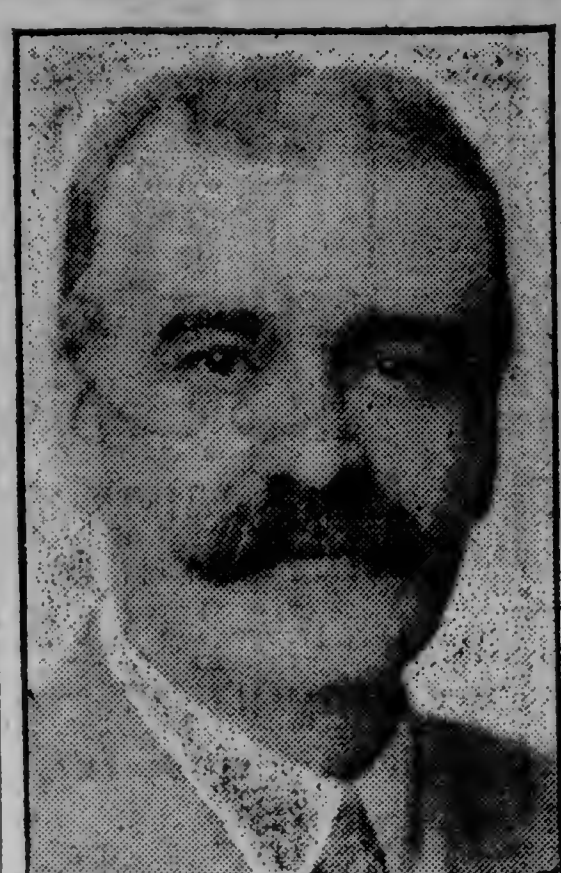

At Wadena, Dec. 4, 1908; officers elected—Rudolph A. Lee, president; C. E. Pryor of the Bemidji Pioneer (now dead), vice president; J. J. Courtwright, secretary-treasurer; ten in attendance. Outing at Bemidji, July 15-17, 1909; twelve attended; names changed from Great Northern Editorial association to North-Central Minnesota Editorial association.

Business meeting at Sauk Center, Dec. 3-4, 1909; sixteen attended; officers elected—A. M. Welles, Sauk Center, president; F. G. Scherer, editor of the Worthington, vice president; A. G. Rutledge, Bemidji, secretary-treasurer.

Outing at Glenarry Springs, Walker, June 4-6, 1910; forty attending. Business meeting held at Staples, Jan. 6-7, 1911; thirty active members present. Officers elected—Harold Knutson, Foley Independent, (now retired from active newspaper work), president; P. A. Dara, vice president; A. G. Rutledge, secretary-treasurer. Outing held at Park Rapids June 9-10, 1911; seventy-five attending. Business meeting at Long Prairie, Jan. 19-20, 1912; large attendance; officers elected—P. A. Dara, president; C. E. Kiley, Grand Rapids Herald-Review, vice president; A. G. Rutledge, secretary-treasurer.

Outing at Grand Rapids, June 21, 23 and 25, 1912; large attendance. Business meeting at St. Cloud, Jan. 24 and 25, 1913. Officers elected—C. E. Kiley, president; C. E. Scherer, Akeley Herald-Tribune, vice president; A. G. Rutledge, secretary-treasurer.

Outing at Bemidji, June 13, 14 and

A. G. RUTLEDGE.

14, 1913; eighty attending. Business meeting at Little Falls, Jan. 16 and 17, 1914; large attendance. Officers elected: C. F. Scheers, president; F. G. Schlipf, St. Cloud Times, vice president; A. G. Rutledge, secretary-treasurer.

Outing at International Falls, Spooner and Baudette, Lake of the Woods, Kenora and Warroad, July 17, 18 and 19, 1914. Special trains on Northern Pacific railway conveyed the party from the Twin Cities to International Falls; a special train on the Canadian Northern took the party from Port Frances to Spooner and Baudette, and the steamer Kenora took them for a trip on the Lake of the Woods, stopping at Kenora, Can., and returning to Warroad, a special on the Canadian Northern train taking the party from Warroad to International Falls and a Northern Pacific special returned them from International Falls to the Twin Cities and intervening points. One hundred and sixty participated in this outing, and the resolution committee, made up of old newspaper men, who have attended every editorial gathering ever held in the state, said this was the best of all.

Business meeting at Thief River Falls, Jan. 22 and 23, 1915. Officers elected: A. M. Wallace, Sauk Center Herald, president; P. J. Vasily, Little Falls Herald, vice president; A. G. Rutledge, secretary-treasurer.

The membership of the association has grown from fourteen to more than 100 active Northern Minnesotans. There are no dissentions or disagreements in the association, mainly due to the fact that politics has been eschewed.

WEST END

VASA ORDER GAINS 100 NEW MEMBERS

Sofia Lodge Makes Big Growth During Last Six Months.

Sofia Lodge No. 209, Vasa order, made a gain of 100 new members during the last six months, according to a report made at the annual meeting and installation held by the society at the Woodman hall. Twenty-first avenue and Third street, last night. The society has now 349 members.

The installation ceremony, which was assisted by an installing staff consisting of Edwin Hornstrom, Theodore Anderson and Mrs. Rudin. The new officers are: President, Mrs. Ida Hellstrom; president, Mrs. August Wholin; vice president, Mrs. Josephine Erickson; assistant secretary, Mrs. Levin; secretary, Mrs. Anna Olson; master of ceremonies, Mrs. A. Anderson; inner guard, and Mrs. Emma Nelson, outer guard.

The lodge voted to take part in the annual joint picnic of Vasa lodges at the head of the lake, to be held next month. Miss Ruth Safo, Edna Johnson and Emma Olson were appointed to work with the other committees.

ONLY FEW WILL PATRONIZE MARKET

Late Frosts and Heavy Rains Destroyed Garden Truck.

But few farmers will appear this summer at the West end public market, according to statements made by some of the Herantown gardeners.

Heavy rains and late frosts causing destruction to the early stuff is given as the reason for the small number of farmers who have been producing to the market place.

Many of the farmers have had to plant their gardens the third time, and nearly every one planted at least twice. A few who were favorably located, had their produce saved from the destructive frost and rains, but many had only small gardens with produce enough for their own use only.

It is probable that there will not be more than four or five farmers who will bring their produce regularly to the West end market this year. Some small gardeners living within the

OUR GREAT MID-SUMMER

SACRIFICE SALE

TRAIN KILLS HORSE; DRIVER UNINURED

Gust Bloom Victim of Collision While Rounding Sharp Curve.

Gust Bloom, 327 North Twenty-seventh avenue west, narrowly escaped being seriously injured, a horse he was driving was killed and his wagon badly smashed when struck by an out-of-bound Northern Pacific passenger train at 4:45 o'clock yesterday afternoon.

Bloom, who is a driver for the People's Brewing company, was crossing the railroad track at Forty-second avenue west.

A sharp curve at this place prevented Bloom from noting the approach of the train, and he fell without any serious injury. The horse was instantly killed. The passenger train was bound for Fond du Lac.

MIXED BLESSING.

West Enders Admit Oil Lays Dust But Has Its Drawbacks.

Oil spread on the streets of the West end is proving of great benefit in laying the dust, but while drying, has caused the utterance of many "mixed blessings." The complaints of the oil have been coming from pedestrians, drivers, housewives and street car men.

In crossing the streets where the oil has been spread, it has been almost impossible to avoid getting it on the feet. What has been spread over the oil at intersections has not been said, been sufficient to prevent gathering up some of the oil. This is "mixed" into the homes and stores.

Street car men have met with considerable trouble, especially on Third street, on account of the oil. In spreading the oil some of it has dripped on the rails, making the steel greasy and slippery. Sand has been used but has failed to stop cars in many cases.

The department is now placing oil on Michigan street. Several other thoroughfares in the West end will be given a coating, according to plans of the public works department.

SUNDAY SCHOOL PICNIC.

About 400 Bethany Pupils Will Go to Fond du Lac.

More than 400 children, as well as the entire staff of officers and teachers of the Bethany Swedish Lutheran church, Twenty-fourth avenue west and Third street, will leave tomorrow morning on the steamer Columbia to spend the day picnicking at Fond du Lac. The steamer will be boarded at the Twenty-first avenue dock at 9 o'clock.

Members of the school will meet at the church in order to leave there not later than 8:30 a. m. and will march in a body to the dock.

A program of sports and games, including baseball, races and other events has been planned by the committee in charge. The party will return about 7 o'clock.

FAVOR MORE IMPROVEMENTS.

West End Merchants Will Support More Liberal Policy.

Civic improvement for the West end featured the discussion of the merchants of the West end at the monthly noon luncheon held at 1 o'clock today

CHURCH BEAUTIFIED.

Interior of Brainerd Edified Has Been Transformed.

Brainerd, Minn., July 14.—The interior decorations in St. Francis Catholic church have been completely transformed by the efforts of the Brainerd Presbyterian church, Thirty-ninth avenue west and Fourth street.

The West end Commercial club will meet tomorrow evening at the Simonson hall, Twenty-first avenue west and Superior street. A report of the cleanup campaign will feature the session.

Members of the Epworth League of the Grace M. E. church will enjoy an outing this evening at Park Point. A "winer roast" will be the feature.

Mrs. Chris Erickson and Mrs. R. Anderson were last afternoon at a meeting of the Ladies' Aid Society of the Zion Norwegian Lutheran church.

Central Plumbing & Heating company, 2004 W. Superior St., Lincoln 923. Buy your summer suit now at big savings at the Oak Hall Clearance sale.

Woman Killed Here.

Little Falls, Minn., July 14.—A coroner's jury yesterday gave a verdict of suicide by shooting in the Florence Johnson case. A rifle was found in the lake where it fell from her hands.

Rose Bush Scratch Fatal.

St. Croix Falls, Wis., July 14.—Mrs. Fred Christie died in St. Francis hospital following a scratch on her finger with a thorn on a rose bush.

The Heat Won't Hurt the Baby—

If you keep him outdoors at least five hours each clear day; if you don't put too many clothes on him; if you let him play on your bed without any clothes on at all for an hour each day (this is his exercise); if you feed him regularly and are sure his food is right.

And know, you mother with that precious little body in your arms—that the food counts most of all. What good are air and exercise if his little body is not fed by the food that will make him grow? He will grow big and strong on your own breast milk. And after the sixth month give one feeding a day of

Nestlé's Food

because Nestlé's is so like mother's milk that baby can combine the two. Later make it two feedings a day—until at last—the baby is all weaned on Nestlé's.

Nestlé's makes summer glad for you and easy for your baby. There's health in Nestlé's and round little arms that cling and round little legs that kick. There's no danger of unclean milk—or the germs that grow so fast in ordinary cow's milk. Nestlé's is made from the milk of healthy cows, in Sanitary Dairies. All the harmful, heavy parts have

Send the Coupon. It will bring you, free, a box of Nestlé's Food—applicable for 12 feedings—and a book about babies for specialists.

Louisville Man Says Tanlac Did More Good Than Resort.

Declares It Relieved His Catarrh and Gave New Appetite.

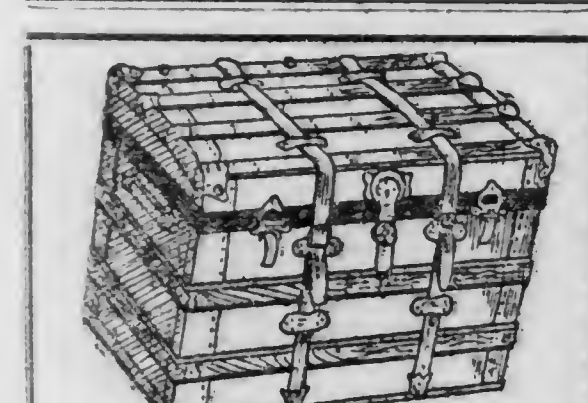

Louisville, Ky., July 13.—S. B. Swisher, connected with the Hotel Henry in Louisville and widely known to the traveling public throughout the country, said today that one bottle of Tanlac, the premier preparation, had done more to relieve a long-standing case of catarrh than ten weeks at Asheville, North Carolina.

"For years," he said, "I have been a half-sick man. I suffered chiefly from catarrh and widely known to the traveling public throughout the country, said today that one bottle of Tanlac, the premier preparation, had done more to relieve a long-standing case of catarrh than ten weeks at Asheville, North Carolina.

"For years," he said, "I have been a half-sick man. I suffered chiefly from catarrh and widely known to the traveling public throughout the country, said today that one bottle of Tanlac, the premier preparation, had done more to relieve a long-standing case of catarrh than ten weeks at Asheville, North Carolina.

"After I had taken Tanlac only a short while, I felt wonderfully improved. My appetite and strength have returned. My stomach is in almost perfect shape. My food agrees with me, and I look forward with pleasure to my meals. Instead of feeling tired, I feel new life and vigor. I am in better shape than I have been in years. In my opinion Tanlac is a remarkable remedy."

TRADE PAPER TO BE USED

Wisconsin Banker Predicts Settlements Will Be With Notes.

Bankers' Annual Convention Being Held in Milwaukee.

Milwaukee, Wis., July 14.—"Thoughtful bankers are readjusting their methods to fit new conditions. Loans are being made or renewed with a view to having them eligible for discount. Manufacturers and wholesale houses are beginning to arrange settlements with notes and it is quite customary for Federal reserve banks to discount trade paper within a very few days," said Earl Pease, president of the Wisconsin Bankers' association in addressing the annual convention of that body today.

"Readjustment of methods is as important for state as for national banks," he said. "The Federal reserve banks are beginning to discount trade paper within a very few days."

Mr. Pease called attention to the success of the drive among the bankers to stimulate interest in better farming methods.

"If the United States is to be finally saved and perpetuated for a great purpose among the nations of the world, it will be only through the awakened conscience of the business men of America to their responsibility to the state," said Edward P. Trez, head secretary of the Chamber of Commerce of the United States, speaking on the "Social, New Crisis and the Old Patrioticism."

Mr. Trez asserted that a nation could not accomplish the results of its best endeavors when business interests of individuals were hampered by attacks and dwelt in the uncertainty of the future.

Secretary George D. Bartlett's report showed a membership of 808 and that 13 banks on the "non-compliance" list. Mr. Bartlett said there had been but one attempt at bank robbery during the year, the damage and loss of which was less than \$1,000. The Wisconsin law providing forty years punishment for bank burglary he said was an important factor in preventing such crimes.

Joseph H. Boyd of Madison, speaking on a phase of the Federal reserve act said he believed the time soon would come when the obvious advantages of the new system will be everywhere apparent and that the state banks of all those which have conservative banking laws will undoubtedly join the Federal reserve association.

RESTORATION OF ORDER

Restoration of normal conditions in Mexico City by the newly established Carranza authorities, is going rapidly forward, according to advice to the state department.

Gen. Carranza in a message to his Washington agents last night telling of the capture of Mexico City, stated that he had sent to the capital by special train all the personnel for the departments of the treasury, interior, justice, and education, and that "ample guarantees would be given to everybody, whether native or foreign."

With the reopening of the cable, details of the fighting around Mexico City and its evacuation by the Zapatistas are beginning to come forward. A message to the state department from the Brazilian minister dated July 11 was summarized by the department in this statement:

"After a prolonged resistance, as far as their ammunition permitted them to make, the Conventionists evacuated the city. Heading the strong and continuous appeals of the Brazilian minister and his leading plenipotentiaries, the Conventionists agreed to leave the city, not to carry out their threats of forcing the Conventionists to leave upon foreigners, etc., they retired very quickly without putting these measures into effect."

Peacefully Occupying City. Carranza's statement added, "are said to be peacefully occupying the city and a decree of amnesty had been issued. It is said, will greatly contribute to calm spirit and to the preservation of order."

"It is stated that the banks and stores will remain open, and that the circulation of money is being maintained. The water supply has been cut off. The water supply has been cut off. The water supply has been cut off."

Later information from Mexico City telling of the giving of the water supply to the city, and the fact that the water supply has been cut off. The water supply has been cut off. The water supply has been cut off."

A dispatch dated from Piedras Negras, Coahuila, dated July 13, stated that Gen. Carranza had sent word to Gen. Huerta that he had defeated the Conventionists completely, and that he was now in possession of the city. Carranza claimed that he had lost 100 dead, and 120 wounded.

WRIGHT TO JOIN BOARD (Continued from page 1.) ers of the board will be, but I am sure it will be a great benefit to the government and I think it is the duty of every patriotic American to serve if he is asked."

Widely Discussed. Washington, July 14.—The decentralization of the inventive genius of the country to aid in working out naval problems as proposed by Secretary Daniels was widely discussed by officials both of the navy and the state department today. Mr. Daniels, as head of the civilian advisory board, met with unanimous approval.

Mr. Daniels, having consented to take up the question of decentralization of the inventive genius of the country to aid in working out naval problems as proposed by Secretary Daniels was widely discussed by officials both of the navy and the state department today.

BERLIN VIEWS ON COMMENT

(Continued from page 1.) ing the reception of the German note, the bulk of the work in testing new devices and evolving suggestions must fall upon the department itself, the secretary explained, and for that reason, he contemplates the creation of a bureau of invention and development to which the civilian experts will be an advisory board. What officer will head this bureau has not been disclosed, but the name of Rear Admiral Stanley Fluke, attached to the naval war college, but now on special duty in Washington, was insistently mentioned in departmental gossip.

Admiral Fluke has developed many of the devices now employed not only in the United States navy, but in all the navies of the world.

Gen. Carranza's statement added, "are said to be peacefully occupying the city and a decree of amnesty had been issued. It is said, will greatly contribute to calm spirit and to the preservation of order."

"It is stated that the banks and stores will remain open, and that the circulation of money is being maintained. The water supply has been cut off. The water supply has been cut off. The water supply has been cut off."

Baseball Rowing

WHITE SOX TAKE FIRST BATTLE FROM VIRGINIA

Hallman Shades Hawkins
and Dooks Breeze
Home 2 to 1.

Both Teams Play a Lively
Brand of Airtight
Baseball.

Continuing the role of proud and
haughty victor, after lingering long
as the lowly and down trodden, the
dashing Dooks again yesterday turned
toward the enemy and showed a new
of snarling teeth. Virginia was the
victim, losing the opening game of the
series by the score of 2 to 1.

Lefty Hawkins, termed the prize
hard luck pitcher of the league, was
knocked for the visitors, while Hall-
man was the flinging kid for our
side. Hawkins was nipped for seven
blows, while five bingles were all that
Hallman allowed the rangers.

It was the fifth round that turned
the tide of the game. In this frame
three blows a walk and a prize blow
for Portman produced two runs, just
enough to wait us in ahead of the in-
vaders.

Wolfe stroled and Morse took some
of the joy out of life by letting to
Cronin. Kurke took enthusiasm for
the hand and led it down front stage
when he singled past second. Hallman
whiffed, but Burgevald cracked one a
mile-a-minute to Portman, scoring
Wolfe. After recovering the ball
Dutch held it and watched Kurke
sneak home.

On the previous day Hewitt held a
ball in left field and watched a local
runner hike home. Yesterday a Portman
joined the watchful waiting list.

Few Paw Sweeney, who went in to
catch when Kurke was shifted to left
field, as Altman is non compos mentis
against left hand twirlers, singled to
right and McCabe heaved home ahead
of Burgevald.

The lone counter of the visitors oc-
curred in the ninth, and thusly, led-
Burkevald walked with one soldier down;
Grisch walked, and then McCabe
singled to left center and the dead
was dia. Counters forced McCabe at
second and the game was over.

Both sides played a brand of airtight
baseball, the home of Portman being the
only skull miscue of the party. After said
hard luck essay at hurling winning
ball, Hallman got the breaks and came
through in nice fashion.

Darby has his team looking along in
steady manner now and it looks as if
the Dooks are due for a climb. If the
little manager of the Sox continues to
win it is possible that he will hold
his job the remainder of the season.

More power to Darby—he's coming
through after a bad start.

AMERICAN LEAGUE

Good to Each Other.

Cleveland, Ohio, July 14.—Cleveland
and Boston divided a double-header
yesterday, Boston taking the first, 7 to
3. Cleveland the second, 8 to 6. Each
game was won in the ninth inning, er-
rors allowing Boston's victory. While
Chapman's single, Grane's sacrifice
and Kikie's single accounted for Cleve-
land's winning tally, Wild throw by
Mitchell gave Boston its five runs in
the second contest. Another double-
header is scheduled for Wednesday.

First game—R. H. E.
Boston.....000020003-7
Cleveland.....000000000-3
Batteries—Ruth and Thomas; Walker
and Hall.

Second game—R. H. E.
Boston.....000000000-6
Cleveland.....001400001-8
Batteries—Maya, Leonard and Cady,
Carrigan; Mitchell, Jones, Morton and
O'Neill.

Yankees and Tigers Divide.
Detroit, Mich., July 14.—New York
and Detroit won and lost yesterday,
the Tigers taking the first game, 3 to
2, and the Yankees the second, 10 to 8.

Covaleskie was in fine form in the
first contest, allowing only four hits,
two of these combined with errors in
the eighth inning, giving the visitors
their two scores. In the second in-
ning of this game, Crawford, first up,
tripled on the first pitch and Vaughn
hit the first ball delivered to him for
a homer. Five Detroit pitchers were
used in the second game, as the
Yankees were the least effective. The Tigers
got away with a good lead, but New
York tied it up and won in the
seventh on three singles, a double, a
three-bagger and a sacrifice.

First game—R. H. E.
New York.....000000020-2
Detroit.....021000000-3
Batteries—Warren, Donegan; Sweeney,
Nunamaker; Covaleskie and Baker.

Second game—R. H. E.
New York.....201024000-10
Detroit.....230001002-8
Batteries—Cole and Young; George
and Sweeney; Dubuc, Oidham, Daus,
Stein, Boehrer and Baker, Stange.

Cut Honors in Two.
St. Louis, Mo., July 14.—Rebelling
won the first game of a double-header
for his team from St. Louis yesterday
by 3 to 2, then Walter Johnson
battered the Washingtonians were
shut out. The visitors scored the win-
ning run of the first game, 10 to 6.

Wellman and the Washingtonians were
shut out. The visitors scored the win-
ning run of the first game, 10 to 6.
In the eighth after St. Louis tied the score
8 to 8, the seventh, in the eighth, Dan-
iels earned two of their three
runs on three successive singles and
Baltimore's error in the seventh in-
ning.

First game—R. H. E.
Washington.....000110010-3
St. Louis.....100000100-2
Batteries—Johnson and Ladd; James,
Perryman, Leverenz and Seaver.

NATIONAL LEAGUE
Pirates and Braves Exchange.

Boston, Mass., July 14.—Pittsburgh
took the first game of yesterday's
double-header 3 to 1, and the locals
the second 7 to 6. Pittsburgh's victory
was won in the eighth, was due to three
Boston errors followed by a sacrifice
hit, a sacrifice fly and a single. Boston
had a big lead when the ninth inning
of the second game began. In the
inning fielding Pittsburgh to two singles up
to that time. The pitcher then relaxed,
and a bunching of hits gave the vis-
itors five runs. Score:
First game—R. H. E.
Pittsburgh.....000000030-3
Boston.....000000010-1
Batteries—Kathliener and Gibson;
Ragan, Hughes and Gowdy.

Second game—R. H. E.
Pittsburgh.....000000105-8
Boston.....100101133-7
Batteries—Harrison and Schanz;
Davis, Hughes and Gowdy.

Dodgers' Climb Halted.
Brooklyn, N. Y., July 14.—Cincinnati
broke Brooklyn's winning streak yester-
day, winning a pitchers' battle be-
tween Schneider and Pfeffer 5 to 1. The
Brooklyn defense went to smash at a
critical period, errors helping the Reds
to most of their runs. Grob's triple
hit a sacrifice fly and a single. Boston
had a big lead when the ninth inning
of the second game began. In the
inning fielding Pittsburgh to two singles up
to that time. The pitcher then relaxed,
and a bunching of hits gave the vis-
itors five runs. Score:
First game—R. H. E.
Pittsburgh.....000000030-3
Boston.....000000010-1
Batteries—Kathliener and Gibson;
Ragan, Hughes and Gowdy.

Second game—R. H. E.
Pittsburgh.....000000105-8
Boston.....100101133-7
Batteries—Harrison and Schanz;
Davis, Hughes and Gowdy.

Giants' Climb Halted.
New York, July 14.—New York won
an uphill fight against Chicago and
pulled the Cubs out of the lead by beat-
ing them 4 to 3. The Giants made only
three hits on Humphreys' delivery until
the eighth inning, when they reduced
a three-run lead to one run. In the
ninth inning the visitors faltered badly,
and with the bases full, Brainerd, a
pitcher, drove in two runs, win-
ning the game. Double of New York
was scored by Cutshaw on two hits, an
out and a sacrifice fly by Miller. Score:
Cincinnati.....013000010-6
Brooklyn.....000000100-1
Batteries—Schneider and Wingo;
Pfeffer and Miller.

Close Scored Shut-Out.
Pittsburgh, Pa., July 14.—Pitcher
Cullop for Kansas City shut out Pitts-
burgh here yesterday, 1 to 0. The
visitors scored their only run in
the first inning on a pass and two
hits. Pittsburgh filled the bases
in the second inning, but Cullop tight-
ened and retired the side.

Score:
Kansas City.....100000000-1
Pittsburgh.....000000000-0
Batteries—Cullop and Brown; Allen,
Hearne and Berry.

Brooklyn 6; Baltimore 5.
Baltimore, Md., July 14.—Brooklyn
defeated Baltimore yesterday, 6 to 5.
Bender pitched good ball up to the
eighth inning, when he was hit all
over the field for five runs. Score:
Brooklyn.....000001050-6
Baltimore.....001000022-5
Batteries—Fineran, Seaton, Wiltse
and Land; Bender and Owens.

AMERICAN ASS'N.
Millers Beat Colonels.

Minneapolis, Minn., July 14.—Min-
neapolis won yesterday 4 to 3 in the
eighth inning when Charley doubled.
Autrey tripled, and Holland, a pinch
hitter, doubled in what proved to be the winning run.
The first two Minneapolis runs were
the result of errors. Score:
Minneapolis.....010000000-4
St. Paul.....000000000-3
Batteries—Pills and Clemens; O.
Williams, Yingling and Ghartry.

Brewers 6; Senators 2.
Milwaukee, Wis., July 14.—Rhodes
kept the visitors' hits well scattered
outside the infield while the home
team hit the champions bunched their
hits with a sacrifice fly. Score:
Curtis and Passes and won 6 to 2.
Columbus.....000100100-2
Milwaukee.....000000000-0
Batteries—Curtis and Coleman;
Rhodes and Brannan.

Saints Top Column.
St. Paul, Minn., July 14.—St. Paul
into first place yesterday by de-
feating Indianapolis in the fourth
game of the series, 7 to 2, making it
ten straight victories for the Saints.

Suburban Handicap On.

ten entries, eleven horses are started

YOUNG GOLF STAR RATED AS DARK HORSE

Oakland, Cal., in the competition at
the Panama-Pacific exposition cham-
pionship tournament, Williams defeat-
ed Murray in three hard-fought sets,
the scores being 8-6, 7-9 and 9-7.
Williams is the only eastern single
player remaining in the tournament,
G. M. Church, and Dean Mathey, both
of Princeton, having been defeated
earlier in the day.

New York, July 14.—Harry Smith,
catcher for the New York Nationals,
was given his unconditional release
yesterday. Smith balked upon the
Giants management attempted to send
him to Rochester of the International
league and asked for his release,
which was granted him.

New York, July 14.—Three players
of the New York Nationals have
been released to clubs in the Interna-
tional league, it is announced. Pitcher
Marty McHale was sent to Montreal;
Pitcher Emory Carroll to Richmond,
Va.; Peter Datto, an outfielder, to
Toronto.

**SAYLOR HAS BETTER
OF CHARLEY WHITE**
Boston, Mass., July 14.—Charley
White, the Chicago contender for the
lightweight title, and Milburn Saylor
of Indianapolis boxed twelve rounds
to a draw last night. Many of those
who saw the battle gave it as their
opinion that Saylor had the better of
White in a majority of the rounds.

Donovan Stays With Harvard.
Cambridge, Mass., July 14.—William
P. (Pooch) Donovan has signed a con-
tract for the Harvard Athletic as-
sociation to continue as coach for
the track team, and as conditioner for
the football squad for another term
of two years. Donovan has been con-
ditioner and coach at Harvard for
nine years.

Golf Title Entries Close.
Chicago, July 14.—Entries for the
Western amateur championship golf
tournament to be held on the links
of the Mayfield country club, Cleve-
land, July 19-24, closed last night with
163 players listed for the qualifying
rounds. Nearly all the prominent
players of the Western Golf associa-
tion, including "Chick" Evans, present
champion, and three members of the
title since 1909, are entered.

**PORTAGE LAKE
GOLFERS COMING**
Copper Country Team Will
Meet Northland Play-
ers for Cole Cup.

On Friday and Saturday of the
present week the Portage Lake Golf
club will host the members of the
Northland club for the possession of
the T. F. Cole trophy.
The cup is held by the Northland
club, and the having met and vanquished the Houghton
players last season.

John Pryor, E. W. Nicholas, J. J.
Zealand, W. R. Thompson, W. D. Cal-
verly, E. L. Robinson, J. Deo, J. J.
Worchester, Corbin Douglas, Dr. R. B.
Harkness, S. D. Byrne, W. P. Seager
and F. L. Cairns will make the trip
here with the Portage Lake team.

**COAST PLAYER IS
NEW HIT KING**
Jack Ness, Former Duluth-
ian, Makes Remarkable
Record With Stick.

San Francisco, Cal., July 14.—Jack
Ness, first baseman of the Oakland
team of the Pacific Coast league broke
the world's record for hitting in con-
secutive games when he hit
safely in his twenty-first consecutive
game. His hit yesterday was a single
to center and was caught trying to
steal second. In 41 games he made 70
hits. He leads the coast players with
a batting average of .387, made in 97
games, 365 times at bat, during which
he made 62 runs, 141 base hits, four
three-baggers, 10 home runs and stole
nine bases.

Ness was born in Chicago. He entered
professional baseball with the
Madison, Wis., team 1900.

Ness played with the Duluth White
Sox, several years ago. Later he was
with the Detroit Tigers and then he
went to the Pacific Coast league.
White here Ness looked very flossy as
a first bagger.

**GROAKE MAY GO
WITH VIRGINIA**
Bud Crouke, the first baseman who
drew a release from the Dooks may
catch on with the Virginia club.
Negotiations are said to be in pro-
gress between Crouke and Sundheim,
manager of the Ore Diggers.

Jimmy Collins is with Guelph, On-
tario club, and Dad Ford announced
yesterday that he expected to sign
with a Northern league club before
the league season begins.

Kid Itooley will play some indepen-
dent baseball in Superior Sunday
and Mickey McGraw will parade to
bat with the same troupe.

ONE EASTERNER LEFT.
Williams Alone Remains in Panama-
Pacific Tennis Tournament.

San Francisco, Cal., July 14.—R. Nor-
ris Williams II, of Harvard, tennis
champion of the United States, yester-
day defeated R. Lindley Murray of

DULUTH JUNIOR CREWS BEGINNING TO SHOW SPEED

Ten Eyck Expects to Have Two Fairly Fast Junior
Eights in First Day Regatta Event—There Is
Little Difference in Local Junior and Bantam
Fours—Draws to Be Made Monday.

BY BRUCE.
Here is the latest lineup in the two
junior eights that will represent the
Duluth Boat club in the big North-
western International Rowing regatta
races of July 25 and 26.

Nelson's eight—Nelson, stroke; C.
Olson, 7; Harney, 6; Arons, 5; Paul-
sen, 4; Falcon, 3; Emmons, 2; Mc-
Graw, bow.

McQuade's eight—McQuade, stroke;
Hafner, 7; C. Moore, 6; Elstad, 5; Bly-
stone, 4; Burnett, 3; Burgess, 2; Ros-
man, bow.

The lineup of the two junior fours
is:
R. Olson, bow; Burgess, 2; Hafner,
3; McQuade, stroke.

There is very little difference be-
tween the eights or the fours in the
matter of speed. While as Ten Eyck
says, the junior eights and fours may
be licked in the junior eight and four
events, nevertheless there will be a
great race between the two local
crews in each event.

Whether Ten Eyck can bring either
of his junior crews up to the stand-
ard of the winning Kenora junior
eight is a matter that the remainder
of the present week and the first few
days of next week will determine.

Today Jimmy declared that the two
junior eights were coming along very
rapidly. It remains for the next few
days to determine the class of both of
the eights.

It is probable that one of the ban-
tam crews will be started in the ju-
nior four race. There is very little dif-
ference between the two bantam
crews, and as in the case of the junior
eight and junior four races, whether
Duluth wins the bantam race or not
her two entrants are sure to make a
great race of it.

Draw to Be Made Monday.
The draw for crew position will be
made Monday. Making the draw thus
early in the regatta week will enable
the officials of the big contest to go
ahead with the printing of the pro-
gram.

It was definitely announced today
that all of the races will be started
from stake boat. The course will be
not only boomed off at the lower end,
but posted all the way down to pre-
vent motor boats and launches ap-
proaching too close.

Anthony Puck will be starter. An
old oarsman who has officiated at
numerous regattas of the past, the
choice of "Tony" will meet with gen-
eral approval from the oarsmen of all
of the clubs of the association.

It has not been decided as yet
whether Kenora will enter a crew. Post
Williams is expected to send a lap-
stroke crew down. More entries are
expected from the Grand Rapids Boat
club.

Kent and Olson will compete as a
double. The big fellows have not
done a lot of work until the present
week. It is expected that the next
ten days will make a lot of differ-
ence in the pair that won last year
at the national.

Duluth officials are endeavoring to
arrange a contest between the Du-
luth Boat club's quadruple and a visit-
ing eight. The local club expects
to enter the squad in the Springfield
national and would like the opportu-
nity to try the speed of the scullers
out against one of the crack eights
of the visiting club.

John E. MacGregor will have charge
of the advertising of the regatta, while
Guy Warren has charge of the seat
usher. Elmer Whyte will take charge
of the trophies, and Ray W. Fenton
will aim to please in the water sports.
C. H. Kelly is chairman of the en-
tertainment committee. The annual
banquet of the regatta association will
be held in the main house of the boat
club, Tuesday evening.

ALL-NIGHT HIKE PLANNED.
Boys of the Y. M. C. A. have
planned an all-night hiking trip to
Pike Lake for Thursday evening, and
beginning in the evening the mem-
bers of the boys' department will
walk until the wee ems' hours of the
morning.

Any member of the department may
accompany the trampers. The all-
night hikes have been made fre-
quently during previous summers and
are very popular, according to "Y"
officials.

Tuesday afternoon baseball games
from stake boat. The course will be
not only boomed off at the lower end,
but posted all the way down to pre-
vent motor boats and launches ap-
proaching too close.

This afternoon the boys met at the
main building and went in a body to
the new swimming pool in West Du-
luth.

Get in the Game—"Roll Your Own"
When the umpire shouts, "Play Ball," light up a fresh-rolled
"Bull" Durham cigarette and settle down to root for the home team
—the one best way to enjoy a ball game, as millions of "fans"
will testify.

NEWS OF THE NORTHWEST

ACCUSED ONES CHANGE PLEAS

Quick Action Had in Several Pennington County Criminal Cases.

President of Thief River Falls Council and Three Aldermen Fined.

Thief River Falls, Minn., July 14.—(Special to The Herald.)—Several criminal cases were disposed of in short order in district court here yesterday, when pleas of not guilty were changed to guilty and sentences were pronounced by Judge Grindeland.

Andrew Froelich, charged with having furnished liquor to an Indian, was sentenced to sixty days in the county jail, the sentence being suspended pending good behavior. Attorney C. A. Pitkin was named as probation officer, to whom Froelich must report regularly.

Chris Porter, a local saloon keeper, indicted for selling liquor without a license, was fined \$50 and a jail sentence of thirty days imposed. The full term being suspended on good behavior. Porter operated a saloon under a license issued by the city council at a recent meeting. He had been convicted of violating the liquor laws within the previous year.

City Officials Fined.

Aldermen Frank Effinger, Anton Lennsch, A. H. Akre and President Fred H. Herrick, who issued a license to sell liquor to Chris Porter and Nick Kessler, both being indicted within a year of having violated the liquor laws and who were indicted by the grand jury, had previously pled not guilty and intended to fight the case on account of the fact that the state attorney had not been notified of the city attorney in issuing the licenses. These conditions being taken into consideration they appeared in court and changed their pleas to guilty and were fined \$5 each by the judge.

The case of the state against Dr. J. C. H. Charost, indicted on a charge of manslaughter, was continued until the next term of court, the state not being prepared at this time to produce its evidence. Dr. Charost is charged with having performed a criminal operation upon Mrs. Howard Gessell which resulted in her death.

Other criminal cases on the calendar are Nick Kessler, indicted on a charge of having sold liquor without a license, the case being similar to the Porter case; Mons Engeland, charged with manslaughter; and Edgar B. Bennett, assault in the second degree.

A case that attracted considerable

BRIDGE FOREMAN KILLED

Steps From One Track Before Approaching South Shore Train.

Marquette, Mich., July 14.—John Murray of this city, bridge foreman on the L. S. & I. railroad, was almost instantly killed late Monday, when he was struck by South Shore passenger train No. 2, eastbound, near the railroad bridge at Escada, a few miles west of Marquette.

Murray was in charge of a crew of men who were working on the bridge, and was standing where the D. and M. and the L. & I. tracks cross. He stepped off the L. S. & I. tracks to get out of the way of an approaching train and stepped directly in front of the South Shore train, according to reports. The South Shore train was running at a fairly fast rate, and when the locomotive struck the man his body was hurled down the steep embankment and through a barbed-wire fence. Both legs were broken and several other bones were broken.

Mr. Murray was about 50 years of age, and leaves his wife and two sons, Bryan and John. He had been a resident of Marquette for some time, and was a member of the Masonic fraternity, and was well-known in Marquette.

CROSSING MISSOURI PROVING OBSTACLE

Question of Expensive Bridge Hampers Red Trail Auto Route Plans.

Fargo, N. D., July 14.—(Special to The Herald.)—A great deal of interest is being taken here in the Red Trail auto route from New York to Seattle which crosses this state along the line of the Northern Pacific. The chief difficulty is in the construction of the bridge across the Little Missouri river near Medora. This stream is fordable a great part of the time by team and sometimes by auto, but at others it is impassable.

Town Raising Money.

The bridge will cost \$17,000 and town raising the route between Medora and Glendive, Mont., are assisting in raising that money. Practically all the towns along the route, places within 100 miles of each side have contributed. But the town of Medora, which is the largest town on the route, is raising by subscription.

DAMAGE TO CROPS ABOUT 25 PER CENT

Latest Estimate of Moisture Effects Around Thief River Falls.

Thief River Falls, Minn., July 14.—(Special to The Herald.)—According to reports received from different sections of the farming territory tributary to this city, the damage to the crops as a result of the continued heavy rains of the past six weeks, will not exceed 25 per cent.

The Oregon country, which is a part of the famous Mud Lake drainage district, the damage will not run more than 10 per cent.

COPPER COUNTRY MINES ALL BUSY

Remaining Two Closed By War Depression Resume Shipping.

Calumet, Mich., July 14.—(Special to The Herald.)—With the resumption of mining and shipping at the La Salle and the Lake copper mines this week all the mines made idle by the outbreak of the European war last fall are again working.

The La Salle is shipping ten cars of rock daily to the Franklin stamp mill, keeping one stamphead busy.

SONS OF ST. GEORGE OF MICHIGAN MEET

Annual Convention on at Houghton to Conclude Saturday.

Houghton, Mich., July 14.—(Special to The Herald.)—The annual state convention of the Sons of St. George opened here this morning with the arrival of the grand lodge officers from Detroit and the Iron country. About 1,000 visitors are in attendance. The world's championship Cornish wrestling match, in which John Rowett of Rosemer, heavyweight champion, will participate will close the convention Saturday night.

Winnipeg, July 14.—(Special to The Herald.)—A family reunion of the Bennettville Grael descendants, which was held at the farm home of Mr. and Mrs. William Ferguson, Bennettville,

THIEF RIVER FALLS PLANS MARKET DAY

Thief River Falls, Minn., July 14.—(Special to The Herald.)—A big public wedding, in which the bride and groom will be presented with valuable gifts from local business men, a public auction free to the farmers, a big free lunch at noon, an exceptional outdoor free act by Corbell, who slides down a tower, will be the main features of the day. The wedding will be held at the home of the bride, Mrs. William Edwards, who is visiting here from Duluth.

The party was attended by about forty of the young men of the community, who broke away from their homes to attend the wedding. The bride, Mrs. Edwards, is the daughter of Mr. and Mrs. William Edwards, who are living at home.

COL. ROOSEVELT MUM.

Has Nothing to Say Politically While in Twin Cities.

St. Paul, Minn., July 14.—(Special to The Herald.)—Refusing absolutely to discuss politics in any form, Col. Theodore Roosevelt, accompanied by Mrs. Roosevelt and his secretary, arrived at the union station here over the Soo line yesterday morning. He was met by Frank B. Kellogg, former Republican congressman from Minnesota, and by Fred C. Stevens, former St. Paul congressman. The party were taken to Mr. Kellogg's home for breakfast and a short rest and were afterwards driven to Minneapolis, where they will remain for the night.

WOODMEN'S MEETING.

Committee and Other Routine Work Scheduled for Day.

St. Paul, Minn., July 14.—(Special to The Herald.)—Organization of committees, following the report of the executive committee, was the order of business before today's session of the biennial joint convention of the Woodmen of the World and the Woodmen of the Circle, which began here yesterday.

TO ASSIST HOSPITAL.

Funds Being Raised to Help Rugby, N. D., Institution.

Rugby, N. D., July 14.—(Special to The Herald.)—With J. P. Hardy, secretary of the Rugby hospital, in charge, a campaign is being conducted here to raise funds to help the hospital. The institution was established some years ago and has been operated by a committee of local citizens. The present building is inadequate to care for the number of patients who are receiving treatment here. There are a number of six beds which are being used for patients who are unable to pay for their treatment. A fund is being raised to help the hospital.

CLEMENCY SOUGHT

For Young North Dakotan Who Sinned and Becomes Contrite.

Bowman, N. D., July 14.—(Special to The Herald.)—Bert, a young man, who got married, was arrested, then pleaded guilty and his father had returned the saddle, an effort is being made to secure a light sentence for Walter Lang. The theft was being made by a man who was in the county jail, and the minimum penalty is a year in prison, unless the court grants the prisoner a suspended sentence pending good behavior. The father of the young man, a farmer near Bowman, is endeavoring to have the court exercise leniency.

BLIND MAN SITS LONG BESIDE WIFE'S CORPSE

Milwaukee, Wis., July 14.—Stone blind for many years and constantly attended by his wife, Anna, aged 72, Chris Behm, aged 79, sat beside her body in the basement of their home here from early Monday night until noon yesterday, after she had died of a broken heart by falling down the stairs and pleading with her to take him to his room.

LARGE FAMILY REUNION.

Mr. and Mrs. William Ferguson of Bennettville Grael Descendants.

when their thirteen children, four grandchildren, two sons-in-law and one daughter-in-law, all met together for their parents for the first time in twenty-one years.

Besides the parents the family is composed of Mr. and Mrs. Charles Deming and daughter of Morrison, Mr. and Mrs. William Blaylock and two children and Mrs. and Mrs. William Ferguson and child, St. Paul; Peter Ferguson, Mankato; Miss Polly Ferguson, who arrived recently from Scotland; William, Jr., and Duncan Ferguson, Waukon; and Misses Jennie, Agnes, Glendora, and George, Fred, Robert and Thomas, who are living at home.

spring-fed, and miles of its banks are covered with overhanging willows, and of which are said to contribute to making an ideal breeding ground for trout.

They will spend a few days in Duluth and also in Eagle Bend, Minn.

THIEF RIVER FALLS PLANS MARKET DAY

Thief River Falls, Minn., July 14.—(Special to The Herald.)—A big public wedding, in which the bride and groom will be presented with valuable gifts from local business men, a public auction free to the farmers, a big free lunch at noon, an exceptional outdoor free act by Corbell, who slides down a tower, will be the main features of the day. The wedding will be held at the home of the bride, Mrs. William Edwards, who is visiting here from Duluth.

EMINENT PATHOLOGIST VISITS NORTH DAKOTA

Dickinson, N. D., July 14.—Dr. F. Kolpin Ravn of the Royal agricultural college of Copenhagen, Denmark, spent a day at the Dickinson experiment station. He was accompanied to this city by Dr. G. O. Johnson, a pathologist of the University of Minnesota. Dr. Ravn is one of the most eminent pathologists in Europe.

ONLY SIXTEEN, GIRL VERY SICK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound.

New Orleans, La.—"I take pleasure in writing these lines to express my gratitude to you. I am only 16 years old and work in a tobacco factory. I have been a very sick girl but I have improved wonderfully since taking Lydia E. Pinkham's Vegetable Compound and am now looking fine and feeling a thousand times better."

—Miss AMELIA JAQUILLARD, 3961 Tchoupitoulas St., New Orleans, La.

St. Clair, Pa.—"My mother was alarmed because I was troubled with suppression and had pains in my back and side, and severe headaches. I had pimples on my face, my complexion was sallow, my sleep was disturbed, I had nervous spells, was very tired and had no ambition. Lydia E. Pinkham's Vegetable Compound has worked like a charm in my case and has regulated me. I am now a healthy girl and feel like a new woman."

—Miss AMELIA JAQUILLARD, 3961 Tchoupitoulas St., New Orleans, La.

There is nothing that teaches more than experience. Therefore, such letters from girls who have suffered and were restored to health by Lydia E. Pinkham's Vegetable Compound should be a lesson to others. The same remedy is within reach of all.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

MINNESOTA BRIEFS

Crookston.—The local W. C. T. U. elected the following officers: President, Mrs. E. H. Spendley; corresponding secretary, Mrs. Alva Levine; recording secretary, Mrs. Newland; treasurer, Mrs. S. C. Johnson.

Brainerd.—Miss Mary Monette, aged 54, died at Crow Wing on Sunday and the funeral was held Monday afternoon at her former home. She had been blind since three months after birth. For years she had made her home with her brother-in-law, J. J. Johnson. She leaves a mother and other relatives.

St. Cloud.—A petition for the installation of a white way lighting system on Seventh avenue north from St. Germain street to First street north will be acted upon by the commission.

Crookston.—Word has been received here of the death of Miss Adelia Wasson at Bellevue, Iowa, after a short illness. Miss Wasson was very well known in Crookston, teaching here in the early 80s.

International Falls.—A tarantula was captured at the Border Wholesale company's store in a bunch of bananas and is now making up part of the window display, being confined in a large bottle.

Stillwater.—W. S. Tingley, who resides in the town of Forest Lake, shipped on July 6 to the South St. Paul stock yards thirty-eight fat steers. Of this number thirty-four averaged 229 pounds each and brought \$8.50 a hundred. The other four were not as heavy.

Little Falls.—Little Falls will make a strong bid for the traveling minstrel and clerks' picnic, held annually at some city near Brainerd, which will bring nearly 1,000 people to the city selected for the affair.

Bemidji.—Louis Burchard of St. Paul, who succeeds H. Vignas as director of the Bemidji band, has taken active charge of the organization. He presides that it will soon be one of the best bands in the state, and is planning for the state fair engagement.

Moorehead.—Dr. J. A. Aagaard, president of the Concordia college, on Sunday laid the cornerstone for the new \$35,000 Trinity Lutheran church, which is under construction. It is estimated that over 1,500 people of Moorehead witnessed the service.

East Grand Forks.—Harry Evans, who was arrested Monday afternoon by a house at Rochester, Minn., was yesterday convicted and sentenced to ninety days in the county jail. He was charged with being a contractor, who was arrested in connection with the deal, was released.

WISCONSIN BRIEFS

Neenah.—Arthur Shattuck, pianist of Neenah, Wis., who was operated on at the University of Wisconsin, is reported progressing favorably. It is expected that he will be able to play again in a few days.

Marquette.—Joseph Noel, aged 70, was sentenced to the state prison for one year after being found guilty of taking liberties with four girls.

La Crosse.—August Felka and Michael Henna, wanted at Green Bay on a charge of assaulting John Kapus, were arrested by local detectives here. They were held in the county jail, pending their trial.

New London.—The August Stoltz wrecked by the explosion of a beer keg. Mr. Stoltz was driving a car, the keg to facilitate the flow of the beer when an explosion nearly drove him from the car and painfully injured the proprietor, who was struck in the side by the fragment of the keg.

Marquette.—Menominee and Marquette are in the field for the convention of the Wisconsin and Wisconsin bankers for 1918. Marquette has been picked as the meeting place, which will be held in Milwaukee this week.

While Menominee has been heard at the Michigan convention at Grand Rapids the last of this month.

New London.—William Carl Sander, 30 years old died at the home of his mother in a case of typhoid fever. He was born in Germany Aug. 1, 1875, and came to America when 20 years of age.

PENINSULA BRIEFS

Marquette.—E. Archambault of this city has been notified of his election to the chairmanship of the United National Clothing, Inc.

Negaunee.—Officers of Linnea Lodge, No. 6, Ladies' Auxiliary to the Scandinavian Aid and Fellowship Society of America, have been elected as follows: Best president, Elma Holsen; president, Ida Larson; vice president, Elma Holsen; financial secretary, Hilda Gustafson; treasurer, Helen Olsson; Anna Agrell; financial secretary, Hilda Gustafson; treasurer, Helen Olsson; Esther Carlson; inside watch, Hilda Gustafson; outside watch, Emma Grandberg.

Calumet.—Plans for the midsummer festival of the Italian societies of Calumet and Laurium are about completed. An invitation was extended to General Manager James MacNaughton of the C. & H. Mining company to give the principal address. The outing will take place in the Tamarack park Saturday, beginning with a parade.

Ishpeming.—E. C. Thompson, who has been connected with the mechanical engineering department of the Cleveland-Cliffs Iron company for the past several years, will leave the first of the coming month for the Copper country to take a position with the Copper Range Consolidated company.

Doughton.—Eighty members of the Doughton-Eight Templars that came here on the steamer North America, will leave for Duluth with what is feared to be typhoid fever. On the trip many of the sick with what was diagnosed as typhoid fever, and that the fever cases which have been reported from the same ship.

DAKOTA BRIEFS

Sturgis, S. D.—While moving an old rifle that had not been used for some years, Percy, 11-year-old son of Mr. and Mrs. Charles Fred of this place, was shot and instantly killed. The boy's mother stood near at the time but she did not know the gun was loaded.

Valley, N. D.—The 2-year-old son of Mr. and Mrs. Fred Thorn, living three miles northwest of Turtle Lake, ate a quantity of Michaelson's kopher poison, which had been carelessly left within reach, with almost fatal results. Dr. Heinrich was called in time to save the child's life.

Grand Forks, N. D.—Official census returns of this city, taken in connection with the population of the state university, and East Grand Forks, indicate that Grand Forks is the business center for some 20,000 people. The total population of Grand Forks proper is 15,660. There are 1,459 families.

Jamestown, N. D.—The board of education saved \$230 when at the last meeting, it paid up \$5,000 worth of old bonds, due June 1, 1922, and \$1,000 of Franklin school bonds, due April 15, 1920.

Fargo, N. D.—Mrs. Scott, wife of Rev. F. A. Scott, formerly of this city and other places in North Dakota, died at her home in Fargo, S.D., on June 28. Mrs. Scott was well known in Fargo and throughout North Dakota. Rev. and Mrs. Scott left Fargo about six years ago, they having resided in the city while Mr. Scott was engaged in evangelistic work.

Grand Forks, N. D.—William H. Clawson, assistant superintendent of the National Surety company of New York city, the firm which furnished the five-year indemnity paying bonds for paving work done in this city during 1916, 1917 and 1918, was here looking over alleged faulty paving in this city.

Dodge, N. D.—A narrow escape from serious injuries occurred in the quarters of the company's fire engine at the state encampment, when a fall of lime to be used as a disinfectant exploded. Several of the members were in close proximity at the time and it was feared that they might have been hurled into their eyes.

Blismark, N. D.—Duncan J. McCall of Blismark, former sheriff of Burleigh county, has been named, transportation officer under the new law which went into effect the first of the month. He will have charge of the

At Glacier Park there's no such thing as a hay fever.

For Your Vacation

Glacier National Park!

Out there in the Montana Rocky Mountains it's glorious vacation weather now—ideal summer days, cool restful nights. Auto-stages and launches will take you deep in among the giants of the Continental Divide and among the glaciers. Saddle-horses will carry you up skyland trails to the high passes. Enroute, the mammoth new Alpine hotel on Lake McDermott, the "Many-Glacier," the gateway hotel, the "Glacier Park," and the nine Alpine chalet groups afford unique entertainment.

If you like, you may tour the Park "over trails afoot" and in a pack-sack you may "take your hotel with you." Low round trip fares are in effect daily.

California Expositions via Glacier Park!

By the Oriental Limited and Glacier Park Limited, from Chicago, St. Paul and Minneapolis via Rocky Mountains and Glacier Park, Spokane, Cascade Mountains, Seattle, Tacoma, Portland—enroute a tour of Glacier National Park—aboard new steamships Great Northern and Northern Pacific a voyage down the Pacific, Portland via Astoria to San Francisco—travel this "Great Northern way."

Secure new free Glacier Park Literature—"Hotels and Towns," "Aeroplane Map Folder" and "Walking Tour Book"—and Expositions Folder.

DEMAND FOR AMERICAN DYES.

Orders Pour in From All Parts of the Country.

American manufacturers of natural dyes report a decided stiffening in the demand for their products. During the past fortnight inquiries have been pouring in to the domestic color makers from fabric manufacturers in all sections of the country, many of whom heretofore have been users of the German coal tar products. Several of the Eastern natural color plants are running at full capacity in order to keep up with the demand. According to the president of one of the largest and oldest natural color concerns, manufacturers of cotton goods anticipate no great amount of trouble in changing their dyeing processes so as to use the natural products. As a matter of fact, this man said, the bulk of orders received by his plant are from the cotton cloth producers.

MORE THAN 500 DULUTHIANS ARE ENJOYING THE PLEASURES OF CAMPING OUT WITHIN CITY LIMITS

—Photo by McKenna.

Few cities offer ideal camping sites within their limits. Duluth's suburbs as a camping ground are growing in popularity this year. Scattered along the St. Louis river, on the many islands as well as along the shore all of the way from the east bank of the inlet at Grassy point to Fond du Lac there may be seen tents, small shacks and lean-tos where residents of Duluth are spending their leisure hours. It is estimated that there are more than 500 people, young and old, enjoying camp life within the city limits. Here they are having an outing within an hour's ride of the business district of Duluth. Bathing facilities anywhere along the river are good. At almost any

CAMPER ON GRASSY POINT.

point along the river can be found a sandy beach and with the exception of a few points the beach extends for a hundred or more feet into the river before a depth of water over a person's head is reached. Fishing is also good and occasionally a large muscullunge or sturgeon is caught. Busy business men camp here as well as others whose time is not so well filled. The early morning train from Fond du Lac provides a means of getting to the city before 8 o'clock in the morning and enables them to get back to the camp at 6 o'clock at night. To the industrious this gives an hour's fishing before going to work

as well as two hours of the best fishing in the evening. Several people have been camping lately on Whitesides island, Spirit island and other places where a rowboat is needed. At the latter island which is owned by the government there are a dozen campers who spent the last week-end in tents. The St. Louis river cannot boast of having all of the campers within the city limits. There are many scattered along the lake shore east of Lester Park to points within a short distance of Lakewood. Others are also to be found along the Lester river.

NIGHT CREW AT BIG PLANT

Extra Shift of Machinists Needed to Keep Work Moving.

Morgan Park Houses Are Rapidly Filling With Employees.

Determination to have the Minnesota steel plant completed within the period set by the orders of officials of the company in the East, has caused the starting of a night crew working at the plant. A small force of machinists was placed at work on the night shift last night and will be continued until the heaviest rush of the work is completed.

The machine shop is said to be crowded to capacity at present and it is not expected that many laborers will be placed on the night shift but that probably a few more of the skilled workmen will find employment.

Houses at Morgan Park are said to be rapidly being spoken for by employees. Since the latter part of May the influx to the model city has been gradual and now there are said to be nearly fifty families residing in the village.

ZENITH FURNACE TEAM WILL MEET SUPERIOR

The Zenith Furnace baseball team will play the Superior Sox company team next Sunday for the championship of the Head of the Lakes. The game will be played at the Hixson park grounds, and from all indications will prove one of the fastest semi-pro games ever played at the Head of the Lakes. Both teams have fine records, Ashland being the only team to defeat the boxmakers, and Hill City the only team to beat the Zeniths.

The Zenith team, after a week's lay-off, is in fine trim. It is probable that

two new men will be in Zenith uniform next Sunday.

The winner of this game is going after the championship of the Northwest, and will play any fast out-of-town team for the honors.

The Zenith Furnace lineup for Sunday will be: Nelson, catcher; Anderson, first; Donald, second; Wade, shortstop; Scanlon, third; Ross, left field; L. Baker, center field; C. Bager or Stein, right field; Gulliland, Kosak or Barr, pitchers. The Superior battery will be Shook, Flaherty and Ennis.

DOCK WORKMAN HAS SKULL BROKEN

William Williamson Lies at Point of Death in Hospital.

William Williamson is lying at the point of death at St. Mary's hospital with a fractured skull, as a result of an accident yesterday afternoon at Missabe Dock No. 3. A heavy wrench used in tapping the cars slipped, striking him in the forehead, inflicting the fracture.

Mr. Williamson has been employed at the same job for the last three seasons at the dock. How the accident happened is being investigated by the officials of the dock. The mechanism of the dumping apparatus is believed to have become jammed and to have suddenly given way, causing the big wrench to revolve, striking the man unawares.

Mr. Williamson was taken to the hospital in an ambulance. His condition at the hospital was said to be very critical this morning. He boarded at 229 South Twenty-eighth avenue west.

SOCIETIES PLAN JOINT PICNIC

Swedish-Finnish Organization Will Take Steamer Excursion Sunday.

The Swedish-Finnish Temperance society of West Duluth and Norden lodge No. 20 of the Swedish-Finnish Benevolent and Aid society will hold a joint picnic with other Swedish-Finnish societies at the Head of the Lakes at Lake View park, Two Harbors, next Sunday. The trip to Two Harbors will be made on the steamer Easton.

The steamer will leave the Tower Bay ship, Superior, at 8 o'clock and Lake Avenue at 9:30 o'clock Sunday morning. An all-day program of sports has been arranged by a joint committee of the Duluth and Superior lodges.

Special train service on the Duluth & Iron Range railroad has been arranged to bring members of the society of range cities to the picnic. The committee in charge consists of Edward Kromann of Two Harbors, chairman; Charles P. Engdahl, West Duluth, secretary-treasurer; and Emil Anderson, Mrs. Charles P. Engdahl and Victor Kromquist. The program will also include speeches by the mayor of Two Harbors, William Holm of West Duluth, Dr. J. E. Nyquist of Cloquet, and John A. Forsman of West Duluth. Jack-

son's orchestra will furnish the music on the boat.

Picnic Program.

Baseball and other sports will feature the outing of the West Duluth and Pochontas councils to be held at Grassy Point on July 25, according to a report made by the picnic committee at the meetings of the lodges last night at the West Duluth Commercial club room. Members of Zenith council and Ruth council of Duluth are invited to attend the outing.

Following the business meeting, cards and music featured the program. Musical selections were given by Miss Florence Mattson. The hostesses were Mrs. E. J. Fodt, Mrs. J. E. Olson, Mrs. E. J. Amman, Mrs. H. L. Liberty and Mrs. G. L. Hise.

W. C. T. U. Picnic.

The annual picnic of the West Duluth Women's Christian Temperance union will be held Friday at Fairmont park. It was originally planned for tomorrow, but postponed until a day later, owing to another picnic at the park on that day. A program is being arranged. The women will carry basket lunches.

Entertains for Friends.

Mrs. Louis Simonsen, 218 Sixty-first avenue west, entertained yesterday afternoon for a few of her friends. Music featured the entertainment. The guests were: Mrs. John W. Snellman, Mrs. Charles P. Engdahl, Mrs. Charles Johnson, Mrs. Charles Mattson, Miss Betty Frost and Miss Alina Hedman.

West Duluth Briefs.

Rev. J. A. Hultman of Worcester, Mass., will conduct special services at the West Duluth Swedish Mission church, Fifty-ninth avenue and Green street, Friday evening.

Mrs. J. E. Campbell, 428 North Fifty-eighth avenue west, and her sister, Mrs. O. G. Olson, left this morning for a two week's visit with relatives at Eau Claire, Wis.

Guest Anderson left this morning for Barnum, where he will spend the summer farming.

Mrs. B. J. Carpenter, 6 South Sixty-fourth avenue west, has returned from Ashland, Wis., where she has been visiting.

PERSONAL INJURY LAWYERS FLOYD

Called "Ambulance Chasers" By Speaker at Bar Convention.

Nearly 200 members of the Wisconsin State Bar association are in Superior today to attend the annual session of the association at the Superior Commercial club building. Nearly all the members of the state supreme bench as well as district judges from every part of the state are present. The session opened at 2 o'clock with short preliminary reports from officers, Christian Doerflinger of Milwaukee, pres-

JESSE D. EVANS DEAD.

Father of Henry B. Evans Expires Suddenly of Heart Trouble.

Jesse D. Evans, 78 years old, a resident of Superior for a quarter of a century, died of heart trouble while sitting in his chair on the porch of his home at Solon Springs yesterday afternoon. Mr. Evans was a Civil war veteran who leaves a widow, two daughters, Mrs. Charles H. Crowhart of Madison and Mrs. Benjamin Finch of Duluth, and one son, Henry B. Evans of Superior. The latter is well known in Duluth.

The funeral will take place from the

IN FEDERAL COURT.

Twenty-four Cases Disposed of—Personal Injury Suit on Trial.

Twenty-four cases against persons charged with law violation were disposed of yesterday by Judge F. A. Geiger of the Federal court. Of these, eight pleaded guilty and were given jail sentences or fines, twelve pleaded not guilty and their cases were continued until the term of court which opens Oct. 6, and three were dismissed. Citation papers were also granted to three applicants.

The personal injury case of Theodore Thorstenson against the American Steamship company is being argued before the court this morning.

Wisconsin Compensation.

International Falls, Minn., July 14.—B. T. Hull of Duluth, adjuster for an insurance company, is here taking care of the claim of Martin F. Starkweather of Big Falls, a young man who was employed in a lumber camp in Wisconsin last winter and was struck in the eye by a stick thrown by another man. His eye was quite badly injured but he did not lose it and will receive \$750 from the insurance company under the Wisconsin compensation law.

DULUTH AND SUPERIOR RED MEN WILL HOLD ANNUAL OUTING SUNDAY

MEMBERS OF THE RED MEN'S PICNIC COMMITTEE.

Left to Right: Top Row—H. N. Miller, Mesaba Tribe No. 25, Duluth; H. H. Bartling, We-Ka-Ma-Wup Tribe No. 17, Duluth. Lower Row—R. J. Neville, Gitche Gumme Tribe No. 7, Superior; O. D. Burnett, Ojibaw Tribe No. 5, Superior; William Daley, Okoboji Tribe No. 14, Superior.

Members of We-Ka-Ma-Wup Tribe No. 17, Duluth and Superior Improved Order of Red Men, have chosen the committee to make arrangements for the annual picnic of the Northwest-ern Red Men to be held at Lake Nebagamon next Sunday. Indications point to the fact that the affair will be one of the

largest gatherings of Red Men that has been held here for many years. There will be several tribes of both Duluth and Superior represented, besides many guests of honor. We-Ka-Ma-Wup Tribe of Duluth is one of the most active members of the organization, and its influence in the order is not small.

CITY WILL CELEBRATE OPENING OF STEEL PLANT

Commercial Club Publicity
Committee Takes Initial
Move in Matter.

All Civic Organizations Are
Asked to Help Form Gen-
eral Committee.

State Government Asked to
Take Part; Steel Corpora-
tion Heads Invited.

A community celebration of the in-
dustrial progress of Duluth on the
opening of the Minnesota Steel com-
pany's plant was decided upon by the
publicity committee of the Commer-
cial club at a meeting held today.
The big plant will begin turning
out steel July 1. On the celebra-
tion date, the committee proposes that all
Duluth celebrate down-town with
parades, speeches, fireworks and all
other means for expressing enthu-
siasm.

Every organization in the city will
be invited by the club committee to
send delegates to a meeting to be
held soon for the organization of a
general committee to have charge of
the celebration. The nature of the

celebration will be worked out by
that general committee. The Com-
mercial club committee has merely
taken it upon itself to start the ball
rolling, and later it will be taken up
by the general committee and the
work carried on.

Will Invite State.
The committee, in its discussion to-
day, brought out a number of sugges-
tions. It is proposed to ask the whole
state of Minnesota, through the gov-
ernment of the state, to participate in
the celebration. Invitations undoubt-
edly will be sent to President Parson,
Chairman E. H. Gary, and other offi-
cers of the United States Steel corpo-
ration to represent that corporation,
and to Governor Hammond and other
state officers.

The opening of the steel plant will
be the biggest thing to happen for
Duluth in many years, said Chairman
H. W. Zinsmeister of the publicity
committee after the meeting. The
opening of the plant should be cele-
brated, if only to express in some
tangible way the awakening of busi-
ness faith and civic pride in Duluth
which has been the result of the
operations at that great industry.

Whole City Should Take Part.
"We should have the whole com-
munity in. We should have a parade
with the steel plant in the lead. We
should have plenty of red fire and
plenty of enthusiasm. Whether one
wishes to be a part of the celebra-
tion, but if not, I believe the event
justifies a civic half holiday so that all the people may partici-
pate."

Of course all of these details must
be worked out by the general commit-
tee. I merely sketch the opinion of
the publicity committee as to the form
the celebration should take. In my
opinion, if the celebration is conducted
on a large scale, we will have a
civic awakening that will have long-
lasting results."

before the United States district court
here during the July term. Mueller's
case has been set at the foot of the
calendar.

Boy Hit By Jitney.
Otto Quickstrom, age 12, was slightly
injured shortly before 8 o'clock last
night when he was bumped by a jitney
while crossing Superior street at
first avenue west. M. Bender, 2416
West First street, driver of the car,
was held in his home at 803 and
first street. Bender was absolved from
any blame for the accident.

Butcher's Picnic.
The twenty-fifth annual picnic of
Duluth's union, local No. 12, will
be held at Fairmont park, Thursday,
July 22. Dancing afternoon and evening.

White-Grey's. White-Grey's
July white sale at Gray's, January
prices on linens and white goods.

Boy Dies of Complications.
Ulrich Grandmason, the 6-year-old
son of Mrs. Fred Grandmason of 1320
Minnesota avenue, died this morning
at St. Mary's hospital of a compli-
cation of diseases. The boy's father,
the late Fred Grandmason, was a
well-known business man and died
a few years ago. The funeral will
be held at the home of the family
this morning from St. Jean Baptist
church, twenty-fifth avenue and
third street, and interment will be
in Calvary cemetery.

Frank Helmick Better.
Frank W. Helmick, 1029 East First
street, who has been ill with pneu-
monia for about two weeks, is re-
ported to be improving. It is believed
that the worst stage of his illness
is passed.

Clan Stewart Excursion Postponed.
Owing to the uncertain weather con-
ditions today, Clan Stewart has pos-
tponed its excursion round the horn
until Friday night next. The excursion
was to have been held tonight.

Suggests Peace Conference.
When Judge Cant yesterday after-
noon took under advisement the divorce
action of Sophia Risen, 44, against her
husband, John P. Risen, 47, he sug-
gested that perhaps a reconciliation
might be effected. The court will hold
the case open for a time pending
efforts to effect an agreement between
husband and wife.

Good Reason Why
You think of Gray's when you think of
white—because it pays.

May Lose Citizenship Papers.
Rudolph Mueller, who is under a Fed-
eral charge of having secured his citi-
zenship papers by fraud, will be tried

"BETTER BABIES" RESULTING FROM CLINICS AND MILK STATIONS CONDUCTED BY SCOTTISH RITE MASONS

THE BABIES' CLINIC.

Since clinics have been begun in June
the classes have been growing steadily
and fifty mothers, with their young-
sters, present at each meeting. Yes-
terday's session was held at the Ma-
sonic temple, Lake avenue and Second
street. The clinic and the clinic have
been very busy for two hours yesterday after-
noon.

"I should have a 'This-is-my-baby-
sign' to hang over my desk," she
exclaimed, laughing, "because these
mothers are so anxious to learn that
they don't give us a moment's rest
during our clinics."

Fahy of the health department, have
been doing an excellent work, he says.
"Every mother who can do so is re-
quired to pay seven cents a quart for
milk," explained Miss Heikilla. "You
see, we examine the babies and give
them a bath and prescribe treatment
when it is needed. They feel better
after a trip to the clinic, and have
grown to like us."

"Haven't you," she continued, smiling,
addressing her question to a very
much dejected infant in her arms.
The child's mother tried to prompt
an answer, but the baby only smiled.

The "free milk stations," as the

clinics are called by Director E. W.
Fahy of the health department, have
been doing an excellent work, he says.
"Every mother who can do so is re-
quired to pay seven cents a quart for
milk," explained Miss Heikilla. "You
see, we examine the babies and give

HARD FIGHT FOR FREEDOM

Martin Joyce Has Been Ar-
rested Three Times
Since Sunday.

Alleged Fugitive Has Twice
Instituted Habeas Cor-
pus Proceedings.

Although Martin Joyce, 25, jail
breaker from Duluth, Ill., has been
detained at the city jail since Sunday,
he has been arrested no less than
three times during that time.

Joyce is the man who was arrested
Sunday afternoon by Gustav Lahti,
Bertillon expert, who recognized him
from a picture he had seen on a cir-
cular several months ago. It is
claimed that he broke jail at Geneva,
Ill., in June, 1914, while awaiting trial
on a larceny charge.

Joyce secured the services of an at-
torney and made a writ of habeas
corpus directed to the police. The pe-
tition for the writ charged that he
was being held a prisoner without any
charge being placed against him.

The police claim that they have an
old charge against Joyce in this city
which will be pressed against him
should he be successful in securing his
release in extradition proceedings.

HELD IN TORONTO
AS GERMAN SPY

Leading Wheeling, W. Va.,
Physician in Jail in Can-
adian City.

Wheeling, W. Va., July 14.—Dr. A. L.
Coyle, a leading physician here, is held
in Toronto, Can., as a German spy, ac-
cording to a hastily scribbled postcard
received today by Dr. M. S. Heath,
personal friend at Ballantyne, Ohio.
The message on the card, which bore
the signature of Dr. Coyle, said that
he was a German spy. Please send re-
sults from Wheeling.

Dr. Coyle and Carl Laing, a banker,
left here last Saturday for an auto-
mobile trip through Canada and nothing
was heard from them until the arrival
of the postcard.

Turn your wants to realization by
making Herald want ads successful.

PAVILION AT NEW BATHING BEACH.

A few minutes later.

Six corrugated steel houses, con-
taining four dressing rooms each,
have been erected, but these will cure
for only a small percentage of the
many persons desiring to take a dip.
"Our present accommodations are
inadequate," of course, said Supt.
Cleveland, and we will make every
effort to install new dressing rooms
and lockers as rapidly as it is prac-
tical to do so. On pleasant days we
now are handling between 200 and 300
persons daily and ultimately I hope to

be in a position to take care of sev-
eral thousand.

A tent has been erected on the
beach as a temporary pavilion, and a
building will be placed on the grounds
next season, if plans materialize. The
dressing rooms are about 4 1/2 feet
wide and 6 feet deep.

"This beach is an old Chippewa
camping ground," said Supt. Cleve-
land this morning, "and I would like
very much to preserve the name In-
dian Point, by which it is known to
many old settlers."

LEGAL NOTICES.

NOTICE OF MORTGAGE FORECLOSURE SALE.

Default having been made in the
terms and conditions of a certain mort-
gage made, executed and delivered by
Joseph Ule (signa Josef Ule) and Mary
Ule (signa Maria Ule), husband and
wife, mortgagors to Duluth Brewing
& Malting Company, mortgagee, bear-
ing date the 22nd day of October, 1914,
and recorded in the office of the Rec-
order of Deeds of St. Louis County,
Minnesota, on the 4th day of Novem-
ber, A. D. 1914, at 11 o'clock a. m. in
Book 213 of Mortgages, on page 518;
thereof, and that said default consists
in the failure of said mortgagors and
either of them to pay the said debt
secured by the said mortgage, and that
there is claimed to be due and is due
upon the said debt secured by the said
mortgage on the date of this notice
the sum of Two Hundred Six and
75-100 Dollars (\$206.75); that the Pow-
er of Sale contained in said mortgage
has become operative by reason of the
said default and that no action or pro-
ceeding at law in equity or otherwise has
been instituted to recover the said
amount remaining due and unpaid on
the said debt secured by the said mort-
gage, or any part thereof.

NOW THEREFORE, Notice is here-
by given that by virtue of the Power
of Sale contained in the said mortgage
and pursuant to the statute in such
case made and provided, the said mort-
gage will be foreclosed by the sale of
the premises described in and cov-
ered by the said mortgage as follows,
to-wit:

All of those tracts and parcels of land
lying and being in the County of St.
Louis and State of Minnesota, described
as follows:

Lot number twenty (20) in Block
number thirty-one (31) of the Village
of Chisholm, according to the plat
thereof on file and of record in the
office of the Recorder of Deeds in and
for said County and State.

That the said sale will be made by
the Sheriff of St. Louis County, Min-
nesota, in the office of the sheriff in
the courthouse in the city of Duluth,
St. Louis County, Minnesota, on the
10th day of August, A. D. 1915, at 10
o'clock in the forenoon of that day, at
public vendue to the highest bidder
for cash to pay the sum of Two Hun-
dred Six and 75-100 Dollars (\$206.75)
with interest thereon from the date of
this notice until the day of such sale
at the rate of six (6) per cent per an-
num, together with Twenty-five Dol-
lars (\$25.00) attorney's fees stipulated
in the said mortgage and including
taxes, if any, on the said premises, to-
gether with the costs and disburse-
ments allowed by law, subject to re-
demption at any time within one (1)
year from the date of sale as provided
by law.

Dated this 21st day of June, A. D.
1915.

DULUTH BREWING & MALTING COMPANY.

By REINER HOCH, President.

And WALTER J. KOCH, Secretary.

RALPH E. BURDICK,

Attorney for the Mortgagee.

Duluth Brewing & Malting Co.,

D. H. June 23-30, July 7-14-21-28, 1915.

MORTGAGE FORECLOSURE SALE.

Default has been made in the pay-
ment of the sum of two thousand one
hundred and twenty and 77-100 Dollars
(\$2,120.77), which is claimed to be due
and is due at the date of this notice
upon a certain mortgage duly executed
and delivered by Mary Roos and John
Roos, her husband, mortgagors, to
Falmire M. Douglas, Mortgagee, bear-
ing date the 12th day of December,
1911, and with a power of sale there-
in contained, which said mortgage was
duly filed and registered in the office
of the Registrar of Titles in and for
the County of St. Louis and State of
Minnesota on the 10th day of January,
1912, at two o'clock in the afternoon
thereof, and document number 840, and
entered in Register of Titles number
11, on page 176 thereof, as a memorial
upon the certificate of title number
3151, covering the mortgaged premises
hereinafter described.

Said mortgage, together with the
debt secured thereby was duly as-
signed by said Falmire M. Douglas,
Mortgagee, to Shukri F. Tannus, by
written assignment dated the 12th day
of May, 1915, and duly filed and regis-
tered in the office of said Registrar of
Titles on the 22nd day of May, 1915,
at nine o'clock in the forenoon, as doc-
ument number 1498, and entered in
Register of Titles number 53, on page
266 thereof, as a memorial upon the
certificate of title number 16218,
covering the mortgaged premises
hereinafter described, which last de-
scribed certificate of title No. 16218
has been issued in place of said certi-
ficate of title numbered 3151.

Such default consists in the failure
to pay the principal sum of two thou-
sand one hundred and twenty and 77-
100 Dollars (\$2,000.00) secured by said
mortgage, due on the 12th day of De-
cember, 1914, the interest coupon of
sixty dollars (\$60.00) due upon said
12th day of December, 1914, and all
subsequent interest.

Said above described mortgage is
upon and covers certain real estate
therein and hereinafter described,
which said real estate has been, plu-
quant to order and decree of the Dis-
trict Court of the Eleventh Judicial
District of the State of Minnesota, in
and for the County of St. Louis,
brought under the

FOR SALE—HOUSES.

—SALE HOUSES—

\$4,500 buys ten-room house on West Fifty-first street only five minutes walk to Third avenue west; stone foundation, hot water heat, hardwood finish; a most decided bargain. (No. 387.)

\$7,250 for a double brick house, seven rooms each, house located on corner on East Third street; hardwood finish and exceptional bargain. (No. 384.)

\$3,150—A new six-room house with bath, hardwood finish; modern except heat; location eighth avenue west below Fourth street. (No. 374.)

\$2,000 twelve-room house on Garfield avenue near Birch avenue. (No. 387.)

\$2,400 will buy two houses on fifty feet (one 1-story and one 2-story) on Huron street near Twenty-sixth avenue west. (No. 388.)

WHITNEY WALL COMPANY.

Real Estate, Loans, Insurance.

200 Torrey Building.

A REAL BARGAIN—\$3,250.

Partly leveled city offers a nearly new seven-room house with bath, on a nice big acre lot, with gas and water, at a snap. Think of a whole acre, with city water and gas, and only about four blocks from car at Woodland. This house is well built, of excellent design, and should sell with this big acre for \$4,000. It's a shame to sell this at the price asked, but it must go. Price \$3,250. Make your own terms.

C. FRANCIS COLMAN.

421 Manhattan Bldg.

FOR SALE.

A three-room cottage on "Park Point" lot 40 by 100. This cottage is well built, has hardwood floors and porch; pump in kitchen. Owner must leave city at once to attend to outside interest and will sacrifice this place for the unheard-of price of \$75, which will include a fine mahogany case piano. Get this place for your summer outings or for an all-year-round home. Terms, no phone calls on this.

C. L. RAKOWSKY & CO.

200-201 Exchange Building.

SIX-ROOM HOUSE ON EASY TERMS.

I have for sale at Woodland a beautiful six-room house with stone foundation and all modern conveniences; cement walks, etc.; on West Fourth street, near Twenty-seventh avenue west. Price \$3,500; or \$200 cash and \$20 per month for six months.

\$200 cash and \$20 per month for six months house with conveniences; 28x100-foot lot, on Twenty-eighth avenue west. Price \$1,400.

\$300 cash for modern house of five rooms, paved plant, concrete floors, heating plant, etc., for only \$2,100.

BENJAMIN F. SCHWIGER CO.

1932 West Superior St.

EAST END HOMES.

\$200 cash and \$15 month for eight-room house with all conveniences; on East 10th street, near Fifth avenue east. Price \$1,800.

\$200 cash and \$15 month for four-room cottage on Ninth avenue east corner; modern except heat. Price \$1,400.

\$300 cash and \$20 month for double flat building of ten rooms on East 10th street, modern except heat. Price \$3,500.

BENJAMIN F. SCHWIGER CO.

1932 West Superior St.

FOR SALE.
